THROAT REST

You can cough yourself into bronchitis, pneumonia and consumption.

Bandaging and bundling your throat will do no good.

You must give your throat and lungs rest and allow the cough wounds to heal.

There is nothing so bad for a cough as coughing. Stop it by using

Ayer's Cherry Pectoral

Even the cough of early consumption is cured. And, later on, when the disease is firmly fixed, you can bring rest and comfort in every case.

A 25 cent bottle will cure new coughs and colds; the 50 cent size is better for settled coughs of bronchitis and weak lungs; the one dollar size is more economical for chronic cases and consumption. It's the size you should keep on hand.

"All families ought to be on the watch for sudden attacks of croup or acute lung troubles. Every country home in the land should keep Cherry Pectoral constantly on hand to provide against an emergency."

The Young Folks.

THE OLD-TIME WINTER.

Oh, the good, old-fashioned winters! My father
How my father loves to speak
Of the blizzards in November;
Of the snowfalls for a week,
Of the fences hidden, buried
Out of sight their topmost rails—
But you ought to hear him grumble
When blockades delay the mails!

Mother says the old-time winters
Were so cold and crisp and keen!
From October clear to April
Snow and ice were always seen.
Says the nipping, stinging weather
Made the people well and bright—
But her plaudits lack expression
When the pump is frozen tight!

Uncle Abner pictures often
Fourteen weeks of sleighing, straight,
"Good old winters came right early,
Settled down and lingered late.
Mercury was under zero
Most the time—remember, John?"
Now he mutters, "Heats creation
How this weather does hang on!"

Oh, the lauded old-time winters
That are winning naught but praise!
Oh, the boyhood, girlhood winters
Of those glorious yesterdays!
(But when walks require the shovel
I suspect, between us two,
That some forty years of distance
Lend enchantment to a view.)

SLANDER.

What is slander? 'Tis an assassin, at the midnight hour, urged on by envy, that with footsteps soft steals on the slumber of sweet innocence, and with the dark drawn dagger of the mind, drinks deep of the crimson current of the heart.

'Tis a worm that crawls on beauty's cheek, and, like the vile viper in a vale of flowers, it revels in embroidal pleasure there.

'Tis a coward in a coat of mail that wages war against the brave and wise, and, like the long, lean lizard that mars the lion's sleep, it wounds the noblest and best.

Oft have I seen this demon of the soul, this murderer of souls, with visage smooth and countenance serene as Heaven's own skies; but storms were raging in the soul of thought; oft have I seen a smile upon its brow, but, like lightning from the stormy clouds, it shocked the soul and disappeared in darkness; oft have I seen it weep at tale of woe and seem as 'twere the heart would break with anguish, but, like the drops that drip from Java's tree, or the fall past that sweeps o'er Arabian sands, it withered every flower in the vale.

I have seen it tread upon the lily fair, one in whom the world could see no harm; and, although hidden within the sacred tomb, it has dragged its victim from the hallowed grave for public eyes to gaze upon; it hath wept that from earth its victims passed away ere it had taken vengeance on its virtue.

HYGIENE OF THE TEETH.

In a communication to the Berlin Medical Society, Doctor Ritter reported that after having examined the teeth of six hundred and thirty-seven persons, more than half of whom were under fifteen years of age, he found only four with sound teeth. On this basis the number of individuals with their teeth in good condition is only about 6.2 per 1,000, which shows how necessary is a scrupulous hygiene of the mouth and teeth.

HER AUNT HAD.

When I was a little girl something funny happened in a Sunday-school (says a Christian worker). My Sunday School teacher had been telling me about faults, and I did not understand what she meant, so when she said to me: "Have you any faults, Una?" I said: "No, I have not any faults; but my auntie has faults teeth."

A CLERGYMAN'S INFLUENCE.

Paine's Celery Compound Recommended by Rev. C. M. Tyler, a Methodist Minster of Nova Scotia.

IT SAVES THE LIFE OF MR. GEO. W. PARKS.

A Gain in Flesh of Thirty-two Pounds in Three Weeks.

Amongst professional men who are active and ardent advocates of Paine's Celery Compound, clergymen are found who never weary in recommending the wonderful medicine to members of their churches who are ailing, sick and diseased.

