The Young Folks.

A LESSON IN NUMBERS.

I have a little lesson
In numbers every day.
And, if you like, I'll tell you
The kind I have to say
I call them play.

There was a little pigeon,
When he said "Coo-coo"
Another little pigeon
Close down beside him flew
Then there were two.

Two pretty ships were sailing
As grandly as could be,
And "Ship ahoy!" another
Sailed out upon the sea
Then there were three.

I had a pretty rose-bush
That grew beside my door.
Three roses bloomed upon it
And soon there came one more.
Then there were four.

Four bees a gathering honey
The busiest things alive
And soon their came another
From out the crowded hive.
Then there were five.

These last were rather hard ones
The roses and the bees.
But my mamma says, "Numbers
Get harder by degrees"
Harder than these.

St. Nicholas.

SENTIMENT OF WORDS.

Amiability—The powdered sugar of politeness, very apt to be adulterated.

Ancestors—The only luxury denied to the nouveaux riches and the one most desired by them.

Abridgment—A collection of the bad points of a good book and the foolish points of a poor book.

Aristocrat—One who washes his hands oftener than others. Hence the others are the great unwashed.

Austerity—The gold foil and iron wire of the champagne of life. Beware of the cork when the seal breaks.

Age—We have three ages. The real bona fide one; that which others think we have and that which we say we have.

Abstention—The sour grape virtue of the fox who couldn't get what he wanted and didn't want what he couldn't get.

Ballroom—A place where society goes to be in the swim, especially the summer bathing contingency. Look out that you don't get beyond your depth and beware of sharks.—*Good Housekeeping.*

Another Thing.

Mrs. Hugly—"Twelve dollars a dozen is a high price for portraits, isn't it?"

Photographer—"Do you want them to look like you?"

Mrs. Hugly—"Certainly."

Photographer—"Oh, in that case the price will be only $2 a dozen."

A SUSPICIOUS CASE.

Our little Tommy was so sick,
It gave us quite a shock,
We sent off for the doctor quick
At half-past eight o'clock.

The doctor came, polite and cool
Felt Tommy's pulse, and then
He said "If Tommy stayed from school
He'd be all right by ten."

—HARRY ROMA.

HAD HE KNOWN.

With Dr. Agnew's Cure for the Heart at Hand, Death from Heart Disease is Impossible.

WONDERS OF THIS WORLD—FAMED PHYSICIAN'S CATARRHAL POWDER.

Success has followed all of Dr. Agnew's specifics. With all the emphasis possible this is the case with this cure for the heart. Its effectiveness is marvellous. The very paroxysms of death may seem to have seized the patient, and yet relief is secured with the taking of a single dose, and the continuation of the use of the remedy soon cures the worst case of heart disease. George Crites, customs officer, Cornwall, Ont., says: "I was troubled with severe heart complaint for several years. The slightest excitement fatigued me. I was under doctor's care for over six months, being unable to attend to my business. No relief came to me, and it was only after I had scarcely dared to hope for cure that I used Dr. Agnew's Cure for the Heart, and in a comparatively short time it removed the disease altogether."

With careful, innate conservatism, yet recognizing its benefits, the Rev. John Scott, D. D., Presbyterian minister, of Hamilton, is only one of the many leading clergymen in Canada who, having used Dr. Agnew's Catarrhal Powder, has freely testified over his own signature as to its unquestioned benefits. It may be only a cold in the head, or the case may be a more aggravated phase of catarrh, that has baffled other remedies, but this simple and pleasant remedy will give relief in 10 minutes, and entirely remove the difficulty. Sample bottle and Blower sent by S. G. Detchon, 44 Church St., Toronto, on receipt of 10c. in silver or stamps. Sold by J. V. KANNAWIN.

What She Said.

Mrs. R. Peck, E 15th street, New York City, visited Canada last year, and had the good fortune to pick up something which not only suited her, but her neighbors also. Writing the manufacturer of Nerviline she says:—"I bought three bottles of Nerviline while in Canada and treated my neighbors to some of it, and all think it the best medicine for internal or external pain they have ever used." Nerviline deserves such a commendation, for it is a most powerful, penetrating, and certain remedy for pain of all kinds. Take no substitute.

The Time For Building

Up the system is at this season. The cold weather has made unusual drains upon the vital forces. The blood has become impoverished and impure, and all the functions of the body suffer in consequence. Hood's Sarsaparilla is the great builder, because it is the One True Blood Purifier and nerve tonic.

Hood's Pills becomes the favorite cathartic with all who use them. All druggists 25c.

"A boy went to his father crying and told him that he had kicked a fly that had a splinter in its tail."

