ON GUARD

The warning cough is the faithful sentinel. It tells of the approach of consumption, which has killed more people than war and pestilence combined. It tells of painful chests, sore lungs, weak throats, bronchitis, and pneumonia. Do not suffer another day. It's useless, for there's a prompt and safe cure. It is

Ayer's Cherry Pectoral

which cures fresh colds and coughs in a single night and masters chronic coughs and bronchitis in a short time. Consumption is surely and certainly prevented, and cured, too, if taken in time.

A 25c. bottle for a fresh cold; 50c. size for older colds; $1 size for chronic coughs and consumption.

"I always keep a bottle of Ayer's Cherry Pectoral on hand. Then every time I get cold I take a little of it and I am better at once."

OUR DUTY.

Do you think none have known not yourself all the pain
Of hopes that retreat and regrets that remain
And all the wide distance fate fixes, no doubt,
'Twixt the life that's within and the life that's without?
Which one of us finds the world just as he likes?
Or gets what he wants when he wants it? Or strikes
Without missing the thing that he strikes at the first?
God means us all to be happy, be sure—
He sends us no sorrows that have not some cure.
Our duty down here is to do, not to know.
Live as though life were earnest, and life will be so.

POTATOES.

Potatoes as a food vary in value according to the way they are cooked. Roasted they are in the best form for eating. Peasants eat potatoes together with milk and are correct in principle, as the milk furnishes the elements lacking in the tubers.

Starving Children.

Thousands of well-fed children are starving, simply because their food is not of the right kind. They are thin, pale, and delicate. Scott's Emulsion will change all this. It gives vim and vigor, flesh and force.

The man who refuses to forgive others should be very careful to do nothing that needs forgiveness.

We are spending thousands to make Petty's Pills known. Our money proves our faith. A trial will secure yours.

Better find iron than mine silver.

The great lung healer is found in that excellent medicine Bickle's Anti-Consumptive Syrup. It soothes and diminishes the sensibility of the membranes of the throat and air passages, and is a sovereign remedy for all coughs, colds, hoarseness, pain or soreness in the chest, bronchitis, etc. It has cured many who were far advanced in consumption.

There is little comfort for the ordinary man in what is called "the immortality of the race," if he is required at the same time to surrender his hope of personal immortality.

As an all-round family remedy, one that always should be in the house for an emergency, Dr. Petty's Pills discount anything in the market. They are so small a child can take them with ease yet one's a dose.

He deserves no good who can bear no ill. He's worth gold that can gain it.

Dr. Low's Worm Syrup is a safe, sure and reliable worm expeller. Acts equally well on children or adults. Be sure you get Low's.

Better sit idle than work for nought.

Hundreds have testified to the good Petty's Pills have done them.

If you want to quit being a weather prophet, have your rheumatism cured by Milburn's Rheumatic Pills, a guaranteed remedy for rheumatism, sciatica, neuralgia and lumbago. Price 50c. at all dealers.

Better sit still than rise up and fall.

NURSING MOTHERS

want Scott's emulsion of cod-liver oil, almost without exception. So before they get to be mothers, eating for two is no small tax, continued for months.

The emulsion not only is food itself; it gives strength for digesting usual food.

If the milk is scanty or poor, the emulsion increases supply and enriches quality.

We'll send you a little to try if you like.

TOO BUSY TO COME HOME.

Into a certain East-End public house in London a poorly clad woman recently went in search of her husband. She found him there, and setting a covered dish which she had brought with her, upon the table, she said:

"Thinking that you were too busy to come home to dinner, I have brought you yours," and departed.

With a forced laugh, he invited his friends to dine with him; but on removing the cover from the dish, found only a slip of paper, on which was written: "I hope you will enjoy your meal; it is the same as your family have at home.

HE WAS FRESH.

Have you any nice fresh eggs to-day?" asked the woman with businesslike ways.

"Madam," answered the man, who has just started in the grocery business, "permit me to remind you that nice eggs are necessarily fresh and fresh eggs are always nice. Moreover, if I have any, I have them to-day. My possession of eggs yesterday or to-morrow does not in the slightest degree effect the situation. Therefore, time being precious to a business man, I will simply content myself with replying that I have nice eggs."

OREGON.

