Two Church's in Town To Unite at Once

At a meeting held in St. John's church on Tuesday afternoon of the various congregations on the Flesherton circuit of the United church, it decided to go ahead with union with respect to the Flesherton churches on the same basis as those proposed a year ago, with the formr Methodist church and parsonage to be used for worship, with the former Presbyterian minister in charge.

Coniderable discussion took place on changing the outlying appointments of both Chalmer's and St. John's churches, but nothing definite was arrived at. It is confidently expected, though, that Eugenia will be kept as a Flesherton appointment of both Chalmer's and St. John's churches, but nothing definite was arrived at.

The commission consists of Rev. J. L. McInnis of Owen Sound, who is chairman, Rev. R. A. Spencer of Dundalk, Rev. W. H. Smith and Dr. Smith of Durham. It was pointed out by the chairman that it was not their intention to force their decisions on the people of the congregations, but would largely be guided by their wishes, and that they wanted to meet the needs of all parties in their religious observances.

To have something definite to work upon, it was moved by Mr. Jos. Blakely, seconded by Mr. Andrew Gilchrist, that the church union should take place at once, under the basis of union agreed upon last year. After some discussion this was carried; the vote being 29 for and 1 against by St. John's church, and 29 for and 6 against by Chalmer's church, a number of the members not voting.

Delegations were present from Eugenia, Inistioge and Proton Station and presented their views on the union question. Eugenia emphatically stated that they desired to be kept with Flesherton as an appointment, and this view was upheld by Proton, for the reason that Eugenia had been a member longer than they had and should have first choice as to what circuit they wished to be connected. The Inistioge congregation wanted fair play, and would be willing to accept any proposition that contained that spirit. Rev. McInnis, during the discussion, stated that it was likely that Inistioge, Proton and Bethel would be united under one charge, and that Eugenia would be connected with Flesherton.

Before anything of this nature could be decided upon it was necessary for the commission to consult the wishes of Bethel, who were not represented at the meeting.

The chairman explained why union had not taken place last year, when wished by the two congregations, stating that there would be a large number of ministers without charges and conditions would have been confused. Delay had taken place in circuits all over the Dominion of those congregations who were anxious to consummate union and that Flesherton was not the only place where adjustments had to take place.

AUCTION SALE

A credit auction sale of farm stock, implements, household furniture etc, will be held at Lot 20, Con 8, Osprey, 1¼ miles east of Feversham, on Friday, May 14th, at 1 p. m. See learge bills. Carl Deadman, Proprietor, Wm. Kaitking, auctioneer.

As intimated last week, Mrs. Boyd Thompson passed away on Wed'sday last at the age of seventy-six years. The funeral was held on Friday, interment taking place at the Presbyterian cemetery in Orange Valley, and was conducted by her pastor, Rev. J. Harrower. Two nephews, Fred and Edwin Cullen from Silver Creek, N.Y., attended the funeral.

The Late John Adams

The funeral of the late John C. Adams took place on Wednesday aternoon of last week from his home half mile west of Flesherton, Rev. Wm. R. Clements officiating at both the house and grave.

A large crowd was present to pay their last respects to a man who has been a resident in these parts for the past 48 years, coming here as a young man of 23 years of age. On August 2nd, 1882, he was married to Miss Eliza Lever, daughter of the late Mr. and Mrs. Roger Lever, and to them were born eight children, six of whom are living: Sarah (Mrs. Irwin) in the West; Emerson, Elmvale; May (Mrs. W. Brown) in Osprey; Charles at Belvedere, Alta.; Dave at home and James in Toronto.

The deceased has been a hard worker and was obliged to leave his home at a tender age by the death of his father. He was born near London, Ont. For the past number of years he has been suffering with cancer of the stomach and last fall the disease became acute and since then he has been practically helpless. All during his sickness he was tenderly nursed and waited upon by his wife, who survives him, with extreme patience and tenderness.

The friends and relatievs from a distance who attended the funeral were: Mrs. G. L. White, Aylmer; T. C. Blakely, Harriston; Jas. Lever, Markdale; Mrs. S. Henry, Markdale;

The only children away from home who were present were Emerson and Jim.

