The one best way!

Each year there are more people you can sell. The finest kind of introduction to these new comers is to call them up on the telephone — by Local or Long Distance as the case may require. Many merchants always call up a new customer by Long Distance before sending a salesman to see him. Think how much difference it makes in the kind of reception the salesman gets!

All around you, in outlying towns, are customers who will be as glad to have you call them by telephone as you will be to sell them. Don't overlook the one best way of winning and holding their friendship — the telephone.

A LUCKY STRIKE

Wonder has been expressed in church circles of Flesherton how the pastor of the United church managed to secure the services of so able a church leader as Rev. Dr. Wilson, who was the preacher at the inaugural services consummating the union of Chalmer's and St. John's United churches on Sunday 4th inst. It is understood that the selection—a very happy one — was accidental. Rev. Mr. Harrower had never met Dr. Wilson and was not acuainted with him. His name was the first of three supplied by the superior church authorities from which the Flesherton pastor could choose as special preacher. Mr. Harrower took the first on the list, and it certainly proved a very happy choice, or no more appropriate exposition of the reasons for Church Union could be given.

Mr. and Mrs. D. S. Munro with their son, lEwood, and his wife motored to Flesherton by way of the Blue Water Highway to Owen Sound last week. En route, they visited old friends and relatives at Owen Sound, Kimberley and elsewhere. Mrs. Munro Sr. is very well known in Flesherton, being the daughter of the late Wm. Wright, for years a respected merchant here.
