The Young Folks.

ONCE AND FOREVER.

Our own are our own forever, God taketh not back his gift;
They may pass beyond our vision, but souls shall find them out,
When the waiting is all accomplished, and the deathly shadows lift,
And glory is given for grieving, and the surety of God for doubt.

We may find the waiting bitter, and count the silence long;
God knoweth we are dust, and he pitieth our pain;
And when faith has grown to fullness, and the silence changed to song,
We shall eat the fruit of patience, and shall hunger not again.

So, sorrowing hearts who dumbly in darkness and all alone
Sit missing a dear lost presence and the joy of a vanished day,
Be comforted with the message that our own are forever our own,
And God, who gave the gracious gift, he takes it never away.

STARTING THE BOY IN LIFE.

The boy is worth as much as, if not more than, any man the farmer can hire, after he reaches his teens. It therefore follows that we ought to show our appreciation of the fact in some substantial way.

I have in mind a case which will bear recording. The farmer has a son of fifteen. For five or six years this son has had a share in the profits of the farm. At first the father gave him a lamb. This, added to one given to him by his grandfather, was the beginning of his flock. As these lambs grew up and added other members to the flock, the increase was set down to the credit of the boy. From time to time, also, the father placed in his son's purse a few dollars, not as wages, but for the purpose of giving the son the satisfaction of having something he could call his own. It was interesting to note the son's interest in the sheep and other business of the farm. When the lambs were sold, the son's capital grew and now and then he bought a lamb from some other flock. When the wool was sold he had a share in that.

How did this boy spend his money? Some of it went for trifles; yes. But who of us does not sometimes indulge in such trifles and feel the happier for it? But the father led the son along in such a way that he came to look upon his money as a means toward a good end.

It seems to me, this is a good way to start a boy in life. He grows up into the business. Even if he should decide that he would prefer some other occupation, his habits of handling money and knowing how he came by it will be of untold value to him. I have seen the spirit all taken out of a boy by the father's selling some lamb or calf which has been called the boy's, and putting the money into his own pocket. This is the worst kind of wrong. Better never give the boy anything than to rob him in such a way.

EVIL-SPEAKING REBUKED.

The following anecdote is related of the late John Gurney, of Norwich, England, by one who was often a member of his family circle: One night—I remember it well—I received a severe lesson on the sin of evil speaking. Severe I thought it then, and my heart rose in childish anger against him who gave it; but I had not lived long enough in this world to know how much mischief a child's thoughtless talk may do, and how often it happens that talkers run off the straight line of truth. S— did not stand very high in my esteem and I was about to speak further of her failings of temper. In a few moments my eye caught a look of such calm and steady displeasure that I stopped short. There was no mistaking the meaning of that, dark, speaking eye. It brought color to my face and confusion and shame to my heart. I was silent for a few moments, when Joseph John Gurney asked very gravely, "Dost thou know any good thing to tell us of her?" I did not answer and the question was more seriously asked; "Think, is there nothing good thou canst tell us of her?"

AFTER TO-MORROW—?

The drawing room was a veritable museum of priceless works of art, and yet so careless of its surroundings is love that the two sat there in the twilight oblivious of all save the one potent fact—they loved each other. Rembarts, Baryes, bronzes, treasures from the Orient and gems from darkest Africa lay and hung all about them unheeded, for their thoughts were centred in one another. And yet to-morrow he must bid adieu to these scenes. No more would his manly feet tread the soft carpets nor would the Louise Quinze sofa hold the lovers again after to-night.

And this thought found utterance when she, looking up at him with eyes of love, said:

"Patrick, [illegible] the cook'll be [illegible] home, and this beaurrer [illegible] good enough for the likes [illegible]

"Begorry, you're right, Mary," said he.

NO MISLEADING STATEMENTS.

Strong Letters From Reliable People

PROVE THE WORTH OF PAINE'S CELERY COMPOUND.

THE PUCLIC DEMAND FOR THE GREAT MEDICINE FAST INCREASING.

Tee proprietors of Paine's Celery Compound have never given to the press of the country any misleading statements, and have never exaggerated either the virtue of their wonderful remedy or the astonishing character of the testimonials it has received.

Paine's Celery Compound, the greatest and most marvellous of all blood purifiers and restorers of nerve force and power, and which has a greater public demand than all other combined remedies, has been a blessing to thousands of homes in the Dominion of Canada. This medicine that makes people well receives monthly scores of letters of praise from men and women rescued from disease and death. Every month of the year hundreds are restored to new life, but many being diffident in nature, and not wishing to be recognized by the public, refrain from writing for the press.

