A CIRCUS IN THE BARN.

[illegible] "pain" one little day,
To get out your barn to-day,
And see a circus with a clown
A horse back rider, Jimmie Brown
And Gymnastics, a pain a glass
[illegible] will "it on the grass
Entering to be the ticket man
Does I guess all that I can,
Ma for mamma, one for Bess,
And six for all her dolls, I guess;
Will then you know, Jane must come too,
And little Ned, and Grace and you."
I did the part, and I went
To arrange a circus bill, some were bent
As I would in a press and I had quite
A time to make the change quite right
[illegible] who were all got to the door
And [illegible] face sore
The circus men could not agree
As to who the ringmaster should be;
The trapeze bar had hurt his head
And so did not act as the mother said.
The clowns Aunt Kate forgot the day
The circus came and went away.
And left now sore the silver stars
Upon [illegible] on the bars
Of the sacrified. It was a sad
And sad day, my little lad
To the world he was a man [illegible]
So I could carry out each plan
But I wish I much that I could be
A kid again, and once more see
The [illegible] days were made
The awful cutters of trade

Christmas Work for Boys and Girls

Christmas is emphatically the children's holiday. Our every thought associates them with it, and the opportunity it affords the wise mother to instil into their receptive minds the unselfish, noble principles that were made triumphant in the life of Him whose birth it celebrates, is one of its greatest possibilities. Indeed, in no other way can one so effectually drive away the such "little faces" of selfishness, miserliness and improvidence, and show how pure and lasting is the happiness which thoughtfulness of others and generosity bring, and the alacrity with which they respond to such teaching is a strong proof of the "spark of divinity that is breathed into every life."

Encourage the children, then, to give as well as to get, and to invent ways of earning their spending money and of utilizing their ingenuity and industry. If a boy is deft with tools, and a girl with a needle, there is almost no limit to the useful and pretty gifts they can make for their friends. No mother who has raised a family of children believes that girls monopolize all the ingenuity and artistic taste, and if younger mothers realized this, and were more careful to encourage and develop the fine taste of their boys, instead of ridiculing and repressing them as effeminate and womanly, we should have fewer men doing uncongenial work.

Keep Busy.

The secret of success in life is to keep busy, to be persevering, patient, and untiring in the pursuit or calling you are following. The busy ones may now and then make mistakes, but it is better to risk these than to be idle and inactive. Keep doing, whether it be at work or seeking recreation. Motion is life, and the busiest are the happiest. Cheerful, active labor is a blessing. An old philosopher says:—"The firefly only shines when on the wing; so it is with mind: when once we rest, we darken."—*Bridal Printer.*

No other Sarsaparilla has the merit by which Hood's Sarsaparilla has won such a firm hold upon the confidence of the people.

No other combines the economy and strength which make "100 Doses One Dollar" true only of Hood's Sarsaparilla.

Worth Ten Dollars a Bottle.

Any person who has used Polson's Nervoline, the great pain cure, would not be without it if it cost ten dollars a bottle. A good thing is worth its weight in gold, and Nervoline is the best remedy in the world for all kinds of pain. It cures neuralgia in five minutes; toothache in one minute; lame back at one application; headache in a few moments; and all pains just as rapidly. Why not try it to-day? Large bottles 25 cents, sold by all druggists and country dealers. Use Polson's nerve pain cure—Nervoline.

At Harvard, some years ago, a chaplain, who was also a tutor, limped in his gait. Stepping one day lately at a railway station he was accosted by a well known politician, who recognized him, and asked if he was not a chaplain at Harvard at such a time, naming the year. The now D. D. replied that he was. "I was there," said his interrogator; "and I knew you by your limp." "Well," said the doctor, "it seems my limping made a deeper impression on you than my preaching." "Ah, Doctor," the politician replied, with ready wit, "It is the highest compliment we can pay a parson to say that he is known by his walk rather than by his conversation."

Excellent reasons why Dr. Thomas Eclectric Oil should be used by persons troubled with affections of the throat or lungs, sores upon the skin, rheumatic pain' corns, bunions, or external injuries. The reasons are, that it is speedy, pure and unobjectionable, whether taken internally or applied outwardly.

When Nature Smiles Again.

When Nature smiles again in the mild spring days, mankind often groans from the effects of bad blood and kindred troubles engendered by the long hard winter. Remove the cause of all the trouble by purifying your blood with nature's remedy, Burdock Blood Bitters, the best blood searcher and tonic ever discovered.

Customer (speaking to his butcher)—"Good morning, neighbor. What fine sausages you have hanging there. You ought to present me with one of them, for this is my birthday." Butcher (taking the weighbor's hand)—"Ah, your birthday, is it? Well, I wish you much right good luck, and many returns of the day. May you live till I give you that sausage."

For Young or Old

GENTLEMEN,—One of my little girls (aged 4 years) had been troubled with costiveness in its worst form since infancy. We tried different remedies which gave instant relief while using, but as soon as discontinued she would be worse than before using. She lost her appetite and was growing weak and delicate. A friend of mine who had used B. B. B. with graud results for the same disease advised me to try it, and also the Burdock Pills, which we did. She did not take the contents of one bottle before it relieved her, for she has not been troubled once since, and she is now eight years old.

Or do you suffer from noises in the head. Then send 3 cent stamp and I will send a valuable treatise containing full particulars for home cure which costs comparatively nothing. A splendid work on deafness and the ear. Address Prof. G. CHASE, Montreal.