In the date of admission Oregon is one one of the oldest states beyond the Missisippi, entering the Union in 1859. It was the first new state to have the political honor of naming the vice presidential candidate (Joseph Lane) for one of the great parties in the first year of its statehood.

DIED DID THE BRIDEGROOM.

In a Bideford graveyard may be found this account of why a bridegroom of long ago did not appear at the time set for his wedding:

The wedding day appointed was,
The wedding clothes provided,
But ere the day did come, alas!
He sickened and he died did.

A HINT IGNORED.

Young John had been set to work in the garden. After a while he paused in his task, hinting suggestively to his father, "The fish are biting like fun in the river." "Well, sonnie," replied the father, reassuringly, "you keep on hoeing potatoes, and they won't bite you!"

Ask your druggist for Petty's Pills. If he hasn't got them write us, enclosing the price, 50 cents, and we will supply you.

A man that does not know how to be angry, does not know how to be good.—Now and then a man should be shaken to the core with indignation over thing evil.

We have no gratitude for those reformers who would force upon us a doctrine which has not sweetened their own tempers or made them better men than their neighbors.

Hagyard's Yellow Oil cures sprains, bruises, sores, wounds, cuts, frostbites, chilblains, stings of insects, burns, scalds, contusions, etc. Price 25c.

A DAUGHTER'S DANGER.

A Chatham Mother Tells how Her Daughter, who was Troubled with Weak Heart Action and run Down System was Restored to Health.

Every mother who has a daughter drooping and fading—pale, weak and listless—whose health is not what it ought to be, should read the following statement made by Mrs. J. S. Heath, 39 Richmond Street, Chatham, Ont:

"Some time ago I got a box of Milburn's Heart and Nerve Pills at the Central Drug Store for my daughter, who is now 13 years of age, and had been afflicted with weak action of the heart for a considerable length of time.

"These pills have done her a world of good, restoring strong, healthy action of her heart, improving her general health and giving her physical strength beyond our expectations.

"They are a splendid remedy, and to any one suffering from weakness, or heart and nerve trouble I cordially recommend them."

Milburn's Heart and Nerve Pills are 50c. a box or 3 for $1.25, at all druggists.

To fear God is the beginning of wisdom and the end of it also.

Hagyard's Yellow Oil can be applied externally for rheumatism, stiff joints, sore hands, chilblains, sprains, etc. It can be taken internally for croup, quinsy, bronchitis, pains in the stomach, kidney complaints, etc. Price 25c.

It is a blessed thing, indeed, that none of us can take our rubbish to another world; for, if we could, some of the many mansions would be little better than lumber-rooms.

Where Doctors do agree!—Physicians no longer consider it catering to "quackery" in recommending in practice so meritorious a remedy for Indigestion, Dyspepsia and Nervousness as South American Nervine. They realize that it is a step in advance in medical science and a sure and permanent cure for diseases of the stomach. It will cure you.—60

It cannot be denied that outward accidents conduce much to fortune's favour, opportunity, death of others, occasion fitting virtue; but chiefly the moulding of a man's fortune is in his own hands.

Petty's Pills are small—mere mites—but one is a dose, and every dose counts There are no blanks.

He's lifeless that's faultless.

If attacked with cholera or summer complaint of any kind send at once for a bottle of Dr. J. D. Kellogg's Dysentery Cordial and use it according to directions. It acts with wonderful rapidity in subduing that dreadful disease that weakens the strongest man and that destroys the young and delicate. Those who have used this cholera medicine say it acts promptly, and never fails to effect a thorough cure.

Does your head ache? Take a Petty.
Does your back ache? Take a Petty.
Does your side ache? Take a Petty.
And do not take any other.

Most people dread far more the social frown which follows the doing of something unconventionally wrong than they do the qualms of conscience which follow the doing of something intrinsically wrong.

DONE.

A London clerk on a holiday excursion was spending an evening in a country inn full of company, and feeling secure in the possession of most money, made the following offer:

"I will drop money into a hat, with any man in the room. The man who holds out the longest to have the whole lot and treat the company.

"I'll do it," said one of the farmers present.

The swell dropped in half a sovereign.

The country man followed with a sixpence.

"Go on," said the swell.

"I won't," said the farmer. "Take the whole lot and treat the company."

Suffered Fifteen Years.

