HEALTHY HAIR

A man with a thin head of hair is a marked man. But the big bald spot is not the kind of a mark most men like.

Too many men in their twenties are bald. This is absurd and all unnecessary. Healthy hair shows man's strength. To build up the hair from the roots, to prevent and to cure baldness, use—

Ayer's Hair Vigor

It always restores color to faded or gray hair. Notice that word, "always." And it cures dandruff.

$1.00 a bottle. All druggists.

"My business calls me out among strangers a great deal. I would actually feel ashamed every time I would take off my hat, my bald was so thin and the bald spots showed so plainly. I began the use of your Hair Vigor less than three months ago. Today I find I have as fine a head of hair as I ever had. I tell everybody what I used, and they say 'it must be a wonderful remedy.'" GEO. YEARL, Dec. 14, 1900. Chicago, Ill.

We have a book on The Hair and Scalp which we will send free upon request. If you do not obtain all the benefits you expected from the use of the Vigor, write the Doctor about it. Address, DR. J. C. AYER, Lowell, Mass.

GUESS WHAT'S IN MY POCKETS.

Characters: George and a group of boys.

George (with his hand in his pocket)—

I have something in my pocket,
And I want you all to vote.
What it is that's in the pocket,
Of this beautiful new coat,

Frank thought it was an apple;
Willie guessed a painted ball;
Thomas curled his lip and said,
"There's nothing there at all."

But there is something in my pocket,
So now just think a minute,
And see which one can tell first
What 'tis that I have in it.

Can't you guess? (First voice)—A biscuit? No.
(Second voice)—An orange? Guess again.
(Third voice)—A penknife? (Fourth voice)—Marbles? No, no; no, no.
I will have to tell you then.

Now open wide your eyes and ears!
But don't you tell a soul!
Now listen! every one of you:
'Tis nothing—but a hole.

(Runs his finger through a rip in the seam of his pocket.)

CASTORIA.

A foward look should awaken the purpose to live a stronger and a better life than hitherto.

A Life Saved.—Mr. James Bryson, Cameron, states: "I was confined to my bed with inflamation of the lungs, and was given up by the physicians. A neighbor advised me to try Dr. Thomas' Eclectric Oil, stating that his wife had used it for a throat trouble with the best results. Acting on his advice, I procured the medicine and less than a half bottle cured me; I certainly believe it saved my life. It was with reluctance that I consented to a trial as I was reduced to such a state that I doubted the power of any remedy to do me any good."

CONSUMPTION

begins and leaves off in thousands of people, who never suspect it. It isn't much more than a pimple—indeed it is a a pimple—lung pimple.

Health, all round it, stops it—just as a skin pimple gets stopped.

FISH-BALLS PROVED DECISIVE.

Tommy Dunkle of Lower Hentley was slow in marrying, and the village and its vicinity took much interest in watching the progress of the languid but irresistible current which bore him toward matrimony. He drifted up consecutively to each pretty girl in town; then to each attractive spinster; then to each capable widow; at last—his early valuation of mere beauty having waned as his corpulence increased—he addled helplessly between two, both mature ladies of notable housewifely capacity. Indeed, Bilura May and Annie Harkins were reckoned the two best cooks in all the region roundabout, and Tommy, who was unmistakably a gourmand, was popularly supposed to be unable to make up his mind which was the better, and consequently, which to invite to share his home, heart and kitchen.

At last he married Miss Harkins, rather to the surprise of his fellow townsmen, who were inclined, in view of Bilura May's plum pudding and election cake, to think he had made a mistake. One of them, with a jocular manner which he tried to render both airy and delicate, ventured to hint as much. Tradition has preserved the reply of the loyal Thomas.

"No," he said, firmly. "No; I aint made a mistake. I'll own I considered Bilura. She's a fine woman, Bilura May—a fine womanly and she's took prizes for that 'lection cake of hers at half a dozen fairs, and earned 'em, too. I don't believe gambogia itself could beat Bilura May's 'lection cake!"

Mr. Dunkle presumably meant "ambrosia;" but his hearers found gambogia quite as impressive, and supposed it as classical.

"It wa'n't undervaluin' of Bilura's faculty decided me t'other way," he continued. "It was logic—jest logic. Said I to myself, "Lection cake and plum puddin are mighty good, but then they're mighty expensive, not to say indigestible, and folks can't live on 'em. I don't say if I took Bilura I mightn't have reason for extra thankfulness Thanksgivin's and Christmasses; but on the other hand—and here's the logic—If I take Annie Harkins I'll be thankful I married them fish-balls every single Sat'day all my life!"

A WIDESPREAD TROUBLE IN SPRING TIME.

Paine's Celery Compound The Only Remedy That Cures and Saves Life.

One of the most prevalent and fatal of troubles at this season is kidney diseases.

