Asthma

"One of my daughters had a terrible case of asthma. We tried almost everything, but without relief. We then tried Ayer's Cherry Pectoral and three and one-half bottles cured her." — Emma Jung, Entzminger, Langsville, O.

Ayer's Cherry Pectoral certainly cures many cases of asthma.

And it cures bronchitis, hoarseness, weak lungs, whooping-cough, croup, winter coughs, night coughs, and hard colds.

Three sizes: 25c., enough for an ordinary cold; 50c., just right for bronchitis, hoarseness, hard colds, etc.; $1, most economical for chronic cases and to keep on hand.

KEEP A-GOIN' !

If you strike a thorn or rose,
Keep a-goin'!
If it balls or if it snows,
Keep a-goin'!
'Taint no use to sit and whine
When the fish ain't on your line;
Bait your hook and keep on tryin';
Keep a-goin'!

When the weather kills your crop,
Keep a-goin'!
When you tumble from the top
Keep a-goin'!
S'pose you're out o' every dime
Gettin' broke ain't any crime;
Tell the world your 'prime;
Keep a-goin'!

When it looks like all fetup,
Drain the sweetness from the cup,
Keep a-goin'!
See the wild birds on the wing!
Hear the bells that sweetly ring!
Keep a-goin'!
When you feel like singin'—sing!
Keep a-goin'!

WHY HE TURNED.

Not long ago, in Perthshire, a woman was driving her husband down a narrow lane, when, on turning a sharp corner, they encountered a brewer's cart. Neither had room to pass, and in most disagreeable tones the woman said:

"He must go back, for I shall not. He ought to of seen us before entering the lane."

"But my dear," replied the husband, "how could he with this [illegible] turnin the road?"

I don't care," said the woman, haughtily: "I shall stay here all night before I give way to him."

The driver of the cart overheard all the conversation, and said, resignedly:

"A richt, sir; I'll gang back"—adding, sympathetically, "I've got just such anither sae at home."

WHAT'S IN A DREAM?

He was young and bashful. She was—ahem!—not thirty.

Miss Robinson, he began diffidently, I am—er—a little superstitious, and I dreamed last night that I—er—proposed to you. Is that a sign of anything?

It's a sign, she said desperately, that you've got a deal more sense when asleep than when you're awake!

PAST CURING.

Two old Scotch friends met, and spoke of the days when they had been sweethearts. At last he said:

"Ah, Jennie, an' I has na loved anybody since you. I has never forgotten you."

"John," she replied, with a little moistening of the eyes "you're just as big a liear as ever, an' I believe ye jist th' same."

Hard Colds.

People whose blood is pure are not nearly so likely to take hard colds as are others.

Physiology goes into the reason.

Hood's Sarsaparilla makes the blood pure, causing healthy action of the mucous membrane and giving strength and tone to all the organs and functions.

The great medicine recovers the system after a cold, as no other does.

A lover who deserves that name, so far from attempting to destroy it becomes, even for his own sake, the most watchful protector of it.

How It Is Done

The first object in life with the Canadian people is to get rich; the second, how to obtain good health. The first can be obtained by energy, honesty and saving the second, (good health) by using Green's August Flower. Should you be a despondent sufferer from any of the effects of dyspepsia, liver complaint, appendicitis, indigestion, etc., such as sick headache, palpitation of the heart, sour stomach, habitual costiveness, dizziness of the head, nervous prostration, low spirits, etc., you need not suffer another day. Two doses of the well-known August Flower will relieve you at once. Regular size, 75 cents. You can get Dr. G. G. Green's reliable remedies at Wm. Erskine, Druggist, Acton.

Many men feign sufferings that may excite pity in the hearts of the women they love. These sufferings may soon become real ones for the women who are thus duped. Women should take for their motto: Pity, like charity, should begin at home.

NURSING MOTHERS

A mother's poor health is bad enough for the mother but worse still for the nursing baby.

Mothers find Scott's Emulsion a nourishing and strengthening food. If the breast milk is scanty or thin Scott's Emulsion will make it rich and more abundant.

When mothers take Scott's Emulsion the babies share in the benefits. Thin babies grow fat. Weak babies get strong.

We'll send you a little to try, if you like. SCOTT & BOWNE, Chemists, Toronto.

SOME BAD BARGAINS.

A Sabbath School teacher once remarked that he who buys the tenth makes a good bargain, and inquired if any scholar recollected an instance in Scripture of anyone making a bad bargain.

"I do," replied a boy. "Esau made a bad bargain when he sold his birthright for a mess of pottage."

A second said: "Judas made a bad bargain when he sold his Lord for thirty pieces of silver."

A third replied: "Ananias and Saphira made a bad bargain when they sold their land, and then told Peter a falsehood about it."

A fourth observed: "Our Lord tells us that he makes a bad bargain who to gain the whole world loses his own soul."

WHEN TO USE "SHALL" AND "WILL."

"At what time shall you be at liberty?" is the correct form when you desire information, not consent or a promise." "At what time will you be at liberty?" is equivalent to "At what time are you willing to be at liberty?". It implies that being at liberty is dependent on the will of the person spoken to. "At what time shall you be at liberty?" is equivalent to "At what time are you going to be at liberty?"—being at liberty is regarded as simply a matter of the future, not dependent on the will of anybody. "Will you?" expects the answer, "I will"; it denotes willingness, consent or determination. "Shall you?" "Shall you" expects the answer "I shall"; it denotes futurity and nothing more. Elizabeth A. Withly, in the November *Ladies' Home Journal.*

PAINE'S CELERY COMPOUND.

