How They Succeeded.

When a man is spoken of as successful, it is almost invariably meant that he has acquired wealth, and how this kind of success is generally achieved is set forth by the following extract from a report recently read at a Methodist convention in the United States:

"When successful, the robber, in gilded effrontery, may lead the Four Hundred, while the common thief, who steals a loaf of bread to appease his hunger, is may be sent to the penitentiary. Heartless combinations of capital, organized as trusts, control and lower and raise at will the prices of the necessities of life, and breed great unrest. Stocks have been unloaded upon the people in schemes of gigantic robbery, the schemers taking care only in violations of law to escape the common jails. In the industrial world gigantic corporations with impersonal relations to their employees have largely monopolized manufacturing and industrial pursuits. Under the spur of greed and competition, they demand of their employees maximum labor at minimum wages. The stricken toiler turns upon the oppressor. The grasping monopolist and the walking delegate are representatives of these two opposing forces. In the main, public sympathy is generally and rightfully with the toiler."

It is said to have caused almost as great a commotion in the convention as a bombshell would have done; but it is true all the same. The paragraph might have been written by a Socialist, and perhaps the reverend gentleman who drew up the report was a Socialist without being aware of it.

Provincial Fruit, Flower & Honey Show.

Great arrangements are being made for the Provincial Fruit, Flower and Honey Show it is proposed to hold in Toronto during the second week in November. It will be the biggest show of the kind ever held in Canada. The various associations interested include the Ontario Fruit Growers' Association, the Ontario Bee Keepers' Association, the Toronto Horticultural Society, the Toronto Gardeners' and Florists' Association and the Toronto Electoral District Society. The two big rinks on Church street have already been secured for the purpose of this exhibition. The fruit and honey will be shown in one rink, while the flowers will be on view in the second. A display of machinery and implements used in the cultivation of fruit and flowers will be made on an open piece of land between the two rinks. The prizes offered for the floral section alone amount to over \$1200. The prize list is already in circulation. The fruit growers will expend over \$1,000 in their part of the show, and money has been reserved to provide for the collection of representative exhibits of fruit from all the counties of the Province. A series of big meetings will be held at the time of the show. The Fruit Growers' Association will hold its annual convention, as will also the Bee Keepers' Association; and there will be a meeting of delegates from all the horticultural societies in the Province, as a result of which it is expected that a Provincial Horticultural Association will be formed. Cheap rates have been secured over all the railroads. It is expected to make this show rival, in its way, the Provincial Winter Fair held at Guelph. The management of this show will be largely in the hands of Mr. H. B. Gowan, of Toronto, Provincial Superintendent of Agricultural Societies, to whom any requests for information may be sent.

Toronto Exhibition Prize List.

A copy of the prize list for the Canadian Exhibition, to be held in Toronto this year from Aug. 29th to Sept. 6th, has been received. It is an exceptionally handsome and well printed production. The cover is in three colors and tastefully embossed. All the classes are nicely arranged, and the Executive are pleased to say that the greatest care has been taken to have the rules, regulations and conditions explicitly set forth in clear and unmistakable language. There are no fewer than two hundred and fifty classes, covering practically every industry known to Canada that is worthy of encouragement, and calling for \$35,000 in prize money. In several departments considerable changes have been made, and the premiums added to. A new Art Gallery and a new Administration Building are being erected and improvements made to the grounds. The famous Black watch Band, by gracious permission of His Majesty the King, and of the colonel and officers of the gallant old "Forty-two," has been engaged and will play three times each

day during the entire period of the exhibition. A number of other decidedly superior attractions have also been arranged for. Altogether, therefore, the Executive feel justified in promising that Toronto's Great Fair of 1904 will eclipse all its predecessors. Copies of the Prize List can be had on application to J. O. Orr, Manager, 70 King St. East, Toronto.

Surprise Party.

On the evening of Wednesday of last week a surprise party was held at the residence of Mr. and Mrs. Albert Patton in Verulam, and about forty of their new neighbors were present and cordially welcomed them to their new home. During the very pleasant evening that was spent, and which was enlivened by music and various games, Miss Martha Stinson presented a handsome centre table, and the following address was read by Miss Hazel Henley:

Mr. & Mrs. ALBERT PATTON.

Dear Friends:

It is with the greatest pleasure that we gather here to-night to welcome you to our midst. Since we heard of your intended arrival, we have waited with impatience until the time you would be with us. We feel that your coming into our community will be a benefit to us, and we sincerely hope that you will also be benefited by your arrival. We know that your daily life has always exemplified the golden rule, as "love your neighbor as yourself," and "do unto others as you would like to be done with." This makes us extremely pleased to find that you are going to locate in this neighborhood. Allow us to present you with this table as a slight token of the esteem and regard felt towards you by your friends and neighbors; and with the present we want to wish you a bright and prosperous future.

