Five Teams Entering Centre Grey League

An executive meeting of the Centre Grey Baseball League was held at the Munshaw House on Monday evening last. Representatives were present from Markdale, Vandeleur, Kimberley, Dundalk and Flesherton, and the business of passing players, drawing up a schedule, and appointing umpires, was dealt with to the satisfaction of everyone present. The following delegates were present from each team.

Markdale—A. E. Colgan, H. White, and J. Noble.

Vandeleur — H. Graham, A. E. Buchanan and N. Genoe.

Kimberley — R. Ellis, R. Stafford.

Dundalk — F. McIntyre and Dr. Marshall.

Flesherton — S. E. deCudmore and W. G. Akins.

President W. E Turney was in charge of the meeting and Secretary H. Graham acted his office.

The business of passing play ers was dealt with and all names were passed with the exception of Alonzo Smith of Rocklyn, who was signed to play with Kimberley. This matter was held over for further investigation.

The following players were passed on the Flesheron list and are eligible to play the coming season: H. Betts, F. Betts, C. Betts, F. J. Thurston, H. Major, C. S McTavish, G. A. McTavish, W. G. Akins, K. Boyd, R. Kitchen, J. Parks, T.McDonald, J. Nuhn, H. McMullen, R. Boyd, L. Wauchope, G. Wauchope, J. White, J. Neilson, H. Richardson, A. Sparks, L. Alcox, H. McQuillan, Roy Piper, Harry Pedlar, A. C. Muir, J. McLeod.

The schedule given below was adopted and should produce a good brand of baseball with all teams having their chance at gaining the coveted silverware.

It was decided to use local umpires with the exception of the final games and the following were appointed by the executive and will be allotted their duties by the president.

UMPIRES

Vandeleur—A. E. Buchanan,, E. Warling, R. Freeman.

Local Teams Break Even At Kimberley Field Day

The local Centre Grey team played Kimberley at the latter's 3rd of June celebration, and were able to come home with the long end of a 9—8 score. Kitchen did the hurling for the champions, and was seldom in trouble although seevral double plays made matters easy at times. E. Ellis portsided the slants for the Kimberley hopefuls and worked well all the way, retiring the side for four innings with only two men reaching first. Stafford's homer in the 7th inning with three men on the paths was the feature clout of the day and brought Kimberley within a run of tying up the game. Both clubs made use of the opportunity of trying out new players, and both showed that they have no lack of good material to make use of in the long grind to come.

The teams meet aagin this Thursday at the Agricultural Celebration and a real battle should result beteen these two good teams.

The local Ladies' Softball team met defeat at the hands of Kimberley on Thursday last, when they were down the odd run of an 18—17 score. The game was very interesting and both teams gave a creditable display of their favourite game. Kimberley girls are young in years, but mature in understanding and displayed considerable improvement over last year. The local, however, are out to win on Thursday, and the return game should be a treat.

Some Concrete Examples

Evidence of the quick work an Advance Small Advt. will do came to our attention last week when Mr. G. B. Welton advertised for a piece of steel lost from the radiator of his Studebaker car. The paper came out on Wednesday noon, and by six o'clock that evening Mr. Welton had word of the missing band . Another case was of a cap being found in a garage in town, an advt. as inserted, and the owner turned up the day of publication. Mr. Robt Vause advertised young pigs for sale and they were all taken three days after the paper appeared. This all shows that the small advertisements are widely read and a quicker medium for disposing or buying stock could not be found.

Fine Mode of Travel

A holiday party from Brampton spent the 3rd of June at Eugenia, and motored through Flesherton on their way out. They travelled in four touring cars and one of the huge passenger motor cars which are used between Brampton and Toronto and on other highways leading into the Queen city. The busses are of an immense construction and thirty passengers can be seated in comfort. During the past few years there have been immense strides in motor bus construction and the result is a large roomy, and confortable mode of travel.

LOCAL AND PERSONAL

A government order has been issued in Angora prohibiting the sale of spirituous beverages. The fiery liquids may have destroyed the natives' thirst for goats' milk.

The Dundalk Herald tells of a farmer who pulled 30 cars out of a mud hole in one day at $2 a throw. Just imagine asking a man like that to sign a petition for a good roads system.

Should turkey's be employed to fight the grasshopper pest their blood would be on their own heads. When the bird waxed fat on a hopper diet they would be guillotined to make a holiday feast.

We are pleased to congratulate Mr. George C. Mitchell on passing his examinations at the University of Toronto in political science. George took the honor course and is now an honor graduate of the University. He has taken an excellent position in Toronto, and his many friends here wish him continued success in his profession.

The following attended the fourth birthday party of the L. O. B. A. at Owen Sound on Monday evening. Mr. W. A. Hawken, Mesdames Hawken, Crossley, T. Fisher, E. Best, Mr. T. Bentham, Mesdames G. Warling, W. Stewart, W. R. Clements, Miss Nicholson, Misses G. Lever, Rose Dawson, Mrs. R. Down and Mrs. Tremp. A fine musical programme, also recitations were given, which was much enjoyed. Four candles burned on the birthday cake. A lunch was served at the close; and a pleasant evening was spent, so the pleasure seekers did not mind the drive home through the rain.

Working on Gravel Road

Construction work on the Collingwood gravel road from hte townline, Artemesia and Osprey east to Maxwell commenced recently with Road contractor Thos. Nichol of Priceville in charge of the work. The road has been surveyed as far as Maxwell and Mr. Nichol hopes to construct the road to a point beyond the Feversham sideroad.

Government Control

Recently five men died at Lauzon, Quebec, as a result of drinking "of Moon-shine whiskey." Over in Quebec the liquor traffic is under what is known as Government Control. And there are those who recommend it on the ground that it will put a stop to the moonshine business and to the bootlegger.