Mrs. Wm. Ireland, 170 Queen St. East, Toronto, wife of the well-known shoemaker, suffered from indigestion and constipation for over fifteen years. Nothing did her any good till she tried Laxa-Liver Pills, which cured.

Great winning has for the work easy.

One Short Puff Clears the Head.—Does your head ache? Have you pains over your eyes? Is the breath offensive? These are certain symptoms of Catarrh. Dr. Agnew's Catarrhal Powder will cure most stubborn cases in a marvellously short time. If you've had Catarrh a week it's a sure cure. If it's of fifty years' standing it's just as effective. 50 cents.—57

Do not let want of success depress you, but struggle on. Labour hard continuously, and you will win in the end.

For a clear complexion, take Petty's Pills. They never fail to clear the skin. Thousand of ladies swear by them.

He that speaks ill of another, commonly before he is aware, makes himself such a one as he speaks against; for if he had civility or breeding he would forbear such kind of language.

A Terrible Cough.

If people would only treat coughs and colds in time with Dr. Wood's Norway Pine Syrup, there would be fewer horrid deaths.

The severest coughs and colds, bronchitis and croup, and the first stages of consumption yield readily to this powerful, lung-healing remedy.

Read what Mrs. Thos. Carter, Northport, Ont., says: "I caught a severe cold, which settled on my throat and lungs, so that I could scarcely speak above a whisper. I also had a terrible cough which my friends thought would send me to my grave. I tried different remedies but all failed to do me any good until I took Dr. Wood's Norway Pine Syrup, and the contents of one bottle completely cured me."

Absence lessens moderate passions and increases great ones, as the wind extinguishes the taper, but kindles the burning dwelling.

If a child eats ravenously, grinds the teeth at night and picks its nose, you may almost be certain it has worms and should administer without delay Dr. Low's Pleasant Worm Syrup. This remedy contains its own cathartic.

Life was not given for indolent contemplation and study of self, nor for brooding over emotions of piety. Actions, and actions only determine the worth.

Like Tearing the Heart Strings.—"It is not within the conception of man to measure my great sufferings from heart disease. For years I endured almost constant cutting and tearing pains about my heart, and many a time would have welcomed death. Dr. Agnew's Cure for the Heart has worked a veritable miracle."—Thos. Hicks, Perth, Ont.—59

The slave has but one master, the ambitious man has as many as there are persons whose aid may contribute to the advancement of his fortunes.

A Terrible Cough.

Mrs. Thos. Carter, North Port, Ont., says: "I caught a severe cold which settled on my throat and lungs and my friends thought it would send me to my grave, when other remedies failed, Dr. Wood's Norway Pine Syrup completely cured me.

A single sin, even though it be undetected by the world, may leave a slimy track through the soul.

Bob McCready.

Above is a splendid portrait of Bob McCready, one of the best football players in Canada. He is a member of the Ottawa University team, and has been in all of its championship matches. He is a splendid specimen of robust Canadian manhood, but, strong as he is, he has known what it is to suffer from dyspepsia. So seriously afflicted was he at the opening of the past (1899) season, that he was not able to go out with his team. Pains in the back and sides, intermittent headache, and the awful pangs he suffered after eating, the result of an impaired digestion, warned him that he was in no condition to play football, the hardest of all games. Besides, he lacked the energy to carry him through a campaign. He consulted his physician, but that gentleman gave him no relief. "At this stage," he writes, "I was advised to try Dr. Petty's Pills, the new remedy that one of my friends assured me was wonderful in its effects. I was sceptical, but he sounded their praises so persistently that I was at length induced to try them. The very first dose drove the pain away, and at the end of a week I rejoined my team, and I have come through one of our hardest seasons in the best form that I have ever been in. Dr. Petty's Pills are blest to thank for my fine condition. They are the best medicine I have ever taken. They make one so strong and so full of energy. I, for one, shall never take any others when I feel in need of a strengthener." Such is the recommendation of this well known athlete, and such will be the experience of everyone who tries this wonderful remedy. If your druggist cannot supply you, write to us, enclosing price 50 cents a bottle, six bottles for $2.50. Address The Dr. Petty Medicine Co., Ottawa, Canada.

COUNTING TOO MUCH ON WHAT WE ARE.

