Spring Financing—

FARMING is one of the most diversified and complicated businesses in the world. And, like all businesses, it cannot progress without sound financing.

At this time farmers are confronted with many problems which the Bank of Toronto is pleased to help solve. Money will be needed for improving the herd, buying cattle, etc. Loans will be required to meet current expenses. And the Bank of Toronto will be ready to advance all this necessary financial aid to farmers of character and reputation.

THE BANK OF TORONTO

All that stands between us and a hot time is the rest of this winter.

Working too hard is about as bad in the long run as loafing too hard.

Henry Winnett, proprietor of the Queen's Hotel, Toronto, at at one time owner of the Tecumseh House, London, is dead in his 80th year.

A young Englishman broke the bank of Monte Carlo, with winnings of $250,000, and the news is cabled round the world. But, if he had gone broke it would not have been worth printing much less cabling. Thousands lose for the one that wins.

Markdale Won Here on Friday Night 2-1

The Markdale Redmen beat the local team in a hard fought and well played game here on Friday night by a 2—1 score. The match was clean and fast, and turned out to be a thriller, with play being very close as the score indicates.

White, in the Markdale nets, was the stumbling block between victory and defeat. Time after time the locals swept in upon him, only to have the shot turned aside. Sullivan scored in the last minute of the opening period when he stickhandled through the whole team to beat Akins with a wicked drive.

Score—Markdale 1; Flesherton 0.

The locals opened up in the second period but were unable to beat White or else missed the posts by inches. Markdale came back strong however and layed the puck right on the nets. Midway through the stanza English broke through and when checked by Akins, slipped the puck across to Sullivan, who drove it across to Sullivan, who made no mistake.

Score—Markdale 2, Flesherton, 0.

The last period was a repetition of the first two, the locals had trouble in netting the puck against White. McTavish scored on a solo rush, and was unfortunate in not getting several more. However, 'twas a good game, and both teams left the ice in the best of spirits. Mike Henry handled the bell to the entire satisfaction of everyone.

SCORE —

Markdale, 2; Flesherton. 1

THE TEAMS —

Flesherton—Goal, Akins, Def., Lyons and Armstrong; Forwards, Watson and Boyd, Centre, McTavish. Subs, Betts and Nicholson.

Markdale — Goal, White; Def., Littlejohns and Sullivan; Forwards, Noble and Erskine, Centre, English.

Referee — Mike Henry, Markdale

Murray Watson played a stellar game and gave a good exhibition of skating and stickhandling.

Herb Betts led some nice rushes, several times being right on top of the goal.

Markdale is to be complimented on the success of their hockey team. Handicapped by the lack of suitable ice at home, they play the game, and are a credit to the sport.

The high school girls' hockey team and the local "Old Boys," are playing in Durham to-night.

We note that the Dundalk rink, has been condemmed as being unsafe for use. The locals have 'demmed it long before the provincial authorities thought about it.

CONDEMNED DUNDALK RINK

Dundalk skating rink is closed as a result of condemnation on the part of the provincial authorities. Wednesday night was the last skating night. The roof is unsafe, the authorities claim, and the public must be protected. It is not definitely known just what the proprietors, Messrs Montgomery will do, or whether necessary repairs will be made this year before the skating season closes. An open air rink is being prepared by E. Black.

Ontario Election Expected

The Issue Will Be Government Control of the Sale of Liquor

A general election in Ontario in the month of June is what Conservative members of parliament are led to expcet from advices in Toronto, stated the Ottawa Citizen Saturday. It added:

"The election will be essentially on the liquor question. Differing from frequent forecasts, it is stated that Mr. Ferguson does not plan any legislation whatever dealing with the O.T.A. this session, but that when parliament is concluded for this sitting, there be an appeal to the country on a definite clear cut issue of government sale and local option. Urban or other municipalities that want the sale of liquor under government control, will be able to have it if a majority on a plebescite voted for it. Those who voted against it will remain dry.

"It would be the plan that all spiritous liquors should be sold in government depots. Whether, as in Manitoba beer and wine should also be sold by govrnment vendors, or as in Quebec, by licensed taverns or restaurants, is said to be a point not yet settled, but in any event, the Ontario Conservatives expect a June election essentially on the liquor question."

SOLD OUT HIS BUSINESS

A business deal of considerable importance was closed this week, in Markdale, Mr. R. S. Cummings having sold his barber shop business to Mr. H. H. Dennison.

This will mean one barber shop less for the town. Mr. Cummings has conducted a successful business for a good many years in Markdale and is one of the best known figures in sporting circles. He has not made known his plans for the future, but his many friends will hope they will not necessitate his leaving town as he is one of Markdale's most popular citizens. Mr. Dennison will take over the business about March 15th.

SPRINGHILL U.F.Y.P.O MEETS

A St. Valentine's social was held in the school house of S. S. No. 3, Artemesia on Monday evening, Feb. 15th, but owing to the stormy weather there was not a very large crowd.

The programme consisted of readings, recitations, dialogues, and a debate. Valentines were distributed and a very tasty lunch was served.

A dramatic contest will be held in the Flesherton high school on Friday March 5th, between the Onward and Springhill clubs and a very large crowd is expected.

WHEN IS A MAN RICH?

When Iwas a lad and an old gentleman took the trouble to teach me some little knowledge of the world. With this view, I remember he asked me one day, "When is a man rich enough?"

I replied, "When he has ten thousand dollars."

He said, "No."

"Twenty thousand?"

"No."

"A hundred thousand?"

"No."

"Five hundred thousand?" which I thought would settle the business, but he continued to say "No."

I gave it up, and confessed I could not tell, and begged he would inform me.

He gravely said, "When he has a little more than he has, and that is never."