The pallbearers were old friends of the deceased Messrs. C. W. Bellamy, J. Heard, S. Hemphill, W. Trimble, Geo. Arrowsmith and W. J. Bellamy.

The floral offerings were beautiful and were given by the following:

Wreath, the family; wreath, IO.F.; sprays, Mr. and Mrs. G. L. White, Mrs. T .Blakely and Miss A. Lever, Mr. and Mrs. J. Lever and family, son, Jim; Mr. and Mrs. McWilliams, Mr. and Mrs. F. J. Thurston.

New Dump for Refuse

TOWN COUNCIL

The village council met in the town hall on Monday evening for a short session with Reeve Meads in the chair, and Councillors Findlay, Richardson and Stuart present.

The clerk announced that the assessor, Mr. John Wright, had re turned the assessment roll of 1926 and preented an account for salary of $25.00 and $2.00 for stamps.

An account was received from H. LeGard for 75 cents for opening the drain in front of T. Clayton's store, and on a motion by T. W. Findlay, seconded by F. Stuart, the accounts were ordered to be paid.

The Reeve reported for the committee which was to select a place for dumping of rubbish and reported that it had been decided to use Wood street which runs north from the Collingwood gravel, east of the sink hole.

Richardson — Findlay—That the report of the committee re dumping ground be accepted, in which they decided to have all refuse dumped on Wood St., about 40 rods northerly from Collingwood road, and that the said st. be made passable for the purpose, and parties are here by required to move any obstruction by way of fences or otherwise.

The reeve stated that it was desirable to secure a small grader at this time, in order to keep streets in the best possible shape, as it was sometime impossible to secure a grader from the Township when it is most needed. The matter was left over.

Stuart—Findlay — That the first sitting of the court of revision on the assessment roll be held on Monday, June 7th, at 8 p.m.

IN MEMORY

(By Selena Harris)

As months keep turning into years,
And memory lingers on,
While our souls cry out with longing,
For a sight of one who's gone.

Gone to a better world,
And left us all alone,
To bear our own burdens of sorrow,
And for our sins to atone.

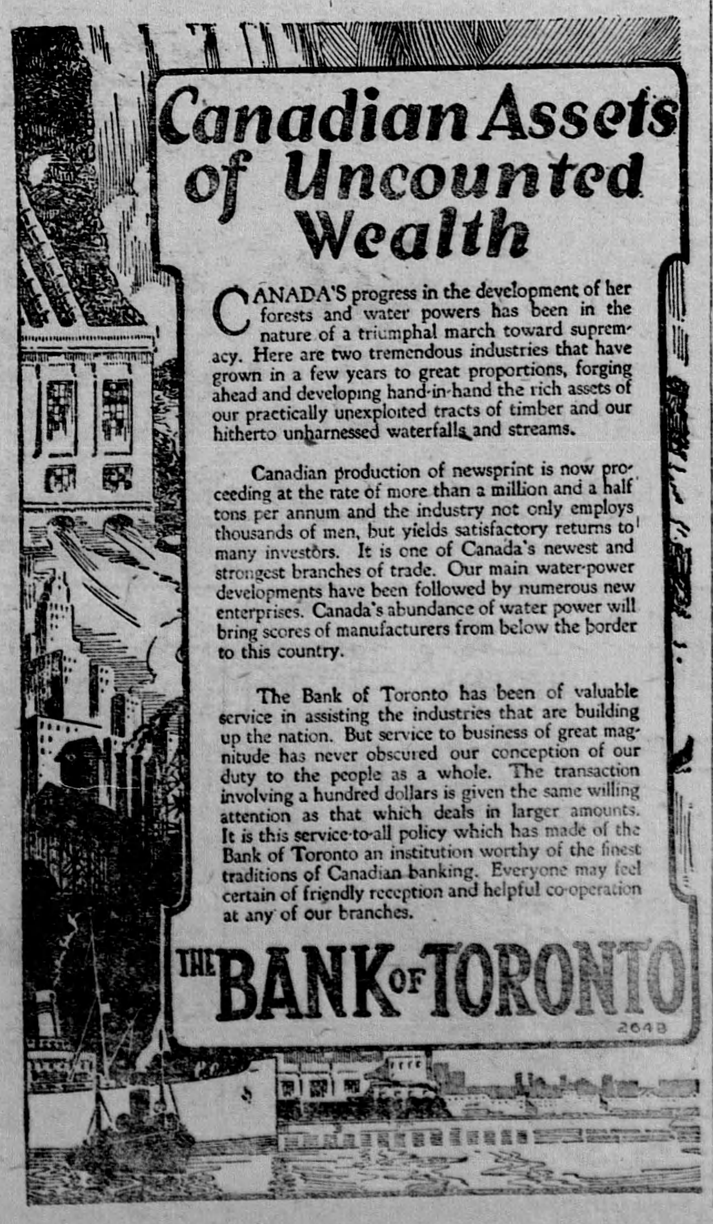
We all know the meaning of friendship,
And the worth of a loyal friend,
Like Father, Sister or brother,
Whoe friendhips never end.

