THE SUPERCILIOUS SEED.

A little seed lay in the ground,
And soon began to sprout;
"Now which of all the flowers around,"
It mused, "shall I come out?

The lily's face is fair and proud,
But just a trifle cold;
The rose, I think, is rather loud,
And, then, its fashion's old.

The violet is very well,
But not a flower I'd choose;
Nor yet the Canterbury bell—
I never cared for blues.

Petunias are by far too bright,
And vulgar flowers beside;
The primrose only blooms at night,
And peonies spread too wide."

And so it criticised each flower,
This supercilious seed,
Until it woke one summer hour,
And found itself a weed.

SCHNEIDER'S TOMATOES.

Schneider is very fond of tomatoes. Schneider has a friend in the country who raises "garden sass, and sich." Schneider had an invitation to visit his friend last week, and regale himself on his favorite vegetable. His friend Pfeiffer being busy negotiating with a city produce dealer, on his arrival, Schneider thought he would take a stroll in the garden, and see some of his favorites in their pristine beauty. We will let him tell the rest of the story in his own language.

"Vell, I valks abust—a liddle vhile roundt, vhen I sees some of does dermarters, vot vas so red und nice as I nefer dit see any more, und I dinks I ville put mineself outside about a goople-a-tozen, shut to geef mee a liddle abbedite vor dinner. A STORY FOR PAPA.

There is a moral in this little story of child life.

"Mamma," asked little three-year-old Freddie, "are we going to heaven some day?"

"Yes, dear, I hope so," was the reply.

"I wish papa could go, too," continued the little fellow.

"Well, and don't you think he will?" asked his mother.

"Oh, no," replied Freddie, "he could not leave his business!"

Colds ON THE Chest

are dangerous; they weaken the constitution, inflame the lungs; and often lead to Pneumonia. Cough syrups are useless. The system must be given strength and force to throw off the disease.

Scott's Emulsion

will do this. It strengthens the lungs and builds up the entire system. It conquers the inflammation, cures the cough, and prevents serious trouble.

50c. and $1.00, all druggists.

JUST FOR FUN.

"Harry," exclaimed the little boy's mother, "if you don't stop pulling that cat's tail I will pull your hair and give you a chance to see how you like it." Harry ceased for a moment, and then said: "Ma, please give me a quarter." "What for?" "I want to get my hair cut."—*Chicago Times-Herald.*

A visitor at Columbia, Mo., school the other day asked one of the lower grade classes this question: "What is the axis of the earth?" "An imaginary line passing from one pole to the other, on which the earth revolves," proudly answered one pupil. "Yes," said the examiner, well pleased, "and could you hang a bonnet on it?" "Yes, sir." "Indeed! And what kind of bonnet?" "An imaginary bonnet, sir." The visitor asked no more questions that day.

A clerk hurried into a lunch room in Washington, and called to the colored waiter: "Bring me a sandwich and a glass of milk!" The waiter quickly returned with the desired food. "My check, in a hurry!" the customer shouted. The waiter pulled forth pad and pencil, and began laboriously to inscribe weird characters on the paper. The customer called again impatiently for the bill. The waiter made a final effort, and handed the clerk the check, on which was written: "One piece pie." "Here," said the young man, "I didn't order pie" "I know, boss," replied the abashed waiter, "but pie and sandwich costs jes' the same, an' I can't spell sandwich."

HIS FIRST DUTY.

Jake saw an old acquaintance by the name of Amos on the street the other evening and accosted him:

"W'y Amos; whar you been so long I ain't seed you for a long time?"

"I'se been down the country fur two weeks to my brudder's house."

"Well can't you come down to my house to-night? I wants to hab a good long talk wid yo 'bout the p'literkil sicher-washun?"

"I'd be a mighty pleasure to do so Jake, but you see ole feller dese here' hog-killin' times and meat's lyin' round regardless of de perlitikil condishuns ob affairs, and of a bigger don't lay in some of dem perwisaums dese nights, he's gwine to smell de grabe-yard 'fore de next 'lection!"

"Den I'll skuse you till yore meat's all in!" said Jake.

"I am very much attached to you, Charles," said Amy. "Then you are very much like a fog-bell." "A fog-bell? How Charles?" "Why, don't you see, you are attached to a buoy."

