INDIGESTION

If you have it, you know it. You know all about the heavy feeling in the stomach, the formation of gas, the nausea, sick headache, and general weakness of the whole body.

You can't have it a week without your blood being impure and your nerves all exhausted. There's just one remedy for you—

Ayer's Sarsaparilla

There's nothing new about it. Your grandparents took it. 'Twas an old Sarsaparilla before other sarsaparillas were known. It made the word "Sarsaparilla" famous over the whole world.

There's no other sarsaparilla like it. In age and power to cure it's "The leader of them all."

$1.00 a bottle. All druggists.

Ayer's Pills cure constipation.

"After suffering terribly I was induced to try your Sarsaparilla. I took three bottles and now feel like a new man. I would advise all my fellow creatures to try this medicine, for it has stood the test of time and its curative power cannot be excelled." J. D. Goob, Jan. 30, 1900. Brownlown, Va.

THE SWEET THINGS ON EARTH.

I went to church on Easter morn,
And peace was in my heart;
I went to church to pray and sing
And do a Christian's part.

I heard the organ peal as if
"Twere all a dream; I heard
The preacher read his sermon, but
I can't recall a word.

I didn't sing a single note;
I knelt, but didn't pray;
The peace I had was gone, alas,
Before I came away!

I do not know the maiden's name
Nor what her thoughts may be;
All that I know is that she sat
Across the aisle from me.

I went to church on Easter morn
To raise my voice in praise—
Ah, why will women dress themselves
In such bewitching ways?

THE CRITIC AND THE NEW PLAY.

Mr. Weedon Grossmith tells a good story about a play by Mr. Robert Ganthony, which that gentleman asked him to read. Mr. Grossmith took the comedy, but lost it on his way home.

"Night after night," he says, "I would meet Ganthony, and he would ask me how I liked his play. It was awful; the perspiration used to come out on my forehead, as I'd say sometimes, 'I haven't had time to look at it yet!' or again, 'The first act was good, but I can't stop to explain, etc., must catch a train.' That play was the bane of my existence, and haunted me even in my dreams."

Some months passed, and Ganthony, who is a merry way, still pursued him without mercy. At last it occurred to Mr. Grossmith that he might have left it in the cab on the night it was given him. He went down to Scotland Yard and inquired.

"Oh! yes," was the reply. "Play marked with Mr. Ganthony's name, sent back to owner four months ago, as soon as found."

ROSE LEAVES INSTEAD OF RICE.

The opening of the door to permit the departure of a bride and groom has heretofore been the signal for a general pelting with rice—a Chinese custom conveying wishes for good health and prosperity. But this custom has been so abused with vulgarity, often producing injurious results, that it is being discarded at the weddings of careful people, and showering the bride with rose leaves or loose flowers has been instituted. These flowers are then again picked up and kept as souvenirs by the guests.—Mrs. Burton Kingsland in the *Ladies' Home Journal.*

Avoid popularity; it has many snares and no real benefit.—Penn.

Hagyard's Yellow Oil relieves pain, reduces swelling, takes out inflammation, cures rheumatism, croup and kidney complaint. Can be used externally or taken internally. Price 25c.

One ought to have a good memory when he has told a lie.—Fuller.

A Georgia colored preacher has more than one way of making sure that none of his parishioners let the collection plate pass unnoticed. "If I go to trial, will I have to sit here and listen while the lawyers ask hypothetical questions of the jurors?" "Certainly." "And then hear all the handwriting experts?" "Of course." "And follow the reasoning of the chemists and insanity experts?" "Very probably." "Well, Judge, your Honor, I'm ready to enter my plea." "What is it?" "Guilty." —Washington *Star.*

"IT IS RAINING"—THE DIFFERANCE.

Sunday morning in May: "It's raining," says the boy. "Guess I'll not go to Sunday School; I'll get wet; might take cold; have a bad cough, anyway. Then, there won't be many present anyhow—doubt if the teacher will be there. I'll just stay in and keep dry. Don't like to soil my clothes."

Monday morning in May: "It's raining," says the same boy. "Gee-whiz, what a day this will be for fishing! Hurry up breakfast, mother, while I dig bait, and I'll be off in a jiffy. You'll see what a string of fish I'll bring home this evening!"

"But, my son, you'll get wet, and might take cold; you know you cough a little at times as it is."

"Oh, I won't mind getting wet; that'll not hurt me, and that cough doesn't amount to anything. I'm so glad it rains, for then the fish are sure to bite."

GLAD SPRING TIDINGS.

Paine's Celery Compound Makes Sick People Well.

The Great Banisher of all Troubles Brought on by Careless Living.

