ON GUARD

The warning cough is the faithful sentinel. It tells of the approach of consumption, which has killed more people than war and pestilence combined. It tells of painful chests, sore lungs, weak throats, bronchitis, and pneumonia. Do not suffer another day. It's useless, for there's a prompt and safe cure. It is

Ayer's Cherry Pectoral

which cures fresh colds and coughs in a single night and masters chronic coughs and bronchitis in a short time. Consumption is surely and certainly prevented, and cured, too, if taken in time.

A 25c. bottle for a fresh cold; 50c. size for older colds; $1 size for chronic coughs and consumption.

"I always keep a bottle of Ayer's Cherry Pectoral on hand. Then every time I get cold I take a little of it and I am better at once."

TIME'S CHANGES.

He fondly praised her auburn hair,
Declared in rapture,
Its silken meshes, soft and fair,
Had made him, to his despair,
An easy capture.

He spoke of it as "massy gold."
"Spun sunshine gleaming"—
All sorts of things the fellow told
That simple maiden, auburn polled,
Of her hair's seeming.

A tress she gave him, and it graced
His inside pocket,
Until a jeweller had chased
And gemmed for it, with skill and taste,
A worthy locket.

Thereafter, if all tales are true,
He nightly kissed it—
It quite a settled habit grew—
Not only night, but mornings, too;
He never missed it.

Some years ago was that, and now
She rules his home,
And he kicks up an awful row
When he finds hairs from her red pow
Upon his comb.

Every Movement Hurts

When you have rheumatism. Muscles feel stiff and sore and joints are painful. It does not pay to suffer long from this disease when it may be cured so promptly and perfectly by Hood's Sarsaparilla. This medicine goes right to the spot, neutralizes the acidity of the blood, which causes rheumatism, and puts an end to the pain and stiffness.

Biliousness is cured by Hood's Pills. 25c.

It is estimated that 2,500,000 men died in the wars of the past thirty years.

No one need fear cholera or any summer complaint if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial ready for use. It corrects all looseness of the bowels promptly and causes a healthy and natural action. This is a medicine adapted for the young and old, rich and poor, and is rapidly becoming the most popular medicine for cholera, dysentery, etc., in the market.

We are spending thousands to make Petty's Pills known. Our money proves our faith. A trial will secure yours.

People who desire sympathy are not apt to ask for it.

NEXT TO MURDER

A doctor, who keeps his patient at home, when he ought to send him away—for money—ought to be held responsible.

So ought we, if we mislead. Our offense is greater than his, because we endanger thousands of lives by one advertisement—millions read it.

Some few must go for a change of climate, or die; but, to thousands, Scott's emulsion of cod-liver oil is cure at home.

We'll send you a little to try if you like.

UNLUCKY MEN ARE ALL ALIKE.

"The unlucky men all are kin: they all have certain qualities alike," says "An American Mother" in the February *Ladies' Home Journal*. "They have eyes keen to look into the root of things, but also dream dreams and see visions; they love or hate in no half-way measure. To each of them, too, comes at times no matter what the business or pursuit may be by which they strive to push their way among men and to grow rich—a sudden disgust of it, heartfelt and real, a contempt for work and for its successes. They dream of something before them better than money or office, and they try to clutch at it. So they go through life, groping for success with one hand and for their dream with the other, and—they lose both. We must choose either God or Mammon as master and keep faith with him if we mean to succeed."

BY THE HOUR.

When Raymlul, the famous violinist, was a young man, he was engaged by a parvenu to play at a dinner, the agreement stating that he was to furnish music from eight o'clock to eleven.

He began with an andante movement, from Mozart, a composition which opens very slow and soft.

The host turned to his guests, "That's just like those musicians," he said; "I hired him by the hour, and see how slow he plays."

A LUCID DECISION.

A correspondent, referring to a recent article in law notes on "The Grammar of the Courts," calls attention to the following lucid decision of Sir John Taylor Coleridge in the case of Turley against Thomas, 8 C. and P. 103. 34 E. C. L. 312: "It has been suggested as a doubt by the learned counsel for the defendant whether the rule of the road applies to saddle horses or only to carriages. Now I have no doubt that it does."—*Law Notes.*

LIFE-GIVING POWER AND VIRTUE IN EVERY DROP

Paine's Celery Compound Has Never Disappointed the Sick.

IT EVER RETAINS THE CONFIDENCE OF THE PEOPLE.

Wherever once used, the sick and suffering of all classes of our Canadian people are made to realize that Paine's Celery Compound does not belong to the ordinary patent medicine ranks, such as nervines, bitters and sarsaparillas. Paine's Celery Compound is far beyond these ordinary preparations as the diamond is superior to cheap glass.