Norway Pine Syrup strengthens the lungs and cures all Throat Troubles, Coughs, Colds, etc.

Skepticism.—This unhappily is an age of skepticism, but there is one point upon which persons acquainted with the subject agree, namely, that Dr. Thomas' Eclectric Oil is a medicine which can be relied upon to cure a cough, remove pain, heal sores of various kinds, and benefit any inflamed portion of the body to which it is applied.

SAM WELLERISMS.

"I'm driven to drink by a woman," as the cow said when the dairymaid urged her towards the pond.

"I take a lot of interest in my business as the money lender said at 60 per cent. the other day.

"I'll lend my countenance to it," as the artist's model remarked when the R. A. described a picture he was going to paint.

"I can't wear it out," as the bashful girl exclaimed when somebody made her a present of a pair of bicycle bloomers.

"A wicked beauty," as the young man observed when he saw a pretty girl wear a pince nez.

"I'm going to charge the jury," as the bull bellowed when he found his way into the Old Bailey.

"That is a good deed," muttered the lawyer as he locked up the parchment in his safe.

"That is a good act," as the dramatist said when the curtain went down.

"You may count on me," as the slate whispered to the schoolboy.

science

Science is "knowing how." The only secret about **Scott's Emulsion** is years of science. When made in large quantities and by improving methods, an emulsion must be more perfect than when made in the old-time way with mortar and pestle a few ounces at a time. This is why Scott's Emulsion of cod-liver oil never separates, keeps sweet for years, and why every spoonful is equal to every other spoonful: An even product throughout.

In other emulsions you are liable to get an uneven Benefit either an over or under dose. Get Scott's. Genuine has a salmon-colored wrapper.

"Gen'men, dis yere world owes ebery man a libin', but its darn hard wok colectin' de same."

"A man without a character is no man, he's a thing."

Mrs. Celeste Coon, Syracuse, N. Y., writes: "For many years I could not eat many kinds of food without producing a burning, excruciating pain in my stomach. I took Parmelee's Pills according to directions under the head of Dyspepsia or Indigestion." One box entirely cured me. I can now eat anything I choose, without distressing me in the least." These Pills do not cause pain or griping, and should be used when a cathartic is required.

By a divine instinct, men's minds distrust ensuing danger, as by proof we see the waters swell before a boisterous storm.—Shakspeare.

Coughing leads to coffin unless stopped by Dr. Wood's Norway Pine Syrup. The safest and best cure for coughs, colds and lung troubles. Price 25c. at all druggists.

A house is never perfectly furnished for enjoyment unless there is a child rising 3 years old, and a kitten rising 6 weeks.—Southey.

Biliousness and Liver Complaint, Headache, etc., are cured by Burdock Pills.

"If right be right, follow right where wisdom is the scorn of consequences."

EVERY FAMILY
SHOULD KNOW THAT

PERRY DAVIS' VEGETABLE PAIN-KILLER

is a very remarkable remedy, both for INTERNAL and EXTERNAL use, and wonderful in its quick action to relieve distress.

PAIN-KILLER is a sure cure for Sore Throat, Cough, Chills, Diarrhœa, Dysentery, Cramps, Cholera, and all Bowel Complaints.

PAIN-KILLER is THE BEST remedy you can apply to Bruises, Sprains, Burns, Scalds, Sick Headache, Pain in the Back or Side, Rheumatism and Neuralgia.

PAIN-KILLER is undoubtedly the BEST LINIMENT MADE. It has STOOD ALONE for many years, and is in use in all parts of the world.

PAIN-KILLER is the well tried and tested friend of the Merchant, Farmer, Planter, Sailor, and in fact all classes, making it a medicine chest complete, and safe to use internally or externally with certainty of relief.

Beware of imitations. Take none but the genuine "PERRY DAVIS." Sold everywhere, 25c. a big bottle.

Very Large Bottles, 50 Cents.

Happiness is in the taste, and not in the things themselves, we are happy from possessing what we like, not from possessing what others like.—Rochefoucauld.

To Heal Mankind

It is as a healing medicine for all foul ward sores, ulcers, blotches, skin diseases, cancer, scrofulous sores etc., that Burdock Blood Bitters has won some of its most signal victories over disease. In every case where it has been faithfully tried a clear bright skin and sound whole flesh have resulted.

Here is what Miss Lillie V. Doyle, of Strader's Hill, Ont., says:

"For three years I had a very bad breaking out all over my face and went to a doctor who gave me a bottle of medicine which I used but got no benefit. I then went to another doctor who gave me medicine, but as my face kept getting worse I asked him to change the medicine, which he did, but it also failed to do any good and he told me he could do no more for me.

