There is nothing so bad for a cough as coughing. It tears the tendermembrane of the throat and lungs, and the wounds thus made attract the germs of consumption. Stop your cough by using the family remedy that has been curing coughs and colds of every kind for over sixty years. You can't afford to be without it.

Ayer's Cherry Pectoral

loosens the grasp of your cough. The congestion of the throat and lungs is removed; all inflammation is subdued; and the cough drops away.

Three sizes: the one dollar size is the cheapest to keep on hand; the 50c. size for coughs you have had for some time; the 25c. size for an ordinary cold.

"For 15 years I had a very bad cough. The doctors and everybody else thought I had a true case of consumption. Then I tried Ayer's Cherry Pectoral and it only took a bottle and a half to cure me."

"LUCK."

The boy who's always wishing
That this or that might be,
Not never tries his mettle,
Is the boy that's bound to see
His plans all come to failure,
His hopes end in defeat;
For that's what comes when wishing
And working fail to meet.

The boy who wishes this thing
Or that thing with a will,
That spurs him on to action,
And keeps him trying still,
When effort meets with failure,
"Will some day surely win;"
For he works out what he wishes,
And that's where "luck" comes in.

The "luck" that I believe in
Is that which comes with work,
And no one ever finds it
Who's content to wish and shirk.
The man the world calls "lucky"
Will tell you, every one,
That success comes not by wishing,
But by hard work, bravely done.

Paint Your Cheeks—

Not with paint on the outside that is easily washed off. Put the color on from within. Scott's Emulsion fills the cheeks with rich, red blood. It has color that stays too.

The shorter the wit the longer the word.

For a clear complexion, take Petty's Pills. They never fail to clear the skin. Thousand of ladies swear by them.

If you shoot one bird you scare the whole flock.

There is danger in neglecting a cold. Many who have died of consumption dated their troubles from exposure, followed by a cold which settled on their lungs, and in a short time they were beyond the skill of the best physician. Had they used Bickle's Anti-Consumptive Syrup, before it was too late, their lives would have been spared. This medicine has no equal for curing coughs, colds and all affections of the throat and lungs.

A hole in the purse, and the cupboard the worse.

Hundreds have testified to the good Petty's Pills have done them.

If you give me a knife, give me a fork, too.

Pill Sense.—It stands to reason that Dr. Agnew's Little Liver Pills will crowd out of the market many of the nauseous old-timers. A better medicine at less than half the price is all the argument needed to keep the demand what it has been—phenomenal—40 doses 10 cents.—They cure Sick Headache, Biliousness, and allay all stomach irritations.—5

It is wonderful how heavy a fellow can sit on two girl's laps in a buggy.

Hagyard's Yellow Oil is a good remedy for man or beast. It reduces swellings, allays inflammation, takes out pain, and cures cuts, burns, bruises, sprains, quinsy, sore throat, etc. Price 25c.

Ask your druggist for Petty's Pills. If he hasn't got them write us, enclosing the price, 50 cents, and we will supply you.

Worms cannot exist either in children or adults when Dr. Low's Worm Syrup is used. 25c. All dealers.

Saw off any branch but that you are sitting on.

ARE THE

children growing nicely? Stronger each month? A trifle heavier? Or is one of them growing the other way? Growing weaker, growing thinner, growing paler? If so, you should try

Scott's Emulsion.

It's both food and medicine. It corrects disease. It makes delicate children grow in the right way—taller, stronger, heavier, healthier.

50c. and $1.00, all druggists.

"Twelve hundred and sixty-four."

"Seven hundred and sixty-four?"

"No; twelve hundred and sixty-four—one thousand two hundred and sixty-four."

"I can't give you two numbers at once. Which do you want first?"

"I was giving you the same number two different ways."

"A little louder, please. I can't quite make you out."

"I said I was giving you the same number two different ways."

"O yes; well, what number do you want?"

"Twelve hundered and sixty-four."

"Suppose you give me each figure separately, like one, two, three, for instance."

"All right. One, two, three, four, five, six, seven, eight, nine, ten, eleven, twelve. Got that?"

"Yes."

"One, two, three, four, five, six. Got that?"

"Yes."

"One, two, three, four. Got that?"

"Yes. You want twelve, six, four, do you?"

