THE LITTLE WIFE WAITING AT HOME.

When a man feels he is wrong and has yielded to stray
From the narrow path of his father's and sate
With the girls whom I meet as I pass the street
I leave a lonely Benedict
Who is not a profit to
Who is a way of life or who is
And who rather it at his door for a return
Where a little wife waiting at home

When I go down at the club. I'm engaged
To play with a whist game,
But I'm home before twelve and I'm with her
The whole jest with her name;
The girls that I meet as I pass the street
Are not half so sweet as the little wife
Who is waiting for me
When I go home at night

Not all the pleasure I find in the haunts
Of men can pay for a wife
With a charming, as she stands watching for me
With form after form passes by
For each one she knows is seeking his home
Where her loves are waiting for him.
And the angel eyes face for one who comes not
While her beautiful eyes grow dim

But one day I shall find that she sees in vain
As I hasten home as I see her stand
By the lamp waiting to welcome me.
The girl that wife in the land
But I know in light as the sunset sky
When I take her from my heart fall
Shall be complete
The light of home is all

And I know that I shall take from the lips
Of her through the welcoming kiss
A kiss such as I see her day take flight
From the world which knows only bliss
And I know I must be "How happy the man
Who has a home to go to home
Who can forget every care of his own trouble
When he sees his wife waiting at home"

Philosophical Cogitations.

There are not many men so good that they can't be spoiled without first having a wife.

Many a man have heart themselves so often that they at last think that the world is sick.

Every man's idea of a wife is the woman who knows everything, her husband tells her, but she makes a fool of herself.

Most people spend so much time in hunting up new ways to put in the fire that they find themselves at last trying to heat a house from a bed of cold ashes.

One reason why the children thirty years ago were so much better behaved than they are now is that the people who tell about it where children thirty years ago.

If there was some way of wrapping up a baby so that it would look like a game bag, many the women would have no further trouble in getting their husbands to carry it home in the street.

In the dead letter office at Washington are more than 42,000 photographs which found their way there last year.

There are crossing in Chicago 1,200 locomotives pass every twenty-four hours. The danger to travel is consequently very great.

The fare of an English steamship company is at the rate of 6 miles for a penny. This is probably the cheapest transportation ever known.

He—"Why doesn't that English girl come on deck, and be wooed by the breezes?" She—"Her mother won't let her. She heard the captain say this was a trade wind."

James Stacy, an elderly mattressmaker living in Hamilton, tried to commit suicide yesterday by cutting his throat.

Everybody knows a woman is hard to please. She likes the matrimonial harness but doesn't like to be hitched up with a man who is strapped.

NOTES HERE AND THERE.

Items of General Interest to Free Press Readers.

It Leads the Leaders.

The foremost medicine of the day, Burdock Blood Bitters, is a purely vegetable compound possessing perfect regulating powers over all the organs of the system and controlling their secretions. It so purifies the blood that it cures all blood humors and diseases from a common pimple to the worst scrofulous sore, and this combined with its unrivalled regulating, cleansing and purifying influence on the secretions of the liver, kidneys, bowels and skin, render it unequalled as a cure for all diseases of the skin. From one to two bottles will cure boils, pimples, blotches nettle rash, scurf, tetter, and all the simple forms of skin disease. From two to four bottles will cure salt rheum or eczema, shingles erysipelas, ulcers, abscesses, running sores, and all skin eruptions. It is undeniable that sufferers from skin diseases are nearly always aggravated by intolerable itching, but this quickly subsides on the removal of the disease by B.B.B. Passing on to the graver yet prevalent diseases such as scrofulous swellings, humors and scrofula, we have undoubted proof that from three to six bottles used internally and by outward application (diluted if the skin is broken) to the affected parts, will effect a cure. The great mission of B. B. B. is to regulate the liver, kidneys, bowels and blood, to correct acidity and wrong action of the stomach and to open the sluiceways of the system to carry off all clogged and impure secretions, allowing nature thus to aid recovery and remove without fail bad blood, liver complaint, biliousness, dyspepsia, sick headache, dropsy, rheumatism, and every species of disease arising from disorder of the liver, kidneys, bowels, stomach and blood.

We guarantee every bottle of B. B. B. Should any person be dissatisfied after using the first bottle we will refund the money on application, personally or by letter. We will also be glad to send testimonials and information proving the effects of B.B.B. in the above named diseases on application to T. Milburn & Co., Toronto, Ont.

MAKE SOMEBODY GLAD.

On life's rugged road, as we journey each day,
For more of sunshine would brighten the way,
If, forgetful of self and our troubles, we had
The will and would try to make our hearts glad.

Though of the world's wealth we've little in store
And labor to keep grim want from the door,
With a hand that is kind and a heart that is true
To make others glad there is much we may do.

And a word kindly spoken, a smile or a tear,
Though seeming as nothing, full often may cheer
Each day of our lives some treasure would add.
To be conscious that we have made somebody glad.

Those who sit in the darkness of sorrow, to drear
Have need of a trifle of solace and cheer
There are homes that are desolate, hearts that are sad;
Do something for someone—make somebody glad.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the forerunner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that grasps this formidable foe of the human body, and drives it from the system This medicine promotes a free and easy expectoration, subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.
