The Service a Bank Renders

BANKING FIFTY YEARS

FROM the very moment production of a commodity is planned until, through the channels of commerce, it finds its way to the consumer it must be financed. In providing funds to finance production and distribution, banking renders one of its major services to the Community.

Don't forget the Chevrolet chassis demonstration at McTavish's garage on Monday next from 7 p.m. to 10.30 p.m.. This should be of special interest to everyone, as there will be an expert from the factory, who will explain the why of everthing.

An abundance of coal arrived in town over the week end which should satisfy us for some time. F. W. Duncan received four cars and F. G. Karstedt two cars and they are busy now delivering to the residences and business places in town.

The Late Hugh Watters

Mr Hugh Watters, who resided one and a half miles east of Priceville, on the Old Durham Road, passed away last week, May 6th.

He seemed to be slightly ailing for some months past, but able to be around assisting in the work, but in early spring failed considerably, and for the last few weeks was confined to his room. If he had lived over the week end, h would have finished his 58 years sojourn in the world. Mr. Watters and his wife, (who was formerly Miss Fannie Huddy) were members of the Methodist church for a number of years. Mrs. Watters predeceased her husband twelve years ago, and now a family of one son and two daughters is left without the companionship, or council of loving parents, Elford, a young man of about twenty, his elder sister Beatrice, and younger sister Mabel. Deceased leaves two brothers; Richard of Thornbury, and William of Detroit, Mich, also two sisters, Mrs. King and Mrs. Gardner of Thornbury. A brother and a sister passed away a number of years ago. The family's pastor, Rev. S. G. McCormack, of St. Columba United church, conducted an appropriate service on Saturday, May 2nd. Selected portions of old favorite hymns were used in the service, and Mrs. H. B. McLean, in a fine voice, sang, "God Will Take Care of You," which was very much appreciated by those who filled the house, and the assemblage massed on the lawn in front of the residence. The brothers and sisters were present with the exception of Richard, who had been with his brother a few days prior to his death, but through illness in the family was unable to attend the funeral. Durham, Priceville, Ceylon and Flesherton, were well represented on Saturday. Interment was made in Evergreen Cemetery. South Line, Artemesia, a lovely resting place for a citizen who was respected by everyone with whom he came in contact.

Chevrolet Demonstration

It is an opportunity not to be missed, when an expert engineer on automobile construction tells the why of building an automobile chassis. Every one, whether they own a car or not, should attend the lecture given at McTavish's garage on Monday next, from 7 p.m. to 10.30 p.m. Special arrangements are being made to interest the ladies.

Eugenia Basin Open Now

W. E. MORGAN OF EUGENIA TO ISSUE PERMITS AT 50C. PER DAY — EXPECT EXCELLENT FISHING.

Although it has been known for some time that the Eugenia Hydro basin was to be opened for fishing this year, it has only been recently that plans have been completed whereby fishing could be indulged in under a permit by government

There has been a constant clamor for some time for fishing to be reopened at Eugenia, chief among the proponents being Mr. W. E. Morgan of Eugenia, who has advocated this procedure for some time. The season will commence on Saturday of this week, May 15th, and anglers will be required to pay a license fee of 50 cents per day for the privilege of catching the big beauties which, no doubt, are there in abundance. Mr. Morgan has been appointed by the government to issue the permits, and all those intending to fish can secure their permits from him. Now that this privilege has been secured and the preserve opened for fishing, it is up to the citizens to help protect this asset of the township, and co-operate in observing the law so that the government will not have any cause to again close the basin to the public. The thanks of the community at large and all the true followers of Isaac Walton are extended to Mr. Morgan and others who assisted in securing the re-opening of this splendid lake for fishing purposes.

Local Manager Resigns

After a period of three years of managing the local office of the Bell telephone company, Mrs. Eva Munshaw recently handed in her resignation to take effect the end of May, and it was accepted by the head office. Mrs. Munshaw has been very cautious in managing the affairs of the Bell company here, and has rendered excellent service to her many patrons. Although several applications for the vacant position have been handed in, it has not been announced who her successor will be.

Death of Robt. Brown

The death took place on Sunday, May 9th, at the home of his son at Forest of Robt. Brown, an old resident of Osprey Township for many years. The funeral is taking place from the home of his daughtetr, Mrs. Jos. Barber, at Feversham this Wednesday afternoon, the body having been brought to Flesherton station Tuesday night. Mrs. Fred Brackenbury of Flesherton is a daughter of the late Mr. Brown.

Mr. and Mrs. W. L. Wright returned home on Saturday evening after spending the winter months in Toronto. Mr. Wright says that the roads are all in good shape except for a bad spot between Melancthon and Corbetton where his car was pulled out of the mud in two different places.

Mrs. Stephen of Huttington Que., will address the W. I. in Chalmer's Church, on Wednesday, May 19th, at 3 p.m. Her subjects will be "Present Day Boy and Girl Problems," and "The Workshop of the Home." All ladies are given an invitation to be present. Lunch will be served by the members.

Special services were held in all churches here on Sunday last in recognition of Mother's Day and large crowds were present. The Sunday schools assisted in the services, and at St. John's evening service a pageant was presented by ten young ladies, who personified ten mothers of the Bible. Special music and floral offerings made the day both pleasing and memorable.

WHY does Chevrolet operate so much more satisfactorily and economically than other low-priced cars? How can Chevrolet offer such quality features as Fisher bodies, Duco Finish, VV one-piece windshield, dry disc clutch, banjo type rear axle, air cleaner, pressure lubrication, etc., and still remain in the low-price field?—**See the**

CHASSIS DEMONSTRATION

at our showrooms
Monday, May 17

An expert from the Chevrolet factory at Oshawa, using a cut-away motor and rear axle and a stripped chassis, will show how the Chevrolet valve-in-head motor functions and why it is so powerful and economical; he will explain why the Chevrolet type dry disc clutch operates so smoothly; he will demonstrate by the use of actual parts why the banjo type rear axle is so sturdy and practical; why the new, larger brakes with equalizers add to your safety.

The expert will especially stress such Chevrolet features as the air cleaner, three point motor suspension, braking area increased one-third, new type oil pump, belt-driven generator, one-piece valve cover, improved cylinder head and many others.

Regardless of what car you drive or what car you are interested in, you will find this practical demonstration interesting and educating—it should be worth many dollars to you.