Paine's Celery Compound possesses extraordinary virtues and powers peculiar to itself, for health-giving and lengthening life. It has saved men and women—young and old—after all other medicines had failed. It has so much astonished physicians by its curative powers that they now prescribe and recommend it.

Professor Edward E. Phelps, M. D., gave Paine's Celery Compound to the world as a positive cure for sleeplessness, nervousness liver and kidney troubles, neuralgia and rheumatism.

Thousands of thankful letters from people of every rank, give proof of the fact that Paine's Celery Compound "makes sick people well."

If you sigh and long for a new health, a better life is your sure reward if you use the medicine that has cured others. The use of one bottle will convince you that there is power and virtue in each drop. Beware of substitutes; see that your druggist gives you "PAINES," the kind that cures.

MILBURN'S HEART AND NERVE PILLS

Mr. F. W. Meyers, King St. E., Berlin, Ont., says: "I suffered for five years with palpitation, shortness of breath, sleeplessness and pain in the heart, but one box of Milburn's Heart and Nerve Pills completely removed all these distressing symptoms. I have not suffered since taking them, and now sleep well and feel strong and vigorous."

Milburn's Heart and Nerve Pills cure all diseases arising from weak heart worn out nerve tissues, or watery blood

A marked difference between a hypocrite and a child of God is that the hypocrite has no closet for prayer.

Out of sorts.—Symptoms, headache, loss of appetite, furred tongue, and general indisposition. These symptoms if neglected, develop into acute disease. It is a trite saying that an "ounce of prevention is worth a pound of cure," and a little attention at this point may save months of sickness and large doctor's bills. For this complaint take from two to three of Parmelee's Vegetable Pills on going to bed, and one or two for three nights in succession, and a cure will be effected.

Petty's Pills are small—mere mites—but one is a dose, and every dose counts. There are no blanks.

There are 400,000 railway employees in Great Britain, and there 121,000 miles of road.

$100 REWARD, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

In the Clutch Of Consumption.

Don't neglect that persistent hacking cough till you find yourself in the clutch of Consumption. It's an easy matter to stop it now by taking

DR. WOOD'S NORWAY PINE SYRUP.

This pleasant remedy heals and soothes the lungs and bronchial tubes, and cures lingering and chronic coughs when other remedies fail.

Mr. W. P. Cann, writing from Morpeth, Ont., says: "I honestly believe I would have died of consumption only for Dr. Wood's Norway Pine Syrup. I have used it for years and consider it has no equal for severe colds and throat troubles."

Dyspepsia or indigestion is occasioned by the want of action in the billiary ducts, loss of vitality in the stomach to secrete the gastric juices, without which digestion cannot go on; also being the principal cause of headache. Parmelee's Vegetable Pills taken before going to bed, for a while, never fail to give relief and effect a cure. Mr. F. W. Ashdown, Ashdown, Ont., writes: "Parmelee's Pills are taking the lead against ten other makes which I have in stock."

Bob McCready.

Above is a splendid portrait of Bob McCready, one of the best football players in Canada. He is a member of the Ottawa University team, and has been in all of its championship matches. He is a splendid specimen of robust Canadian manhood, but, strong as he is, he has known what it is to suffer from dyspepsia. So seriously afflicted was he at the opening of the past (1900) season, that he was not able to go out with his team. Pains in the back and sides, intermittent headache, and the awful pangs he suffered after eating, the result of an impaired digestion, warned him that he was in no condition to play football, the hardest of all games. Besides, he lacked the energy to carry him through a campaign. He consulted his physician, but that gentleman gave him no relief. "At this stage," he writes, "I was advised to try Dr. Petty's Pills, the new remedy that one of my friends assured me was wonderful in its effects. I was skeptical, but he sounded their praises so persistently that I was at length induced to try them. The very first dose drove the pain away, and at the end of a week I rejoined my team, and I have come through one of our hardest seasons in the best form that I have ever been in. Dr. Petty's Pills are alone to thank for my fine condition. They are the best medicine I have ever taken. They make one so strong and so full of energy. I, for one, shall never take any others when I feel in need of a strengthener." Such is the recommendation of this well-known athlete, and such will be the experience of everyone who tries this wonderful remedy. If your druggist cannot supply you, write to us, enclosing price, 50 cents a bottle, six bottles for $2.50. Address The Dr. Petty Medicine Co., Ottawa, Canada.

"TELEGRAMS."

