IN THE DARK

Owing to the trouble on the Hydro line, Shelburne found how nice it is to be without electric lights for a few hours Thursday night. One of the results in town was that the usual band nihgt at the rink had to be called off and there was no skating.—Economist.

In rural communities you get a timely telephone service. Ring once and you get everybody on the line.

MOST OF NEW PHONES IN HOMES

To gain 52,473 telephones last year according to the Annual Report of the Bell Telphone Company, it was necessary to instal 128,901 instruments. In spite of the 76,428 telephones taken out this net gain of 52,473 was the largest in the Company's history. Over 97 per cent. of the new telephones were residence services.

THOUGHTS ON SOLID COMEORT

A GOOD THIRD OF OUR TIME IS SPENT IN BED, SO WHY NOT HAVE SOLID COMFORT WHILE THERE?

Why use a Mattress and Spring that will not stand up under the wear of years? A good spring costs a little more, but look at the extra comfort you have in being able o sleep while you are in bed. **The very** Mattress you need is a **WAY SAGLESS SPRING,** which will not sag under any conditions and is guaranteed for 25 years. Surely that ought to be long enough. It does not matter if the two persons sleeping on it are of unequal weight, as it adjusts itself. **Our regular price on this spring is $10.00; look at page 346 of catalogue and see what it costs to order that way. Now to match this Spring we have different lines of mattresses from $12.00 up we would recommend to go with this spring.**

We also have a good line of Arm Chairs and Rockers to sit in comfort in for a couple of hours before going to bed, ranging from $8.00 up. Call and look these lines over. Don't be afraid you will offend us if you do not buy, for we know you cannot beat them anywhere.

Boys Won; Girls Lose With Durham Monday

The tie game which the local hockey club played in Durham last week was no indication of the play here on Monday when the local buccanneers swamped the visiting crew 6—1 with something to spare. The visitors were without the services of Elvidge, their star player, but put up a good clean game with commend able sportsmanship throughout.

Boyd opened the scoring when he pumped one through Lavelle, and McTavish led out with another. Moon followed suit when he batted in a loose rebound off Akin's pads for his team's initial and only goal of the gme. Boyd drilled in another one on a pass from McTavish, and the period ended with Flesherton leading by a 3—1 score.

In the second stanza, the locals assumed the upper hand and held it throughout the remainder of the game, checking closely and bombarding Lavelle, who at times looked like a human sieve. McTavish scored on a long lift, and completed his evening's work when he rifled in two more during the last period. The locals all played great hockey, with McTavish turning in his best game of the winter. McDonald was used on defense with Nuhn subbing, to keep a junior aspect to the encounter. The visitors were afterwards entertained by the local high school girls, and all wended their way to meet again another day.

Durham Boys:—

Goal—G. Lavelle, Def; McIlrath and Wilson; Forwards Vollett and McGirr. Centre, Moon; Subs. Noble Clarke and Havens.

Flesherton—Goal, Akins; Def. Lyons and McDonald. Centre. McTavish Wings, Watson and Boyd. Sub. Nuhn.

The Flesherton High School entertained the inmates of the Durham school of education at the local rink here on Monday night. The Durham girls travelled by train, and as a result the first game was played at 7.15. Marie Patton and Edna McCallum were absent through illness but their places were ably filled by Mildred Ferris and Hilda Clements.

The Durhamites iced their cake in the first period when hey scored their two goals, and were never in any great danger of being overcome. The visitors are a husky set of damsels and all are sure skaters, with the result that they could play the aggressive game which brings victory.. The Fesherton girls are but youngsters at the game and will improve. On the night's play Millie Ferris was the best for the locals while L. Hinds and E. Moon played well for the visitors.

Durham Girls—Goal, G. Baird, Def., Gagnon and Rowe, Centre, L. Hind, Wings E. Moon and N. McGirr. Subs. N. McDonald and M. Kelsey.

Flesherton—Goal, Evada Wilson, Defence, T. Wilson and M. Radley. Forwards: Boyd, Clements, Ferris and McKee.

Leg Broken Drawing Wood From Valley

One of the most remarkable cases of determination and grit that we have ever heard of occurred on Friday afternoon last, when Mr. Robt. Ferris of town suffered an accident which will confine him to the house for some weeks.

He was at work in the vallley, getting out logs, and had practically completed the loading of the sleigh with buzz poles, and in attempting to take hold of the last limb, it swung around, striking him on the leg and fracturing it in two places. As Mr. Ferris was alone at the time, it was a serious matter, with no one at hand to assist him to the sleigh as he would have perished with the cold had he remained out during the night. He crawled to the horses, which were tied to a tree some distance away, untied them, and in some manner climbed to the back of one, guided them to the sleigh, and hitched them, almost a superhuman act, without doubt. After reaching the road, one of the horses fell, and the injured man climbed down from the load, unfastened the horse to enable it to rise and then hitched again. On the way home Mr. Ferris met Dr. Turnbull, hailed him to stop, but the motion was not interpreted that way and the Dr. drove on. Mr. Ferris drove into town, stopped at McTavish's garage and informed them of what had occurred, and help was then secured. Later the injuries were attended to by Drs Turbull, Blake and Murray, and Mr. Ferris is now resting as well as can be expected after his terrible experience.

We do not understand how Mr. Ferris accomplished what he did but we surmise that a man will put forth superhuman efforts to extricate himself in a case of necessity if his life is endangered. If Mr. Ferris had not been able to do the work he did while suffering intensely he might have been lying there for some hours before help would have come.

Dundalk Refuses to Come

It was rumoured through sporting circles at the beginning of the week that the Dundalk hockey club were anxious for another game in order to re-establish themselves in the graces of fandom, and to show a winning aggregation for the first time this winter. Mr. S. E. deCudmore was delegated to place a telephonic communication into the hands of the managership of the visiting club, and on Tuesday, made an offer to the manager of the team with the privilege of renting the local rink or a fifty fifty split of all gate receipts. This offer, the generosity of whch was unquestionable when one takes into consideration the fact that Dundalk is without a rink, was promptly, emphatically and firmly refused, and the effort to bring about a friendly spirit between the two factions went wanting. "Cud" however, has no intention of turning the other cheek, and as a result no great harm was done.

Markdale, the jinx of the local team, play here on Friday night. The Redmen are the only team to beat thhe locals this year, and the boys will be out to register a victory.

This is the time of the year when auction sales are in vogue and bills are needed to advertise the event. The Advance gives good service on auction sale bills and can supply them on short notice at the right price. Send in the notice of your sale to The Advance; we cover this whole district.