It comes on so silently and so like a cat steals upon its prey, and too often wrecks life before the victims are fully aware of their danger.

Do not disregard the early symptoms of kidney disease, some of which are backache, constipation, indigestion with headache and a constant call to make water which has abundant sediment of a bricky color.

The prompt and honest use of Paine's Celery Compound will quickly banish every symptom of disordered Kidneys. The great medicine has cured and given a new life to thousands in the past; it will do the same good work for all sufferers today.

Mr. M. Maher, Hairdresser, St. John's, Nfld., says:

"I suffered terribly for two years from Kidney trouble and dyspepsia. I was completely run-down and could not eat or sleep. One of the ablest city doctors attended me, but no good results followed his work. Happily, a friend advised me to use Paine's Celery Compound. I procured a supply, and the first dose relieved me. I have used eight bottles, and now sleep well appetite is good, and I am as strong as ever before. I recommend Paine's Celery Compound to all."

Life's great heroes and heroines are those who bear their own burdens bravely and give a helping hand to those around them.

It Hurt To Eat.

The pain, nausea and distress that Dyspeptics suffer after every meal can all be permanently removed by Burdock Blood Bitters.

It tones up and restores the stomach to normal condition so that it digests food without causing discomfort.

Here's proof positive:

Miss Maggie Spluda, Dalhousie, N.B., wrote the following: "I have been a sufferer from Liver Complaint and Dyspepsia for the past two years and felt very miserable. I could not take much food as it hurt me to eat. My friends said, 'Why don't you try B.B.B.' I did so, using two bottles, which made such a complete cure that I can now eat anything I like without it causing me discomfort."

Remember that in every quarrel the person who has been least to blame is generally the most ready to be reconciled.—Bowdler.

Attention in the world of homeopathic medicine has been its very source of progress, as in politics and religion—the difficultive of opinions and the individuality of men have been parent to the disagreement by which the standard of these bodies have been elevated. So with most of our famous preparations—foremost in illustration of which truth stands the world-famous remedy to general debility and languor, "Quinine Wine,"—and, which when obtainable in its genuine strength, is a miraculous creator of appetite, vitality and stimulant, to the general fertility of the system, Quinine Wine, and its improvement, has, from the first discovery of the great virtues of Quinine as a medical agent, been one of the most thoroughly discussed remedies ever offered to the public. It is one of the great tonics and and natural life-living stimulants which the medical profession have been compelled to recognize and prescribe. Messrs. Northrop and Lyman, of Toronto, have given to the preparation of their pure Quinine Wine the great care due to its importance, and the standard excellence of the article which they offer to the public comes into the market purged of all the defects which skilled observation and scientific opinion has pointed out in the less perfect preparations of the latter.

THE DOCTOR'S ADVICE.

Led Mr. W. F. Luflar, of Williamford Ont., to Use Dr. Arnold's Toxin-Pills.

More money is spent every year for medicines for these diseases than would buy out half-a-dozen millionaires. And yet there is a cure simple, sure, permanent; one that costs little and produces an effect that is absolutely unparalled in the history of medicine. The medicine is known throughout the English speaking world as Dr. Arnold's Toxin Pills for weak people. It has the effect of permanently cleansing the system of disease, and it has this effect by killing the germs that cause the disease. Besides killing the germs of disease, it counteracts the poisons (toxins) they create in the blood, it braces the nerves, purifies the blood, and revitalizes the whole system. Dr. Arnold's Toxin Pills are prescribed by many of the most successful physicians in their private practice.

Here is a case that shows the power of this wonderful medicine over nervous and wasting diseases:—

"I suffered for months with nervousness and general debility. I was utterly miserable, unable to sleep, and continually in the most depressed spirits. My nerves were twitchy. I had splitting headaches, and as weak as a child. My family physician, Dr. ———, advised me to use Dr. Arnold's Toxin Pills. I bought and used three large boxes, which, I am happy to state, cured me completely. I am now hale and hearty, strong and vigorous, sound in every muscle, nerve and limb, thanks to Dr. Arnold's Toxin-Pills."

W. F. LUFLAR, MERCHANT,
Williamsport, Ont.

Dr. Arnold's Toxin Pills, the only remedy on earth that cures disease by killing the germs that cause it, are sold by all druggists at 75c. a box, sample size 25c. or sent prepaid on receipt of price by the Arnold Chemical Co., Limited, Canada Life Building, 44 King Street West, Toronto.—Booklet sent free.

In the Clutch Of Consumption.

Don't neglect that persistent hacking cough till you find yourself in the clutch of Consumption. It's an easy matter to stop it now by taking

DR. WOOD'S NORWAY PINE SYRUP.

This pleasant remedy heals and soothes the lungs and bronchial tubes, and cures lingering and chronic coughs when other remedies fail.