Paine's Celery Compound being a guaranteed medicine, the public have faith in it. The cures effected for those who in the past were burdened with rheumatism, neuralgia, kidney disease, liver trouble, dyspepsia, heart troubles and blood diseases are in many cases truly wonderful. Success after the doctors fail is the great boast of the world's popular medicine, Paine's Celery Compound.

Mrs. A. Perry, Port Maitland, N.S., writes as follows:

"For two years my system was all run down, and I suffered more than I can describe from nervous prostration and insomnia. At times I almost lost my reason from severe pain at base of the brain. My husband advised me to try Paine's Celery Compound, which I did, and the effects were wonderful. I soon began to sleep well; the pain left my head; my whole system was strengthened, and I am now enjoying very good health.

"I would cheerfully recommend Paine's Celery Compound to any one suffering from like troubles. You have my best wishes for the future success of your excellent remedy."

About two years ago, the Rev. Mr. Surf, of Blue Springs, Nebr., lost his hair after fever, and became nearly bald. He finally resolved to use Ayer's Hair Vigor, and now has as fine a head of hair as could be desired. This is certainly a fact worth remembering.

Liver Ills

Like biliousness, dyspepsia, headache, constipation, sour stomach, indigestion are promptly cured by Hood's Pills. They do their work

Hood's Pills

easily and thoroughly. Best after dinner pills. 25 cents. All druggists. Prepared by C. I. Hood & Co., Lowell, Mass. The only Pill to take with Hood's Sarsaparilla.

Flint—Fine chap that clerk of yours, Steel." Steel—"Yes, slow and sure." "He looks it." "Yes; slow to learn, sure to forget!"

The blanching of the hair, and its tendendy to fall off can be prevented, and the natural color restored by Hall's Vegetable Sicilian Hair Renewer.

A COMPANION FOR ALL AGES.

A gentleman who used to read the *Youth's Companion* when a boy, and reads it with the same interest now that he is a middle-aged man, was asked the other day if he had not outgrown the *Companion*. "I don't believe," said he, "that I can ever outgrow it. I find in it not only the cheery, hopeful spirit of youth, but the wisdom and experience of age. I like it just as much as when I was a boy, though perhaps in a different way. But I know it is the same *Youth's Companion* with which I grew up, for my boys and girls like it as well as ever I did. It is a good paper to grow up with."

The *Youth's Companion* will contain the best thought of the best thinkers of America and Europe during 1898. It will print serial and short stories of absorbing interest, and true tales of adventure. The various departments of the paper will be a current record of the best work that is being done in the world. Present readers of the *The Companion* who renew their subscriptions, and all new subscribers, will receive free a beautiful illustrated calendar printed in twelve colors, and embossed in gold. It is the richest and costliest calendar ever sent to *Companion* subscribers. New subscibers will receive *The Companion* every week from the time the subscription is received until January, 1898 and then for a full year till January, 1899.

An illustrated prospectus of *The Companion* for 1898 may be had by addressing

AN IMPERIAL RESCUE.

Emperors and kings, when at home, are very much like other people, and it is doubtless in the small amenities of life that their real character shows itself most truly. An incident of the recent vsit of the Emperor of Russia to his father-in-law, the king of Denmark, at the palace of Amalienborg, is creditable to the Czar, though it put him for a moment in a ridiculous light.

Early one morning, soon after the arrival of the Czar at Amalienborg, the sentinels who were guarding the garden of the palace were astonished to see the Emperor come running out of the palace in his shirtsleeves, gesticulating wildly and shouting loudly.

The soldiers knew not what to do. Had the autocrat of all the Russias lost his reason, or was he attacked by some mysterious enemy?

The Czar soon answered the question by rushing to a corner of the garden where a great barking and howling was going on. From the window of his sleeping-room he had seen one of his big dogs make an attack on the favorite black cat of the king of Denmark and without waiting to summon a servant or even to put on a coat, he had rushed out to rescue the cherished pussy.

He saved the cat and no doubt earned the lasting gratitude of the king, his host.

"Only The Best"

—Should be your motto when you need a medicine. Do not be induced to take any substitute when you call for Hood's Sarsaparilla. Experience has proved it to be the best. It is an honest medicine, possessing actual and unequalled merit. Be wise and profit by the experience of other people.

Hood's Pills are the favorite family carthartic, easy to take, easy to operate.

Compensation.—"It must be awful to have a member of one's family who is a black sheep. You don't know how I sympathzie for you." "Oh, it has its joys. Every time Willie gets into trouble the papers speak of us and call attention to how highly respectable we are."

WITHOUT A PEER—WORKS MIRACLES.

