Blood!

Your heart beats over one hundred thousand times each day. One hundred thousand supplies of good or bad blood to your brain. Which is it?

If bad, impure blood, then your brain aches. You are troubled with drowsiness, yet cannot sleep. You are as tired in the morning as at night. You have no nerve power. Your food does you but little good.

Stimulants, tonics, headache powders, cannot cure you; but

Ayer's Sarsaparilla

will. It makes the liver, kidneys, skin and bowels perform their proper work. It removes all impurities from the blood. And it makes the blood rich in its life-giving properties.

To Hasten Recovery.

You will be more rapidly cured if you will take a laxative dose of Ayer's pills each night. They arouse the sluggish liver and thus cure biliousness.

THE APPLE TREE.

Red and white, sweet and bright,
Bloom of the apple-tree,
O'er the sod, smile and nod
Bountiful, fair and free.
Through the night in the light
Shed by the vernal moon,
Through the day in the ray
Cast by the sun at noon.
White and red, overhead,
Bloom of the apple tree,
At my feet fair and sweet
Spreading a rug for me.
Quickly fled, then instead
Soon shall I looking see,
Fresh and fair, rich and rare
Fruit of the apple tree.

A Man Who is Tired

All the time owing to impoverished blood, should take Hood's Sarsaparilla to purify and enrich the blood and give him vitality and vigor.

A good spring medicine is a necessity with almost everyone. Hood's Sarsaparilla is what the millions take in the spring. Its great power to purify and enrich the blood and build up health is one of the facts of common experience.

SURPRISED THAT MAMMA LIVED

There is a little girl who is rapidly causing her father's hair to assume the color of the driven snow. The other day she looked up at him from between his knees and asked: "Papa, was it a wise person who said 'the good die young?'" "Yes," said the musing man, "I guess so." "Well," she went on, after thinking it over for some time, "I'm not so much surprised about you, but I don't see how mamma ever managed to get growed up."

A MODEL YOUNG MAN'S VIRTUES.

A COMBINATION OF EVILS BRING ON THAT SPRING TROUBLE KNOWN AS "TIRED FEELINGS."

Paine's Celery Compound Does a Wondrous Work for Every Rundown Man and Woman.

"Tired Feelings!" These two words cover a multitude of dangers and perils, and should when fully comprehended, be taken as serious warnings.

"Tired feelings" result from a vitiated and deranged condition of the blood and nerves, which causes a general weakness of the entire system. Constipation is usually one of the dominant troubles; digestive vigor is lacking, appetite is poor and sleep is never refreshing.

To banish "Tired Feelings," the blood must be cleansed and purified, and the nerves toned and braced.

The foundation work is easily and quickly accomplished by using Paine's Celery Compound, the world's famous spring medicine. This noted remedy, purely vegetable, pleasant to the taste, is in every case just what is claimed for it. It is the one spring medicine that our best physicians vouch for; it is the great health restorer and strength giver that the best people of Canada talk about in the home and on the street.

A few bottles of Paine's Celery Compound used during the month of May will banish all troubles that regularly contribute to "tired feelings" and ill health. If you are nervous, sleepless, have indigestion dyspepsia, neuralgia, heart trouble, kidney or liver affections, your doctor or druggist will, if asked, promptly advise the use of Paine's Celery Compound.

People who know the least always want to tell the most.

Some men are never sued because they are not worth a sue.

There never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtained in a sound unadulterated state, a remedy for many and grievous ills. By its gradual judicious use the frailest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondency and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep, imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result...

WHEN HOPE'S GONE

Life's Not Worth the Living, South American Nervine Restores Hope and Perfect Health.

Four years ago Annie Patterson, of Sackville, N. B., had a very serious attack of la grippe, which left her with a very acute form of stomach trouble. She had about given up hope of a permanent cure when South American Nervine was recommended to her. She procured it, and in a very short time experienced wonderful relief. After taking six bottles she was absolutely cured. She says: "I believe it to be the most effective remedy for stomach trouble in the market."

The wife of a prominent physician of Toronto was a victim of catarrh in its worst form. She tried almost every treatment known in the world of medicine without receiving any lasting benefit. Hearing of the almost miraculous cures made by Dr. Agnew's Catarrhal Powder, she procured it, persevered in its use for eight months, and was fully restored, and all symptoms of the disease eradicated from her system. She says, "After years of suffering I rejoice to be freed." Name given on application. Sold by A. T. Brown.

THE SHAH OF PERSIA.

A very amusing story is told about the Shah of Persia. It appears that during the winter months the little colony of sixty or seventy English people at Teheran organize concerts for one another's amusement; there is a dance now and then at the Legation, and on Christmas night every Englishman in the place is a guest of Sir Mortimer and Lady Durand. When the weather is cold of course there is skating. Skating is the greatest marvel of all to the Persians. A few years ago the late Shah, Nasr-i-Din, saw twenty skaters twirling and curling and spinning gracefully on the ice. He was amused; he thought it wonderful. The next day he sent to the Legation and borrowed a dozen pairs of skates. These he made his Ministers put on and then attempt to skate on the lake in the palace grounds. The poor Ministers were terribly discomfited, but it was twice as much as their heads were worth to refuse. His Majesty was more amused than ever, and he nearly had an apoplectic fit from laughing.

