LANGUID

Many a schoolgirl is said to be lazy and shiftless when she doesn't deserve the least bit of it. She can't study, easily falls asleep, is nervous and tired all the time. And what can you expect? Her brain is being fed with impure blood and her whole system is suffering from poisoning.

Such girls are wonderfully helped and greatly changed, by taking

Ayer's Sarsaparilla

Hundreds of thousands of schoolgirls have taken it during the past 50 years. Many of these girls now have homes of their own. They remember what cured them, and now they give the same medicine to their own children. You can afford to trust a Sarsaparilla that has been tested for half a century.

A BABY.

Only a baby small dropt from the skies,
Only a laughing face, two sunny eyes,
Only two cherry lips, one chubby nose,
Only two little hands, ten little toes,
Only a golden head, curly and soft,
Only a tongue that wags loudly and oft,
Only a little brain empty of thought,
Only a little heart troubled with naught,
Only a tender flower sent us to rear,
Only a life to love while we are here,
Only a baby small, never at rest,
Small, but how dear to us God knoweth best.

JUST HOW THE STAIRS RAN.

A lawyer was cross-questioning an Irishwoman, the point under inquiry being the relative position of the doors, windows and so forth in a house in which a certain transaction was said to have occurred.

"And now, my good woman," the lawyer said, "will you be good enought to tell the court how the stairs run in your house?"

"How do the stairs run?" the witness replied, "Sure, whin I'm oppstairs they run down, and whin I'm downstairs they run upp."

Hundreds have testified to the good Petty's Pills have done them.

Colds ON THE Chest

are dangerous; they weaken the constitution, inflame the lungs, and often lead to Pneumonia. Cough syrups are useless. The system must be given strength and force to throw off the disease.

HIS OPPORTUNITY.

A bland and patronizing New Yorker was passing through a raw and new hamlet in the West, which its proud founders had dubbed B. City, and were sure would soon become a thriving hive of human beings. Addressing a lank youth, who was lounging at the door of one of the rude shanties they passed for a "shoe emporium," the New Yorker inquired sarcastically: "Who is that important-looking gentleman in the red flannel shirt?"

"That's Ham Peters," was the proud reply. "He's just opened the new post-office."

"And the tall person with no collar?"

"He's Long Mike. Just opened a grocery store."

"And the plump individual with the bald head?"

"Handy Jim. Owns the new hotel."

"Indeed?" said the New Yorker. "Your city seems to be pretty well started. I should suppose there was nothing left for a stranger like myself to open."

"Oh, I dunno!" drawled the lanky youth. "We ain't got no loonatic-asylum yet. You might start that."

YOUNG MEN KEEP YOUR RECORD.

These were the last words of the eloquent temperance lecturer, John B. Gough, spoken in the Presbyterian Church, Frankford, Pa., on the night of February 10, 1886, before he sank insensible into a chair, from which he was never able to rise. In the course of his lecture he said: "I have seven years in record of my own life when I was held in the iron grasp of intemperance. I would give the world to blot it out; but, alas! I cannot." Then stepping forward, with an impressive gesture, he added: "Young men, keep your record clean."

An impressive dying testimony from such an eventful life. It was through the severest struggles that Mr. Gough came out into liberty. "Whatsoever a man soweth, that shall he also reap."—*Exchange.*

JUST FOR FUN.

One of the boys was bragging of his manifold accomplishments, until one of the company at the round table lost patience, and said, in a gruff tone: "Now we've heard enough of what you can do. Come, tell us what there is you can't do, and I'll—undertake to do it myself." "Well," replied the student, with a yawn, "I can't pay my account here. So glad to find you're the man to do it."—*Collier's Weekly.*

HEALTH IN APRIL

Use the World's Greatest Spring Medicine.

PAINE'S CELERY COMPOUND

It is the One Remedy Gladly and Universally Recommended by the Ablest Doctors.

It is well known that almost every condition of winter life has been detrimental to the health of thousands of men and women.

The blood has become clogged and impure; the skin is unhealthy and muddy, showing eruptions and pimples; the eyes are dull and sunken; the nerves are unsteady; there is loss in weight, and stomach troubles, rheumatism and neuralgia make life a misery by day and night.

Paine's Celery Compound is the only spring medicine that the best physicians are now recommending, because no other remedy can so quickly bring new and vigorous health to the ailing, half-dead and brokendown.

Paine's Celery Compound cures disease by first purifying the blood and enriching and strengthening the nerves. It makes the weak strong; it regulates and invigorates the entire nervous system from the brain to the minutest nerve filament.

