The staff of The Advance has been laid up with the flu for the past few days and under the force of circumstances we are late in publishing this week. Almost every family in the disrict has been afflicted, and we hopethat next week all will be fit and "ready to go" again.

Scientists told us last summer that the summer of 1926 would be a summerless summer. The Weather Control Board are starting out well to fulfil this prophecy. Although the winter was by no means a winterless winter this has so far been a springless spring.

The pancake supper held in Chalmer's church on Tuesday evening was a decided success, especially when the state of the roads is taken into consideration, for they are what is concisely termed "bad." The pancakes were light and hot, the maple syrup was fresh and the other eats were abundant; there never is a lack at Chalmer's in the good things for the stomach. Proceeds amounted to $20.00.

S. C. White Leghorns from selected descendant of Keystone Maid, a 306 egg hen in its pullet year, and Lady Victory Hen 304 eggs, and grand champion with 1604 eggs in 8 ears. These are mated with a splendid cockerel a proven cockerel a proven sire of egg producers and a first prize winner in his class wherever shown This pen had 55, 60, 60 and 65 per cent layers in the months of Decembr, January, February, and March. Early orders will be given prefeence. Priced at $1.50 per 15, per 30, $2.00. —W. Turney, Flesherton.

Mrs. Jas. Fisher Suffers Stroke

Mrs. Jas. Fisher was the victim of a paralytic stroke at the home of her son, Thos. J. Fisher, on Tuesday morning last. Mrs. Fisher was stricken while eating her breakfast, and medical examination showed the left side to be paralyzed.

The esteemed lady is resting comfortably and is doing as well as can be expected. She has been in failing health for a number of years past, and her many friends wish her return to a more robust condition.

Mary Elizabeth Wood Passes

We are sorry to chronicle the passing of an esteemed lady in the person of Miss Mary E. Woods. who crossed over on April 7th 1926, at the home of Mr. R. O. Turner, in her 71st year.

Born on the East Back Line Artemesia, the daughter of David and Mary A. Wood deceased lived on the old homestead until a few years ago, from where she moved to Flesherton. Being afflicted by two strokes she disposed of her property and moved to the home of her sister Mrs. W. J. Magee, Eugenia, where she could have the care required by her condition. Visiting at Mr. R O. Turner's the deceased contracted pneumonia and despite all that could be done the passing of this esteemed lady took place.

Of the family of eight sisters and three brothers, only five are now living; Mrs. John T. Sled of Lumsden Sask.; Mrs. D B. Browne of Orangeville; Mrs. A. J. Howard of Duncan; J. L. of Mimico; and Mrs. W. J. Magee with whom she lived for a number of years. In religion she was a Methodist but was an adherent of the United church at Eugenia under the pastorate of Rev Harrower of whom she thought a great deal, both as a spiritual advisor and as a man. The funeral took place from the home of Mr. R. O. Turner to Flesherton Cemetery and was conducted by Revs. Harrower and Clements The floral offerings were beautiful, being a wreath by the neighbors; spray by Court Smith and wife; spray by R. O. Turner. The Advance extends sympathy to all the bereaved ones

Chalmer's church held its annual meeting on Thursday afternoon last, and a very successful report was presented from the various departments.

Hutchinson-Smith

A very pretty wedding was solemnized at the parsonage, Markdale, on Wednesday, April 7th, when Miss Gertrude Smith, daughter of Mrs. John Flynn, became the bride of Mr. Newton Hutchinson, son of Mr. and Mrs. John B. Hutchinson of Markdale.

The ceremony was performed by the Rev. F. N. Bowes. The bride was prettily attired in rust silk canton crepe with gold lace trimmings.

Mr. and Mrs. Hutchinson left on the afternoon train for Erin for a short honeymoon, the bride travelling in a navy blue and sand costume with hat to match.

Upon their return they will reside on the grooms farm, near Markdale. The Advance staff wishes to congatulate the young couple and may they have a happy and prosperous journey through life.

DIED — At the home of Mr. A. English on Monday April 12th, 1926, Mr. Thomas Snell, in his 82nd year. The funeral took place on Wednesday April 14th, to Flesherton Cemetery.

CARD OF THANKS

I desire to express my sincere gratitude to those who were responsible for many acts of kindness during my recent illness. —Allan McDonald.

"SHINGLE BOB"

The girlies cut their hair,
Poor mortals to ensnare,
The shingle is the rage;
They make an awful noise,
And look so much like boys,
We ought to turn a page.

Oh, shingle bob, shingle bob!
Shingle all the way!
All the barber shops are full,
Its all the rage to-day!
Shingle bob, shingle bob!
Right up to the dome!
Ain't it grand, the more you cut,
The less you have to comb!

And when at last we die,
We'll breathe a heartfelt sigh,
Death will be respite rare:
But chances are to prove
That even in heaven above,
The shingle will be there!

Shingle bob, shingle bob!
Shingle all the time!
The barbers would be making coin,
If they only charged a dime!
Shingle bob, shingle bob!
Shingle while you can!
Don't hesitate, for if you wait,
'Twill soon be under ban!

MINERAL DEFICIENCIES.

How These Deficiencies In Both Soils and From Animals May Be Corrected.

During recent years a great deal of consideration has been given to the possible effects of mineral deficiencies, reducing the vitality and lowering the resistance of animals against abortion disease and sterility. This seems to be more especially the case in dairy herds which are kept at a high state of milk production, remaining indoors most of the time on a fixed ration deficient in mineral elements, namely lime and phosphorous. Run down and exhausted pastures should therefore be rejuvenated by a liberal application of mineral fertilizers in order that grains, forage and pasture containing a sufficient amount of minerals may be grown for feed.

In all cases of nutritional efficiency, the nature of the deficiency should be determined and corrected as far as possible. In a general sense the deficiencies can usually be corrected in a herd by liberal feeding of a balanced ration, allowing sufficient exercise and as large a use of liguminous pastures as possible. Where mineral deficiency is presumed to be present, direct benefit may be derived from a mineral tonic to the feed, such as lime phosphate, salt, potassium iodide and sulphate of iron.—C. D. McGilvray, D.C.Sc., Ontario Veterinary College, Guelph.

Shoeing of the Horse.

As shoeing has certain injurious influences it should be guarded by the following practices:—

1. Removal of excessive growth.
2. Fit shoe to foot and not foot to shoe.
3. Avoid rasping surface of the wall.
4. Leave the sole thick.
5. Do not cut away the bar.
6. Don't trim the frog except to detach loose portions.
7. Shoe selected should be suitable for the horse and nature of his work.
8. Hot fitting is not injurious unless foot is burned.
9. Nail low and use as few nails as possible.
10. Don't hammer down clinches with violence.

The horse is entitled to every consideration from the farrier, in that the shoe nailed to his hoof is placed in such a way as to give comfort, and protection. Many a good horse has been made to suffer through careless shoeing. Give the faithful horse a square deal.—L. Stevenson, Dept. of Extension, O. A. Colleeg, Guelph.
