JEWELS.

A diamond "in the rough"
Is a diamond—sure enough,
And, though yet it may not sparkle,
It is made of diamond stuff.

Of course, some one must find it,
Or it will never be found;
And then some one must grind it,
Or it will never be ground.

But when it's found, and when it's ground,
And when it's burnished bright,
That diamond's everlastingly
Just flashing out its light!

O, teacher in the Sunday School,
Don't think you've "done enough,"
That worst boy in your class may be
A diamond in the rough.

Perhaps you think he's "grinding you!"
And possibly you're right,
But it may be you need grinding
To burnish you up bright.

The lack of money is the root of a great many evils.

A man is apt to have decided views when his wife decides them for him.

Tobacco Heart.

Mr. W. J. Judson, Curtis St., St. Thomas, Ont., says: "I had trouble with my heart for two years, caused by excessive use of tobacco. I used one box of Milburn's Heart and Nerve Pills and have not suffered from palpitation since.

Nature is mother, and habit is the stepmother.

Severe Diarrhœa.

"Dr. Fowler's Extract of Wild Strawberry cured my child of a severe attack of diarrhœa, and I highly recommend it to mothers as the best medicine for bowel complaints of children." Mrs. O'Flynn, North Valley, Ont.

Imitation is not considered the sincerest flattery at the patent office.

Don't Tell Anybody.

If no one should tell you about it, you would hardly know there was cod-liver oil in Scott's Emulsion, the taste is so nicely covered. Children like it, and the parents don't object.

It seems queer that a playwright should frequently get a play wrong.

Rheumatism Cured in a Day.

South American Rheumatic Cure, for Rheumatism and Neuralgia, radically cured in one to three days. Its action upon the system is remarkable and mysterious. It removes at once the cause, and the disease immediately disappears. The first dose greatly benefits. 75 cents.

Sold by A. T. Brown.

The president of a gas company naturally has a light income.

If there is a history of weak lungs in your family, take Scott's Emulsion.

It nourishes and invigorates.

It enables you to resist the disease. Even if your lungs are already affected, and if besides the cough you have fever and emaciation, there is still a strong probability of a cure.

The oil in the Emulsion feeds the hypophosphites gives power to the nerves and the glycerine soothes and heals. 50c. and $1.00, all druggists; Scott & Bowne, Chemists, Toronto.

HER FIRST SOUFFLE.

"I have cooked a little surprise for you, my dear," said Mrs. Honeybride. "An almond souffle, for after dinner. I got the receipt from that new cookery book that came as a wedding present, and the instructions are really most clear. Handy, isn't it, a book like that! I'm sure the thing will turn out a success."

Edwin smiled a dubious sort of Abyssinian-Gold smile and temporized about the success as he looked at the souffle.

"Can't say I like it," he said, after the first mouthful. Sure you got the instructions right, darling? It tastes very funny."

"Oh, yes," responded Angelina, with tears in her eyes. "I can say them by heart from the book—just hear me," and she reached down the volume.

"Take half a pound of grated almonds"—

"Quite right," interrupted Edwin, following with his finger.

"One pound of castor sugar; mix well with the whites of three fresh eggs"—

"Correct," said her spouse, as she continued breathlessly:

"Add two ounces of white pepper"—

"Pepper! Great goodness!" said the unhappy man, as he turned over the leaf.

"Two large carrots chopped into dice' a spoonful of mustard, four chopped onions, and"—

"Stop! Stop! You must be wrong, I'm sure. Why, my dear, I thought so. You are muddling up almond souffle with Irish stew. You've forgotten to cut the leaves of this blessed cookery book."—Washington *Star*.

ALL PROVIDENTAL.

"Ever'thing happens providental," said the old citizen. "I had two mules to die on me last year, but they died just ten minutes 'fore the sheriff driv' up to levy on 'em. Then my house burnt down at the very minute they was comin ter sell it for back taxes, and right 'long 'bout that time yer Uncle James took and died three days after the insurance man had given him a life policy for $5,000! Ever'thing is providential in this worl', an happens for the best!"

