R. T. Edwards to Carry Banner of Consevatives

Robert T. Edwards, a well known farmer of the Township of Glenelg, will carry the banner of the Liberal Conservatives of South-east Grey in the coming Dominion Election contest and if the enthusiasm and unanimity displayed at the convention held at Durham on Monday afternoon count for anything Miss Agnes Macphail, who will be his opponent, has a merry battle ahead of her if she wishes to retain her seat.

The convention was one of the best ever held in Southeast Grey, according to those who have been attendng these gatherings in years past, and certain it is that the town hall was filled to its utmost capacity, in fact was thought at one time that there would have to be an adjournment to the rink, but rather than break up the meeting, it was decided to inconvenience some and remain where they were.

The convention was not only an enthusiastic one, but it was thoroughly representative, every polling division being represented, and great interest was displayed. There were various predictions previous to the calling of the meeting to order as to who would get the convention, and a number of names were mentioned, but in the end Mr. Edwards was the unanimous choice, and it was apparent that there was a determination to enter the campaign to redeem the riding for the Conservative cause. There were no less than nine names placed before the convention, but Mr. Edwards was the only one who placed himself in their hands, and the balance withdrew, all of them promising to give the nominee their whole souled support in the coming fight.

ONLY A SMOKE SCREEN

In a statement issued on July 8th, by W. T. Lucas, Progressive member for Camrose, Alta., denying the right of Robert Forke or E. J. Garland to speak for the party, Mr. Lucas says:

"I may be mistaken but it would seem to me that the constitutional question is simply a smoke screen created by the Liberal party and defenders to cloud the real issue. The issue before the peope is undoubtedly of the customs scandle. When the real facts are known this scandal will be disclosed as one of the worst that has ever besmirched the public life of this country. Indeed the details are too horrible to permit of discussion from the public platform, but some means must be found to convey to the electors the truth with respect to the conditions as they existed prior to the action taken by the Hon. H. Stevens."

LAUDS AGNES MACPHAIL

The following is an editorial in a recent edition of the Farmers' Sun:

Nothing that the Sun can say can add to the high esteem in which Agnes Macphail, M.P., is held by her constituents, by the entire membership of the U.F.O., by political leaders of all parties and the great majority of the Canadian public. We cannot, however, let the occasion pass without offering our congratulations to Miss Macphail on her recent nomination as U.F.O. candidate in the Federal constituency of South Grey. Agnes Macphail has never sought popularity. No one in the House has handed out harder blows that she has when occasion demanded. No one in the late parliament was placed in a more awkward or delicate position, and no one came through its hectic sessions with more credit. No one in the history of Canada has had higher ideals of public service counled with more good common sense, than the prospective member for South Grey in Canada's sixteenth Parliament.

The Christian Science Monitor, of Boston, U. S. A., has been helping British influences in the States, by publishing a special edition on June 1st of the industries of Great Britain, with pictures of beauty spots and reading matter pertaining to affairs there. A short time ago they also had a special edition on Canada, for which the Christian Science Monitor was highly praised. It is a commendable undertaking, and will go far to eliminate some of the misunderstanding regarding Great Britain, and her affairs among our southern neighbors.

Mrs. D. Hincks Passes

It is our sad duty to chronicle the death of Mrs. David Hincks, 2nd concession, Artemesia, Priceville, Ont., on Thursday, July 22nd, at the age of 53 years.

Mrs. Hincks had a long illness lasting over a year, but bore her sickness with the greatest patience and Christian fortitude that was an example that all of us could profit to follow. During the intervals that she was able to see her friends, she was always cheerful and each one felt that it did them good to have spent a short time with her. The greatest tribute that can be cherished to her memory is her splendid family of four boys and five girls. The family tenderly cared for and watched over their mother through the trying times of her suffering and considered it the greatest blessing to have her with them, part of the time even wheeled in her bed to watch them while about their duties, to advise and direct them and take a loving mother's joy to watch thes young boys and girls develop and unfold into such bright, thoughtful, wise and beautiful manhood and womanhood.

We extend the deepest sympathy of all, far and near, to the bereaved husband and family, but more especially to Mr. Hincks, who feels the loss of his help-mate keenly, and while his responsibility in charge of his family is great, he will find that he does not bear it alone for each and everyone of his youthful sons and daughters is doing and prepared to joyfully do his or her share.

The members of the family are:—Andrew, who lives a mile west of the home; Willie and Gadys at home; Ida, teaching near Singhampton; Alfred, teaching in the home school; Clifford and Beth attending high school and Jean attending public school.