Why will you allow a cough to lacerate your throat or lungs and run the risk of filling a consumptive's grave, when by the timely use of Bickle's Anti-Consumptive Syrup the pain can be allayed and the danger avoided. This Syrup is pleasant to the taste, and unsurpassed for relieving, healing and curing all affections of the throat and lungs, coughs, colds, bronchitis, etc.

A TORONTO CASE.

IN WHICH DR. ARNOLD'S ENGLISH TOXIN PILLS CURED LAME BACK.

Mr. P. Sheridan, Was the Sufferer—Doctors Failed to Help Him—Dr. Arnold's English Toxin Pills Cured Him Permanently.

We are all liable to meet with an accident any day, and the most dangerous consequences are apt to follow even a slight injury, especially to the back. A case in point is that of Mr. Peter Sheridan, 218 Richmond St., West, Toronto. Had it not been for Dr. Arnold's English Toxin Pills Mr. Sheridan might have been permanently crippled. Read his story:—

"Six years ago I sustained a severe injury to my back through a fall. I could not lift the least weight without pain, and my back ached all the time. Several physicians treated me, but as soon as I quit taking their medicine I would be as bad as ever. I also used various patent medicines, "Kidney cures," oils, liniments, etc., without the least benefit. I wore a truss for months, but it did no good.

Three months ago I was told of Dr. Arnold's English Toxin Pills, and purchased a box, which did me more genuine good than all the medicines I had previously taken. I have used in all five large boxes, and they have cured me absolutely. My back is as strong as ever, and I am in perfect health. I shall gladly answer all questions regarding my case."

This statement should prove to everyone suffering from lameness or weakness of the back that Dr. Arnold's English Toxin Pills are an unfailing and permanent cure for those complaints. If further proof is needed, a trial will furnish it.

Dr. Arnold's English Toxin Pills are sold by all druggists; large box 75c., or sent postpaid on receipt of price by The Arnold Chemical Co., Limited, Canada Life Building, 44 King Street West, Toronto.

"A lawyer's first duty," said the student, "is to see that justice is done; is it not professor?" "H'm, yes, "replied the professor, thoughtfully. "And it has been my experience that the lawyer that does her the oftenest always gets the largest fee."

Dr. FOWLER'S EXT-OF WILD STRAWBERRY

Is the oldest, simplest, safest and best remedy for the relief and cure of Diarrhoea, Dysentery, Cramps, Colic, Cholera, Cholera Morbus, Cholera Infantum, Summer Complaint, Canker of the Mouth or Stomach, and all fluxes of the bowels of infants or adults.

Refuse imitations, many of which are highly dangerous.

An Insinuation.—He—I make it a rule to never speak unless I know what I am talking about. She—Aren't you afraid of losing your voice from want of practice?

Chest Felt Raw.

"I caught a severe cold which made my chest feel raw and tight. I used Dr. Wood's Norway Pine Syrup which loosened the phlegm, healed the lungs and made me perfectly well." Neil McKay, Ripley, Ont.

Speak but little and well if you would be esteemed a man of merit.

We are spending thousands to make Petty's Pills known. Our money proves our faith. A trial will secure yours.

Whenever faith prays it holds out both hands to receive the answer.

Can Recommend It. Mr. Enos Bornberr, Tuscarora, writes: "I am pleased to say that Dr. Thomas' Eclectric Oil is all that you claim it to be, as we have been using it for years, both internally and externally, and have always received benefit from its use. It is our family medicine, and I take great pleasure in recommending it."

There are still some people in the Church who feel injured whenever the devil gets a backset.

Painful Periods.

—Women who suffer terrible pain every month can find ready relief by using Milburn's Sterling Headache Powders. They contain no morphine or opium, and leave no bad after effects. Price 10c. and 25c. Don't accept common headache powders, they'll surely disappoint.

A preacher who has a praying church behind him is a hard man to discourage.

MILBURN'S HEART AND NERVE PILLS

Milburn's Heart and Nerve Pills are just what every weak, nervous, run-down woman needs to make her strong and well.

They cure those feelings of smothering and sinking that come on at times, make the heart beat strong and regular, give sweet, refreshing sleep and banish headaches and nervousness. They infuse new life and energy into dispirited, health-shattered women, who have come to think there is no cure for them.

Read the words of encouragement in this letter from Mrs. Thos. Sommars, Clifton, New London, P.E.I.