Signed on behalf of the friends and neighbors,

MISS HAZEL HENLEY,
 MISS RACHEL WOOD,
 MISS MARTHA STINSON.

Powles' Corner.

(Correspondence of the Gazette.)

The garden party which took place in the school yard here last Friday evening was very numerously attended, the chief attraction being the game of baseball between the boys of the north ward school of Fenelon Falls and the home team. The result of the game was 7 runs for the boys of Powles' Cor-

ner and 5 for Fenelon Falls. Throughout the game the boys of both teams conducted themselves in a way that deserved and met the approval of all the spectators. The proceeds of the evening amounted to about \$25 above expenses.

On the evening of Monday, the 20th, Mr. F. Jackson, of Enterprise, and Miss May Wagar, eldest daughter of Mr. Levi Wagar, were united in marriage by the Rev. John Garbutt. The happy couple will spend a week here before starting for their home in the East. We wish the young couple a very long, happy and successful life.

Mr. James Fell has the cellar for his new house excavated, and will soon have the masons at work on the foundation.

Rev. Mr. Garbutt will preach his farewell sermon here on Sunday next, and no doubt the seating capacity of the church will be tested if it be a fine day.

The Post-master is getting the material on the ground to build an addition to his stable.

[The above was received "just in time to be too late" for last week's issue.—Ed.]

About three weeks ago Mr. David Smith lost a cow, and the fore part of last week he sustained another loss by having a two-year-old steer killed by lightning. The animal was found close to a tree, and the tree had been struck at the same time.

Some of the farmers have cut their clover. The hay crops of 1902 and 1904 will be about equal.

The school closed here on Monday last, and Mr. Thomas Mark is one of the examiners at Fenelon Falls this week.

Mr. John Willock is busy every day. He is now engaged at a building for Mr. E. Beacock on his farm in Mariposa, and has a few jobs of carpenter work awaiting him in this neighborhood.

Mr. and Mrs. James Wagar have gone on a six week's visit to relatives at Nanapanee.

Mrs. D. Smith will spend a few days next week visiting relatives at Millbrook.

Some of our boys have gone to Kingston for their annual drill.

Mr. and Mrs. W. McWatters, of Lindsay, were the guests of Mr. and Mrs. James Powles last Sunday.

The Rev. Mr. Garbutt preached his farewell sermon here last Sunday to a large congregation.

The road overseers are having the statute labor done.

Mr. John Dancy has given up the notion of leaving this section, as he has leased Mr. E. Worsley's farm for a term of years.

Don't Miss It.—We have an order to print some small posters announcing that the serio-comic drama entitled "Breezy Point" will be performed in Lamb's school house on the evening of Friday next, the 8th inst., and the residents of the vicinity should not miss seeing it. It is a capital little drama, well played, and scored a great success at the Falls and Kinmount.

Big Fish.—There are some big fish in our local waters yet, both above and below the falls, and it takes Mr. Robert Sprouts to catch them. On Monday he went trolling on Cameron lake, and came home accompanied by three "lunge," which weighed 18 lbs., 12 lbs. and 5 lbs. respectively. Since then we have heard a rumor that on Tuesday he caught a 24-pounder; but the rumor, like many of those from the seat of war, is "unconfirmed."

CHANGE OF PASTORS.—Rev. John Garbutt, who has been pastor of the Methodist church here for the last three years, left on Wednesday for his new field of labor at Cannington, and, to the best of our belief, there is not a member of the congregation who does not regret his and Mrs. Garbutt's departure. His successor, Rev. H. B. Kenney, who comes from Millbrook and is highly spoken of, is expected to arrive at the Falls to day.

A MONSTROUS FLY.—While Mr. A. A. Oliver, of Long Point, was driving to the Falls on Tuesday, he noticed, among the flies that were worrying his horse, one of such monstrous size that he killed it and brought it to the village, where he gave it to Mr. F. A. McDiarmid, who put it into a small cardboard box, and sent it, with a letter, to the Agricultural Department, Toronto. It measured two inches from tip to tip of its wings; and, if it is a genuine horsefly, it is to be hoped that it has left no descendants that will grow to the same size.

WELL ATTENDED.—As Tuesday was a beautiful day, there was a large attendance at the Church of England garden party held in the evening on the lawn at the rectory, which was prettily decorated with Chinese lanterns, and on which a tent had been erected for the sale of fancy articles, and numerous tables provided for the accommodation of those who wished—as everybody did—to partake of refreshments. A great
