The Young Folks.

GOLDEN MOMENTS.

I sat in the silent twilight,
Reviewing "old times" gone by,
And from my bosom heaving
Escaped a long-drawn sigh;
And through the oppressive stillness
A choral strain—it rang—
"Mourn for the days departed,
Mourn for the lost and gone."

I drew my breath and listened,
And still it seemed to say,
Through "wasted opportunities"
Is stealing "the light of day."
"Backward thy step and forward"
The mystic voices rang—
"Mourn for the days departed,
Mourn for the lost and gone."

Then came a sweet self whisper,
"Conscience, be kind and true!"
And teach me in self-knowledge
"Things that I never knew,"
Teach me to study "nature's waste,"
"Onward!" the voices rang—
Mourn for "mistakes" departed,
Mourn for the lost and gone:

The Present—it is ours?
The Past—beyond recall;
Alas! the Future's veiled shroud
Hangs o'er us, like a pall.
But ne'er "a failure" sought us
"A sunbeam" we regret,
Mourned in the days departed,
Forgotten we forget.

Is this life "an irregular rhythm,
Like the murmur of the waves"—is it so?
Is there ne'er "a chink" in the world above
Where they listen to words from below?
Ah, true! "from discord comes harmony,"
And success is the flower of defeat;
And "the music we mourn o'er, triumphant
Finds place in God's anthem complete."

—*Lucy Moss Wilson.*

EXCUSABLE IGNORANCE.

It is often said that one of the best ways of learning a thing is to teach it to others; but the rule does not always hold good.

One day my brother went to buy a bushel of buckwheat for sowing. The man of whom he was to get it was away, but his wife was at home, and undertook to make the sale. She got a peck measure and they went to the granary.

There the woman filled the measure twice, poured the contents into the bag and was proceeding to tie it.

But Mrs. F——," said my brother, "it takes four pecks to make a bushel."

"Oh, does it?" said she. "Well, you see, I never had any experience in measuring grain before I was married. I always taught school."

A NEW TROLLING DEVICE.

Anglers will be interested in this paragraph. A couple of months ago we noticed a description in the *Scientific American* of a novel device just patented for use in trolling for fish. It is a flint glass tube so arranged as to receive a minnow, which is kept alive by the water passing through a hole in each end of the tube. Angle-worms, crabs, grass-hoppers or any kind of bait can be used in the same way. For the present the owner of this device, Mr. Calvin C. Graves, Natural Bridge, Jefferson co., N. Y., does not intend to put the business in the hands of jobbers or wholesale men, and if you want the apparatus, write to him, enclosing a money order covering the cost. Three sizes: $1, $1.25 or $1.50 each. The device is to be on sale at the World's Fair, Chicago.

The Newspaper "Ad." Does the Business.

A neat illustration of the value of sagacious advertising was given at the Portland Young Men's Christian Association meeting on Sunday, when General Secretary McDonald stated that he had some curiosity to know what method of advertising reached the people. He had circulated thousands of little dodgers, giving notice of the meeting, and he asked those that had seen them and had been moved to come through that means, to rise. The hall was packed as full as it could hold, and of the entire number about fifteen arose. Then Mr. McDonald asked all who had read the notices in the newspapers, and had been influenced by them to rise, and the crowd rose in a body.

The Spring.

Of all seasons in the year, is the one for making radical changes in regard to health. Hood's Sarsaparilla has attained the greatest popularity all over the country as the favorite Spring Medicine. It expels the accumulation of impurities through the bowels, kidneys, liver, lungs and skin, gives to the blood the purity and the quality necessary to good health and overcomes that tired feeling.

The best way to get along with people who are set up by pride is to upset their pride and them, too.

Totally Deaf.—Mr. S. E. Crandell, Port Perry, writes: "I contracted a severe cold last winter, which resulted in my becoming totally deaf in one ear and partially so in the other. After trying various remedies and consulting several doctors, without obtaining any relief, I was advised to try Dr. Thomas' Eclectric Oil. I warmed the Oil and poured a little of it into my ear, and before half the bottle was used my hearing was completely restored. I have heard of other cases of deafness being cured by the use of this medicine."

When the House of Commons is very enthusiastically stirred by a speech, it goes off on its "Hear!"

