The Dust Problem

Councillor Thos. W. Findlay is making strenuous efforts to have the Ontario Department of Highways treat the main Toronto-Owen Sound street through town with a similar preparation as that used in several villages north of here. In his efforts to abate the dust nuisance here on the main streets, he has made enquiries respecting this work that has been done in other places and was informed that the work was done gratis by the Department and he immediately got into touch with the Minister of Highways, who referred the matter to the district engineer at Durham. Dr. Jamieson has also promised to lend weight to the plea and pursuade the Department to have the necessary work carried out. If the dust would be laid by the Department on the main street the town could easily lay the preparation on the other main street and have the dust problem settled for the summer, as the watering tank is not proving as satisfactory as hoped for.

ACCIDENT ON HIGHWAY

A serious accident occurred on the provincial highway two miles this side of Dundalk on Sunday afternoon last, when a Shelburne car, on its way to Eugenia, sideswiped another car, ditching itself and pinning six people underneath. The car was driven by Miss Rose and accompanying her were Mr. and Mrs. Moncrief, Mr. and Mrs. McDonald and child, all of Shelburne. When passing the home of Mr. Grier that gentleman drove onto the highway through his gate, and the Shelburne car hit his. A few moments after the accident a crowd gathered and righted the car, releasing those underneath, al lof whom were more of less damaged, though we believe no bones were broken. A Dundalk doctor attended to the injured.

"THE UNITED CHURCH"

VERY SUCCESSFUL INAUGURAL SERVICES AT FLESHERTON

Sunday, July 4th, was a red letter day in the history of the people of Flesherton and district. Then the inaugural services consummating the union of Chalmer's and St. John's churches, to be known in future as "The United Church of Canada, Flesherton" were held. Two services were held, over which Rev. Joseph Harrower, who had been previously inducted as minister, presided, the special preacher being Rev. R. J. Wilson, D.D., of Toronto.

At the morning service, Dr Wilson's eloquent and impressive sermon had special reference to the Sacrament of the Lord's Supper, the text being 1st Corinthians, Chapter 5, and verse 8. The preacher commented on the appropriateness of the United Church in Flesherton inaugurating their continuance of Christian fellowship and endeavor in the exact manner set forth by the Master Himself, contained as it had been through the ages by the people of God, wherever the followers of Christ gathered together. He spoke of the impressiveness of the great gathering in Toronto in June of last year when 9,000 communicants, embracing representatives from the uniting churches from all over the Dominion and including missionaries from the ends of the earth partook of communion together in token of their unity past, present and to be continued, and he urged the congregation to be faithful to their profession and thereby exemplify the Christ spirit, in the church as well as in the outside world.

The evening sermon was, in large measure, devoted to an elucidation of the principles which governed the establishment of the United Church. Union in Christian endeavor was no new thing in Canada, he pointetd out. Over 50 years ago, there existed in Canada three distinct branches of the Presbyterian church — the church of Scotland, the United Presbyterian church and the Free church. These Churches came together and formed the first united church, rightly recognizing that there were no valid reasons for their remaining apart. At that time there were four varieties of Methodists in Canada, each having corporate existence as Churches. Was it unnatural, the preacher asked, that they, seeing the wisdom of union among Presbyterians, followed and effected the union of the Wesleyan, Bible Christian and Primitive Methodist churches, having affiliation with English Methodism, and the Methodist Episcopal church, which owed its

F. R. Oliver New Candidate

AGNES MACPHAIL ALSO CHOSEN FOR DOMINION HOUSE AT U.F.O. CONVENTION

An enthusiastic U.F.O. convention, which packed the town hall at Durham to the doors, on July 2nd nominated Miss Agnes C. Macphail, M.P., as Federal candidate for third time in Southeast Grey, and Farquhar Oliver of Artemesia township as Provincial candidate for South Grey constituency. Both nominations were unanimous. For the Dominion House no other name than Miss Macphail's was suggested. John Whiteford was in the chair, and at the outset the Secretary, M. E. Murray, read a telegram from Miss Macphail forecasting an election in September, stating she was not going away and that the U.F.O. had better choose a candidate for the House of Commons at the same time to save a second convention. A number wished to defer a Provincial nomination to a later date, but by a big majority this was overruled.

Nine were nominated for the Legislature: Farquhar R. Oliver of Artemesia; R. D. Carruthers, Euphrasia; George M. Leeson, Normanby, the last Provincial candidate; A. F. Pedlar, Artemesia; Dr. R. Carefoot, Markdale; R. Aitchenson, Sullivan; John Whiteford, Normanby; Harold McKechnie, Bentinck, and M. E. Murray, Normanby. All withdrew except Mr. Oliver, who was Miss Macphail's chief lieutenant in the last campaign.

Mr. Oliver is a young man of good platform ability, a son of Mr. and Mrs. Jas. Oliver of the O.D.R., and is a nephew of the Premier of British Columbia, Hon. John Oliver. He stated that he stood firmly behind the O.T.A. and against the way the Ferguson Government had handled the liquor question.

A motion by R. Aitchenson and W. Hunter, to place a Federal candidate in the field that day, was enthusiastically carried. Two Proton delegates quickly nominated Miss Macphail, and amid great applause from all sides the delegates announced they wanted no further nominations. Secretary Murray was authorized to wire Miss Macphail at Ottawa that she was the unanimous choice.

CANADA
What of the Future?

THE Bank of Toronto, closing its seventieth year of banking service to the Canadian people, finds itself compelled to express satisfaction, even amazement, over the achievements and progress of the Dominion in the first quarter of the new century.

Canada's trade has grown in this period not by the million but by the hundreds of millions. We are doing business with the world in a measure beyond any expectation of 25 years ago. There was never a period in Dominion history when, despite the war-born burdens we have been compelled to carry, the certain greatness of this country loomed so large upon world horizons.

Seventy years ago to-day (July 8, 1856) the founders of the Bank of Toronto opened the doors of the bank. Our history has been closely allied with the history of the Dominion; our faith in Canada never has flagged; our development has gone arm-in-arm with the forward-looking spirit that sees the greatest era of progress just ahead.

On this day we pay homage to the founders of this institution and subscribe to the sound enterprise and the spirit of public service to which our staff, past and present, have been dedicated.

"Onward to Canada's Greatest Half Century" may well be the watchword of a united, sanguine and determined people.