The true and honest clergyman who has himself experienced the life-giving powers of Paine's Celery Compound—who has been raised from weakness of body to full health and vigor, feels it a duty to speak to others of the only true health and strength builder their eyes behold. The world has ever seen.

Mr. G. W. Parks, once near the dark grave, but rescued and saved by Paine's Celery Compound after failures of his doctors, sends the following letter:

"While at sea I was taken sick, which compelled me to abandon my work and seek home and rest. I consulted the doctors who pronounced it typhoid or slow fever. I suffered severely from night sweats and cold chills during the day. Added to this I was extremely nervous, which weakened me and reduced my flesh until I was a mere skeleton. This continued until last winter, when my wife and friends began to despair of my recovery, as the medicines I took produced no good, and I was gradually growing worse.

Through the influence of the Rev. C. M. Tyler, I was induced to give Paine's Celery Compound a trial, and I can truly say it worked wonders. The first bottle gave me great relief, and five bottles completely cured me. I gained thirty-two pounds in three weeks, and am now strong and healthy. I would urge the suffering everywhere to give Paine's Celery Compound a trial."

Nothing is truer than that the people who are outcrying and clamoring for their rights are likely to grow careless and indifferent concerning their duties.

There is nothing equal to Mother Graves' Worm Exterminator for distroying worms. No article of its kind has given such satisfacting.

This is perhaps a not unimportant counsel to give to writers: write nothing that does not give you great pleasure; emotion passes easily from writer to reader.

Where others fail, there Dr. Petty's Pills prove their power to cure.

A good appearance is a letter of introduction.

Dangerous Dysentery.

I suffered with dysentery for four weeks and could get nothing to help me. I then tried Dr. Fowler's Extract of Wild Strawberry, which cured me when everything else failed. John L. Carter, Bridgetown, N. S.

The D. & L. Emulsion of Cod Liver Oil may be taken with most beneficial results by those who are run down or suffering from after effects of la grippe. Made by Davis & Lawrence Co., Limited makers.

There are cases where it is best not to be too wise.—Euripides.

For a clear complexion, take Petty's Pills. They never fail to clear the skin. Thousand of ladies swear by them.

Words, like glass, obscure when they do not aid vision.

One Laxa-Liver Pill every night for thirty days makes a complete cure of biliousness and constipation. That is—just 25 cents to be cured.

PLAIN GIRLS TAKE THEIR PICK.

A lady who had seen much of the world was asked on one occasion why plain girls often got married sooner than handsome ones. To which she replied that it was owing to the tact of plain girls and the vanity and want of tact on the part of the men.

"How do you make that out?" asked a gentleman.

"The plain girls flatter the men, and so please their vanity, while the handsome ones wait to be flattered by the men who haven't the tact to do it."

NOVA SCOTIAN BABIES.

A novel poster was seen by a recent sojourner in Nova Scotia. It was printed on rough paper with red paint, in a childish hand, and was tacked to a telegraph pole in a conspicuous place.

"There will be a concert and fair in Mrs. ——'s sitting-room to-day, Nov. twenty, at two o'clock sharp. Admission—Adults, five cents; children, two cents; babies, two for one cent."

Had La Grippe.—Mr. A. E. Nickerson, Farmer, Dutton, writes: "Last winter I had la grippe and it left me severe pain in the small of the back and hip that used to catch me whenever I tried to climb fence. This lasted for two months when I bought a bottle of Dr. Thomas' Eclectric Oil and used it, both internally and externally, morning and evening, for three days, at the expiration of which time I was completely cured.

If you would bring up your children in the way which they should go, you must go that way yourself.

Plain living leads to high thinking——
Does your head ache? Take a Petty.
Does your back ache? Take a Petty.
Does your side ache? Take a Petty.
And do not take any other.

Character consists in a man steadily pursuing the things of which he feels himself capable.—Goethe.

The D. & L. Menthol Plaster is the most largely sold in Canada. For backache and all muscular pains there's nothing equal to it. Each plaster in an air-tight tin, 25c. Davis & Lawrence Co., Ltd.

Only he who lives in a life of his own can help the lives of other men.—Phillips Brooks.