The cities and towns of Canada in spring-time are full of people who are in a thoroughly worn out, "unstrung" nervous condition, brought on by careless and heedless living. Sleeplessness, irritability and despondency help to make the cup of wretchedness more complete.

This army of broken-down men and women should know that new and vigorous health depends on purified blood, regulated nerves, sound sleep and perfect digestion.

These happy conditions come only by the use of Paine's Celery Compound.

If any have thus far failed to get rid of nervous diseases, impure blood, kidney and liver troubles and dyspepsia it is because they have not used Paine's Celery Compound.

The past testimony of clergymen, lawyers, physicians, merchants and people of responsible positions who have been made well by Paine's Celery Compound, should induce every ailing man and woman to carry home a bottle of nature's life-giver, so that they may test it for their own satisfaction.

Do not allow any dealer to offer you a substitute. Insist upon getting "Paine's," the kind that "makes sick people well."

Nothing is more dangerous than a friend without discretion; even a prudent enemy is preferable.—La Fontaine.

Unequalled—Mr. Thos. Brunt, Tyendinaga, Ont., writes:—"I have to thank you for recommending Dr. Thomas' Eclectric Oil for bleeding piles. I was troubled with them for nearly fifteen years, and tried almost everything I could hear or think of. Some of them would give me temporary relief, but none would effect a cure. I have now been free from the distressing complaint for nearly eighteen months. I hope you will continue to recommend it.

Quackery gives birth to nothing.—Carlyle.

Ask your druggist for Patty's Pills. If he hasn't got them write us, enclosing the price, 50 cents, and we will supply you.

Friendship is too pure a pleasure for a mind cranker with ambition, or the lust of power and grandeur.—Junius.

Feverish From Worms.

Two of my little boys were troubled with worms. They would wake up in the night and vomit and through the day would sometimes be very feverish. I gave them Dr. Low's Worm Syrup and it completely cured them. Mrs. Wm. Marcel, Teeterville, Ont.

He that doth a base thing in seal for his friend, throws the golden thread that ties their hearts together.—Jeremy Taylor.

That aching head can be instantly relieved by taking one of Milburn's Sterling Headache Powders. 1 powder 5c., 8 for 10c., 10 for 25c.

The latest gospel in the world is—know thy work and do it.—Carlyle.

Holloway's Corn Cure is a specific for the removal of corns and warts. We have never heard of its failing to remove even the worst kind.

The extremes of human emotion are not so far apart as they seem.—Mrs. Craik.

Hagyard's Yellow Oil cures all pain in man or beast; for sprains, cuts, bruises, callous lumps, swellings, inflammation, rheumatism and neuralgia it is a specific.

The extension and perfection of friendship will constitute a great part of the future happiness of the blest.—H. Whately.

As an all-round family remedy, one that always should be in the house for an emergency, Dr. Petty's Pills discount anything in the market. They are so small a child can take them with ease; yet one's a dose.

"Wait! Put that dirty handkerchief out of sight, and use less grease on your hair in the future. Now you look a bit decent. You have a book on 'Etiquette and Deportment.' Very well, I don't want it. I am only the servant girl. Go up the steps to the front door, and talk with the lady of the house. She called me a down-right, out-right, no-doubt-about-it idiot this morning, and I think the book you're selling is just what she requires."

EASTER ITEMS.

The Easter breakfast table should show some special decoration suitable for day.

The Easter cards are all very elaborate this year. Those which were to be had a few years ago are no longer sold even by the smaller stores.

Some of the pretty Easter cards show downy chicks nestling in old straw hats, others driving eggshell traudems, rabbits and roosters gravely surveying the hidden possibilities of a basket of china eggs.

Economy is the lesson taught by this saying. It is true economy to take Hood's Sarsaparilla at this season because it purifies, enriches and vitalizes the blood and thus prevents sickness and puts the system in a state of health for the coming season. Every bottle of Hood's Sarsaparilla contains 100 doses—positive proof that it is economy to take only Hood's.

A Half Century Record.

Dr. Fowler's Extract of Wild Strawberry has now been in use for fifty years and there is nothing to equal it as a rapid and effective cure for bowel complaints of young or old.

Dickens began work regularly at five in the morning. He wrote an average of four pages at each sitting, and never revised a morning's work.

It may be only a trifling cold, but neglect it and it will fasten its fangs in your lungs and you will soon be carried to an untimely grave. In this country we have sudden changes and must expect to have coughs, and colds. We cannot avoid them, but we can effect a cure by using Bickle's Anti-Consumptive Syrup, the medicine that has never been known to fail in curing coughs, colds, bronchitis and all affections of the throat, lungs and chest.

Friends should be weighed, not told, who boasts to have won a multitude of friends has never had one.—Coleridge.