Seeing that the experience of tens of thousands has proven that Paine's Celery Compound is the greatest of all spring medicines—the one remedy that the world could not lose to-day at any price—it is foolish and suicidal to defer its use. One or two bottles used at this season will surely banish all symptoms of disease and fit you for the work and duties of spring and summer.

When you are buying Paine's Celery Compound see that you get the genuine with the name "Paine's" and the "Stalk of Celery" on the label; other compounds are frauds and deceptions.

He is the true hero and she is the true woman with whom the impulses of kindness are most powerful and by whom the call for help is not unheeded: and they are best fitted for usefulness who do not waste their sympathy in the fruitless pursuit of useless excitement.

That Cutting Acid—That Crisis from the stomach and almost strangles, is caused by fermentation of food in the stomach. It is a forestate of indigestion and dyspepsia, and if neglected it will develop into the chronic stage. Take one of Dr. Von Stan's Pineapple Tablets immediately after eating, and it will prevent this distress and aid digestion. 60 in a box, 35 cents. Sold by A. T. Brown.

Inquiring Child. "Father, there's a lot in this book about Othello. Who was Othello.

Mrs. Chas. P. Tamulr, Hope Town, P. Q., writes: "I used to be troubled with severe headaches and constipation, but Laxa-Liver Pills have cured me and I heartily recommend them to my friends."

It is little trouble to a graven image to be patient, even in fly-time.

Hagyard's Yellow Oil relieves pain, reduces swelling, takes out inflammation, cures rheumatism, croup and kidney complaint. Can be used externally or taken internally. Price 25c.

REDUCTION IN PRICE

Of Dr. Agnew's Catarrhal Powder

The price of *Dr. Agnew's* Catarrhal Powder has been reduced by the manufacturers from sixty cents to fifty cents per bottle. This remedy, which has been recommended as no other one in existence, by members of Parliament, ministers and educational men, can now be had of any druggist at fifty cents a bottle. It relieves in ten minutes, headache and all pain caused by colds or catarrh. It is delightful to use. It cures completely. Held by A. T. Brown.

"I saw Burdock Blood Bitters highly recommended, so got a bottle.

"I started taking it, and inside of two months I was as well as ever I was in my life.

"I cheerfully recommend B. B. B. as a splendid blood purifier and spring medicine."

PLEASURE'S PENALTY.

When the doctor gives one up, most people lose heart, but it was not this way with the young society woman in a western Ontario city who had contracted kidney trouble through lack of care in "wrapping up" after an evening's round of pleasure. She heard of South American Kidney Cure and placed her faith to it to cure her, and in an incredibly short time felt her health returning. Her suffering abated, and three months from the day her physician hinted her case was hopeless she presented herself to him a cured woman. Sold by A. T. Brown.

DOAN'S KIDNEY PILLS

TRADE MARK

In these days of imitations it is well for everyone to be careful what he buys. Especially is this necessary when a matter of health is involved.

There are so many imitations of Doan's Kidney Pills on the market—some of them absolutely worthless—that we ask you to be particular to see that the full name and the trade mark of the Maple Leaf are on every box you buy. Without this you are not getting the original Kidney Pill, which has cured so many severe cases of kidney complaint in the United States, Australia and England, as well as here in Canada. The Doan Kidney Pill Co., Toronto.

CANADIAN LOYALTY.

"I was ever in Canada, last week," remarked Mr. Edward Francis, manager of the Allan Line, to a representative of the Chicago British American, "and never in my life time have I seen such loyalty displayed. Why sir, when I was resident of the country we had Bible readings and prayers before breakfast, grace before dinner and prayers and Bible reading before retiring. All this changed now. Before breakfast the family assemble and sing "God Save the Queen," and in the middle of the night they will wake you up to tell you of the progress of the war in Africa. For luncheon we hear "Rule Britannia," and in the evening we have "The Soldiers of the Queen." Talk about patriotism: why, sir, every man and boy is clamouring to be permitted to go forward in defence of Queen and country."

LITERARY NOTES

"The Real Thrums of Barrie" is to be one of the features of the May *Ladies Home Journal.* It is a most charming picture of Mr. Barrie and his beloved Thrums, penned by Miss Mary H. Mullett, a writer whose profound admiration for the author led her on a pilgrimage to Thrums. She chatted of Barrie with his neighbors and with the prototypes of his characters in "A Window in Thrums," identified the scenes portrayed in that book, and caught a glimpse of the author himself. She writes of all these with a freshness and enthusiasm which bring Barrie and his home into realistic view, a picture full of spirit, atmosphere and action—literally a moving photograph of the people and place.

