Financing Productive Enterprise

A BANK is a medium for gathering together the idle funds of the Nation and employing them to meet the requiremens of productive enterprise. A Bank's service to the commuity is measured by the efficiency with which it performs this two-fold task. For more than Fifty Years the Standard Bank of Canada has been building an enviable reputation for sound management and for service to its depositors; and during that time it has taken care of every legitimate demand made upon its resources by productive industry.

BANKING FIFTY YEARS

Mr. J. W. Ansley of St. Catherines, has been in town the past week, attending to the business of the Flesher estate.

While at Hanover, Rev. A. J. Preston delivered an address on Western Missions which was enthusiastically received.

Mr. and Mrs. W. G. Kennedy and little son and Mr. and Mrs. W. I. Henry motored to Dungannon on Sunday and visited relatives.

Dr. Fortune of Ayton was chosen at a Liberal convention held in Durham last week to lead the Liberal cause in the next Provincial election, against either a U.F.O. or Conserative candidates who are chosen.

Mr. and Mrs. J. D. McMillan and three children from Owen Sound, Mr. and Mrs. Albert Wellington from Wilsonville, Mr .and Mrs. Alex Cockburn and two children of Goderich were week end guests of Mr. and Mrs. Mark Wilson and family.

Miss Macphail,s Pictures

Another set of beautiful Rocky Mountain scenery will soon be distributed to various schools in the county by Miss A. C. Macphail M.P., and are at present at T. W. Findlay's furniture store here to be framed. Six of the pictures are similar to the ones given as prizes last fall to the school taking the highest average of points at the school fairs in the county, and the remainder are real large views that would make excellent school pictures. These views were prepared by the Department of the Interior of the Federal Government for advertising the wonderful scenery and beauty of the Canadian Rockies, in order to attract the tourist trade to Canada. Miss Macphail was fortunate to secure these pictures and we know that the schools which already have them value them very highly.

LOCAL AND PERSONAL

Mrs. H. Down and grandchildren, Florence and Betty are visiting the former's daughter Mrs. Poole, near Maxwell.

Mr. and Mrs. D. W. Adams and two children, Mrs. J. C. Adams and Mr. and Mrs. F. J. Thurston and two children visited in Meaford on Sunday.

Village Citizens Request Council to Lay the Dust

Have Purchased Grader to Keep Streets In Shape Costs $150.00

A deputation of the business men of the town met the village council on Monday evening in the council chamber and requested them to do something to eradicate the dust nuisance on the main streets during the summer months. Mr. Dan McTavish introduced the deputation and several of the business men voiced their disapproval of the way in which the streets are kept and for the clouds of dust that rise from passing automobiles. Mr. G. B. Welton said that in dry weather he was unable to raise the windows in the hotel or keep the doors open as the dust penetrated everywhere, and requested that something should be done to keep the dust down. Mr. Hickling also stated that the gravel used was not of sufficient density to unite with the hard road bed and it was all to be found in the ditches at present. Mr. Welton also thought that the approaching roads from the east and west are a disgrace to the town and stated that dragging should have been done earlier in the spring when the ruts in the road could be filled easier.

Mr. Inkster, chairman of the road committee stated here that a team could not be secured to do the work at an earlier date.

Mr. Findlay stated that in the past the present tank had been tried out and was found unsatisfactory on account of not having enough pressure behind the tank to spread the water satisfactorily. He had secured a new elbow and pipe which would be connected to the tank at once and tried out, the new length of pipe giving an extra drop of two feet. He gave figures and stated that the cost of oiling the streets would be prohibitive. He also said that a new preparation on the market, was being used extensively now and that it was giving good service. It is a flaky substance when spread on the road but in an hour or so the sun would melt it sufficiently that it would bind with the road and keep the dust down. Two applications would be needed during the summer; the last one only light. The Reeve assured the deputation that everything would be done to meet the wishes of the people and if the tank did not prove satisfactory other means would be used.

Mr. W. W. Trimble, as the representative of the citizens north of the Boyne river, stated that the sidewalk approaching the bridge was in a bad shape and requested the council to repair it or maybe an accident would result. The matter was referred to Mr. Stuart.

Mr. McLennan of the Canada Ingot Iron Co. of Guelph spoke in reference to the purchase of a road grader by the town, explaining the advantages of their No. 2 road grader.

An account was received from the Advance Printing Co., for 30.50 for printing and on a motion of Richardson and Findlay it as ordered to be paid.

