The Young Folks.

THE HILL OF GOLD.

The ragged rail fence just loafed along
In a leisurely, zigzag line,
Down the side of the hill and wandered out
To the murmuring slopes of pine

And I had only to climb the fence,
Or go through a crumbling gap,
To let gold spill down off of my arms,
And overflow from my lap.

And the fence never cared a single bit,
For all it was there to guard,
And I might have doubled my golden supply,
Untroubled of watch or ward.

A careless old fence, and yet the hill
Broke splendidly on the eyes—
Gold clear out to the west, my dear,
And gold clear up to the skies!

And you wouldn't say, "O, it's a fairy tale"
With that odd little scornful nod,
For it happens to be our own east hill
Throwing out with golden rod.

Youth's Companion.

GETTING A POINTER.

"You are a farmer, I take it?" queried the sharp-nosed man as he sat down beside the man with his trousers tucked into his boots.

"Waal, yass, I farm," was the reply

"Then I want to talk to you. I've got a patent hay-fork which I am going to travel with this summer, and I should like to get a few pointers from you to start on."

"P'inters, eh? Waal, what sort?"

"How shall I approach the average farmer?"

"Waal, you'll generally find him in the field."

"Yes."

"Just tell him what you've got."

"Yes."

"He'll ask you to the barn to talk."

"I see,"

"But don't you go. Instead of that, make a bee-line for your buggy, climb in, and scoot as fast as you can go for the next six miles."

"But, why?"

"Oh, nuthin' much. I only killed six myself last week; but you know it rained purty steady for two days, and travel was light."—*Harper's Magazine*

MATRIMONIAL QUOTATIONS.

Yes, said the old man, addressing his young visitor, I am proud of my girls and would like to see them comfortably married, and as I have made a little money, they will not go to their husbands penniless. There's Mary, 23 years old, and a real good girl. I shall give her $5,000 when she marries. Then comes Bet, who won't see 35 again, and I shall give her $10,000; and the man who takes Eliza, who is 40, will have $15,000 with her. The young man reflected a moment or so, and then inquired: You haven't one about 50, have you?

A PLACE TO STAY IN.

"Kind sir," said the well-dressed stranger to a resident of the city, "is their a home for the friendless in this place?"

"Yes, there is but you don't look as though you were forced to seek such a refuge."

"You must not judge by appearances sir I am a baseball umpire."

DID YOU EVER MAKE MONEY EASY?

MR EDITOR I have read how Mr C. E. B. made so much money in the Dish Washer business and I think I have beat him. I am very young yet and have had little experience in selling goods, but have made over eight hundred dollars in ten weeks selling Dish Washers. It is simply wonderful how easy it is to sell them. All you have to do is to show the ladies how they work and they cannot help but buy one. For the benefit of others I will state that I get my start from the Mound City Dish Washer Co., St. Louis, Mo Write to them and they will send you full particulars.

I think I can clear over $3,000 the coming year, and I am not going to let the opportunity pass. Try it and publish your success for the benefit of others. J. F. C.

Fagged Out None but those who have become fagged out know what a depressed miserable feeling it is. All strength is gone and despondency has taken hold of the sufferer. They feel as though there is nothing to live for. There however is a cure. The use of Parmelee's Vegetable Pills will soon restore health and strength. Manufacture and Dandelion are two of the articles entering into the composition of Parmelee's Pills.

CHURNING DONE IN ONE MINUTE

I have tried the Lightning Churn you recently described in your paper and it is certainly a wonder. I can churn in less than one minute and the butter is elegant, and you get considerably more butter than when you use a common churn. I took the agency for the churn here and every butter maker that sees it buys one. I have sold three dozen and they give the best of satisfaction. I know I can sell 100 in this township, as they churn so quickly, make so much more butter than common churns and are so cheap. Some one in every township can make two or three hundred dollars selling these churns. By addressing J. F. Casey & Co., St. Louis, you can get circulars and full information so you can make big money right at home. I have made $80 in the past two weeks and I never sold anything before in my life.

Paine's Celery Compound the choice of the ablest Physicians.

It is well that everyone should know that Paine's Celery Compound is not an ordinary patent medicine such as the nervines, sarsaparillas, bitters and other liquid concoctions now so extensively advertised in every direction. Paine's Celery Compound is as far beyond these common preparations as the diamond is superior to cheap glass.

Paine's Celery Compound possesses extraordinary virtues and powers for health giving and life lengthening. It is as harmless as it is good, and it is the only medicine that the best medical men recommend with confidence. Prof Edward E. Phelps, M. D., its discoverer, gave this marvellous medicine to his profession as a positive cure for sleeplessness, nervousness, wasting strength, dyspepsia, biliousness, liver complaint, neuralgia, rheumatism and kidney troubles; and since its introduction to the public, hundreds of thousands on this continent have been raised from sickness to the enjoyment of perfect health. No other medicine in the world was ever so highly honored and recommended, because none ever accomplished so much.

To-day, when the ablest doctors are called upon to prescribe for weak, run-down, over worked and debilitated men and women, they invariably advise the use of Paine's Celery Compound. Thousands of testimonials giving proof of almost miraculous cures come in every year from working people, artisans, merchants, professional men and people of wealth, all asserting strongly that Paine's Celery Compound makes people well.

Have you made a trial of Paine's Celery Compound, sick friend? If not, do not delay another hour; procure a bottle and test the virtues of the only medicine that can successfully meet your case. Be sure that you get "Paine's," the kind that cures.

It does not matter much what a man's name is, but it matters a great deal, both in this world and the next, what his character is.