"Yes, I understand. Twelve sixty-four is busy now. Ring off, please."—*Epworth Herald.*

NO NEED TO WORRY.

She handed the cheque to the paying teller. She was calm and collected, as if it were an everyday matter.

"Madam," said the teller, gently, "you have for gotten to endorse it."

"Indorse it?" with a little worried smile.

"Yes"; you must write your name on the back here to show that you will repay this bank in case the issuer of this cheque should fail to answer our call.

"Oh," she said, accepting the pen.

When the teller looked at the cheque again, this is what he read:

"The—bank has always paid up what it owes, and you will need have no worry. Therefore I indorse this cheque. Very truly yours, Mrs. J. B. Blanks."

The teller fell over into the vault.—Syracuse *"Herald."*

SLEEPLESSNESS—MOST COMMON AMONG WOMEN.

The Trouble is Easily Controlled.

Paine's Celery Compound Produces Prompt and Permanent Cures.

When women are afflicted with sleeplessness and the many ills arising therefrom, they should be aware of the fact that they can, by their own efforts, control and banish all troubles.

By the use of Paine's Celery Compound the impure blood that undermines the stomach and the nervous system can be purified and enriched and the number of red corpuscles increased. Sleeplessness that causes much of the nervous prostration among women is a trouble that Paine's Celery Compound never fails to cure.

Paine's Celery Compound by its well known nourishing powers enables the nerves to get back their control over the circulation, so that the blood supply becomes greatest where it is most needed, as in the stomach after eating, and least where its presence can only do harm, as in the brain when sleep is needful.

If wearied, worried, weak and nervous women desire full health and a happy life, we urge them to give Paine's Celery Compound a fair and honest trial. Paine's Celery Compound has a marvellous record of rapid and permanent cures that embraces every city, town and village in our broad Dominion. No other medicine is so frequently prescribed by our best physicians; no other can so surely meet the ailments of afflicted women.

The people who pretend to know the most about human nature, frequently know the least.

Faulty Kidneys.—Have you backache? Do you feel drowsy? Do your limbs feel heavy? Have you frequent headaches? Have you failing vision? Have you dizzy feeling? Are you depressed? Is your skin dry? Have you a tired feeling? Any of these signs prove kidney disease. Experience has proved that South American Kidney Cure never fails.—6

A man who will drink out of a hydrant next to a stand selling lemonade at two glasses for a nickel, must have a good deal of nerve.

Dr. Petty's never fail to give relief and they cure if given an honest trial.

A big woman driving the horses with her husband sitting by her side makes him look awfully henpecked.

Sure Regulators. — Mandrake and Dandelion are known to exert a powerful influence on the liver and kidneys, restoring them to healthful action, inducing a regular flow of the secretions and imparting to the organs a complete power to perform their functions. These valuable ingredients enter into the composition of Parmelee's Vegetable Pills, and serve to render them the agreeable and salutary medicine they are. There are few pills so effective as they are in there action.

One cock is sure to crow if he hears another.

"I have tried Laxa-Liver Pills, and find them an excellent medicine for indigestion and biliousness. J. McCallum, Stouffville, Ont."

The fellow who thinks you have been sitting around waiting for him to bring you a job, is not much benefit when he comes.

Two Years Abed.—"For eight years I suffered as no one ever did with rheumatism; for two years I lay in bed; could not so much as feed myself. A friend recommended South American Rheumatic Cure. After three doses I could sit up. To-day I am as strong as ever I was."—Mrs. John Cook, 287 Clinton street, Toronto.—4

Sore Throat.

Mr. Chas. Johnson, Bear River, N. S., says: "I was troubled with hoarseness and sore throat and after taking three bottles of Dr. Wood's Norway Pine Syrup I was entirely cured.

As long as the doctor wears home-laundried shirts, it is not probable that he has a very big practice.

Liver troubles, biliousness, sallow complexion, yellow eyes, jaundice, etc., yield to the curative powers of Laxa-Liver Pills. They are sure to cure.

The fuller the hand, the harder to hold.

We are spending thousands to make Petty's Pills known. Our money proves our faith. A trial will secure yours.

No man can help hearing a lot of fool talk.

