The Young Folks.

A SONG OF SNOW-TIME.

Sing a song of snow-time
Now it's passing by,
Million little fleecy flakes
Falling from the sky;
When the ground is covered,
And the hedge and trees,
There will be a gay time
For the chickadees.

Boys are in the school-house,
Drawing on their slates
Pictures of the coasting place,
And thinking of their skates;
Girls are nodding knowingly,
Smiling-like about,
Thinking of a gay time
When the school is out.

Three o'clock, four o'clock,
Bang! goes the bell;
Get your hats and cloaks and wraps,
Hurry off, pell-mell!
Bring along the coasters all,
If you want some fun;
Up to the hill-top,
Jump and slide and run!

Ready now! Ready now!
Each in his place!
Here we go, there we go,
Down on a race!
Sing a song of snow-time,
When the flakes fall;
Coast time, skate time,
Best time of all!

DR. HOLMES' SCHOOLMATE.

One of the most amusing of Dr. Holmes' experiences was a meeting when he was already past his prime with an old Andover schoolmate.

The doctor had given a lecture in a Massachusetts city, and the next day his host, a leading citizen, took him out for a drive about town. The doctor espied over a door a name that long ago was familiar to him. His entertainer made the introduction, but the merchant showed more interest in the citizen than in his undersized guest.

The doctor inquired if he was not a student in Phillips, Andover, in 1824. The merchant replied that he was there at that time.

"Do you remember a boy there named Holmes—Oliver Wendell Holmes?"

After a slight hesitation he answered: "Yes Little fellow, wasn't he?"

The doctor admitted that such was the fact and added that he was that boy. The old schoolmate looked him over without much appearance of interest.

"So you didn't take a college course?" remarked the doctor.

"No; I've followed the hardware business, and I've done very well in it. Where have you kept yourself?"

"I've been practicing medicine in Boston."

"Strange I have never heard of you. I have been in Boston quite often, and I know a good many doctors there."

"Well, I have been a professor in Harvard Medical college, and my lectures there have occupied most of my time in late years, so that I haven't practiced much."

Dr. Holmes, physician, scientist, litterateur, poet and wit, was evidently of small account to his whilom schoolmate.—*Independent.*

BUSINESS SUCCESS.

An eminent man of letters was once asked what trait of character was most essential to business success. "Audacity," was the laconic answer. This is exactly to the point, for nowhere can success be achieved unless endeavor is backed by a bold, resolute spirit. Too many men however, confound boldness and resoluteness with impudence, and thus make themselves offensive to right-minded people. There are ways of pushing business interests which command respect, if not always attention, and there are other ways which make them feel choleric and reserved, if not obstinate. In the first case there is no danger of being forgotten if the need arises for manufacturers whose claims have been presented, while in the second, men of ordinary courtesy will be at considerable pains to avoid the necessity for business relations. This is simply human nature, which is as dominant in the business world as elsewhere, and should always be taken into account.—*American Stationer.*

RUSKIN ON WOMEN AND WAR.

Mr. Ruskin, at the close of a lecture on war, said to the ladies present: "Only by your command, or by your permission, can any war take place among us; and the real, final reason for all the poverty, misery and rage of battle through Europe, is simply that you women, however good and religious, however self-sacrificing for those whom you love, are too selfish and too thoughtless to take pains for any creature out of your immediate circles. Let every christian woman who has conscience toward God vow that she will mourn for His killed creatures; let every lady in the happy classes of civilized Europe simply vow that, while any cruel war proceeds she will wear black—a mute's black—with no jewel, no ornament, and I tell you again no war cloud would last a week."

PROMPTNESS.

Promptness in business always pays. No house ever became unpopular from a custom of filling its orders with dispatch. Promptness is always noticed and favorably commented upon by the customer, who always fully realizes the importance of his own order and does not pause to think that it is one of hundreds, or perhaps thousands, received by the dealer. The purchaser wants his goods at once as a general thing, and regards the celerity with which they are delivered as an evidence of the esteem in which he is held by the dealer If delivery is delayed he is apt to regard it as a slight and is sure to become dissatisfied. Promptness in business always pays. *Geyer Stationer.*

Bashful Maiden "Anna Lang."

"When were your parents married?"
"In 1864."
"How many brothers and sisters have you?"
"Five."
"Are you the oldest?"
"Yes."
"Yes. (Botto voce) I have given my age away I am surprised."—*Dorfbarbier.*

STIRRED UP.

"Our whole neighborhood has been stirred up," said the regular reader.

The editor of the country weekly seized his pen.

"Tell me all about it," he said. "What we want is the news. What stirred it up?"

"Plowing," said the farmer.—*Pearson's Weekly.*

NOTES HERE AND THERE.

Items of General Interest to Free Press Readers.

The Time For Building

Up the system is at this season. The cold weather has made unusual drains upon the vital forces. The blood becomes impoverished and impure, and all the functions of the body suffer in consequence. Hood's Sarsaparilla is the great builder, because it is the one true blood purifier and nerve tonic.

Hood's Pills become the favorite cathartic with all who use them. All druggists. 25c.

A fresh mind keeps the body fresh.—Bulwer.

Rheumatic Pains

Require no description, since, with rare exception, all at some time have experienced their twinges. Rheumatism is not easily dislodged, only the most powerful penetrating remedies reach to its very foundations, the most successful treatment known, and it is now frequently resorted to by medical men, is the application of that now famous remedy for pain—Polson's Nerveline. It is safe to say that nothing yet discovered has afforded equal satisfaction to the suffering, and no matter how bad the case may be Nerveline is sure to cure it. Sold by druggists and country dealers.

Evil is wrought by want of thought as well as by want of heart.—Hood.