When a fashionable young lady dreams of a filbert, it is a sign that her thoughts are running on the colonel (kernel).

At what time should an inn keeper visit the blacksmith? When he wants a bar made.

A man's accusations of himself are always believed, his praise never.

Expensive earings for small pet dogs are a novel and outrageous fashionable fad.

According to life-insurance statistics, the average of man's life has increased 5 per cent. during the past twenty-five years.

ROOT AND BRANCH, the poison in your blood, however it may have come or whatever shape it may be taking, is cleared away by Dr. Pierce's Golden Medical Discovery. It's a remedy that rouses every organ into healthful action, purifies and enriches the blood, and through it cleanses and invigorates the whole system. Salt-rheum, Tetter, Eczema, Erysipelas, Boils, Carbuncles, Enlarged Glands, and the worst Scrofulous Sores and Swellings, are perfectly and permanently cured by it.

Unlike the ordinary Spring medicines or sarsaparillas, the "Discovery" works equally well at all seasons. All the year round and in all cases, it is *guaranteed*, as no other blood medicine is. If it ever fails to benefit or cure, you have your money back. You pay only for the good you get.

Isn't it safe to say that no other blood-purifier can be "just as good?"

If it were, wouldn't it be sold so?

NOTES HERE AND THERE.

Items of General Interest to Free Press Readers.

The Moon's Influence.

Upon the weather is accepted by some as real, by others it is disputed. The moon never attracts corns from the tender aching spot. Putman's Painless Corn Extractor removes the most painful corns in three days. This great remedy makes no sore spots, doesn't go fooling around a man's foot, but gets to business at once, and effects a cure. Don't be imposed upon by substitutes and imitations. Get Putman's and no other.

After a deal of discussion at the pottery as to which side of the jug to put the handle, it was decided to put it on the outside.

Trusts and Combinations

Are unpopular. But there is one form of trust against which no one has anything to say. That is the trust which the public reposes in Hood's Sarsaparilla, and the best of it is the trust is fully justified by the merit of the medicine. For, remember HOOD'S Sarsaparilla CURES.

Hood's Pills are purely vegetable, and do not purge, pain or gripe. Sold by all druggists.

The Red River.

The red river of life is the blood, like other rivers it sometimes becomes impure, but unlike other rivers it only needs Burdock Blood Bitters to perfectly purify it and remove all its disorders from a common pimple to the worst scrofulous sore.

A Nile stream flowing through Egypt in the earliest history of the world shows that petroleum is no new thing.

Worms cause feverishness, morning and restlessness during sleep. Mother Graves' Worm Exterminator is pleasant, sure and effectual. If your druggist has none in stock, get him to procure it for you.

It is mistakenly supposed that the weather service is scientific; when really it is all elementary.

The Best Pills.—Mr. Wm. Vandervoort, Sydney Crossing, Ont., writes; "We have been using Parmelee's Pills, and find them by far the best Pills we ever used." For Delicate and Debilated Constitutions these Pills act like a charm. Taken in small doses, the effect is both a tonic and a stimulant, mildly exciting the secretions of the body, giving tone and vigor.

Chronic Coughs

Mr. H. B. McKinnon, painter, Mount Albert, says; "Last summer, my system became impregnated with the lead and turpentine used in painting; my body was covered with scarlet spots as large as a 25-cent piece, and I was in such a state that I could scarcely walk. I got a bottle of Northrop & Lyman's Vegetable Discovery, and at once commenced taking it in large doses, and before one-half the bottle was used there was not a spot to be be seen, and I never felt better in my life."

Cause and Effect.

Coughs and colds are the cause, if neglected, of consumption. It is therefore much better to cure them at once by the use of Hagyard's Pectoral Balsam, the safe, sure and reliable remedy for all diseases of the throat and lungs.

Family life may be full of thorns and cares, but they are fruitful.

The great demand for a pleasant, safe and reliable antidote for all affections of the throat and lungs is fully met with in Bickle's Anti-Consumptive Syrup. It is a purely Vegetable Compound, and acts promply and magically in subduing all coughs, colds, bronchitis, inflammation of the lungs, etc. It is so palatable that a child will not refuse it, and is put at a price that will not exclude the poor from its benefits.

