Juniors Trimmed Again

The benefit game staged at the rink on Friday night drew a large crowd and some real good hockey was served up as the season's dessert. The mighty seniors outplayed as well as outweighed the junior team and crashed their way to a 4—1 victory, making it two straight on the series. Both teams used the same lineup as in the former game, and both teams played more combination than was the rule in the former tilt. The Seniors made few mistakes once they had hold of the puck and were successful in making life miserable for Akins, the net guardian of the juniors. The seniors played a tight defensive game, and Ibbott when called upon was there with the goods. The kids were weak on the defensive game, and the rushes of the two McTavish's coupled with Thurston and Nicholson were too much for the lighter opponents. Boyd and Watson played good hockey, and Nuhn was also good in spots. The series has been what was intended, a fitting climax to a long winter of strenuous, but on the whole fine hockey.

103 Places on Radio

Radio users have been receiving excellent results from their machines. Dr. E. C. Murray has picked up 103 stations the furthest away being Tuinica and Havana, Cuba, Mexico City and Los Angeles. The genial Dr's. outfit is a home built affair and is a three tube set.

New Subject for Debate

The subject of the debate between Kimberley and Flesherton debating teams has been changed owing to lack of material for the subject chosen. A lighter than usual argument in order to give variety has been the choice of the convenor, and the debate will be held on the subject, resolved "that Womankind are, as a rule, better citizens than the opposite Sex." Flesherton drew the affirmative, and the contest will be held at Vandeleur on Wednesday, April 21st.

MRS. FRANCIS SEELEY, teacher

A very important thing going on now is spring clothes.

Why is it moths seldom make the mistake of eating a patch?

Don't pity the man with the hoe. He's probably after bait.

Letter to The Editor

A Eugenia correspondent writes:

Dear Sir: In last week's Advance, on the editorial page, is a letter from our dear friend, the Editor of The Durham Chronicle re the Hydro dam at Eugenia.

In one paragraph he says he is from Missouri and of the wait and see disposition, yet in another he is quite willing to deride he dear Public of which he is one, on the damage they will inflict on waters instead of waiting and seeing. He does ot know the circumstances that led to the closing of the dam, but rushes into print about it.

The Hydro being a public utility is for the public benefit in all its undertakings and its officials are public servants, who are working for the Dear Public, and performing that work admirably.

We invite the Editor of the Durham Chronicle to visit the beautiful scenery at Eugenia, and partake of the privileges which we hope will be his, and if he sees any of the Dear Public trying to steal the Dam, or drain the water therefrom, to notify the residents, and we will restrict him to the best of our ability.—A Resident of Eugenia.

Village Council

The regular monthly meeting of the village council was held in the town hall on Monday evening. All the members were present with Reeve Meads presiding.

Councillor C. N. Richardson, secretary of the Hydro stated to the council that the Hydro Commission had given their consent for the erection of another light at the bridge over the Boyne river an dit would be erected immediately.

Mr. Findlay reportetd that six more fire extinguishers had been purchased and four of them had been distributed under the same agreeas the others, and on a motion of Findlay and Richardson the amount of $67.20 to the Fire Fyter Co. for the six extinguishers was ordered to be paid.

The Auditors' Report for the year 1925 was received and on a motion 50 copies were ordered to be printed.

Mr. Inkster stated that more dumping of refuse was being done east of town and horses were being frightened thereby. As the council is looking for a suitable dumping ground it was thought that it would be better to draw the attention of the citizens of the citizens the undesirabiliy of the act and to withold refuse until a suitable place can be secured when the snow leaves.

Accounts were received from F. W. Duncan for supplies and from J. O. Patton, snow plowing for 78 hours $35.00.

Some time ago plans had been made by the Ontario Department of Highways for the widening of the road at the Boyne bridge. Mr. Meads brought before the council the dangerous condition of the road and sidewalk and on a motion of Findlay and Inkster it was decided that the Clerk would write the Department at Toronto and find out whether any work is to be done on the bridge or not, and to draw to the attention of the Department the serious condition of the road.

Council adjourned to meet on the first Monday in May.

The length of the cigarette holder seems to be in exact proportion to the paucity of wit behind it.