MR. J. D. ROBINSON,

DUNDAS, ONT.,

Gives His Honest Opinion of Milburn's Heart and Nerve Pills.

Mr. J. D. Robinson, a resident of Dundas, Ont., has found these pills to do all that is claimed for them and made the following statement of his case:

"Some time ago I obtained a box of Milburn's Heart and Nerve Pills, and I can now without hesitation say that they have been beneficial in relieving me of an obstinate and long standing complaint affecting my heart and nerves.

"I was troubled with sleeplessness, dizziness, palpitation and neuralgia for such a long time that I had really given up hope of a cure. Now, that others may learn of this virtues of this remedy, I give my unsolicited testimony.

"My honest opinion is that there is no cure so good for heart and nerve troubles as Milburn's Heart and Nerve Pills."

Milburn's Heart and Nerve Pills are 50c. a box or 3 for $1.25, at all druggists.

STRANDED NERVES.

Healthy Nerves Are the Corner Stone of Good Health—Take South American Nervine—It Does Everything it Promises.

La grippe has left many a "stranded" constitution, nervous wrecks, hopeless, despondent cases. South American Nervine is seeking them out—has gone to the fountain head of the trouble and is lifting many a prostrated one out of the darkness of disease into the noonday light of perfect health. A well-known Toronto lady wrote last week: "I was at death's door, and South American Nervine saved me." Sold by A. T. Brown.

We are all writing books—histories of our own lives, and we can omit nothing, soften nothing; only the naked truth can be marked on those pages.—H. W. Beecher.

A Sure Cure for Headache.—Bilious headache, to which women are more subject than men, becomes so acute in some subjects that they are utterly prostrated. The stomach refuses food, and there is a constant and distressing effort to free the stomach from bile which has become unduly secreted there. Parmelee's Vegetable Pills are a speedy alterative, and, in neutralizing the effects of the intruding bile relieves the pressure on the nerves, which cause the headache. Try them.

The superfluous foolscap in a fruit tree are meant to symbolize the large way in which God loves to do pleasant things.—H. W. Beecher.

Sciatica—That most intensely painful of diseases that defies doctors' treatment, can be promptly relieved and thoroughly cured by Milburns' Rheumatic Pills.

We are all taught by interest, and if the interest be not merely selfish, there is no wiser preceptor under heaven, and perhaps no sterner.—R. L. Stevenson.

WHEN DOCTOR SAYS, "HOPELESS,"

South American Kidney Cure Steps in and Cures Bright's Disease and Other Kidney Disorders.

It is really wonderful the number of so-called hopeless cases diagnosed so by the best physicians in the land, that have been radically cured by South American Kidney Cure. It goes directly to the seat of the trouble, dissolves and eradicates from the system every impurity that would clog these organs and prevent them performing their function. Thousands have written voluntarily to say "It has cured me." Sold by A. T. Brown.

That heart where self has found no place and raised no throne, is slow to recognize its ugly presence when it looks upon it.—Charles Dickens.

Those who are greedy of praise prove they are poor in merit.—Plutarch.

A LITTLE COLD LET RUN.

A little tickling in the throat—now and then a dry, hacking cough—"not bad enough to bother about you say."—

But every hack makes a breach in the system, strains the lungs and prepares the way for more serious trouble.

Would be wise for you to take Dr. Wood's Norway Pine Syrup now, before the lungs become permanently affected.

It is the most certain and satisfactory remedy for Coughs, Colds, Bronchitis, Croup, Hoarseness, Sore Throat and Whooping Cough.

Mrs. Geo. F. Foster, Lansdowne, N.B., has this to say: "I was taken suddenly with a cold which settled on my lungs. I had a terrible cough and I gave you a alarm. All the remedies I tried seemed of no use. I then started taking Dr. Wood's Norway Pine Syrup, which cured me so promptly that it was a pleasant surprise. I shall always keep it in the house during the winter season."

"You say the question is not whether he will marry her?" "Not if you wish to be technically correct. The question is whether she will let him escape."

A Boon to Horsemen.

"When we first came here," said a Dakota man to his visitor from the East, "our nearest neighbor was twelve miles away." "The land sake!" cried she, "who'd ye borrow from?"

There never was, and never will be, a universal panacea, or one remedy, for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtained in a sound unadulterated state, a remedy for many and grievous ills. By its gradual judicious use, the frailest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondence and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep, imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite. Nordheimer & Lyman, of Toronto, have given to the public their Quinine Wine at the usual rate, and, gauged by the opinion of scientists, this wine approaches nearest perfection of any the market. All druggists sell it.

A PRACTICAL JOKE.

An Irishman took a contract to dig a public well. When he had dug about 25 feet down, he came one morning and found it caved in—filled nearly to the top.