Taking for granted that what we are, in the main, will stone for some of the things we say, is presuming too much on the generosity of others. The husband and the wife who say harsh things to each other in moments of nervous tension or mutual misunderstanding ought not to count too freely upon the overcoming power of the heart love they bear each other as a mediating and pacifying factor. Each may be greatly loved by the other, and yet there has been a moment of spiritual separation which never ought to have been possible with either. What we say counts for more than we imagine in every relation in life. And it ought not to be necessary for any one to "make allowances for us" on the supposition that we are really better than our words.

Sneeze and Blow.

That is what you must do when you have catarrh in the head. The way to cure this disease is to purify the blood with Hood's Sarsaparilla. This medicine soothes and heals the inflamed surfaces, rebuilds the delicate tissues and permanently cures catarrh by expelling from the blood the scrofulous taints upon which it depends. Be sure to get Hood's.

The non irritating cathartic—Hood's Pills.

He that would eat the kernel must crack the nut.

Where others fail, there Dr. Petty's Pills prove their power to cure.

He that teaches himself has a fool for his master.

Milburn's Sterling Headache Powder's cure the worst headache in from five to twenty minutes, and leave no bad after-effects. One powder 5c., 5 powders 10c., 10 powders 25c.

The business of the head is to form a good heart, and not merely to rule an evil one, as is generally imagined.

Bed-ridden 15 years.—"If anybody wants a written guarantee from me personally as to my wonderful cure from rheumatism by South American Rheumatic Cure I will be the gladdest woman in the world to give it," says Mrs. John Beaumont, of Hiam. "I had despaired of recovery up to the time of taking this wonderful remedy. It cured completely."—58

He who does you an ill turn will never forgive you.

Parmelee's Pills possess the power of acting specifically upon the diseased organs, stimulating to action the dormant energies of the system, thereby removing disease. In fact, so great is the power of this medicine to cleanse and purify, that disease of almost every name and nature are driven from the body. Mr. D. Carswell, Carswell P. O., Ont., writes: "I have tried Parmelee's Pills and find them an excellent medicine, and one that will sell well."

I'll never live poor to die rich.

Tell the Deaf.—Mr. J. F. In consequence I received an order to send half a dozen by express to Wexford, Ireland, this week."

He's a man of wise mind who of a foe can make a friend.

A Druggist's Opinion.

Mr. W. J. Stinson, Austin, Man., writes: "Our customers speak so highly of Milburn's Sterling Headache Powders that it is a pleasure to recommend them to others. They never disappoint but always cure." Price 10c. and 25c.

He who says what he likes will hear what he won't like.

Fossil Pills.—The demand is proof of their worth. Dr. Agnew's Liver Pills are beating out many fossil formulas at a quarter a box. They're better medicine, easier doses, and 25 cents a vial. A thousand ailments may arise from a disordered liver. Keep the liver right and you'll not have Sick Headache, Biliousness, Nausea, Constipation and Sallow Skin.—61

Better keep the devil outside than drive him out of the house.

If you are nervous, take Petty's.
If you are weak, take Petty's.
Petty's will make the sick well.

Do your turn well and nobody will care how long you took.

Attention in the world of homeopathic medicine has been its very source of progress, as in politics and religion—the difficulties of opinions and the individuality of men have been parent to the disagreement by which the standard of these bodies have been elevated. So with most of our famous preparations—foremost in illustration of which truth stands the world-famous remedy, to general debility and languor, "Quinine Wine,"—and which when obtainable in its genuine strength, is a miraculous creator of appetite, vitality and stimulant, to the general fertility of the system. Quinine-Wine, and its improvement, has, from the first discovery of the great virtues of Quinine as a medical agent, been one of the most thoroughly discussed remedies ever offered to the public. It is one of the great tonics and and natural life-giving stimulants which the medical profession have been compelled to recognize and prescribe. Messrs. Northrop and Lyman, of Toronto, have given to the preparation of their pure Quinine Wine the great care due to its importance, and the standard excellence of the article which they offer to the public comes into the market purged of all the defects which skilled observation and scientific opinion has pointed out in the imperfect preparations of the latter.

Religion presents few difficulties to the humble; many to the proud; insuperable ones to the vain.—Hare.

A FEARFUL PENALTY.