An amusing game for the boys and girls is called "Telegrams." The hostess selects a word with nine letters and not too many vowels, and each guest writes it down. Now each one is to compose a telegraphic message containing as many words as there are letters in the chosen word, using them in order. Ten minutes are allowed for composition, and when the messages are read aloud prizes may be given for the best ones, as one for the funniest message, one for the most sensible one, etc.

At one party the word "Regardless" was chosen, and the prize went to the sender of this gruesome message: "Ruth, Edwart, grandmother and Rose drowned last evening; send stretcher."

Another time the prize message was composed from the word "Gentleman," and read thus:

"Grandma eloped northern train last evening; married a native." And a close second was:

"Got eight new teeth; leave eight more at Noras."

This game can admit a few or a large number of players and is suitable for little ones or grown-ups, equally well.

THE GIRLS WERE HORRIFIED.

That was an awful mistake two Strathcona girls made. They became infatuated with the idea of having their heads photographed coquettishly through a torn newspaper, and visited the photographer for that purpose. When the pictures were finished they were horrified to behold what they had failed to notice—the paper through which they had stuck their heads was a Chicago sheet, and just beneath their smiling faces was a big display advertisement of a clothing firm, which announced, "our pants are lined in the seat."

WORTH KNOWING.

I wonder if it has ever occurred to you how much longer one's light colored kid gloves keep clean if they are taken care of? Travelling with a lady the other day I noticed that as soon as we had left the station she took a pair of white washing gloves from her pocket and drew them over her light kid ones, keeping them until just before she arrived at her destination. It struck me as an excellent hint for the economical girl.

It Hurt To Eat.

The pain, nausea and distress that Dyspeptics suffer after every meal can all be permanently removed by Burdock Blood Bitters.

It tones up and restores the stomach to normal condition so that it digests food without causing discomfort.

Here's proof positive:

Miss Maggie Splude, Dalhousie, N.B., wrote the following: "I have been a sufferer from Liver Complaint and Dyspepsia for the past two years and felt very miserable. I could not take much food as it hurt me to eat. My friends said, 'Why don't you try B.B.B.' I did so, using two bottles, which made such a complete cure that I can now eat anything I like without it causing me discomfort."

CASTORIA.

To be a servant of God one must be an enemy of sin.

Attention in the world of homeopathic medicine has been its very source of progress, as in politics and religion—the difficulties of opinions and the individuality of men have been potent to the disagreement by which the standard of these bodies have been elevated. So with most of our famous preparations—foremost in illustration of which truth stands the world-famous remedy to general debility and languor, "Quinine Wine,"—and which when obtainable in its genuine strength, is a miraculous creator of appetite, vitality and stimulant, to the general fertility of the system, Quinine Wine, and its improvement, has, from the first discovery of the great virtues of Quinine as a medical agent, been one of the most thoroughly discussed remedies ever offered to the public. It is one of the great tonics and natural life-giving stimulants which the medical profession have been compelled to recognize and prescribe. Messrs. Northrop and Lyman, of Toronto, have given to the preparation of their pure Quinine Wine the great care due to its importance, and the standard excellence of the article which they offer to the public comes into the market purged of all the defects which skilled observation and scientific opinion has pointed out to the imperfect preparations of the latter.

Cannot Be Best.—Mr. D. Steinbach, Zurich, writes:—"I have used Dr. Thomas' Eclectric Oil in my family for a number of years, and I can safely say that it cannot be best for the cure of croup, fresh cuts and sprains. My little boy has had attacks of croup several times, and one dose of Dr. Thomas' Eclectric Oil was sufficient for a perfect cure. I take great pleasure in recommending it as a family medicine, and I would not be without a bottle in my house.

Painters' Kidneys.

The worst thing a painter has to contend with is the turpentine.

The lead, of course, is bad too.

But the turpentine cuts the kidneys, inflames and weakens them, makes the painter's life a dangerous and troublesome one. When a painter's back aches, its time for him to begin treating the kidneys.

DOAN'S KIDNEY PILLS

will fix them up—take out the inflammation and congestion, give ease to the aching back.

Mr. J. Evanson, the well-known painter and decorator, 50 Oxford St., Toronto, Ont., said: "About eight weeks ago I was taken with an excruciating pain in my back over the kidneys. It was so bad that my wife had to apply hot cloths till the doctor came and gave me morphine.

He said the trouble was due to a stone passing from the kidney to the bladder.

My water was loaded with a brick dust deposit and scalded on passing.

While in this condition I heard of Doan's Kidney Pills and started taking them.

It was not long before I got relief from pain and have been improving in health ever since. My urine is now clear and does not smart me, and I feel better than in years.