"Last fall I was in a very serious condition suffering from nervousness and weakness, I got so bad at last that I could hardly move around, and despaired of ever getting well. Seeing Milburn's Heart and Nerve Pills highly recommended for such conditions I purchased a box.

"Before I had taken half of it I could notice an improvement in my condition and when I had used two boxes I was completely cured.

"It was wonderful how these pills took away that dreadful feeling of nervousness and gave me strength.

"I recommended them to my neighbor who was troubled with nervousness, and they cured her, too. We all think there is nothing equal to Milburn's Heart and Nerve Pills."

COULDN'T LACE HIS BOOTS.

Mr. P. L. Campbell, of Fortune Bridge, P.E.I., a great sufferer from pain in the back.

Doan's Kidney Pills completely and permanently cured him.

Mr. P. L. Campbell, the well-known general merchant of Fortune Bridge, P.E.I., was troubled with severe pains in his back and hips for over two years.

At length he became aware of the fact that backache was simply a symptom of kidney trouble and did not hesitate long in taking Doan's Kidney Pills, and was promptly and permanently cured.

Here is his statement: "I was in an awful state for two years with pains in my back and hips. Some mornings these pains were so severe that I couldn't stoop to lace my boots. I started taking Doan's Kidney Pills, and one box so completely cured me that I have been perfectly well for over a year now, and free from the least trace of pain."

"I am going to see," the young man said, and paused. The young girl gasped, "O, Harry-or-Mr. Timmid." She could not conceal the tears in her voice. Then he knew what he feared to ask in so many words. "I going to see,"—he repeated—"your father to night, if you will give me permission."

An End to Billous Headache.—Biliousness, which is caused by excessive bile in the stomach, has a marked effect upon the nerves, and and often manifests itself by severe headache. This is the most distressing headache one can have. There are headaches from cold, from fever, and from other causes, but the most excruciating of all is the bilious headache. Parmelee's Vegetable Pills will cure it—cure it almost immediately. It will disappear as soon as the Pills operate. There is nothing surer in the treatment of billous headache.

Independence in a woman does not mean bad manners.

Dr. Petty's never fail to give relief and they cure if given an honest trial.

No matter how many friends a person has there may come a time when he can rely on too few.

Hagyard's Yellow Oil cures sprains, bruises, sores, wounds, cuts, frostbites, chilblains and stings of insects, burns, scalds, contusions, etc. Price 25c.

It is no longer a puzzle as to who's got the button. Every smartly gowned woman can solve it.

Is there anything more annoying than having your corn stepped upon? Is there anything more delightful than getting rid of it? Holloway's Corn Cure will do it. Try it and be convinced.

Philosophy has been defined as that which enables a person to regard with resignation the misfortunes of others.

Does your head ache? Take a Petty.
Does your back ache? Take a Petty.
Does your side ache? Take a Petty.
And do not take any other.

There is little influence where there is not great sympathy.—S. I. Prime.

One Laxa-Liver Pill every night for thirty days makes a complete cure of billiousness and constipation. That is just 25 cents to be cured.

In every rank, both great and small, it is industry that supports us all.—Gay.

B.B.B. Cures Ringworm.

"I had ringworm on my head for nearly a year.

"I consulted three doctors but derived little or no benefit from their treatment.

"I then commenced to use Burdock Blood Bitters.

"Besides taking it internally I washed the affected parts with it and when the bottle was finished I was completely cured." Elsie Slaght, Teeterville, Ont.

Burdock Blood Bitters cures sores, ulcers, boils, pimples, eczema and all skin eruptions of the most chronic type. It makes the blood rich and pure, drives all foul material from the system and builds up the tissues of the body.

Greatness of any kind has no greater foe than the habit of drinking.—Walter Scott.

If you are a dyspeptic, take Petty's.
If your back aches, take Petty's.
If your head aches, take Petty's.
If you are nervous, take Petty's.
If you are weak, take Petty's.
Petty's will make the sick well.

He that is ungrateful has no guilt but one: all other crimes may pass for virtues in him.—Young.

A Boon to Horsemen.

English Spavin Liniment removes all hard, soft or calloused lumps or blemishes from horses, blood spavin, curbs, splints, ring bone, sweeny, stifles, sprains, sore and swollen throat, coughs, etc. The use of one bottle may make you $50. Warranted the most wonderful blemish cure ever known.