The following is from *Health's Journal of Health*: "A glass of beer can't hurt anybody! Why I know a person—yonder he is now—a specimen of manly beauty, a portly six-footer; he has the bearing of a prince. He is one of our merchant princes. His face wears the hue of youth, and now, at the age of fifty odd he has the quick, elastic step of our young men of twenty-five and none more full of wit and mirth than he; and I know he never dines without a brandy and water and never goes to bed without a terrapin or oyster supper, with plenty of champagne, and more than that he was never known to be drunk. So here is a living exemplar and disproof of the temperance twaddle about the dangerous nature of another glass and the destructive effects of a temperate use of good liquors."

Now it so happened that this specimen of safe brandy drinking was a relative of ours. Died a year or two after that with chronic diarrhoea, a common end of those who are never drunk, but never out of liquor. He left his widow a splendid mansion uptown, and a clear five thousand a year, besides a large fortune to each of his children, for he had ships on every sea, and credit at every counter, but which he never had occasion to use.

For months before he died—he was a year dying—he could eat nothing without distress; in the midst of his millions he died of inanition.

That is not the half, reader. He had been a steady drinker, a daily drinker for twenty-eight years. He left a legacy to his children which he did not mention. Scrofula has been eating up one daughter for fifteen years; another is in the madhouse; the third and fourth were of unearthly beauty—there was a kind of grandeur in that beauty—but they were blighted, and they paled and faded into heaven, we trust, in their sweetest teens; another is tottering on the verge of the grave, and only to one of them is left all the senses.

SUPPOSE.

What a marvellous change in the treatment of horses would quickly occur if men were were treated exactly as they treat their horses.

In that case whips would seldom be used. Jerking the bit would cease; also Yelling, cursing, pounding and kicking. Check-reins would be very slack.

Blinders would be discarded.

Clipping and docking would go "out of style."

Big loads would rarely be seen.

Axle-grease would have a boom.

Better roads would be loudly demanded.

Wide tires would be universal.

Race-tracks would be "For Sale."

Stables would be light, clean and airy.

Horses would be watered frequently, fed regularly, and have a variety and sufficiency of food and a deep, soft bed at night. All which proves how mean, cruel and foolish some men are.—*Humane Educator*, Honolulu.

13 Running Sores.

Mr. Stephen Wescott, Freeport, N.S., gives the following experience with Burdock Blood Bitters.

"I was very much run down in health and employed our local physician who attended me three months; finally my leg broke out in running sores with fearful burning. I had thirteen running sores at one time from my knee to the top of my foot. All the medicine I took did me no good, so I threw it aside and tried B.B.B. When one-half the bottle was gone I noticed a change for the better and by the time I had finished two bottles my leg was perfectly healed and my health greatly improved.

B FOR THE BLOOD

Well may we say our infallibility is of ourselves; since there is nothing we do that we should not do but we know it and yet we do it.

In his Vegetable Pills, Dr. Parmelee has given to the world the fruits of long scientific research in the whole realm of medical science, combined with new and valuable discoveries never before known to man. For Delicate and Debilitated Constitutions Parmelee's Pills act like charm. Taken in small doses, the effect is both a tonic and a stimulant, mildly exciting the secretions of the body, giving tone and vigor.

A life that will bear the inspection of men and of God, is the only certificate of true religion.—Johnson.

Business Men's Backs.

Too much rush and hustle, work and worry fall to the lot of the average business man. Kidneys can't stand it; they fail to filter the poisons from the blood properly. Urinary troubles, general languor and pain in the back are the natural results. A man can't attend to business properly if his back aches—no use trying.

Only one cure spoken of that never fails—

DOAN'S KIDNEY PILLS.

Take a hint from business men who have used them:

"I have taken Doan's Kidney Pills, which I procured at the Blaiklock Hall June, for rheumatism and pains in the small of my back, with which I have been afflicted for the past six years. They did me so much good that I heartily recommend them as an excellent medicine for urinary troubles and backache." Chauncey C. Pitzer, dealer in agricultural implements, Orillia, Ont.

Doan's Kidney Pills cure backache, lame or weak back, Bright's disease, diabetes, dropsy, gravel, sediment in the urine, too frequent urination at night, rheumatism, and all diseases of the kidneys in children and adults. Remember the name, Doan's, and take no other. For sale by all druggists. The Doan Kidney Pill Co., Toronto, Ont.