Paine's Celery Compound is the medicine you should use when you lack nerve energy, when the body is poorly nourished when you are weak, rundown, despondent or sleepless. Paine's Celery Compound braces up the nerves, strengthens the liver and kidneys, and cleanses the blood. A. T. Brown, Druggist, Acton, Ont.

B.B.B. Makes Blood Pure.

If the blood is pure the whole body will be healthy.

If the blood is impure the whole system becomes corrupted with its impurities.

Burdock Blood Bitters transforms impure and watery blood into rich pure blood and builds up the healthy.

Disease germs cannot lurk in the system when B.B.B. is used.

Miss Ella McDonald, Lisconb Mills, Guy Co., N.B., writes: "I have found B.B.B. an excellent remedy for purifying the blood and curing sick headache. I had tried many remedies, but none of them did me much good. B.B.B. has made me so well that I feel like a new woman and I am constantly recommending it to my friends."

It is no proof of a man's understanding to be able to confirm whatever he pleases but to be able to discern what is true is true, and that what is false is false, this is the mark and character of intelligence.

If a child eats ravenously, grinds the teeth at night and picks its nose, you may almost be certain it has worms and should administer without delay Dr. Low's Pleasant Worm Syrup. This remedy contains its own cathartic.

No family living in a bilious country should be without Parmelee's Vegetable Pills. A few doses taken now and then will keep the liver active, cleanse the stomach and bowels from all bilious matter and prevent Ague. Mr. J. L. Require the Nerve Tonic, Blood Enriching, Heart Sustaining Action of Milburn's Heart and Nerve Pills.

It is well known that after any serious illness the heart and nerves are extremely weak and the blood greatly impoverished. For these conditions there is no remedy equals Milburn's Heart and Nerve Pills. It restores all the vital forces of the body which disease has impaired and weakened.

Mr. T. Barnicott, Aylmer, Ont., says:—"About a year ago I had a severe attack of La Grippe which left my system in an exhausted condition. I could not regain strength and was very nervous and sleepless at night, and got up in the morning as tired as when I went to bed.

"I had no energy and was in a miserable state of health.

"Milburn's Heart and Nerve Pills, which I got at Richard's Drug Store here, changed me from a condition of misery to good health. They built up my system, strengthened my nerves, restored brisk circulation of my blood, and made a new man of me.

"I heartily recommend them to any one suffering from the after effects of Grippe, or any other severe illness."

The pains of rheumatism should be reminded that a cure for this disease may be found in Hood's Sarsaparilla, which, as the One True Blood Purifier, neutralizes the acid which causes rheumatism. That is why it absolutely cures when liniments and other outward applications fail to give permanent relief.

Theodore—He went so far as to call me a puppy!

Harriet—And at your age! The idea!

Attention to the world of homeopath medicine has been its very source of progress, as in politics and religion—the difficulties of opinions and the individuality of men have been parent to the disagreement by which the standard of these bodies have been elevated. So with most of our famous preparations—foremost in illustration of which truth stands the world-famous remedy to general debility and anguor, "Quinine Wine,"—and which when obtainable in its genuine strength, is a miraculous creator of appetite, vitality and stimulant, to the general fertility of the system, Quinine Wine, and its improvement, has, from the first discovery of the great virtues of Quinine as a medical agent, been one of the most thoroughly discussed remedies ever offered to the public. It is one of the great tonics and and natural life-living stimulants which the medical profession have been accustomed to recognize and prescribe. Messrs. Northrop and Lyman, of Toronto, have given to the preparation of their pure Quinine Wine the great care due to its importance, and the standard excellence of the article which they offer to the public comes into the market purged of all the defects which skilled observation and scientific opinion are pointed out in the less perfect preparations of the latter.

WHAT TO DO ABOUT SANTA CLAUS.

The problem is before us "What shall we do with Santa Claus? The anxious mother questions, "Would you have me tell the child nothing about Santa Claus? Would you have me leave all the beautiful part out of the child's life? By no manner of means. There is a Santa Claus; why should we deny him? The first thing to do is to believe in him yourself. Ask yourself what Santa Claus means to the child. He is the mysterious, benevolent benefactor; the one who never forgets the one who never brings the good child ought but sunshine, and leaves a trail of happiness behind.

Think of what Christmas meant to you as a child. Think of the expectancy, the realization, the flood of good feeling and fellowship that seemed to pervade the world in those days and then ask them if this echo of the most wonderful song ever heard on earth has not some connection with the childish idea of Santa Claus.

Tell the child the good old stories of the good old Saint as often as you please, but tell them invariably as myths, as fairy tales. Tell them from babyhood, when the latter will be all he will understand, until he reaches the age when he can grasp the spiritual idea and slough the latter off. If the child is always told the myth of Santa Claus as a fairy tale, he will have all the childish joy, and will have nothing to unlearn, and when he reaches the age of five or six his mind will readjust itself to an ideality.—Anna Margaret Price, in the December *Ladies' Home Journal.*

HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.

About five years ago my right ear began to sing, and this kept on getting worse, until I lost my hearing in this ear entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.

Then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,
