Coughs

"My wife had a deep-seated cough for three years. I purchased two bottles of Ayer's Cherry Pectoral, large size, and it cured her completely."
J. H. Burge, Macon, Col.

Probably you know of cough medicines that relieve little coughs, *all coughs, except deep ones!*

The medicine that has been curing the worst of deep coughs for sixty years is Ayer's Cherry Pectoral.

Three sizes: 25c., enough for an ordinary cold; 50c., just right for bronchitis, hoarseness, hard colds, etc.; $1, most economical for chronic cases and to keep on hand.

The Young Folks.

OF COURSE NOT!

Now when Thanksgiving joys abound,
And all the folks are gathered round
The festal board,—you hear once more
The ancient story, heard before:
"I won't deny it if I could;
These pies indeed are pretty good.
You boil and brew
And fry and stew,
But when you come to bake
Mince pies, my dear,—of course they're not
Like mother used to make!"
—*Clifton S. Wady.*

Here is a pointer. Because you haven't used Catarrhozone is the best reason why you should use it right away. It will cure the catarrh that makes your breath so heavy and your hearing so poor. Catarrhozone is a scientific cure for Catarrh, Bronchitis and asthma, recommended by doctors and druggists as a sure cure. Mr. Henry A. Taylor the oldest druggist in Halifax, says "Catarrhozone gives satisfaction wherever it goes. It is simple and convenient to use, and enjoys fully three times the sale of any other catarrh remedy in the city." Catarrhozone is guaranteed to cure, and if it fails you can have your money returned. Price $1.00 for two months' treatment. Small size 25 cents. Druggists or Polson & Co., Kingston, Ont. Sold by A. T. Brown.

CONSUMPTION

Right food—right medicine—right time—these three things are of the utmost importance to the consumptive. Right food and right medicine—these are contained in Scott's Emulsion of pure cod-liver oil. Right time is at first sign of disease. Right time is now.

Scott's Emulsion always helps, often cures. Ordinary food helps feed. Fresh air helps cure. Scott's Emulsion does both. Begin early.

We will send you a little to try, if you like.

JOSIE'S TROUBLE.

One Thanksgiving many years ago while our family still sat around the dining table, enjoying an after-dinner chat, someone noticed that Josie, aged five years, was looking with pained face and longing eyes at the abundance of food that yet remained upon the table, and they asked, "Josie, have you had all the dinner you want?" She promptly replied, "No." This drew the attention of all the others to her and grandma said, "Well, Josie, that is too bad; what can I help you to?" "Nothing," Josie replied in a regretful tone of voice. "I want a lot more, but I am so full I can't eat another bite." This caused a shout of laughter from all except Josie, who continued to look sad.

Paine's Celery Compound Possesses Special Virtues and Powers For Female Health Building.

ALL WOMEN WHO SUFFER FROM DISEASES PECULIAR TO THEIR SEX SHOULD USE IT.

A Hamilton, Ont, Lady Whose Life Was Despaired of is Made Well and Strong After Years of Suffering.

Paine's Celery Compound has stood the test of time and experience while hundreds of the common preparations are fast sinking into obscurity. Paine's Celery Compound is not a patent medicine; it is a discovery of one of the greatest and ablest physicians that ever practiced the noble profession, and for this reason it is prescribed by many able doctors who recognize its worth.

Paine's Celery Compound possesses special virtues and powers for female health-building. It banishes nervousness weakness, backaches, sideaches, headaches and all the nameless aches that come to women of all ages. It gives them rosy cheeks, sparkling eyes, and restores the freshness and activity of girlhood.

Miss Blake, of Hughson Street, Hamilton, Ont., gives her testimony for the benefit of women who are suffering—many in silence—and earnestly looking for health and strength.

"For many years I suffered much and was under the care of doctors who finally told me that I was going into consumption. I became worse through the use of medicines, and gave up my doctors. While in a very critical condition, not able to sleep or rest, always faint and weak, appetite and digestion bad, my system rundown and little life left in me, I commenced to use Paine's Celery Compound. After the use of one bottle I felt much relieved. I have used in all seven or eight bottles, and am now a new woman, can enjoy life, and as well as I wish to be."

Used internally Hagyard's Yellow Oil cures sore throat, hoarseness, quinsy, pain in the chest, croup, etc. Used externally it cures rheumatism, stiff joints, contracted cords, sprains, strains, burns, scalds, cuts, and bites of insects.

To be unmarried is to live without joy, without blessing, without kindness, without religion and without peace.

Out of Sorts.—Symptoms, headache, loss of appetite, furred tongue, and general indisposition. These symptoms, if neglected, develop into acute disease. It is a trite saying that an "ounce of prevention is worth a pound of cure," and a little attention at this point may save months of sickness and large doctor's bills. For this complaint take two or three of Parmelee's Vegetable Pills on going to bed, and one or two for three nights in succession, and a cure will be effected.

"A well trained mind brings success." "Not at all; pegging away for success is where a man gets his well-trained mind."

Sleeplessness is due to nervous excitement. The delicately constituted, the financier, the business man, and those whose occupation necessitates great mental strain or worry, all suffer more or less from it. Sleep is the great restorer of a worried brain, and to get sleep cleanse the stomach from all impurities with a few doses of Parmelee's Vegetable Pills, gelatine coated, containing no mercury, and are guaranteed to give satisfaction or the money will be refunded.