A Terrible Cough.

I had a terrible cough and cold, and not getting anything to help me, I tried Dr. Wood's Norway Pine Syrup, and am glad to say it cured me at once. Miss Carrie Bowman, Perkshun P. O., Ont.

An English judge, being asked how success was attained at the bar, replied: "Some succeed by great talent, some by the influence of friends, some by a miracle, but the majority by starting without a shilling." Necessity is a stern taskmaster, but an effective one.

Tested by Time.—In his justly-celebrated Pills Dr. Parmelee has given to the world one of the most unique medicines offered to the public in late years. Prepared to meet the want for a pill which could be taken without nausea, and that would purge without pain, it has met all requirements in that direction, and it is in general use not only because of these two qualities, but because it is known to possess alterative and curative powers which place it in the front ranks of medicines.

Fools will bite on anything, like a frog in a puddle. You can catch them and throw them back again as often as you please.

As an all-round family remedy, one that always should be in the house for an emergency, Dr. Petty's Pills discount anything in the market. They are so small a child can take them with ease; yet one's a dose.

Men often climb half-way up the ladder and stay there; but it is seldom they fall half-way down and stop short of the bottom.

That aching head can be instantly relieved by taking one of Milburn's Sterling Headache Powders. 1 powder 5c., 2 for 10c., 10 for 25c.

"I'll bet I know what's one white man's burden!" exclaimed the bad boy. "Bill!" exclaimed his elder sister indignantly, "if you don't stop peeking into the parlor, when Mr. Jones calls, I'll never give you the money to buy any more marbles."

PIMPLY FACES.

What a Bane—But Dr. Agnew's Ointment is a Sure Cure.

Chas. H. Lilly, 412 Luzerne Ave., West Pittson, Pa., writes: "I am a barber and meet many people troubled with pimples. I have tried many preparations claiming to cure such, and without success, until I used Dr. Agnew's Ointment. Within the last few weeks I have used it on very stubborn cases, and in each case it has made a cure; has cleaned off all the pimples and blotches, and left the skin clear and soft. It's the greatest skin remedy I've heard of and a boon to 'pimply faces.'" Sold by A. T. Brown.

Guest: Isn't your little boy rather nervous, Mrs. Bimm?

Mrs. Bimm: No; I think not.

Little boy: Yes; I am, ma; when people who come here stay too long it makes me wriggle around and kick my chair.

Free and easy expectoration immediately relieves and frees the throat and lungs from viscid phlegm, and a medicine that promotes this is the best medicine to use for coughs, colds, inflammation of the lungs and all affections of the throat and chest. This is precisely what Bickle's Anti-Consumptive Syrup is a specific for, and wherever used it has given unbounded satisfaction. Children like it because it is pleasant, adults like it because it cures the disease.

"Once in a while," said Uncle Eben, "a man compliments himself on his patience when he is simply too lazy to make a kick.

For a clear complexion, take Petty's Pills. They never fail to clear the skin. Thousand of ladies swear by them.

"Mamma" said little Bessie, just after attending services at church, "are people who sit in the middle aisles wickeder than those at the side?" certainly not, dear. Why?" "Because the preacher only preached to them.

A Boon to Horsemen.

English Spavin Liniment removes all hard, soft or calloused lumps or blemishes from horses, blood spavin, curbs, splints, ring bone, sweeny, stifles, sprains, sore and swollen throat, coughs, etc. The use of one bottle may make you $50. Warranted the most wonderful blemish cure ever known.

"How were you able," said the poor man to acquire such an immense fortune?" "By a very simple method," replied the wealthy citizen. "When I was poor I made out I was rich and when I got rich I made out I was poor.

Petty's Pills are small—mere mites—but one is a dose, and every dose counts. There are no blanks.

Revenge makes a hornet respectable, but it is dastardly in a man.

A Half Century Record.

Dr. Fowler's Extract of Wild Strawberry has now been in use for fifty years and there is nothing to equal it as a rapid and effective cure for bowel complaints of young or old.

TWO YEARS ABED.

Eight Years of Rheumatic Torment—South American Rheumatic Cure Drives Out the Torment in a Day.

Mrs. John Cook, of 207 Clinton street, Toronto, says: "For eight years I suffered as no one ever did with rheumatism. For two years I lay on my bed and could not do so much as feed myself—I was so helpless. The torture was indescribable. I doctored and tried every remedy I could hear of but received no lasting benefit. I am grateful for the day when a lady friend recommended South American Rheumatic Cure. After three doses I was able to sit up in bed. I continued its use, and to-day—look at me—I am as strong and active as ever in my life." Sold by A. T. Brown.