The Public should bear in mind that Dr. Thomas' Eclectric Oil has nothing in common with the impure, deteriorating class of so-called medicinal oils. It is eminently pure and really efficacious—relieving pain and lameness, stiffness of the joints and muscles, and sores or hurts, besides being an excellent specific for rheumatism, coughs and bronchial complaints.

Broke the dog, but beware of his bite.

MILBURN'S HEART AND NERVE PILLS FOR WEAK PEOPLE

These pills are a specific for all diseases arising from disordered nerves, weak heart or watery blood.

They cure palpitation, dizziness, smothering, faint and weak spells, shortness of breath, swelling of feet and ankles, nervousness, sleeplessness, anæmia, hysteria, St. Vitus' dance, partial paralysis, brain fag, female complaints, general debility, and lack of vitality. Price 50c. a box.

The biggest sign does not always advertise the biggest business.

If you can't sleep on account of a raging toothache, Dr. Low's Toothache Gum will stop the ache and give you ease. Price 10c., all medicine dealers.

Even intelligent men will tell stories that are too long.

Catarrh for twenty years and cured in a few days.—Hon. George James, of Scranton, Pa., says: "I have been a martyr to Catarrh for twenty years, constant hawking, dropping in the throat and pain in the head, very offensive breath. I tried Dr. Agnew's Catarrhal Powder. The first application gave instant relief. After using a few bottles I was cured. 50 cents.—1

We notice that it is not the biggest bush that raises the prettiest flowers.

Impurities in the blood.—When the action of the kidneys becomes impaired, impurities in the blood are almost sure to follow, and general derangement of the system ensues. Parmelee's Vegetable Pills will regulate the kidneys, so that they will maintain healthy action and prevent the complications which certainly come when there is derangement of these delicate organs.

An unsung hero is one who helps a girl into the buggy for another fellow to take riding.

Bob McCready.

Above is a splendid portrait of Bob McCready, one of the best football players in Canada. He is a member of the Ottawa University team, and has been in all of its championship matches. He is a splendid specimen of robust Canadian manhood, but, strong as he is, he has known what it is to suffer from dyspepsia. So seriously afflicted was he at the opening of the past (1899) season, that he was not able to go out with his team. Pains in the back and sides, intermittent headache, and the awful pangs he suffered after eating, the result of an impaired digestion, warned him that he was in no condition to play football, the hardest of all games. Besides, he lacked the energy to carry him through a season's play. He consulted his physician, but that gentleman gave him no relief. At this stage," he writes, "I was advised to try Dr. Petty's Pills, the new remedy that one of my friends assured me was wonderful in its effects. I was sceptical, but he sounded their praises so persistently that I was at length induced to try them. The very first dose drove the pain away, and at the end of a week I rejoined my team, and I have come through one of our hardest seasons in the best form that I have ever been in. Dr. Petty's Pills are alone to thank for my fine condition. They are the best medicine I have ever taken. They make one so strong and so full of energy. I, for one, shall never take any others when I feel in need of a strengthener." Such is the testimonial of this well known athlete, and such will be the experience of everyone who tries this wonderful remedy. If your druggist cannot supply you, write to us, enclosing price 50 cents a bottle, six bottles for $2.50. Address The Dr. Petty Medicine Co., Ottawa, Canada.

Burdock Blood Bitters.

CURES SCROFULA. Mrs. James Carr, Umfraville, Hastings Co., Ont., says: "My little boy, two and a half years old, was in a terrible condition and suffered a great deal from scrofulous sores. My husband bought a bottle of Burdock Blood Bitters for him and gave it to him, and by the time he had finished the second bottle there was not a sore to be seen. On account of this wonderful cure I can honestly recommend B.B.B. to all who suffer from any disease arising from bad blood."

CURES BOILS. Mr. Oliver J. Murray, Charlottetown, P.E.I., writes as follows: "About six months ago I was troubled with painful boils, for which I could get nothing to cure me. As a last resort I tried Burdock Blood Bitters. One bottle completely rid me of boils, and my health was never better than at present.

There never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtained in a sound unadulterated state, a remedy for many and grievous ills. By its gradual judicious use, the frailest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondence and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep, imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy natural functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite. Northrop & Lyman, of Toronto, have given to the public their Quinine Wine at the usual rate, and, gauged by the opinion of scientists, this wine approaches nearest perfection of any in the market. All druggists sell it.