Doctor—Well, I consider the medical profession very badly treated. See how few monuments there are to famous doctors or surgeons. The Patient—Oh, doctor! look at our cemetery.

A Pleasant Medicine.—There are some pills which have no other purpose evidently than to beget painful internal disturbances in the patient, adding to his troubles and perplexities rather than diminishing them. One might as well swallow some corrosive material. Parmelee's Vegetable Pills have not the disagreeable and injurious property. They are easy to take, are not unpleasant to the taste, and their action is mild and soothing. A trial of them will prove this. They offer peace to the dyspeptic.

Imprudence is the constant companion of that monster, ingratitude.

Hundreds have testified to the good Petty's Pills have done them.

The banks continue to gain currency as fast as an unfounded rumor.

"It is expedient for you that I go away." He said this knowing that their spiritual natures would develop and grow in His bodily absence. A young girl whose mother left her for heaven, grew at once not only more spiritual in her own nature, but very desirous to carry out in every way her mother's will. She said: "My mother influences me more now than ever before, and she is more truly my friend and companion than ever before."—*Exchange.*

PAY AS YOU GO.

There are many good men with strictly honest intentions, who allow themselves to practice a certain species of selfish injustice so pernicious in its effects, that the injury they inflict upon society at large—but more especially upon their employees—is almost incalculable. We refer to men who are dilatory in paying their just debts—men who do not pay as they go—men, in short, who, for the sake of avoiding a little inconvenience to themselves, or making a little interest on their money, do not hesitate to inflict upon their unhappy victims an amount of misery, from the idea of which they would recoil with shame did they but pause to estimate its enormity. It is a great aggravation of this offence that the sufferers from it are usually the most needy and most hardworking members of the community. The dilatory paymaster to whom we refer would do well to ponder over St. Paul's wise counsel, "Owe no man anything," as well as upon John Randolph's pithy advice, "Pay as you go."

"Take Heed Will Surely Speed."

Be sure to heed the first symptoms of indigestion, nervousness and impure blood, and thus avoid chronic dyspepsia, nervous prostration and all the evils produced by bad blood. Hood's Sarsaparilla is your safeguard. It quickly sets the stomach right, strengthens and quiets the nerves, purifies, enriches and vitalizes the blood and keeps up the health tone.

Matrimony is usually the cure for the lovesick couple.

There never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtained in a sound unadulterated state, a remedy for many and grievous ills.—By its gradual judicious use, the frailest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondence and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep, imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite. Northrop & Lyman, of Toronto, have given to the public their Quinine Wine at the usual rate, and, gauged by the opinion of scientists, this wine approaches nearest perfection of any in the market. All druggists sell it.

What Arthur Meant.—Miss Gushington —Oh, papa, do you remember the meaning of different names? Now, William means good. I wonder what Arthur means? Papa, severely—I hope Arthur means business, Matilda.

Bob McCready.

Above is a splendid portrait of Bob McCready, one of the best football players in Canada. He is a member of the Ottawa University team, and has been in all of its championship matches. He is a splendid specimen of robust Canadian manhood, but, strong as he is, he has known what it is to suffer from dyspepsia. So seriously afflicted was he at the opening of the past (1899) season, that he was not able to go out with his team. Pains in the back and sides, intermittent headache, and the awful pangs he suffered after eating, the result of an impaired digestion, warned him that he was in no condition to play football, the hardest of all games. Besides, he lacked the energy to carry him through a campaign. He consulted his physician, but that gentleman gave him no relief. "At this stage," he writes, "I was advised to try Dr. Petty's Pills, the new remedy that one of my friends assured me was wonderful in its effects. I was skeptical, but he sounded their praises so persistently that I was at length induced to try them. The very first dose drove the pain away, and at the end of a week I rejoined my team, and I have come through one of our hardest seasons in the best form that I have ever been in. Dr. Petty's Pills are alone to thank for my fine condition. They are the best medicine I have ever taken. They make one so strong and so full of energy. I, for one, shall never take any others when I feel in need of a strengthener." Such is the recommendation of this well known athlete, and such will be the experience of everyone who tries this wonderful remedy. If your druggist cannot supply you, write to us, enclosing price 50 cents a bottle, six bottles for $2.50. Address The Dr. Petty Medicine Co., Ottawa, Canada.