Once we had our dearest friend,
But the Lord sent down his call,
A call to our dear mother,
Oh, God, you took our all.

We are trying to be worthy,
Of a love that once we had,
And where this great love leads us,
The world is not so sad.

But your dear sweet memory,
Goes on with us for ever,
And through life's daily toils,
Forget thee we shall never.

For we know you are now waiting,
And we are waiting too,
Sweet mother dear, with you.
Some day, some day to be together



Baseball Meeting

There will be a meeting of all those interested in the welfare of the Fleshrton basball club on Thursday eveing, in the town hall at 8 p.m. An election of officers will be held, and prospects discused for the coming season. — Geo. Mitchell, Preident; F.J. Thurston, Secretary.

Thos. Camack, Kimberley Died Suddenly This A.M.

Just as we are going to press this Wednesday morning news was received of the death of Mr. Thomas Camack of Kimberley at his home there. Deceased was found lying in the yard between the house and barn and had apparently been suddenly stricken by heart failure. Mr. Camck has been a long resident of Kimberley and his passing is a shock to the citizens there.

Mr. Sefton Improving

Constable R. Plantt has received word from Dr. F. S. Vrooman, Medical Supt of the Ontario hospital, Toornto, on the condition of Mr. Sefton, who jumped over Eugenia falls during the winter, and says that he is getting along nicely now. A report was circulated that Mr. Sefton was shell shocked at the wah, but such is not the case, as Mr. Sefton was never overseas.

Lots Not Sold

The lots of the Flesherton estate were supposed to have been up for sale at the office of the sheriff in Owen Sound on Tuesday aternoon, but after a few bids had been received the sale was postponed for one month to take place in Flesherton, we understand.

The council of Owen Sound has decided to allow a twenty-four hour session in all the city restaurants. This is due in view of the ever increasing tourist traffic, with motorists coming into the city at all hours of the night.

BORN—At Vandeleur on Monday, May 3rd, 1926, to Mr. and Mrs. Elmer Warling (nee Edna Stewart) a daughter.

WHY does Chevrolet operate so much more satisfactorily and economically than other low-priced cars? How can Chevrolet offer such quality features as Fisher bodies, Duco Finish, VV one-piece windshield, dry disc clutch, banjo type rear axle, air cleaner, pressure lubrication, etc., and still remain in the low-price field?—**See the**

CHASSIS DEMONSTRATION

at our showrooms
Monday, May 17

An expert from the Chevrolet factory at Oshawa, using a cut-away motor and rear axle and a stripped chassis, will show how the Chevrolet valve-in-head motor functions and why it is so powerful and economical; he will explain why the Chevrolet type dry disc clutch operates so smoothly; he will demonstrate by the use of actual parts why the banjo type rear axle is so sturdy and practical; why the new, larger brakes with equalizers add to your safety.

The expert will especially stress such Chevrolet features as the air cleaner, three point motor suspension, braking area increased one-third, new type oil pump, belt-driven generator, one-piece valve cover, improved cylinder head and many others.

Regardless of what car you drive or what car you are interested in, you will find this practical demonstration interesting and educating—it should be worth many dollars to you.