Is there anything more annoying than having your corns stepped upon? Is there anything more delightful than getting rid of it? Holloway's Corn Cure will do it. Try it and be convinced.

Rashness and haste make all things insecure.—Denham.

Totally Deaf.—Mr. J. E. Crandell, Port Perry, writes: "I contracted a severe cold last winter, which resulted in my becoming totally deaf in one ear and partially so in the other. After trying various remedies, and consulting several doctors, without obtaining any relief, I was advised to try Dr. Thomas' Eclectric Oil. I warmed the Oil and poured a little of it into my ear, and before one-half the bottle was used my hearing was completely restored. I have heard of other cases of deafness being cured by the use of this medicine."

Reproof should not exhaust its powers on petty failings.—Anon.

We can bear testimony to the efficacy of the Pain-Killer. We have so at its magic effects in soothing the severest pain, and know it to be a good article.—*Cincinnati Dispatch.*

Nothing has yet surpassed the Pain-Killer, which is the most reliable family medicine now in use.—*Freeman's Organ.*

It has real merit; as a means of removing pain, no medicine has acquired a reputation equal to Perry Davis' Pain-Killer.—*Newport News.*

Weak men fight their friends, strong men their enemies.—Grant.

Colic and Kidney Difficulty.—Mr J W. Wilder, J. P., Lafargeville, N. Y., writes: "I am subject to severe attacks of Colic and Kidney Difficulty, and find Parmelee's Pills afford me great relief, while all other remedies have failed. They are the best medicine I have ever used." In fact so great is the power of this medicine to cleanse and purify, that diseases of almost every name and nature are driven from the body.

You will find poetry nowhere unless you bring some with you. Joubert.

Relief In Six Hours

Distressing Kidney and Bladder Diseases relieved in six hours by the "Great South American Kidney Cure." This new remedy is a great surprise and delight on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy Sold by J. V. Kannawin, Acton.

The pleasure for which we dare not thank God can not be innocent. Anon

DOCTORS AND FLY BLISTERS FAIL.

But One Dose of South American Rheumatic Cure Relieves and Half a Bottle Cures.

Robert E. Gibson, Pembroke's well known merchant: "I contracted rheumatism in very severe form in 1886, and have suffered untold misery each spring since. I have repeatedly applied fly blisters with but little success Doctors whom I consulted, likewise failed to relieve I was induced to try South American Rheumatic Cure by Mr W. F C Bethel, of the Dickson Drug Company The first dose gave instant relief, and half a bottle cured"

As a cure for rheumatism this remedy is certainly peerless.

conditions

In some conditions the gain from the use of **Scott's Emulsion** of cod liver oil is rapid. For this reason we put up a 50c. size, which is enough for an ordinary cough or cold or useful as a trial for babies and children.

In other conditions gain must be slow, sometimes almost imperceptible, health can't be built up in a day. For this, Scott's Emulsion must be taken as nourishment, food rather than medicine, food prepared for tired and weak digestions.

TELL THE TALE.

Tell the tale of Jesus love
Tenderly and sweetly;
Like to one who fain would be
In its power completely
'Tis a wondrous, wondrous theme!
Love o'er sin victorious!
'Tis the love of God's dear Sons
Let his praise be glorious

Tell the tale of Jesus' love
Fresh from truth's own pages
All its hold on man it keeps
Through long lasting ages
While to You the passing years
More and more endear it,
Millions of the human race
Die and never hear it.

Tell the tale of Jesus' love
Free from formal phrases
Let each meaning, word and look
Speak the Saviour's praises
Heaven is listening! wherefore wait?
Haste! for time is flying,
Speak as though you just had seen
Christ for sinners dying

Tell the tale of Jesus' love
While the strength is given;
Glorious work on earth in this
Pointing souls to heaven!
Tell this tale of love until
Soul from body sever
Then among the saints above,
Tell it out forever!

Bickle's Anti Consumptive Syrup stands at the head of the list for all diseases of the throat and lungs. It acts like magic in breaking up a cold. It is a medicine prepared from the active principles or virtues of several medicinal herbs, and can be depended upon for all pulmonary complaints.

Agitation in the world of homœpathic medicine has been its very soul of progress, as in politics and religion the difficulties of opinion and the individuality of men have been parent to the disagreements by which the standard of these bodies have been elevated So with most of our famous preparations foremost in illustration of which truth stands the world famous remedy to general debility and languor, "Quinine Wine," and which, when obtained in its genuine strength, is a miraculous creator of appetite, vitality and stimulant, to the general fertility of the system. Quinine Wine, and its improvement, has from the first discovery of the great virtues of Quinine as a medical agent been one of the most thoroughly discussed remedies ever offered to the public. It is one of the great tonics and natural life-giving stimulants which the medical profession have been compelled to recognize and prescribe. Messrs. VIEWS OF A ROMAN CATHOLIC PRIEST.

Rev. R. C. Lihmann, of St. Mary's R. C. Church, Hamilton, Ont., Tells of the Good Services of Dr. Agnew's Catarrhal Powder.

It is not the one that cold in the head, or catarrhal difficulty, is unknown in the summer season. Many are suffering today, and in some cases the disease takes the shape of Hay Fever. Dr. Agnew's Catarrhal Powder is a most effective remedy in all such cases. Readers of this paper know of the many prominent clergymen of all denominations, who have felt it their duty to recommend this remedy. Added to the recommendation of the Rev Father Hinchey, of Hamilton, comes that of Rev. R. C. Lihmann, of St. Mary's R. C. Church, of the same city. Ever devoted to the interests of his parishioners, this faithful priest feels that he is doing them a kindness in telling how this remedy benefitted him in the case of catarrhal trouble. It never fails to benefit anyone. Sample Bottle and Blower sent on receipt of two 3 cent stamps. S. G. Detchon, 11 Church Street, Toronto.