WOMAN'S INFLUENCE.

Has Made Paine's Celery Compound the Great Home Medicine.

As A Spring Remedy It Meets the Wants of Women in Every Sphere of Life.

When weakly, sick and broken down women are seen to gain health and vigor from day to day from the use of Paine's Celery Compound, no room for doubt is left to the most skeptical individual.

Medical science devised Paine's Celery Compound, a medicine uniformly successful in banishing the troubles that afflict the great majority of women, and honest physicians are always pleased to recommend it.

It is a well known fact that all the women who have recovered health and strength by means of Paine's Celery Compound were induced to use it through the influence and persuasion of other women—sisters, mothers or friends.

In the spring time, when women are weak, overworked, nervous, have tired feelings, dyspepsia, backache, sideache, headache, neuralgia, blood troubles or any of many nameless ills from which they suffer in silence, Paine's Celery Compound will quickly banish all dangers and sufferings; it will impart that strength, health and vivacity that make women womanly and admired.

Paine's Celery Compound is at present carrying on this joyous transformation work all over Canada, and women, young and old, of all ranks and conditions, bless the memory of Dr. Phelps who conferred such a blessing on their sex.

Dear women of our country, why continue in misery and suffering when such a friend as Paine's Celery Compound is within such easy reach, and ready to do for you all you so much desire?

Do not be deceived by any of the many nervines, bitters, sarsaparillas or advertised pills; they cannot bestow that pearl of great price—good health. Paine's Celery Compound has given new health and life to your friends; it will not fail in your particular hour of need. Bear in mind that Paine's Celery Compound makes sick people well.

Men are seldom as good as they pretend to be, or as bad as they are said to be.

CASTORIA

For Infants and Children.

The fac-simile signature of Chas. H. Fletcher is on every wrapper.

This is understood to be positively Patti's farewell appearance as a bride.

We have no hesitation in saying that Dr. J. D. Kellogg's Dysentery Cordial is without doubt the best medicine ever introduced for dysentery, diarrhœa, cholera and all summer complaints, sea-sickness etc. It promptly gives relief and never fails to effect a positive cure. Mothers should never be without a bottle when their children are teething.

Whispers have but a brief hand to mouth existence.

The Proprietors of Parmelee's Pills are constantly receiving letters similar to the following, which explains itself. Mr. John A. Beam, Waterloo, Ont., writes: "I never used any medicine that can equal Parmelee's Pills for Dyspepsia or Liver and Kidney Complaints. The relief experienced after using them was wonderful." As a safe family medicine Parmelee's Vegetable Pills can be given in all cases requiring a cathartic.

The phrenological always has business on the brain.

Impure Blood

Always cleansed, purified and enriched by Burdock Blood Bitters. Mrs. John Douglas, Fuller P. O., Ont., says: "I have used B.B.B. for impure blood, pimples on the face and sick headache. Four bottles made my skin clear and free from eruption and cured me completely."

MIGHT HAVE BEEN WORSE.

Mr. Gibbs went to an entertainment, and by mistake sat on his neighbor's silk hat, reducing it to a shapeless mass. The owner of the hat was naturally indignant, and breathed threats of vengeance. "Sir," said Mr. Gibbs calmly, "I am very sorry, and must admit that I was awkward. But," he added, complacently, "It might have been worse."

"I don't see how it could have been," roared the victim.

"Oh, yes, it could!" said Gibbs, "I might have sat down on my own hat."

GLAD ANYHOW.

"I beg your pardon, I thought this was Mr. Chuckeley."

"I am Mr. Chuckeley."

"Then I am glad to find that when I thought I was mistaken I was mistaken in thinking I was mistaken."

"Hey?"

