The War is Over.

The announcement, between three and four weeks ago, that the war between Russia and Japan had reached its end was, perhaps, somewhat premature, as all that had then been done was to declare an armistice and make arrangements for a conference to settle the terms of peace; but on the 15th an agreement upon all the points in dispute was arrived at, and came into effect next day. The results of the war, which lasted a little over a year and a half, are thus summed up by the *Globe*: "In many respects it is the most remarkable and epoch-making war in the history of the world. At its commencement Russia was in virtual possession of the whole of Manchuria, and was asserting her right to control the northern part of Korea; at its close she agrees to leave Manchuria in undisturbed possession by China, and recognizes Korea as being legitimately under the influence of Japan. At its commencement she had a powerful fleet made up of squadrons in the Baltic Sea, the Black Sea, and the harbors of Port Arthur and Vladivostok; at its close she has only a few vessels in the Black Sea and a few others that escaped destruction by the shells and torpedoes of the Japanese fleets. At its commencement Japan occupied an insignificant position among the nations of the earth; at its close she is universally recognized as one of the 'great powers' of the world. No other war can show such a continuous series of victories on land and at sea over a nation so formidable as Russia, and no other has ever ended with such a display of magnanimity on the part of the victors.

"The war has by its origin, course and conclusion enhanced the reputation of Japan quite as much in the field of diplomacy as in the field of belligerency. Her statesmen have astonished other nations quite as much as her generals and admirals have done. The results of such a war must needs be various and far-reaching, but one of them is likely to be a quarter or half century of peace among the great powers."

Government Should Own It.

The *Orangeville Sun* says: "Every man, woman and child in Ontario should read the article on the Niagara power question in the *Toronto World* of Monday. If the people read and thoroughly digest that article it will set them thinking, and we have no doubt in the world that there would spring up such a demand that the government own and operate Niagara power that no movement would be strong enough to stand out against it. So far Premier Whitney has shown a strong partiality for public ownership of public utilities, and it is for the rural press, which is uncontrolled by the monopolists, and the people to support Mr. Whitney in his laudable desire to give the people everything that they should possess. If the people are apathetic in this matter now it will be their own fault if the monopolists turn the screws and make them squeal a few years hence. Why should we allow a few men to tie us up forever and wax fat at our expense? The people own Niagara Falls. Then why should not the people get the benefit?"

That's the talk! Government should own the Niagara power, the Cobalt mines, the coal fields, the oil territory, the railways, and, in fact, everything which, from its nature, enables private owners to skin the public. The feeling in the direction of government ownership—which is a step in the direction of public ownership—is growing day by day, and the day is coming when not only the gifts of nature, but all the means of production and distribution, will belong to the whole people, and the accumulation of enormous fortunes by a few will no longer be possible.

Miss Reeves, of New York, sister of Mr. M. W. Reeves, of our local Bank staff, was at the Falls over Sunday, the guest of Mrs. R. A. Robinson.

Mr. Edward Bell, who came home from British Columbia early in the summer to visit his mother at the Falls, left for the West again yesterday morning.

Mr. Alex. Windrim and family moved on Wednesday to Midland, where he expects to obtain constant employment the year around. As he is a good, steady man, he ought to do well.

CHILDREN'S SERVICE.—A special service for children will be held in the Presbyterian church on Sunday morning, and adult members of the congregation should see that all their little ones attend.

BANK HOURS.—Commencing on October 1st and continuing throughout the winter months, the Bank will be open from 10 a. m. until 4 p. m., and on Saturdays from 9 30 a. m. until 12 o'clock, noon, and from 4 until 6 in the afternoon.

AUCTION SALE.—Mr. David Logan will hold an auction sale of his stock and implements at his farm, lot 25, con. 6, Verulam, on Thursday, October 5th, commencing at 1 o'clock sharp. The usual terms will be given, and Mr. J. J. Power will be the auctioneer.

BOBCAYGEON FAIR.—On Bobcaygeon Fair day, Friday, the 29th inst., the steamer *Esturion* will leave Fenelon Falls at 10.45 a. m., arriving at Bobcaygeon at 12 30 noon. Returning, boat will leave Bobcaygeon at 5 p. m. Sylvester band will be in attendance. Return fare 33 cents.

CURLERS' MEETING.—The annual meeting of the Fenelon Falls curling club will be held on Tuesday evening, October 3rd, in Mr. McDiarmid's office. As officers and skips will be elected, and all business for the season arranged, it is desirable that all who intend to curl next winter shall make it a point to be present.

WELL ATTENDED.—The Green Corn Social in the basement of the Presbyterian church, last Friday evening, was so well attended that, although the price of admission was only ten cents, the sum of \$15 was realized. A couple of hours were pleasantly spent in causing nicely-cooked green corn, sandwiches and tea and coffee to disappear, and in listening to excellent vocal and instrumental music, readings, etc.

SAWLOGS.—A large drive of logs, owned by three or four firms, reached Cameron Lake the latter part of last week, and are now being sorted. They came down the Gull waters, and were in charge of Mr. Thomas Kelly, who had the contract to deliver them. Logs have arrived, from time to time, ever since spring, but they very small compared with those that used to come a few years ago.

