TURKEY ALWAYS IN EVIDENCE.

Gradually the observance of the holiday has spread, until now the day is kept from ocean to ocean. It has not detracted from the due keeping of Christmas day in the south nor has it interfered with the observance of New Year a day in the north. It has become to the Canadian what Christmas day is to the Englishman and something more. Widely scattered members of families endeavor to be present in order to eat their Thanksgiving dinner under the old rooftree. The turkey, which Ben Franklin wished to make the national emblem of the United States in place of the eagle, is always in evidence on Thanksgiving day.

Why not profit by the experience of others who have found a permanent cure for catarrh in Hood's Sarsaparilla?

HAPPY THANKSGIVING.

The happiest Thanksgiving is that which retains the spirit of primitive good cheer, simplicity and good fellowship. Dinners of style are not consistent with the occasion. There used always to be snow at Thanksgiving and roaring fires in the old big fireplace and hosts of gay relations coming from the country or town.

"Well," said the sarcastic man as he walked out, "I'm ever so much obliged to that girl who sat in front of me. I don't know but I'll tell her so." "You mean that one with the frightfully big hat?" "Yes." "I don't see what you're obliged to her for." "For not raising her parasol."

More Curative Power.

Is contained in a bottle of Hood's Sarsaparilla than in any similar preparation. It costs the proprietor and manufacturer more. It costs the jobber more and it is worth more to the consumer. It has a record of cures unknown to any other preparation. It is the best to buy because it is the One True Blood Purifier.

Hood's Pills are the best family cathartic and liver medicine. Gentle reliable, sure.

The largest individual employer is the Krupp Company, employed in the manufacture of artillery and iron machinery. It is said that this company has on its payroll about 19,000 laborers.

INDIAN THANKSGIVING.

It is but fitting that in the evolution of his truly national holiday the original occupiers of the soil should have their part. It was about this time each year that the American Indian was wont to build great fires in the woods and roast the flesh of the deer and bear and boil the corn and stew the pumpkin and make the welkin ring with the noise of his feasting, singing and dancing before the long winter closed down.

The hottest place on the face of the earth is said to be in the desert near Massowah, 133 degrees in the shade, the coldest is in the Northwest territory of Canada, 76 degrees below zero.

COULD NOT TURN IN BED.

Terrible Suffering of an Elora Lady From Rheumatism—Fifteen Years a Sufferer, But Cured by Two Bottles of South American Rheumatic Cure.

No, pen can describe the intensity of suffering that may come from an attack of rheumatism. "For fifteen years," says Mrs. John Beaumont, of Elora, Ont., "I have been more or less troubled with rheumatism, which took the form of pains in my back, often confining me to my bed, and rendering me part of the time wholly unfit for my duties. At times I suffered so intensely that I could not turn in my bed, and the disease was fast reaching a point where both myself and my husband had become thoroughly discouraged of recovery. A friend recommended South American Rheumatic Cure, and after the first bottle I was able to sit up, and before four bottles were taken I was able to go about as usual, and have been in excellent health since." Sold by A. T. Brown.

CANADIAN TERRITORY.

A Cedar Hill, Victoria, B. C., Case that has Caused Much Favorable Comment.

After a Lifetime of Agony From Rheumatism, a Lady is Cured by Paine's Celery Compound.

There is no other medicine in the world so prominent to-day as Paine's Celery Compound. The results it invariably gives to rheumatic sufferers are so astonishing and satisfying that it has justly been named the world's wonder working medicine.

The desperate case of Mrs. Elizabeth King, Cedar Hill, Victoria, B. C., is one that is well known to laymen in the city of Victoria and vicinity. For almost a lifetime Mrs. King endured the variable agonies of rheumatism, and failed to find a cure by the aid of doctors and patent medicines.

A friend, knowing personally the value of Paine's Celery Compound and its power to overcome the worst cases of rheumatism, advised Mrs. King to give it a trial. The afflicted lady complied with her friend's request, and was delivered from her life of torture, and now, with a heart full of joy and thankfulness, makes a public statement for the benefit of the thousands that have not yet found a cure; she says:

"I have been troubled with rheumatism all my life, and about eight years ago I had a very severe attack, almost losing the use of my right arm. A friend recommended me to try Paine's Celery Compound, and kindly gave me a bottle. I was so much benefitted by that one bottle that I took three more, and was quite cured. Since then it has been almost my only medicine for all the ailments from which I have suffered, and all my family have found some benefit from it. I am sixty-five years of age; I live on a farm, get up early in the morning, and am equal to a good day's work."

No Gripe

When you take Hood's Pills. The big, old-fashioned, sugar-coated pills, which tear you all to pieces, are not in it with Hood's. Easy to take and easy to operate, is true of Hood's Pills, which are up to date in every respect. Safe, certain and sure. All druggists. 25c. C. I. Hood & Co., Lowell, Mass. The only Pills to take with Hood's Sarsaparilla.

Sirs, My baby was very bad with summer complaint, and I thought he would die, until I tried Dr. Fowler's Extract of Wild Strawberry. With the first dose I noticed a change for the better, and now he is cured, and fat and healthy.

MRS. A. NORMANDIN, London, Ont.

"I wonder why it is that young girls like to marry widowers?" "It is because they know that widowers have been cured of their foolish illusions about women."

A Dinner Pill. Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment it becomes a poison to the system. Dr. Parmelee's Pills are wonderful correctives of such troubles. They correct acidity, open the secretions and convert the food partaken of into healthy nutriment. They are just the medicine to take if troubled with Indigestion or Dyspepsia.

"Do you suppose the telephone will ever replace the telegraph?" "It may, but no matter what happens, it's safe to say the telephone will have the call."

For Cholera Morbus, Cholera Infantum, Cramps, Colic, Diarhoea, Dysentry and Summer Complaint, Dr. Fowler's Extract of Wild Strawberry is a prompt, safe and sure cure that has been a popular favorite for nearly 50 years.

"Gentlemen," said the orator, "this crisis will soon be at an end." "Thank heaven," murmured an auditor, "he's going to stop talking."

Where can I get some of Holloway's Corn Cure? I was entirely cured of my corns by this remedy and I wish some more of it for my friends. So writes Mr. J. W. Brown, Chicago.

THOUGHTS FOR THANKSGIVING.

When you awake on Thanksgiving morn, you will doubtless feel a cynical questioning as to whether you have any cause for gratitude or not. You undoubtedly have. You should be thankful that convention does not require you to be publicly grateful but once a year.

Be thankful that nearly a month intervenes between the Thanksgiving turkey and the Christmas goose and that you have time to recover from the effects of one before attacking the other.

Think over the gifts you have to buy before Christmas and be grateful with your whole soul because the custom of making Thanksgiving presents does not prevail also.—New York *World.*

Hidd'n Foes.

Among the many foes to human health and happiness Dyspepsia and Constipation are twin enemies greatly to be feared. With B. B. No man can be a leader who has not the courage to sometimes stand alone.

There never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtained in a sound unadulterated state, a remedy for many and grievous ills. By its gradual judicious use, the frailest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondence and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep, imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite. Northrop & Lyman, of Toronto, have given to the public their Quinine Wine at the usual rate, and, guaged by the opinion of scientists, this wine approaches nearest perfection of any in the market. All druggists sell it.