BAREFOOT CHILDREN.

It was no unusual thing this summer to meet the "barefoot" boy at every turn among the smart set. Master Millionaire has discarded shoes and stockings for the hot weather and tradges through country grass and over sea-shore sand in the full blissfulness of barefootedness.

This is an encroachment on the custom which has prevailed in the South for many years. There the children of the best families run unshod all through the summer. Far from making their feet large and unsightly, as some have supposed, this freedom from footwear allows a natural development and prevents troubles of the feet. One tall and graceful Southern woman, who never knew a summer in shoes until she was half-grown, wears now a double A, a size which anyone might envy, for few feet are narrow enough to carry it.

The healthfulness of this new fad is undoubtable. The principles of air baths are contained in it, all the foundations of physical culture are its footholds. A critical physician has lately declared that infants ought not to be burdened with any clothing at all for a time, so that their bodies could absorb all the oxygen possible. The bare-footed child in summer is a grown-up edition of this scheme. The novelty of it attracts children at once, the freedom of it holds them, and its healthfulness recommends it as a delightful experiment.—Philadelphia *Press.*

ABOUT READY TO SETTLE DOWN.

"That old man goin' by," said the landlord of the tavern at Yaphank to the summer man, indicating with a jerk of his thumb a bent and time-worn figure that was doddering down the village street, "is Uncle Zimri Tarpy. He's lived here all his life—'Most eighty-six years."

"He's!" commented the city man, with mild facetiousness. "He must like it here pretty well by this time?"

"Oh, yes. He says he guesses he'll make this village his permanent residence."—*Smart Set.*

A modern weapon in the battle for health.—If disease has taken your citadel of health, the stomach, and is torturing you with indigestion, dyspepsia and nervous prostration, South American Nervine is the weapon to drive the enemy from his stronghold "at the point of the bayonet," trench by trench, but swift and sure, it always wins.—4

It is fun to hear two girls from the same town each tell how the other one does not go in the best society when at home.

When Travelling

Always take with you a bottle of Dr. Fowler's Extract of Wild Strawberry.

The change of food and water to which those who travel are subject, often produces an attack of diarrhœa, which is as unpleasant and discomforting as it may be dangerous.

A bottle of Dr. Fowler's Extract of Wild Strawberry in your grip is a guarantee of safety.

On the first indication of Cramps, Colic, Diarrhœa or Dysentery, a few doses will promptly check the further advance of these diseases.

As Dr. Fowler's Extract of Wild Strawberry is being widely and shamelessly imitated, your safety lies in seeing that the full name is on every bottle you buy.

Every ball must ring its own tone.

Headache All Gone.

Mrs. Melbourne Parker, Torbrook, N. S., writes: "I have used Milburn's Sterling Headache Powders, and after taking one or two feel better at once, and was able to get up and go on with my work." Price 10c. and 25c., all dealers.

If you break your bowl you lose your broth.

"Thought it meant death sure."—Mrs. James McKim, of Dunville, Ont., says of her almost miraculous cure from heart disease by Dr. Agnew's Cure for the Heart: "Until I began taking this remedy I despaired of my life. I had heart failure and extreme prostration. One dose gave me quick relief and one bottle cured me. The sufferings of years were dispelled like magic."—3

A Toronto Dressmaker has Found a Positive Cure and Gladly Tells About it.

Those who follow the arduous occupation of dress making or sewing have troubles of their own.

Running sewing machines all day long, bending over work that requires the greatest of care, these are the things that have made many a woman exclaim, "every time I take a stitch with my needle it seems as though I am piercing my own back."

But those who suffer from backache, headache, pain in the side or any derangement of the kidneys will be glad to know that there is a remedy that never fails even in the worst cases.

It is Doan's Kidney Pills.

Mrs. D. Coyler, the well-known dressmaker, 224 Bathurst St., Toronto, Ont., gave the following statement of her experience with it:—

"For some time I suffered a good deal from weak back, a tired feeling, and pains and aches in various parts of my body. Since I have used Doan's Kidney Pills the pains have left me; my back has got stronger and the kidney troubles have been corrected.

"That tired, dull, drowsy feeling that used to come on me has now gone, and I am happy to say I have not felt so well in years as at present."