ACCIDENT.—On Monday Mr. Thos. Scott's little boy, who was running around with his feet bare, set his left foot on a garden rake, one of the teeth of which went entirely through it, and another entered to a considerable depth. He was taken by his father to Dr. Wilson's office, and there had his hurts attended to. As the foot was covered with clay and road dust, serious results are feared, but we hope the doctor may be able to avert them.

ATROCIOUS CRUELTY.—At Trenton, a few days ago, a farmer named Henry C. Wain was committed to the county jail at the instance of the local branch of the Society for the Prevention of Cruelty to Animals. Because one of his pigs ate some of his chickens, he deliberately bored the animal's eyes out with a red-hot iron; and because his bull was unruly, he chased it around a field with a gun and blinded it by shooting it in both eyes. Such a wretch ought to have a liberal dose of cat-o'-nine-tails and then (if possible) be debarred from ever again owning live stock of any description.

SUDDEN DEATH.—Mr. Charles Scott was found dead in bed, on Monday

morning, at the residence of his son-in-law, Mr. Harry Austin, in Kilmount. Through nearly all his long life of about 76 years he had scarcely a day's illness, but for a time had been troubled with rheumatism and something amiss with his heart, and the doctors say that heart failure was the cause of his death. He was an old and well-known resident of the village, and had a wide circle of friends by whom his death, though in the fulness of years, will be regretted.

RESIGNED.—We learned with surprise, as well as with regret, a few days ago, that Rev. A. S. Dickinson, Rector of the Parish of St. James', Fenelon Falls, and St. Peter's, Verulam, had resigned his position and wished to leave at the end of this month; and at a vestry meeting on Monday evening his resignation was accepted, and the wardens of the two churches were authorized to secure a successor. Mr. Dickinson, who has been here a little over two years, suited us, and, we believe, a very large majority of the members of both congregations, and Mrs. Dickinson is exceedingly popular.

S. A. SPECIAL MEETINGS.—Esigo Bloss, T. E. S., of Toronto, is coming to Fenelon Falls, and will conduct special meetings in the S. A. barracks on Saturday, Sunday and Monday, September 23rd, 24th and 25th. This will be the event of the season, so do not stay away. The ensign will give a very special lime-light service in the barracks on Monday, Sept. 25th, at 8 p. m., entitled "The Coming of the King." Admission, ten cents. Special music and singing on Saturday night and all day on Sunday. Dissolving views, which are equal to moving pictures, will be used on Monday night. Capt. and Mrs. Jas. E. Calvert, O. O's.

FIRE AT KINMOUNT.—About 2 o'clock on the morning of the 12th inst. fire broke out in a barn, 30 x 80 feet, owned by Mr. Michael Mansfield, of Kinmount, which was totally destroyed, as also, was a stable, about 20 x 30 feet, the property of Mr. Levi Christopher, which stood so near the barn that it could not be saved. Fortunately no other building was near them and the wind was favorable, or nearly the whole village might have been destroyed. The contents of the barn, which was used as a store-house, were all burned, but everything was got out of the stable except a small quantity of hay. Mr. Mansfield had an insurance of \$3,000, but there was only \$150 on the stable. The origin of the fire is involved in mystery.

THE "SYNDICATE" SALE.—Messrs. McDougall, Brandon & Austin's great auction sale of everything owned by the firm was held here on Wednesday, and almost all the property was disposed of except the farm near the village, for which nobody bid the price set upon it, \$7,000. "Grand Island," in Balsam Lake, was bought by Mr. William Weldon, of Mariposa, for \$10,100, and was certainly a bargain. It contains over 1,200 acres, a considerable portion of which is good farming land, a very large quantity of wood, a fairly good two-story house and a nearly new mammoth barn; in addition to which the purchaser gets a threshing machine, four horses, nearly a hundred tons of hay, a lot of straw, wagons, plows and other articles. The "North Star" roller mill property, was bought by Mr. William McArthur for \$3,900.

NEW MASONIC HALL.—The members of the local lodge of Freemasons have leased the whole of the upper flat, of Mr. William McArthur's brick block, on Colborne street, and Mr. Thomas Archer, Mr. Robert Rutherford, carpenters, and Mr. Alfred Inkpin, plasterer, are now at work therein. There will be a main, or business, hall 25 x 56 feet, a dining-room 15 x 46 feet, two ante-rooms 12 x 15 feet, a spacious billiard room, a large kitchen, and four other rooms, in one of which, (we suppose) the goat will be kept on initiation nights until his services are required. Various alterations and improvements are being made in the flat, which is to be nicely painted, but by whom this part of the work is to be done is not yet settled. The lease is for ten years, with privilege of renewal at expiration of that period, and the Masons will hold their first meeting in the new hall early in January next.

BIRTHS.

BRAY.—At Fenelon Falls, on Tuesday, September 12th, the wife of Mr. Chas. Bray of a daughter, (still born.)

SINCLAIR.—In the township of Somerville, on Friday, September 15th, the wife of Mr. Rufus Sinclair of a son.

BLACK.—In the township of Fenelon, on Monday, September 18th, the wife of Mr. George W. Black of a son.

MARRIED.

TERRILL.—At the home of the bride's parents, Colborne, on Tuesday, September 12th, 1905, by Rev. S. F. Dixon, assisted by Rev. S. G. Horne, Miss Florence Y. Beatrice, daughter of Mr. and Mrs. E. E. Dixon, to Mr. Allan W. Terrill, of Fenelon Falls.