The appropriation by the council for various purposes in the town were set as follows on a motion of Richardson seconded by Mr. Findlay: Sidewalk $200.00; Roads $150.00; Park, Fire and Property $100.00.

The Reeve stated that the County grant this year for roads will amount to $250..

Inkster — Stuart—That the Reeve is hereby authorized to sign a contract for lighting the park for six months.—Carried

Findlay—Richardson — That the account of the Fire Fiter Co. of $18 for fluid supplied be paid—Carried.

The purchase of the new road grader was thought advisable and even though the municipality owned an interest in the graders of the Township of Artemesia they were unable to secure them when needed. The township was willing to give the village a rebate of 10 per cent.

Inkster—Stuart—That this council purchase a No. 2 road grader, manufactured in Guelph, at a cost of $150 f.o.b. Flesherton.—Carried.

The Late Mrs. Blakely

After an illness extending over a period of exactly five months Hannah Margaret, beloved wife of Thomas A. Blakely, passed to her great reward at her home in Toronto on Monday morning of last week, May 31st. She suffered a stroke on December 31st, 1925, and was paralysed on one side but rallied considerably until three weeks ago, when she suffered another stroke and gradually sank until she passed away.

The late Mrs. Blakely was an ardent member of the Methodist church for years and was a regular attendant at the church here until she, along with her husband and family, moved to Toronto some nine years ago. She was born in Flesherton on November 9th, 1861, and was a daughter of the late Mr. and Mrs. Roger Lever and spent all her early life in this neighborhood. Forty-one years ago she was married to her now sorrowing husband, and to them were born seven children: Myrtle (Mrs. J. Miller) of Toronto; Elmo, Minneapolis, U.S.A.; Clifford of Harriston; Aleth at home; Pearl (Mrs. H. Stafford) of Toronto; and Gordon and Luella at home, who mourn the loss of a kind and loving mother, who made their interests her interests, and for whom she labored as a work of love.

A short service was held at her home at 490 Indian Grove Toronto, on Tuesday evening, June 1st(to which many old Flesherton friends attended to pay their last respects to one whom they had known with kind regard in years past. The funeral took place here on Wednesday, June 2nd, upon the arrival of the noon train from Toronto. Service was held in St. John's United Church where Rev. Jas. Dudgeon of Port Credit, a former well-loved pastor, preached the sermon, assisted by the present incumbent of St. John's church, Rev. W. R. Clements, and spoke on the subject of "Mother", making many kindly remarks on the high qualities of the deceased. Interment took place in the family plot. On account of the illness of several members of the family only three children were able to attend the funeral of their mother these being Cliford, Aleth, and Gordon. Besides her family the late Mrs. Blakely leaves to mourn three sisters and three brothers: James Lever, Markdale; Thomas and Jake, Flesherton; Mrs. J. C. Adams, Flesherton; Mrs. Geo. L. White, Aylmer, and Miss Agnes Lever of Toronto.

The many friends deeply sympathize with the sorrowing husband and family in their irreparable loss.

The floral tributes were very beautiful and were given as a token of their love and esteem, and were from the following: Gates Ajar from family and sister, Agnes; Wreaths, Mr. and Mrs. H. Staford and family and Mr. and Mrs. Geo. Johnston and Pearl; sprays, Mrs. J. C. Adams; Mr and Mrs. Johnson Little and family, Owen Sound; Mr. and Mrs. George McKee, Newbury; Misses K. and Irene McDonald Toronto; Mr. and Mrs. Jas. Adams, Toronto; Mr. and Mrs. W. Cronin, Toronto; Mr. and Mrs. E. Jenkins and Vera Lever, Toronto; Mr. and Mrs. F. L. Lever, Toronto; Messrs Kendal & Doherty, Toronto; Mrs. Bilton and Miss Rigby, Toronto; Mrs. Wright and family, Toronto; Mr. and Mrs. A. C. Nelson, Toronto; Mr. and Mrs. H. Day, Toronto; Miss E. Frame, Toronto; Miss Annie Howard, Toronto; Miss Reta Clementson, Toronto, Miss G. Gallye, Toronto; Mr. and Mrs. Cresswell, Toronto; Mr. and Mrs. Moon, Toronto; Mrs. Hay and family, Toronto; Mr. K. Block, Toronto; Mr. and Mrs. W. Ross, Georgetown.