Dr. Agnew's Cure for the Heart is without a peer. This great remedy relieves instantly the most aggravated and distressing forms of heart disease. It is the surest and quickest acting formula for heart disease known to medical science, and thousands of times has the grim destroyer been saved by its use. If there is palpitation, shortness of breath, pain in left side, smothering sensations—don't delay, or you may be counted in the long list of those who have gone over into the great majority because the best remedy in the world to-day was not promptly used.

Latter-Trouble.—Mr. Dearborn—How are you getting along with your new wife? Mr. Wabash—Oh, there's trouble already. "What's wrong ?" "Why she insists on having a new wheel and I think the one my last wife had is good enough."

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting the proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial, and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

FROM PERSONAL EXPERIENCE.

Many have tried for years to discover a remedy suitable to their own case for the Constipation, Biliousness, Indigestion, Headache, Kidney and Liver Complaints arising from *Poor Digestion, Weak Stomach, and Disordered Liver.*

To these we say: *Try the new medicine—*

Laxa-Liver PILLS

Read what people say. Here it is.

Miss S. Lawson, Moncton, N. B., says: "They cured me of constipation and sick headache."

Mr. H. James, St. Nicholas Hotel, Hamilton, Ont., says: "They are a pleasant, sure and quick cure for constipation, dyspepsia and sick headache."

Miss M. E. Hicks, South Bay, Ont.: "Laxa-Liver Pills are excellent for sick-headache, causing no pain or griping."

Mrs. John Tomlinson, Hamilton, Ont.: "They are a perfect cure for even the severest headache."

A Clever Definition.—"What is your idea of fame ?" "Fame? Well in its finest phase, I think it is the incredulous surprise which a man's home folk exhibit when he does anything noteworthy."

A Cool Head.

A clear, bright brain, a cool head free from pain, and strong, vigorous nerves are requisite to success in modern life. Milburn's Heart and Nerve Pills invigorate and brighten the brain, strengthen the nerves, and remove all heart, nerve and brain troubles.

Snap and Vigor Wanted.

Modern life demands snap and vigor from all. The race for existence is hotter than ever. Keep your blood pure by using Burdock Blood Bitters, and you will be healthy, vigorous and strong. Miss Jennie A. Glesson, Centreton, Ont., says: "For two years I suffered from poor, thin blood. I grew weaker every day until I tried B. B. B. It cured me by enriching my blood, making me strong and vigorous again."

Teacher—Have you any excuse for your tardiness this morning? Tommy—Yes'm. Paw and maw were having a fight. I was waitin' to see which won.

KIDNEY GRIND.

South American Kidney Cure the Only Specific for Kidney Disease —A Liquid and Solvent—Never Fails.

Medical science has proved beyond a doubt that the solid particles which pass through the kidneys in the ordinary course of circulation—and which in time so grind and wear these organs that they become diseased and will not perform the functions for which they were created—require a solvent to dissolve and eradicate from the system these foreign substances, and the great South American Kidney Cure has proven to be the best and most scientific specific remedy for such, and the testimony of thousands who have been cured by it when pill doses have failed is the best demonstration of the fact that a solvent must be administered. If in despair use this remedy.

An Agreement.—Hendry—So you take stock in that yarn? Why, I wouldn't believe that story if I told it myself. Cowgate—Well, in that case, neither would I.

The Three Stages.

For the early stage Scott's Emulsion is a cure. For the second stage it cures many. And for the last stages of consumption it soothes the cough and prolongs the life.

Dr. Low's Worm Syrup is a safe, sur and reliable worm expeller. Acts equally well on children or adults. Be sure you get Low's.

Not Handicaped.—It's the fellow who puts on his new winter flannels that isn't handicaped—he's the scratch man.

There can be a difference of opinion on most subjects, but there is only one opinion as to the reliability of Mother Graves' Worm Exterminator. It is safe, sure and effectual.

A Liverpool woman says that she was completely unmanned by the loss of her husband.

The Best Pills.—Mr. Wm. Vandervoort, Sydney Crossing, Ont., writes: "We have been using Parmelee's Pills, and find them by far the best pills we ever used." For delicate and debilitated constitutions these pills act like a charm. Taken in small doses the effect is both a tonic and a stimulant, mildly exititing the secretions of the body, giving tone and vigor.

Landlady (to applicant for rooms)—Beg' pardon, sir, but what business do you follow?

Applicant—I am a doctor of music.

Landlady—Oh, then, we shall be very glad to have you with us, and I am sure you will do real well here, for there is just lots of music in this locality that needs doctoring.

People Talk Back.

Many people talk back. Here is one. Miss Katherine Weese, Belleville, says: "I have had a pain in my back accompanied by general debility and tried various remedies for the same but without deriving much benefit, until I took Doan's Kidney Pills, which I am glad to say entirely cured me. They are certainly a grand medicine and I can say in my case proved to be a thorough specific."