Pat looked cautiously around and saw that no one was near, then took off his hat and coat and hung them on the windlass, crawled into some bushes and waited events. In a short time the citizens discovered that the well had caved in, and seeing Pat's coat and hat on the windlass, they supposed he was at the bottom of the excavation.

Only a few hours of brisk digging cleared the loose earth from the well. Just as the eager citizens had reached the bottom and were wondering where the body was Pat came walking out of the bushes and good naturedly thanked them for relieving him of a sorry job.

Some of the tired diggers were disgusted but the joke was too good to allow of anything more than a hearty laugh which soon followed.—*London Answers.*

A DELIGHTED PLUMBER.

For Twelve Years Catarrh Was the Bane of His Life—Dr. Agnew's Catarrhal Powder Cured Him.

Mr. James Ormsby, a plumber, lives at 199 Jarvis street, Toronto. He says: "For nearly twelve years I have been troubled with catarrh; my nostrils were continually stopping up, and I suffered very much from headache. The doctors proclaimed it chronic catarrh. They could not give me any permanent relief. Dr. Agnew's Catarrhal Powder both relieved and cured me. I can recommend it with confidence." Sold by A. T. Brown.

Sleeplessness.—When the nerves are unstrung and the whole body given up to wretchedness, when the mind is filled with gloom and dismal forebodings, the result of derangement of the digestive organs, sleeplessness comes to add to the distress. If only the subject could sleep, there would be oblivion for a while and temporary relief. Parmelee's Vegetable Pills will not only induce sleep, but will act so beneficially that the subject will wake refreshed and restored to happiness.

Don't Chide the Children.

Don't scold the little ones if the bed is wet in the morning. It isn't the child's fault. It is suffering from a weakness of the kidneys and bladder, and weak kidneys need strengthening—that's all. You can't afford to risk delay. Neglect may entail a lifetime of suffering and misery.

DOAN'S KIDNEY PILLS

strengthen the kidneys and bladder, thus all trouble is at an end.

Mrs. E. Kidner, a Tamion, Ont., mother living at 499 Grey St., says:

"My little daughter, six years old, has had weak kidneys since birth. Last February I got a box of Doan's Kidney Pills at Strong's drug store. Since taking them she has had no more kidney trouble of any kind. I gladly make this statement because of the benefit my child has received from Doan's medicine."

Burdock Blood Bitters.

Suffered 11 Years. For over eleven years I suffered with Dyspepsia and tried everything I could think of, but was unable to get relief until I took Burdock Blood Bitters. I had only taken one bottle when I commenced to feel better, and after taking five or six bottles was entirely well, and have remained so ever since, and feel as though B.B.B. had saved my life.—Mrs. T. O. Joyce, Stanhope, P.Q.

Covered With Sores. My little boy, aged 10 years, was a complete mass of sores, caused, the doctor said, by bad blood. His head and body were entirely covered with sores, and we could find no cure. Finally I got a bottle of Burdock Blood Bitters, and before one-half the bottle was gone he began to improve, and by the time it was finished there was not a sore on him.

I used the B.B.B. as a wash as well as internally, and it seemed to give great relief as soon as it was put on.—Mrs. Philip Mitchell, St. Mary's, Ont.

Bob McCready.

Above is a splendid portrait of Bob McCready, one of the best football players in Canada. He is a member of the Ottawa University team, and has been in all of its championship matches. He is a splendid specimen of robust Canadian manhood, but, strong as he is, he has known what it is to suffer from dyspepsia. So seriously afflicted was he at the opening of the past (1899) season, that he was not able to go out with his team. Pains in the back and sides, intermittent headache, and the awful pangs he suffered after eating, the result of an impaired digestion, warned him that he was in no condition to play football, the hardest of all games. Besides, he lacked the energy to carry him through a campaign. He consulted his physician, but that gentleman gave him no relief. "At this stage," he writes, "I was advised to try Dr. Petty's Pills, the new remedy that one of my friends assured me was wonderful in its effects. I was skeptical, but he sounded their praises so persistently that I was at length induced to try them. The very first dose drove the pain away, and at the end of a week I rejoined my team, and I have come through one of our hardest seasons. In the best form that I have ever been in. Dr. Petty's Pills are alone to thank for my fine condition. They are the best medicine I have ever taken. They make one so strong and so full of energy. I, for one, shall never take any others when I feel in need of a strengthener." Such is the recommendation of this well known athlete, and such will be the experience of everyone who tries this wonderful remedy. If your druggist cannot supply you, write to us, enclosing price, 50 cents a bottle, six bottles for $2.25. Address The Dr. Petty Medicine Co., Ottawa, Canada.