"I say when I thought I was mistaken I was mistaken in thinking I was mistaken and being mistaken in thinking I was mistaken when I wasn't mistaken, I was glad to find I was mistaken when I thought I was mistaken—or rather, I was mistaken when I thought I was mistaken, and so I couldn't have been mistaken—well at any rate I'm glad. Looks as if we were going to have spring now, doesn't it?"

The trouble with the bore is that he never troubles himself.

That aching head can be instantly relieved by taking one of Milburn's Sterling Headache Powders. 1 powder 5c., 8 for 10c., 10 for 25c.

A CHATHAM LADY

Tells How Her Health Came Back.

There are too many women who suffer dreadful backaches, pain in the side and headaches, who are weak, nervous and run down, whose life, energy and animation seem gone. Here's a lady who was cured by

MILBURN'S HEART AND NERVE PILLS.

Mrs. Mary Bordenu, King St., Chatham, Ont., says: "For some months I have been afflicted with nervousness and general debility. Going upstairs would produce a great shortness of breath and a tired, exhausted feeling.

I had palpitation and fluttering of the heart, and for months have not been well or strong. Until I took Milburn's Heart and Nerve Pills, I almost despaired of a cure. I have only taken one full box, and now feel splendid.

My nerves are strong, all the heart troubles are completely removed, the shortness of breath has vanished, and the constant tired out, all gone feeling is a thing of the past. It is needless to say that I esteem this remedy the best in the world for heart and nerve troubles."

Milburn's Heart and Nerve Pills are 50c. a box or 3 for $1.25, at all druggists.

Many a poor man would be glad of the opportunity to make an after dinner speech.

LEGS ENTIRELY RAW

From the feet to his body, and rank blood tinged, irritating water.

Mrs. A. Keirstead, of Mt. N.B., tells how her little boy suffered, and how B.B.B. cured him permanently.

FREDDY KEIRSTEAD.

There is not a mother in this land who has a child suffering from skin disease in any form but will thank Mrs. Keirstead, of Snider Mt., N.B., for telling of the remarkable manner in which her boy, Freddy, was cured of one of the severest and most torturing of skin diseases by the use of Burdock Blood Bitters; and not only relieved and cured for the time being, but, mark you, *after eight years the disease has shown no sign of returning.*

The following is Mrs. Keirstead's letter:—

"With gratitude I can testify to the wonderful curative powers of Burdock Blood Bitters. Eight years ago our little son, Freddy, was afflicted with salt rheum and was in a dreadful condition. His legs, from the soles of his feet to his body, were entirely raw, and ran a bloody water, which appeared to burn and itch until he was often in great agony.

"After trying several remedies, we resolved to give B.B.B. a trial.

They Reach The Kidneys.

Mr. Conrad Beyer's opinion —OF— DOAN'S KIDNEY PILLS.

No one can be healthy with the kidneys in a diseased or disordered state. The poisonous Uric Acid which it is their duty to filter out of the blood, is carried into the system and produces Rheumatism, Headaches, Backaches and hundreds of ills and ailments.

Any one who has the slightest suspicion that the kidneys are not acting right should take Doan's Kidney Pills. They are the most effective kidney remedy known. Mr. Conrad Beyer, at E. K. Snyder's Shoe Store, Berlin, Ont., bears this out when he says:

"Anyone suffering with kidney troubles cannot do better than take Doan's Kidney Pills, for they cured my wife who has been afflicted with pain in the back and other kidney troubles for a long time. They have helped a great many of my acquaintances in this town, and I must say they are the medicine that reach the kidneys with the best effects."

SWALLOWING A FARM.