B.B.B. Makes Rich Red Blood.

The Best Remedy for Spring Weather Weakness.

The Blood is the very essence of life. As it courses through the system it carries with it, if pure and rich, nutrition to every cell in the body. If impure, it spreads disease. If thin and watery, it fails to nourish, hence we have weakness, debility and decay.

It is the wonderful power B.B.B. has in purifying impure blood, making thin, watery blood rich and red, that is at the bottom of its marvellous success in curing disease.

Those who are pale, thin, weak, troubled with blotches, pimples or eruptions of any kind should take B.B.B.

It makes the pale cheek rosy, the skin clear and smooth, and infuses new energy into weak, worn, run down, shattered constitutions.

Skin Clear. "I beg to state I have used Burdock Blood Bitters for impure blood, pimples on the face, &c., and derived great benefit from it. My skin is now very clear and free from all eruptions. I only used four bottles of the B.B.B. and can strongly recommend it to any person suffering from impurities in the blood or eruptions of the skin."

BABY'S THREE MEDICINES.

Our baby got his finger rocked on to-day. He was crawling about over the floor after his red-and-white ball, when Sue gave her rocking-chair a sudden tilt, and then we heard from baby! He cried as loud as if the fingers had been cut off, and that provoked Sue.

"Now, Robert Welford King!" she said, in a pretty sharp voice, "what is the use of making all that noise? I don't believe it hurts half as much as you make believe. Do stop screaming."

But the baby only cried louder than before.

"Never mind, Robby," said Fan; "if you'll stop crying, I'll get you a sugar cake, a real big one."

The baby paused a minute and looked around out of the corners of his wet eyelashes, but, as no cakes were in sight, he kept on crying.

Fan went off disgusted. "If he'll not stop for a cake," she said, "he'll not stop for anything. I'm just going to let him cry till he gets tired."

Then little Fred Glasgow came in. Fred is our next-door neighbor.

"Why, baby," he cried, "what's the matter?"

"There!" exclaimed Sue, "You are rousing the neighborhood, Robby!" And then baby took a fresh start.

"Hold on, Bob," said the new-comer; "I've got something between my lips that will cure the worst hurt that ever was. Want to try it?"

Baby rubbed the tears away with his well hand and nodded.

"But you must shut your eyes," said Fred; "if you see what it is, it'll not do any good."

Baby screwed up his eyes tight, and then felt something soft fall on his fingers, like a rose leaf, and heard a gentle sound like only one thing in the world.

"It's nuffin' but a tiss," he cried, opening his eyes; but he was smiling all over his face, and the fingers were well.—*Sunbeam.*

STOP IT NOW!

Before it is too late, stop that succession of colds that means nothing more nor less than catarrh. Stop the suffering. Stop the disagreeable catarrhal discharges that are so humiliating to you and offensive to your friends. Don't let it run on until your condition causes you to be ostracized as if you were a leper. Don't neglect yourself until consumption makes its fatal appearance. You can be cured—not merely relieved, but absolutely and perfectly cured.

Dr. Agnew's Catarrhal Powder

will restore you to complete, perfect health. It gives relief at once. It cures in an incredibly short time. Hundreds of cases of from 5 to 20 years' standing have been cured—cases that physicians had pronounced incurable. The catarrhal powder acts like magic, not only in catarrh, but in colds, sore throat, tonsilitis, hay fever, loss of smell, deafness and all similar diseases.

Mr. C. G. Archer, of Brewer, Maine, writes as follows:—"I have had catarrh for several years. Water would run from my eyes and nose for days at a time. About four months ago I was induced to try Dr. Agnew's Catarrhal Powder, and since using the wonderful remedy I have not had an attack. I would not be without it." At druggists.

ALMOST IN DESPAIR.

"My wife suffered with pain and distress from an affection of the throat caused by impure blood. Those who have used this cholera medicine say it acts promptly, and never fails to effect a thorough cure.

A man has sometimes missed the greatest good of his life by looking for it too far from home.

A Life Saved.—Mr. James Bryson, Cameron, states: "I was confined to my bed with inflammation of the lungs, and was given up by the physicians. A neighbor advised me to try Dr. Thomas' Eclectric Oil, stating that his wife had used it for a throat trouble with the best results. Acting on his advice, I procured the medicine, and less than half a bottle cured me. I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any remedy to do me any good."

Miss Margaret Brown, 627 Colborne St., London, Ont., says:—"My mother has been afflicted with nervousness and general debility for a long time. She suffered a great deal with insomnia, and found it almost impossible to sleep. I went to W. T. Strong's drug store and got a box of Milburn's Heart and Nerve Pills, which she took, and derived so much benefit from them that I bought another box for her. They have done her a wonderful lot of good, making her nervous system much stronger, giving her restful sleep, and removing many other symptoms which previously distressed her.

"I can truly say that these pills are a great remedy for any one suffering from weak nerves, general debility, sleeplessness or heart trouble."