Biliousness
is caused by torpid liver, which prevents digestion and permits food to ferment and putrify in the stomach. Then follow dizziness, headache, insomina, nervousness, and, if not relieved, bilious fever or blood poisoning. Hood's Pills stimulate the stomach, rouse the liver, cure headache, dizziness, constipation, etc. 25 cents. Sold by all druggists. The only Pills to take with Hood's Sarsaparilla.

The New Hook Spoon Free to All

I read in the Christian Standard that Miss A. M. Fritz, station A, St Louis, Mo., would give an elegant plated hook spoon to anyone sending her ten 2 cent stamps. I sent for one and found its so useful that I showed it to my friends, and made $13.00 in two hours, taking orders for the spoon. The hook spoon is a household necessity. It cannot slip into a dish or cooking vessel, being held in the place by a hook on the back. The spoon is something that housekeepers have needed ever since spoons were first invented. Anyone can get a sample spoon by sending 10 2 cent stamps to Miss Fritz. This is a splendid way to make money around home.

AN IRISH GENTLEMAN.

The seats were all full and one was occupied by a rough-looking Irishman. At one of the stations a couple of well-bred and intelligent looking young ladies came in to procure seats, but seeing no vacant ones went about to go into another car when Patrick rose hastily and offered them his seat with evident pleasure. "But you will have no seat for yourself," responded one of the ladies with a smile, and with truest politeness hesitating to accept it. "Never ye mind that," said the Hibernian, "yer welcome to it I'd ride upon the cow-ketcher any time from here till New York for a smile from such gintlemanly ladies," and retreated into the next car amid the applause of those who witnessed the incident. Perhaps the foregoing hint to many ladies will show that a trifle of politeness has often a happy effect.

Tilby's Foot.

The step twixt the sublime and ridiculous is quickly made. Surely literature presents no more grotesque idealization than Tilby's foot, and the numerous worshippers that have figuratively speaking bent knees and kissed the big toe of the foot, when reason once more comes to their rescue, will feel as if the production of the genius Ass were perennial. By the way did you notice when reading Tilby how highly it commended Putnam's Corn Extractor, which renders impossible the discordant excrescence, corns. Tilby's foot would not be worthy of homage if marred by corns: neither would yours. Use Putnam's Corn Extractor.

GRAY HAIR MADE DARK.

I saw in your paper that Zulu Valier would restore my head of hair to natural color in three weeks. As I was very gray I sent for a sample package, and in less than three weeks my hair was perfectly restored to natural color. My wife's hair was a light red, and by using Zulu Valier, her hair is now a beautiful auburn. Any one can get a sample package of Zulu Valier by sending 21 two cent stamps to Wilson & Co., New Concord, Ohio, and if it does not restore the hair to natural color in three weeks they will return your stamps; it not only restores the hair to natural color, but will stop the hair falling out immediately and is one of the best hair tonics made, and you take no risk, and if it does not satisfy you perfectly they will return your stamps. ANOTHER SMART WOMAN

My husband is poor but proud and he does not want me to work as I have nothing to do I get restless, and after reading in your paper Mrs Russell's experience selling self heating flatirons I concluded I would try it. I wrote to J. F. Casey & Co., St Louis, Mo., and they treated me so nicely that I felt very much encouraged. As soon as I got my simple iron I started out, and sold 8 irons the first day clearing $12. I have not sold less than 8 any day since, and one day sold 17. I now have $226 clear money, and my husband does not know I have been working at all, but I am afraid he will be mad when I tell him. Have I done right or should I quit work and leave him to struggle alone. AN ANXIOUS WIFE.

You are doing just right. Your husband should be proud of you, go ahead and show the world what an energetic woman can do. That self heating iron must be a wonderful seller as we hear of so many that are succeeding selling it.

A CHANCE TO MAKE MONEY

I have berries, grapes and peaches, a year old, fresh as when picked. I use the California Cold Process, do not heat or seal the fruit, just put it up cold, keeps perfectly fresh, and costs almost nothing; can put up a bushel in ten minutes. Last week I sold directions to over 120 families, anyone will pay a dollar for directions when they see the beautiful samples of fruit. As there are many people poor like myself, I consider it my duty to give my experience to such, and feel confident any one can make one or two hundred dollars round home in a few days. In literature, the surest way to be righ is to be dead.

There never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir the very nature of many curatives being such that were the germs of other and deformedly seated diseases rooted in the system of the patient what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtained in a sound unadulterated state, a remedy for many and grievous ills. By its gradual judicious use, the frailest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondence and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep, imparts vigor to the action of the blood, which, being stimulated, coursES throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance result, improved appetite. Northrop & Lyman, of Toronto, have given to the public their Quinine Wine at the usual rate, and, gauged by the opinion of scientists, this wine approaches nearest perfection of any in the market. All druggists sell it

scrofula
Any doctor will tell you that Professor Hare, of Jefferson Medical College, Philadelphia, is one of the highest authorities in the world on the action of drugs. In his last work, speaking of the treatment of scrofula, he says:
"It is hardly necessary to state that cod-liver oil is the best remedy of all. The oil should be given in emulsion, so prepared as to be palatable."
He also says that the hypophosphites should be combined with the oil.
Scott's Emulsion of cod-liver oil, with hypophosphites, is precisely such a preparation.

THE FINEST TEA IN THE WORLD
FROM THE TEA PLANT TO THE TEA CUP IN ITS NATIVE PURITY
"Monsoon" Tea is packed only by the supervisors of the Tea growers, and is advertised and sold by them as a sample of the best qualities of Indian and Ceylon Teas. For that reason they use that name but the very fresh leaves go into Monsoon packages.
That is why "Monsoon" the perfect Tea, can be sold at the same price as common tea.
It is put up in sealed packets of ¼ lb., ½ lb. and 1 lb., and sold in the gallons at 40c., 50c. and 60c.