A Cure for Coughs

There is no remedy that makes as large a percentage of perfect cures as Dr. Wood's Norway Pine Syrup. In nearly every case of coughs, colds, asthma, bronchitis, hoarseness, croup, etc., its curative effects are prompt and lasting.

Every observer who walks the streets of a great city, and scans with intelligent eye the colorless faces of more than fifty per cent. of the people he meets, can easily agree with us in the statement that this age, which makes such drafts upon the working energies of the greater part of men in the intense pursuits of business, has destroyed in a proportionate degree the animal health and robust constitution. Nature, in this stage of exhaustion, cannot be restored of itself, but requires some stimulating tonic, to strengthen and keep the system in regular order, and in Northrop & Lyman's Quinine Wine we have the exact remedy required. The peculiar operation of this medicine, in cases of general debility and nervous prostration, has undergone long and close observation, and it is believed it will never fail, if properly and judiciously administered. Prepared by Northrop & Lyman, Toronto, and sold by all druggists.

Minard's Liniment relieves Neuralgia.

THE HOOP SKIRT.

I remember, I remember the hoops my best girl wore
When first I went a-sparkin' her, way back in '64—
For when I'd see her home o' nights, I allow 'twas kinder rough
To stamp along the gutter, 'cause the walk wa'n't wide enough!

I remember, I remember the sittin' room at home,
When the old folks had gone to bed an' left us there alone;
To get in spoonin' distance was more'n I could do,
An' when she luk the sofy seat there wa'n't no room for two!

I remember, I remember how I used to sweat an' work
A-tryin' to figure out a way to beat that durned hoop skirt
An' I reckon how I diddled 'round two year an' more that way
Afore I got up spunk to ask my gal to name the day.

I wonder, oh, I wonder, if this the truth can be,
That the comfy hoop skirt's bigger than the one I used to see,
An' if its so, I want to live just long enough to glean
How the young folks nowdays are goin' to tackle crinoline!

CONSUMPTION CURED.

An old physician, retired from practice having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to all his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe in German, French or English with full directions for preparing and using. WONDER IN WELLAND!

A Representative Farmer Speaks.

MR. C. C. HAUN.

The following remarkable facts are fully certified to as being undeniably correct in every particular. Mr. Haun is well known in the vicinity, having resided here over fifty years, and is highly respected as a man of the strictest honor, whose word is as good as his bond.

As will be seen from his letter, four physicians had attended him, and it was only after he had given up hope of cure that he decided to try Burdock Blood Bitters on the recommendation of a neighbor who had been cured of a similar disease by its use. Mr. Haun writes as follows:

Dear Sirs,—I think I have been one of the worst sufferers you have yet heard of, having been six years in the hands of four of our best doctors without obtaining permanent relief, but continually growing worse, until almost beyond hope of recovery, I tried your Bitters and got relief in a few days. Every organ of my body was deranged, the liver enlarged, hardened and torpid the heart and digestive organs seriously deranged, a large abscess in my back, followed by paralysis of the right leg, in fact the lower half of my body was entirely useless. After using Burdock Blood Bitters for a few days the abscess burst, discharging fully five quarts of pus in two hours. I felt as if I had received a shock from a powerful battery. My recovery after this was steady and the cure permanent, seeing that for the four years since I have had as good health as ever I had. I still take an occasional bottle, not that I need it but because I wish to keep my system in perfect working order. I can think of no more remarkable case than what I have myself passed through, and no words can express my thankfulness for such perfect recovery.

C. C. Haun,
Welland P.O.

In this connection the following letter from T. Cummins, Esq., a leading druggist of Welland, Ont., speaks for itself:

Messrs. T. Milburn & Co., Toronto.

Gentlemen,—I have been personally acquainted with Mr. C. C. Haun for the last 20 years, and have always found him a very reliable man. You may place the utmost confidence in anything he says with regard to your medicine. He has on many occasions within the last four years told me that it was marvellous the way the Burdock Blood Bitters had cured him, and that he now felt able to do a day's work as he never felt in his life. Although quite well he still takes some B. B. B. occasionally, as he says, to keep him in perfect health.

Yours truly,
Thomas Cummins,
Welland, Ont.

The steadily increasing sale of B. B. B., the length of time it has been before the people, and the fact that it cures to stay cured, attest the sterling merits of this monarch of medicines, the people's favorite blood purifier, tonic and regulator.