This paragraph has been floating around in the papers for some time. It contains much for young men to think about, and as it was written by Robert J. Burdette, one of the *Ram's Horn's* contributors, it will, no doubt, possess interest to our readers:

"My homeless friend with the chromatic nose, while you are stirring up the sugar in a 10-cent glass of gin, let me give you a fact to wash it down with. You may say you have longed for years for the free, independent life of a farmer, but you have never been able to get enough money to buy a farm. But there is where you have been mistaken. For some years you have been drinking a good improved farm at the rate of a hundred square feet at a gulp. If you doubt this statement, figure it out for yourself. An acre of land contains 43,560 feet. Estimating for convenience, the land at $43.56 an acre, you will see that it brings the land just one mill per square foot. Now pour down the fiery dose and imagine you are swallowing a strawberry bed. Now call in four or five of your friends and have them help you to gulp down that five hundred foot garden. Get on a prolonged spree some day and see how long it will take to swallow a pasture land large enough to feed a good cow. Put down that glass of gin. There is dirt in it—three hundred feet of good rich dirt, worth $43.56 per acre."

VERY NICE EATING.

The story goes that when Li Hung Chang was in England an admirer sent him a specially fine bull-terrier, intended to watch over the veteran statesman's declining years. The following letter—so the story goes—was received in acknowledgment:—"My dear —, —While tendering my best thanks for your dog, I beg to say that, as for myself, I have long since given up the practice of eating dog's flesh; but my attendants, to whom I handed the creature, tell me they never tasted anything so nice.—Your devoted L."

"She Carries Her Heart on Her Sleeve"

What a boon to many a man or woman if this were literally so—How many spirits are broken because this particular organ is shackled by disease—and yet how many times has Dr. Agnew's Cure for the Heart brushed against the grim reaper and robbed him of his victim.

Diseases of the heart are by far the most treacherous of ailments which afflict humanity—ruthless to old and young, alike—not insidious but violent, for when the heart fails the whole system suffers violence. Discussing causes here will not console the suffering one. The one great yearn of the heart-sickened patient is how to get relief and a cure. Dr. Agnew's Cure for the Heart stands preeminently to-day as the star of hope to sufferers from heart trouble, and so far past the experimental period that thousands to-day proclaim, in no uncertain sound, the belief that were it not for this great remedy they world have long ago passed into the great beyond. Most eminent doctors, whom heart cases have baffled, have tested Dr. Agnew's claims, and to-day they prescribe it in their practice as the quickest and safest heart remedy known to medical science. What are the symptoms? Palpitation, fluttering, shortness of breath, weak and irregular pulse, swelling of feet and ankles, pain in the left side, chilly sensations, fainting spells, uneasiness in sleeping, dropsical tendency and as many more indications that the heart is deranged. Dr. Agnew's Cure for the Heart is a heart specific; and no case too acute to find relief from it inside of thirty minutes—a powerful cure.

MRS. JNO. FITZPATRICK, of Gananoque, Ont., after having been treated by eminent physicians for heart disease of two years' standing, was discharged from the hospital as a hopeless incurable. She suffered from acute pain and palpitation, her feet and ankles swollen, and there was every tendency to the dropsical form of heart disease, but the lady procured Dr. Agnew's Cure for the Heart as a last hope. One dose relieved her of a very acute spasm in less than thirty minutes, and three bottles cured her—not a symptom of the trouble remaining

CONDUCTOR WILLIAM G. LUCAS, of the N. & W.R.R., and living at Hagerstown, Md., suffered for years with acute valvular form of heart disease—cost him many a "lay off" from his daily duties on the road, and he spent a small fortune in remedies and treating with heart specialists in search of a cure, and all ended in disappointment, until a good friend, who had been benefited, recommended Dr. Agnew's Cure for the Heart. He tried it, and found it gave him relief and comfort almost immediately. He continued its use until a few bottles were taken, and to-day he's well and strong, and says, "Tell all heart sufferers that I can highly recommend this great remedy."

The woman who shows her teeth and smiles will attain her object much quicker than the one who shows her teeth and growls.

There never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtained in a sound unadulterated state, a remedy for many and grievous ills. By its gradual judicious use, the frailest system are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondence and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep, imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite. Northrop & Lyman, of Toronto, have given to the public their Quinine Wine at the usual rate, and, guaged by the opinion of scientists, this wine approaches nearest perfection of any the market. All druggists sell it.
