## Financing Productive Enterprise

A BANK is a medium for gathering together the idle funds of the Nation and employing them to meet the requiremens of productive enterprise. A Bank's service to the commuity is measured by the efficiency with which it performs this two-fold task. For more than Fifty Years the Standard Bank of Canada has been building an enviable reputation for sound management and for service to its depositors; and during that time it has taken care of every legitimate demand made upon its resources by productive industry.

BANKING FIFTY YEARS

THE STANDARD BANK OF CANADA

FLESHERTON BRANCH—C. T. Batty, *Manager*

Mr. Vamplew will open a barber shop over the Bank of Toronto, Feversham, on Saturday, June 5th. Patronage solicited.

## 265 Licenses Issued for Fishing in Eugenia Lake

From May 15th to Monday, May 31st, 265 fishing licenses were issued by Mr. W. E. Morgan of Eugenia, for fishing in the Eugenia basin. Large numbers of tourists have been taking part in the sport and so far the catches have not been up to expectations so far as quantity, but the size of the fish has been unquestionable. Speckled trout of two and a half pounds weight have been fairly numerous, but there is a noted absence of smaler fish being caught, which makes one think that the large fellows are exterminating their brethren. A large eighteen inch fish was caught last week off the main dam in deep water by the use of a fly, the first time we have heard of fish being caught in that place. The trout are certainly in the lake and it only awaits ideal fishing conditions in order to catch these finny monsters, which have been guarded by the Ontario government the past few years. It is confidently expected that this month will see some splendid fish being caught, but remember there are always bigger fish in the Eugenia lake than have yet been caught.

### WHY NOT IN FLESHERTON?

The businessmen of Shelburne and the farmers of the district petitioned the Shelburne banks to remain open Saturday afternoons, following the announcement that those institutions would close at noon on Saturdays As a result the banks will take Wednesday afternoon as their weekly half holiday, the same as the other business places, and remain open till 3 p.m. Saturday.

C — Mack Dupncan, D Whitehead, J. Down, C. McEachnie. Marion Milelr and Ted McTavish absent.

## Kimberley Won Debate

Kimberley and St. Johns' debating teams met in the second round of the Grey Competition at Vandeleur on Friday evening of last week. The subject, "Resolved That Women as a Rule, Are Better Citizens Than Men," was upheld by Flesherton, with Kimberley contesting the negative side. The Kimberley representatives were Misses Kathleen Hutchinson and Villa Ward, while Miss Dell Thurston and W. G. Akins, upheld St. Johns'. Miss Mildred Caswell, the regular member of the team, was absent, and Miss Thurston took her part on a few hours notice, thus forcing the team to work under a heavy handicap. An interesting argument however was presented, and some fine points were brought forward by both sides, with Kimberley winning the decision.

The judges were, Miss Bell and Mr. J. B. Nelson of Markdale, and Mr. Jos. Buchanan of Vandeleur, the negative receiving a 2—1 decision.

Kimberley now advances into the final round of this division, and will meet Markdale in the latter town on Thursday, June 17th if at all possible. The subject chosen is,"Resolved that Wealth is a Greater Source of Unhappiness than Poverty."

### LOCAL ITEMS

Big celebration at Kimberley this Thursday afternoon.

Mrs. E. White of Toronto and Mrs. H. Smith of Owen Sound were visitors in town on Tuesday.

Mr. and Mrs. Chas. Perigoe and little daughter of Detroit, motored over on Friday afternoon, returning on Monday. They were accompanied home by his sister and mother, Mrs. Albert Stewart and Mrs. I. Perigoe, who will remain for a few weeks.

A lovely shower of rain came on Tuesday and did an immense amount of good. The leaves are coming out now, and the apple, cherry, and plum blossoms will soon be showing in all their beautiful array.