There is only one thing that equals the hunger of the railway promoters for subsidies in this country—and that is their hunger for more subsidies.

It will work while you sleep, without a gripe or pain, curing Constipation, Biliousness, Sick Headache and Dyspepsia, and make you feel better in the morning.

Attention in the world of homeopath medicine has been its very source of progress, as in politics and religion—the difficulties of opinions and the individuality of men have been parent to the disagreement by which the standard of these bodies have been elevated. So with most of our famous preparations—foremost in illustration of which truth stands the world-famous remedy to general debility and languor, "Quinine Wine,"—and which when obtainable in its genuine strength, is a miraculous creator of appetite, vitality and stimulant, to the general fertility of the system, Quinine Wine, and its improvement, has, from the first discovery of the great virtues of Quinine as a medical agent, been one of the most thoroughly discussed remedies ever offered to the public. It is one of the great tonics and and natural life-living stimulants which the medical profession have been on call to recognize and prescribe. Messrs. Northrop and Lyman, of Toronto, have given to the preparation of their pure Quinine Wine the great care due to its importance, and the standard excellence of the article which they offer to the public comes into the market purged of all the defects which skilled observation and scientific opinion are pointed out in the less perfect preparations of the latter.

KIDNEY DISEASE FOR TEN YEARS.

A Glen Miller Man's Terrible Trial.

He Found a Cure at Last in Doan's Kidney Pills.

Mr. P. McBain, who is a well-known resident of Glen Miller, Hastings Co., Ont., was afflicted with kidney trouble for ten years.

So pleased is he at having found in Doan's Kidney Pills a cure for his ailments, which he had begun to think were incurable, that he wrote the following statement of his case so that others similarly afflicted may profit by his experience: "I have been afflicted with kidney trouble for about ten years and have tried several remedies but never received any real benefit until I started taking Doan's Kidney Pills. My back used to constantly ache and my urine was high colored and milky looking at times. Since I have finished the third box of Doan's Kidney Pills I am happy to state that I am not bothered with backaches at all and my urine is clear as crystal. I feel confident that these pills are the best kidney specific in the country."

Cholera morbus, cramps and kindred complaints usually make their appearance at the same time as the hot weather, green fruit, cucumbers, melons, etc., and many persons are debarred from eating these tempting fruits, but they need not abstain if they have Dr. J. D. Kellogg's Dysentery Cordial, and take a few drops in water. It cures cramps and cholera in a remarkable manner, and is sure to check every disturbance of the bowels.

Better eat onions all thy life than dine upon geese and chickens once, and long in vain for more ever after.

Try it.—It would be a gross injustice to confound the standard healing agent—Dr. Thomas' Eclectric Oil with the ordinary unguents, lotions, and salves. They are oftentimes inflammatory and astringent. This oil is on the contrary, eminently cooling and soothing when applied externally to relieve pain, and powerfully remedial when swallowed.

There are three who are especially beloved by God: He who is forbearing, he who is temperate, and he who is courteous.

WOMEN WILL TALK.

Can't Blame them for Telling each other about Milburn's Heart and Nerve Pills.

THE GREAT REMEDY FOR WEAK NERVOUS WOMEN.

It's only natural that when a woman finds a remedy which cures her of nervousness and weakness, relieves her pains and aches, puts color in her cheek and vitality in her whole system, she should be anxious to let her suffering sisters know of it.

Mrs. Hannah Holmes, St. James Street, St. John, N.B., relates her experience with this remedy as follows:—"For some years I have been troubled with fluttering of the heart and dizziness, accompanied by a smothering feeling which prevented me from resting. My appetite was poor and I was much run down and debilitated.

"Since I started using Milburn's Heart and Nerve Pills, the smothering feeling has gone, my heart beat is now regular, the fluttering has disappeared, and I have been wonderfully built up through the tonic effect of the pills. I now feel stronger and better than for many years, and cannot say too much in praise of the remedy which restored my long lost health."

MET HIS MATCH.

That well known historical personage, Augusta the Strong, elector of Saxony, has furnished the subject for many a tale of his wonderful muscular power. We need refer only to one characteristic story in which, however, he met his match. On the occasion in question he entered a blacksmith's shop. To show his skill how strong he was, picking up several horseshoes, he broke one after the other, asking the blacksmith whether he had no better.

When it came to paying the bill, the Elector Augustus threw a six dollar coin on the anvil. It was a very thick coin. The blacksmith took it up, broke it in two saying: "Pardon me, but I've given you a good horseshoe, and I expect a good coin in return."

Another six dollar piece was given him, but he broke that and five or six others, when the humiliated elector put an end to his performance by handing the blacksmith a loaded'or, pacifying him by saying: "The dollars were probably made of bad metal, but this gold piece, I hope, is good."

PROFESSOR HUXLEY ON ALCOHOL.

In a letter published in his "Life and Letters," replying to a question as to what he thought of alcohol as a stimulant to the brain in mental work, Professor Huxley said:

"Speaking for myself (and perhaps I may add for persons of my temperament), I can say without hesitation that I would as soon take a dose of arsenic as I would of alcohol under such circumstances. Indeed on the whole I should think the arsenic safer and less likely to lead to physical and moral degradation. It would be better to die outright than to be alcoholized before death. If a man cannot do brainwork without stimulants of any kind he had better turn to hard work. It is an indication of nature's part that she did not mean him to be a head worker."