Mr. W. P. Cann, writing from Morpeth, Ont., says: "I honestly believe I would have died of consumption only for Dr. Wood's Norway Pine Syrup. I have used it for years and consider it has no equal for severe colds and throat troubles."

There is always something back of a shadow.

All forms of itching, torturing skin diseases are permanently cured by using B. B B. externally, and taking it internally according to directions.

Painters' Kidneys.

The worst thing a painter has to contend with is the turpentine.

The lead, of course, is bad too.

But the turpentine cuts the kidneys, inflames and weakens them, makes the painter's life a dangerous and troublesome one. When a painter's backaches, its time for him to begin treating the kidneys.

DOAN'S KIDNEY PILLS

will fix them up—take out the inflammation and congestion, give ease to the aching back.

Mr. J. Evanson, the well-known painter and decorator, 50 Oxford St., Toronto, Ont., said: About eight weeks ago I was taken with an excruciating pain in my back over the kidneys. It was so bad that my wife had to apply hot cloths till the doctor came and gave me morphine.

He said the trouble was due to a stone passing from the kidney to the bladder.

My water was loaded with a brick dust deposit and scalded on passing.

While in this condition I heard of Doan's Kidney Pills and started taking them.

It was not long before I got relief from pain and have been improving in health ever since. My urine is now clear and does not scald me, and I feel better than in years.

SOME CHILDISH HUMOR.

Here are some specimens of childish humor from the *Chicago News*:

"Oh, mamma," exclaimed four-year-old Flossie as she observed the moon in its second quarter, "come and look at the moon. Half of it is poked into the sky, and the other half is sticking out."

Tommy, aged five, had been busy whittling and managed to raise a blister on his hand which caused a slight break in the skin. Running to his mother he showed it to her and said, "Mamma, I guess I'm beginning to wear out."

"Did they sing any pretty songs at Sunday School?" asked a mother of her little four-year-old daughter upon her return home. "Only one," replied the little miss; "it was something about Greenland's ice cream mountains."

Papa—Well, Willie, have you been a good boy to day? Small Willie—Did you ask mamma? "Why should I ask her? Don't you know whether you have been good or not?" "Yes, but mamma's idea of goodness differs from mine, and I don't want to go back on anything she says."

THE BENEFIT OF THE DOUBT.

Not long ago a young lady was spending some weeks at a Scotch country house, and just before dinner one evening two cousins of the host—one of them the great man of the family—arrived unexpectedly. Shortly before dinner was announced the butler sought the young lady and said to her confidentially:

"We're puttin' on yesterday's soup, an' for fear there shouldna be enough, ye maun decline."

"Decline soup!" exclaimed the young lady, much amused. "But, you know, John, that wouldn't be manners."

"Na," said John coolly; "but they'll think ye ken nae better."

A Dinner Pill.—Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment it becomes a poison to the system. Dr. Parmelee's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open secretions and convert the food partaken of into healthy nutriment. They are just the medicine to take if troubled with indigestion or dyspepsia.

He is a good collector who can collect his wits on all occasions.

I have not suffered since taking them, and now sleep well and feel strong and vigorous."

CASTORIA.

Many people who are as "true as steel" are, unfortunately, just as cold.

Very many persons die annually from cholera and summer complaints, who might have been saved if proper remedies had been used. If attacked do not delay in getting a bottle of Dr. J. D. Kellogg's Dysentery Cordial, the medicine that never fails to effect a cure. Those who have used it say it acts promptly and thoroughly subdues the pain and disease.

Bob McCready.

Above is a splendid portrait of Bob McCready, one of the best football players in Canada. He is a member of the Ottawa Dulversity team, and has been in all of its championship matches. He is a splendid specimen of robust Canadian manhood, but, strong as he is, he has known what it is to suffer from dyspepsia. So seriously afflicted was he at the opening of the past (1900) season, that he was not able to go out with his team. Pains in the back and sides, intermittent headache, and the awful pangs he suffered after eating, the result of an impaired digestion, warned him that he was in no condition to play football, the hardest of all games. Besides, he lacked the energy to carry him through a campaign. He consulted his physician, but that gentleman gave him no relief. "At this stage," he writes; "I was advised to try Dr. Petty's Pills, the new remedy that one of my friends assured me was wonderful in its effects. I was sceptical, but he sounded their praises so persistently that I was at length induced to try them. The very first dose drove the pain away, and at the end of a week I rejoined my team, and I have come through one of our hardest seasons in the best form that I have ever been in. Dr. Petty's Pills are alone to thank for my fine condition. They are the best medicine I have ever taken. They make one so strong and so full of energy. I, for one, shall never take any others when I feel in need of a strengthener." Such is the recommendation of this well known athlete, and such will be the experience of everyone who tries this wonderful remedy. If your druggist cannot supply you, write to us, enclosing price—50 cents a bottle, six bottles for $2.50. Address The Dr. Petty Medicine Co., Ottawa, Canada.