There are so many cough medicines in the market, that it is sometimes difficult to tell which to buy; but if we had a cough, a cold or any affliction of the throat or lungs, we would try Rickle's Anti-Consumptive Syrup. Those who have used it think it is far ahead of all other preparations recommended for such complaints. The little folks like it as it is so pleasant as syrup.

Give me health and a day and I will make ridiculous the pomp of emperors.—Emerson.

As an all-round family remedy, one that always should be in the house for an emergency, Dr. Petty's Pills discount anything in the market. They are so small a child can take them with ease; yet one's a dose.

Ordinary fact, mere reality, cannot be the object of art. Illusion based upon truth; that is the secret of the fine arts.

A Cure for Rheumatism.—The intrusion of uric acid into the blood vessels is a fruitful cause of rheumatic pains. This irregularity is owing to a degenerated and unhealthy condition of the liver. DOAN'S KIDNEY PILLS

In these days of imitations it is well for everyone to be careful what he buys. Especially is this necessary when a matter of health is involved.

There are so many imitations of Doan's Kidney Pills on the market—some of them absolutely worthless—that we ask you to be particular to see that the full name and the trade mark of the Maple Leaf are on every box you buy. Without this you are not getting the original Kidney Pill, which has cured so many severe cases of kidney complaint in the United States, Australia and England, as well as here in Canada. PERPLEXING.

An old bed-ridden fisherman at a Scotch watering place was frequently visited during his last illness by a kind hearted clergyman, who wore one of those close-fitting clerical waistcoats which button behind.

The clergyman saw the near approach of death one day in the old man's face, and asked if his mind was perfectly at ease.

"Go, ay, I'm a' richt," came the feeble reply.

"You are sure there is nothing troubling you? Do not be afraid to tell me."

The old man seemed to hesitate, and at length, with a faint return of animation, said: "Weel, there's just wae thing that troubles me but I dinna like to speak o't."

"Believe me, I am most anxious to comfort you," replied the clergyman, "tell me what it is that troubles and perplexes you."

"Weel, sir, it's just like this," said the old man vaguely; "I canna for the life o' me mak' out how ye manage tae get intae that weetkit."—*The Argonaut.*

They are a Powerful Nervine.—Dyspepsia causes derangements of the nervous system, and nervous debility once engendered is difficult to deal with. There never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other kind differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the other. We have, however, a Quinine Wine, when obtained in a sound unadulterated state, a remedy for many and grievous ills. By its gradual judicious use, the frailest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondence and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep, imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite. Northrop & Lyman, of Toronto, have given to the public their Quinine Wine at the usual rate,—and, gauged by the opinion of scientists, this wine approaches nearest perfection of any the market. All druggists sell it.

My daughter, as a result of over study and close application to her duties as school teacher, became much run down and debilitated and was very nervous. Bob McCready.

Above is a splendid portrait of Bob McCready, one of the best football players in Canada. He is a member of the Ottawa University team, and has been in all of its championship matches. He is a splendid specimen of robust Canadian manhood, but, strong as he is, he has known what it is to suffer from dyspepsia. So seriously afflicted was he at the opening of the past (1899) season, that he was not able to go out with his team. Pains in the back and sides, intermittent headache, and the awful pangs he suffered after eating, the result of an impaired digestion, warned him that he was in no condition to play football, the hardest of all games. Besides, he lacked the energy to carry him through a campaign. He consulted his physician, but that gentleman gave him no relief. "At this stage," he writes, "I was advised to try Dr. Petty's Pills, the new remedy that one of my friends assured me was wonderful in its effects. I was skeptical, but he sounded their praises so persistently that I was at length induced to try them. The very first dose drove the pain away, and at the end of a week I rejoined my team, and I have come through one of our hardest seasons in the best form that I have ever been in. Dr. Petty's Pills are alone to thank for my fine condition. They are the best medicine I have ever taken. They make one so strong and so full of energy. I, for one, shall never take any others when I feel in need of a strengthener." Such is the recommendation of this well known athlete, and such will be the experience of everyone who tries this wonderful remedy. If your druggist cannot supply you, write to us, enclosing price. 50 cents a bottle, six bottles for $2.50. Address The Dr. Petty Medicine Co., Ottawa, Canada.