Either.—Gummey—Do you say "ee-ther" or "eye-ther?" Glanders—The dictionary says you may say either. Gummey—Doesn't it permit you to say "eye-ther." too?

Difference of Opinion regarding the popular internal and external remedy, Dr. Thomas' Eclectric Oil—do not, so far as known, exist. The testimony is positive and concurrent that the article relieves physical pain, cures lameness, checks a cough, is an excellent remedy for pain and rheumatic complaints, and it has no nauseating or other unpleasant effect when taken internally.

Stains on table ware and tea discolorations are removed with damp salt.

Come all Who Suffer.

Mrs. E. Brown, Hamilton, Ont., says: "I have used Laxa-Liver Pills and find them perfect as a cure for biliousness and sick headache. I strongly recommend them to all who suffer from such troubles as an unrivalled remedy."

You may get over that slight cold all right, but it has left its mark on the membranes lining your throat. You are liable to take another cold and the second one will hang on longer than the first. Scott's Emulsion is not an ordinary cough specific, but it is "the ounce of prevention." It builds up the system, checks inflammation and heals inflamed membranes. "Slight" colds never bring serious results when it is promptly taken.

Book on the subject free.

SCOTT & BOWNE, Belleville, Ont.

As Far as She Know.—He—Darling was there ever a love like ours? She—Well not in my experience at least.

One Laxa-Liver Pill every night for thirty nights makes a complete cure of biliousness and constipation—that is just 25 cents to be cured.

The lad who accidentally sat down on a red-hot stove pensively remarked that he was reminded of the retreating general who burnt all his bridges behind him.

Sign of Strength.

The sign of strength, a ruddy countenance, depends upon rich, red blood. To make the blood rich and ruddy, the countenance clear and bright, and the step firm and elastic, use Burdock Blood Bitters. J. A. Gillan, B. A., Toronto, Ont., says: "I enjoy good health now in the greatest degree, ever since the day I started to use B. B. B."

Hagyard's Yellow Oil cures sprains, bruises, sores, wounds, cuts, frostbite, chilblains, stings of insects, burns, scalds, contusions, etc. Price 25 cents.

Circular.—Hicks—I suppose that Feldspar has a large circle of friends? Wicks —Well, if not a large circle, there are many rounders among them.

Fever and Ague and Bilious Derangements are positively cured by the use of Parmelee's Pills. They not only cleanse the stomach and bowels from all bilious matter, but they open the excretory vessels, causing them to pour copious effusions from the blood into the bowels, after which the corrupted mass is thrown out by the natural passage of the body. They are used as a general family medicine with the best results.

Mrs. Langtry's Mourning.—Mrs. Langtry might bet her money on black horses during the customary period of mourning.

People Praise It.

Dear Sirs,—I have often had coughs and colds, as well as bronchitis. Norway Pine Syrup cures me every time. I recommend it as a perfect cure for all lung and throat troubles.

Lizzie Hardy,
Mayfield, Ont.

Pure

Blood first of all; that is the starting point on the road to health. Without it Dyspepsia, Constipation, Biliousness, Headache, Liver and Kidney Complaints, Scrofula, Ulcers and Abscesses thrive and increase in the human system. But with pure

Blood

circulating freely these diseases cannot long remain. There is nothing to keep them there—no impurities for them to feed on. Burdock Blood Bitters purifies the blood, and drives out all impurities, waste and effete matter more quickly and surely than any other remedy. If you want pure blood and good health take

Burdock Blood Bitters.

What Ailed Her.—"What ails your mistress, Norah ?" asked a neighbor. "The doothors do be sayin' that it is nervous pesteration she has, sure."

Milburn's Sterling Headache Powders cure the worst headache in from five to twenty minutes, and leave no bad effects. One powder 5 cents, 3 powders 10c, 10 powders 25c.

To very hot climates, where there is no glass in the windows, it would be madness in a glazier to take the panes to emigrate.

THOSE WORRYING PILES.

One application of Dr. Agnew's Ointment will give you comfort. Applied every night for three to six nights and a cure is effected in the most stubborn cases of blind, bleeding or itching piles. Dr. Agnew's Ointment cures eczema and all itching and burning diseases. It acts like magic, 35 cents.

'Tis the Gun.—"Why is it that Chumpley always buys another new gun at the opening of the game season?" "Because the one he had the year before never killed anything."

There never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient —what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtained in a sound unadulterated state, a remedy for many and grievous ills. By its gradual and judicious use, the frailest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondence and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep, imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite. Northrop & Lyman, of Toronto, have given to the public their Quinine Wine at the usual rate, and, gauged by the opinion of scientists, this wine approaches nearest perfection of any in the market. All druggists se it.