There are lots of people who never know anything until they run against it, and then they know too much.

Plain-living leads to high thinking.
Does your head ache? Take a Petty.
Does your back ache? Take a Petty.
Does your side ache? Take a Petty.
And do not take any other.

What are sins of omission? asked the glorified man, examining the Sunday-school. "They are sins you ought to have committed and haven't" answered one of the smaller children.

To Those of Sedentary Occupation.—Men who follow sedentary occupations, which deprive them of fresh air, are more prone to disorders of the liver and kidneys than those who lead active outdoor lives. The former will find in Parmelee's Vegetable Pills a restorative without question the most efficacious on the market. They are easily procurable, easily taken, act expeditiously, and they are surprisingly cheap considering their excellence.

The fox carries the bad news, while the turtle crawls with the good.

Your Weak Spot.

Perhaps it is in your throat or bronchial tubes. If you take cold easily, take Scott's Emulsion. It checks any tendency in your system to serious lung trouble.

Fame follows us to the grave, scratches a hasty epitaph on our tombstone, and then hurries away for the next man.

Dr. Petty's never fail to give relief and they cure if given an honest trial.

"I don't see you driving as much as I did," said Trivet to Dicer.

LAXA-LIVER PILLS

You can't be healthy if your bowels are constipated and your system clogged with poisonous material. There should be a natural movement every day, and the best way to secure it is to take Laxa-Liver Pills. The most obstinate cases yield to their action. They neither gripe, sicken nor weaken; are easy to take and prompt to act.

CURE CONSTIPATION

Dr. Wood's Norway Pine Syrup Heals and soothes the Lungs and cures Coughs and Colds of the worst kind after other remedies fail. Pleasant to take. Price 25c.

Face all things; even adversity is polite to a man's face.

There never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtained in a sound unadulterated state, a remedy for many and grievous ills. By its gradual judicious use, the frailest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondency and lack of interest in life is a disease, and, by tranquillizing the nerves, disposes to sound and refreshing sleep, imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite. Northrop & Lyman, of Toronto, have given to the public their Quinine Wine at the usual rate, and, gauged by the opinion of scientists, this wine approaches nearest perfection of any in the market. All druggists sell it.

TEACHERS' TROUBLES.

How Teachers May Prevent the Breakdown of the Nervous System which often Threatens.

The worry and work, the strain and anxiety of a teacher's life are such as to tell severely on the nervous system. Time and again teachers have had to give up good positions on account of run down health

and shattered nerves. To such we confidently recommend Milburn's Heart and Nerve Pills, and in doing so we are supported by the testimony of Mrs. Reilly, Colborne Street, Chatham, Ont., who made the following statement:—"Milburn's Heart and Nerve Pills are, beyond question, the best remedy for nervousness and all exhausted conditions of the system I know of. My daughter, as a result of over study and close application to her duties as school teacher, became much run down and debilitated and was very nervous. Two months ago she began taking Milburn's Heart and Nerve Pills. They acted quickly and effectually in her case, making her strong and building up her entire system." Milburn's Heart and Nerve Pills cure Palpitation, Nervousness, Sleeplessness, Anæmia, Female Troubles, After Effects of Grippe, Debility, or any condition arising from Disordered Nerves, Weak Heart or Watery Blood. Price 50c. a box.

Bob McCready.

"Above is a splendid portrait of Bob McCready, one of the best football players in Canada. He is a member of the Ottawa University team, and has been in all of its championship matches. He is a splendid specimen of robust Canadian manhood, but, strong as he is, he has known what it is to suffer from dyspepsia. So seriously afflicted was he at the opening of the past (1899) season, that he was not able to go out with his team. Pains in the back and sides, intermittent headache, and the awful pangs he suffered after eating, the result of an impaired digestion, caused him that he was in no condition to play football, the hardest of all games. Besides, he lacked the energy to carry him through a campaign. He consulted his physician, but that gentleman gave him no relief. "At this stage," he writes, "I was advised to try Dr. Petty's Pills, the new remedy that one of my friends assured me was wonderful in its effects. I was skeptical, but he sounded their praises so persistently that I was at length induced to try them. The very first dose drove the pain away, and at the end of a week I rejoined my team, and I have come through one of our hardest seasons in the best form that I have ever been in. Dr. Petty's Pills are alone to thank for my fine condition. They are the best medicine I have ever taken. They make one so strong and so full of energy. I, for one, shall never take any others when I feel in need of a strengthener." Such is the recommendation of this well-known athlete, and such will be the experience of everyone who tries this wonderful remedy.