O. Bortle, of Manchester, Ontario Co., N. Y. writes:—"I obtained immediate relief from the use of Dr. Thomas' Eclectric Oil. I have had asthma for eleven years. Have been obliged to sit up all night for ten or twelve nights in succession. I can now sleep soundly all night on a feather bed, which I had not been able to do previous to using the Oil."

On Friday evening, while leaving the Bethany church in Seymour West, Mrs. John Blakely stepped off the platform, and fell a distance of over four feet breaking her arm. The peculiar circumstance is that it is the first time in twenty years that Mrs. Blakely has been able to attend the services.

Nothing Succeeds Like Success.

Burdock Blood Bitters is a household remedy for dyspepsia, it expels rheumatism and neuralgia from the system, acts as an antibilious agent on the stomach, liver and bowels, antagonizes blood poison, builds up and revitalizes the bodily functions and restores and purifies the entire system.

It is safe to use Freeman's Worm Powders, as they act only on the worms and do not injure the child.

"The Blood is the Life."

Runs the old saying, and everything that ever makes part of any organ of the body must reach its place therein through the blood. Therefore, if the blood is purified and kept in good condition by the use of Hood's Sarsaparilla, it necessarily follows that the benefit of the medicine is imparted to every organ of the body.

Gentlemen,—In driving over the mountains I took a severe cold which settled in my back and kidneys, causing me many sleepless nights of pain. The first application of Minard's Liniment so relieved me that I fell into a deep sleep and complete recovery shortly followed.

James Whiteomb Riley's income from his readings and recitations equals a bank presidents salary, while Bill Nye in 1891 cleared $40,000 from his appearances on the rostrum. Max O'Rell and Will Carleton get $200 a night from their managers. George W. Cable receives $100 every time he reads.

Cabinet Reconstruction.

A popular topic is cabinet reconstruction, which really does not concern the public so much as the reconstruction and cleansing of the human system against the approach of spring. The premier medicine for this purpose is Burdock Blood Bitters, and both parties recognize it as the best blood purifier and general system regulator known.

The woman who carries on her husband's pawn shop, after his decease, is truly a "loan widow."

Heat and Cold.

The use of the hands, as in washing in hot water, then exposing them to extreme cold, is prolific of a very common misery. Mrs. Robert Simpson, 71 Berkeley St., Toronto, Ont., writes, Oct. 2, 1891, as follows:—St. Jacobs Oil cured me of rheumatic cramps of the hands after all other treatment failed me. My hands were much swollen and painful, and for a time I was nearly helpless; however, thanks to the magic touch of St. Jacobs Oil, shortly after its use I was relieved, and ultimately, entirely cured. I now always have a bottle of St. Jacobs Oil in the house."

Mr W. Thayer, Wright, P. Q., had Dyspepsia for 20 years. Tried many remedies and doctors, but got no relief. His appetite was very poor, had a distressing pain in his side and stomach, and gradual wasting away of flesh, when he heard of, and immediately commenced taking Northrop & Lyman's Vegetable Discovery. The pains have left and he rejoices in the enjoyment of excellent health, in fact he is quite a new man."

A pompous school-inspector, in addressing the "advanced class" of a school, said: "Scholars, I have an impression—and, by the way, what is an impression?" "A dent in a soft spot," answered one of the pupils; at which the teacher exclaimed: "Come, come, children, no personal remarks," and the pompous inspector sat down.

CONSUMPTION CURED.

An old physician, retired from practice having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to all his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe in German, French or English with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper. W. A. NOYES 820 Powers' Block, Rochester, N. Y.

It is worse than madness to neglect cough or cold which is easily subdued taken in time becomes, when left to itself, the forerunner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that grasps this formidable foe of the human body, and drives it from the system

This medicine promotes a free and easy expectoration, subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has cough, cold, has a cough or hoarseness, give the Syrup according to directions.

When you notice unpleasant sensations after eating, at once commence the use of Northrop & Lyman's Vegetable Discovery, and your dyspepsia will disappear. Mr James Stanley, Merchant, at Constance, writes: "My wife has taken two bottles of Northrop & Lyman's Vegetable Discovery for Dyspepsia, and it has done her more good than anything she has ever used."

Sick headache caused by excess of bile or a disordered stomach is promptly relieved by using National Pills.

Harper's Weekly.

An important series of articles on "The Great Capitals of the World" will be begun in the next number of *Harper's Weekly*, published March 2nd. The first instalment will be a paper on Paris, by Francois Coppee, describing the home life of the Parisians, the sights and sounds and suggestive features of the French capital, familiar enough to its inhabitants, but full of romantic interest to strangers. The paper will be profusely illustrated from drawings by famous French artists.

Harassing headaches make many lives miserable, needlessly so, when a prompt cure like Burdock Blood Bitters is obtainable.

It is a pathetic comment on the number of drunkards who want to break off their bad habits that Dr. Keeley is said to be earning a million and a half a year by his so called bichloride of gold remedy. It proves one thing at least—that many drunkards do not want to be drunkards and would not be if they could help it.

Dr. E. T. Miller, of Cross Plains, Wis., has expressed the opinion that, for obstinate cases of syphilis and scrofula, Ayer's Sarsaparilla is unquestionably the most effective remedy known to pharmacy. Wonderful cures have resulted from its use.

Pleasant as syrup; nothing equals it as a worm medicine; the name is Mother Graves' Worm Exterminator. The greatest worm destroyer of the age.