About three months ago I got a bottle of Burdock Blood Bitters and began using it. I soon found my face getting much better, so I got another bottle and used it, and on using the third bottle found my face completely cured. Several others who have followed my advice to try B. B. B. have been cured of similar troubles.

We hope for what we are not likely to possess we act and think in vain, and make life a greater dream and shadow than it really is.—Addison.

Nothing looks more ugly than to see a person whose hands are covered over with warts. Why have these disfigurements on your person, when a sure remedy of all warts, corns, etc., can be found in Holloway's Corn Cure?

"Old Grimes is dead, that good old man,
We'll never see him more
He paid spot cash for all he bought
And always shut the door."

Harsh coughs, hoarseness, asthma and bronchitis are cured by Dr. Wood's Norway Pine Syrup. The best lung remedy in the world.

THREE TRUE FRIENDS.

Who Keep Every Promise—Rheumatism Banished; Kidney Disease Takes Wings; Dreaded Indigestion Not Known—The Great South American Remedies.

We can get at the heart of this matter by letting other people tell the truth of what these wonderful South American Remedies can do, and have done. John Marshall, of Varney, county of Grey, suffered as only those can suffer who have been troubled with rheumatism. A relative suggested that he try South American Rheumatic Cure, which proved so much. Result: Inside of three days he was able to walk a distance of nearly 4 miles to Durham for the purpose of procuring another bottle of this remedy. He continued its use, and to-day he testifies that he knows nothing more of the troubles of this painful phase of rheumatism.

Some disease consists of the gathering of solids and hardened substances in the system. The troubles cannot be permanently removed, except as these particles are dissolved. A powder or pill will not do this. South American Kidney Cure possesses the particular elements that get at the seat of this disease. John G. Nickel, one of the best known farmers in Wallace township, suffered from kidney complaint, carrying with it awful pains. Nothing did him any good, until he tried South American Kidney Cure. His words are: "After taking only two doses the pain was entirely gone, and I have never been bothered with it since. I feel as well as I ever did. Let any one write me to Shipley Post Office and I will gladly give them particulars of my case."

If the world looks blue to anyone it is to the dyspeptic. For ten years David Reid, Chesley, Ont., suffered much from liver complaint and dyspepsia. He says: "At times my liver was so tender I could not bear it pressed or touched from the outside. I tried a great many remedies without any benefit; was compelled to drop my work, and as a final resort was influenced to try South American Nervine. Before I had taken half a bottle I was able to go to work again." Sold by J. V. Kannawin.

"Pears to me de Lord don't make much ob riches, judgin' from de characters he generally gibs it to."

Sleeplessness is due to nervous excitement. The delicately constituted, the financier, the business man, and those whose occupation necessitates great mental strain or worry, all suffer less or more from it. Sleep is the great restorer of a worried brain, and to get sleep cleanse the stomach from all impurities with a few doses of Parmelee's Vegetable Pills, gelatine coated, containing no mercury, and are guaranteed to give satisfaction or the money will be refunded.

The beings of the mind are not of clay, essentially immortal, they create and multiply in us a bright ray and more beloved existence.—Byron.

No remedy cures coughs, colds, croup, hoarseness, asthma, bronchitis, sore throat etc., so well as Dr. Wood's Norway Pine Syrup. It heals, soothes and strengthens the lungs and throat.

The praise of the envious is far less creditable than their censure, they praise only that which they can surpass, but that which surpasses them they censure.—Colton.

In Reply to Oft Repeated Questions.

It may be well to state Scott's Emulsion acts as a food as well as a medicine, building up the wasted tissue and restoring perfect health after wasting fever.

It is when our budding hopes are nipped beyond recovery by some rough wind that we are the most disposed to picture to ourselves what flowers it might have borne if they had flourished.—Dickens.

Agitation in the world of humanitarian medicine has been its very soul of progress, as in politics and religion—the difficulties of opinion and the individuality of men have been parent to the disagreements by which the standard of these bodies has been elevated. So with most of our famous preparations, foremost in illustration of which truth stands the world famous remedy, to general debility and languor, Quinine Wine, and which when obtained in its genuine strength is a miraculous creator of appetite, vitality and stimulant to the general fertility of the system. Quinine Wine, and its improvement, has from the first discovery of the great virtues of Quinine as a medicinal agent been one of the most thoroughly discussed remedies ever offered to the public. It is one of the great tonics and natural life giving stimulants which the medical profession have been compelled to recognize and prescribe. Messrs. Northrop & Lyman of Toronto, have given to the preparation of their pure Quinine Wine the great care due to its importance, and the standard excellence of the article which they offer to the public comes into the market purged of all the defects which skilful observation and scientific opinion has pointed out as less perfect preparations of the past. All druggists sell it.