Mrs. Hincks was a daughter of the late Mr. and Mrs. Wm. McLeod of Glenelg, and a sister of the late Mrs. Archie McQuaig, the late John McLeod of Stayner, Neil McLeod, Swinton Park, Archie of Carman, Man. and William, a short distance east of the old home in Glenelg.

The funeral service was held at her home on Saturday, July 24th, and was conducted by her pastor, Rev. Angus Sutherland, at which he read the 23rd Psalm, which singularly happened to be the portion of the Bible that her daughter, Gladys, chose to read to her the evening before her death. He also gave a comforting discourse on the text found in Job 1: 21, "The Lord gave and the Lord hath taken away, blessed be the name of the Lord."

The pallbearers were her two brothers, Neil and William, and four dousins, Alex. and Francis McLeod, Neil McQueen and Neil Clark.

The funeral director and undertaker was Mr. Wm. G. Watson of Priceville.

The funeral was very largely attended. Those present from a distance were: Mrs. Mary McLeod, Mr. Alex. McLeod and daughter, Marjory, and Mr. and Mrs. Donald McQueen, all of Stayner, and Mr. and Mrs. Francis McLeod, Collingwood, besides many kind friends from Proton, Egremont, Durham and Bentinck.

The floral tributes were very beautiful, being as follows: Pillow from the family, sheaves from the MacQuaig family, D. McPhail, P. Muir and family, Miss Isla Henderson, Owen Sound hospital, and the U.F.W.O. Holdfast Club.

Garden roses are beginning to appear.

STABLE AND FARM EQUIPMENT

I am agent for stable equipment, manufactured by the Superior Co., also Shinn Flatt lightning rods. Manure Spreaders; wire fencing by the Canadian Steel and Wire Co., Mount Forest Buggies, and Feury Plows. A call solicited. — E. Rutherford, Proton Station. Phone 44 ring 3-2.

Corbett—Mercer — That the reeve be authorized to order the necessary cement required for the Binnie bridge. Carried.

Mercer—Corbett — That the engineer be engaged on a basis of five per cent of the cost of any bridges which may be built, he to furnish the plans, specifications and necessary inspection. Carried.

Mercer—Corbett — That the reeve be empowered to sign and execute the application for the public liability and property damage policy of the Globe Indemnity Company, relieving the township of 100 per cent of its public liability to the public highways and bridges, for one year the limit of $5,000 in the case of injury or death of any one person. the result of any one accident; $10,000 in the case of injury or death to more than one person, the result of any one accident; $10,000, covering any damage caused to the property of the public, the result of one accident. In any action brought against the township, all expenses connected with litigation (all legal fees, court fees etc.,) are shouldered by the Globe Indemnity Co. of Canada.—Carried.

The counci adjourned.

CAR STRUCK HORSES

While returning from Markdale on Saturday night last, a car driven by W. G. Akins in company with two other young men of this place came into contact with a group of horses near the Orange Hall, about three miles above town. The horses are the property of Mrs. S. Hill, and had broken out onto the highway. Gordon Hill made an effort to drive the horses back to their native haunts, and it is thought that the glare of the headlights behind them, and the sight of the approaching car, caused them to momentarily run amuck. One of the horses dashed across the path of the approaching car, and a collision could not be avoided. The radiator, hood and headlights were demolished, but the occupants escaped injury. The horses "vammoosed" with all possible speed, and it is thought to have been none the worse for the high ride. Fortunately the car was travelling at a moderate rate of speed, or a more serious mishap would have occurred.

Letter From Peace River

To The Advance Readers:

As several have written to me wishing to know if I have met Mr. So and So, as they are in the Peace River country, I will try and give a few items to let some of the inquirers know that it is called the Peace River country for over 600 miles up the river. From the town and post office of Peace River to Fort St. John is 275 miles, down the river to Fort Vermillion 300 miles, to the Chutes 50 miles more. No doubt a lock will be put at the Chutes and this will open the river about 140 miles down to Great Slave Lake and save this tedious job of a portage from one boat to the other. This is all called the Peace River country, from there to the lake where ends the Peace river.

It is 700 miles from here to Fort Smith, where there are salt wells and many boat loads of No. 1 salt have been shipped out. We have almost an unlimited supply of coal and iron in the north, as well as large quantities of salt, fish timber and fur.

In the centre and south of the province we have a number of oil wells, some producing fairly well, others not so well.

We are 306 miles from Edmonton and 500 miles from Calgary on the C. P. R., so you can see we are quite large this Canada of ours, although we are young

Crops are all good here this season, fully two weeks earlier than usual. July 19, 1926.

—HORACE HURLBURT.

A town's reputation largely depends upon the attractive apeparance of its homes and home surroundings,

Are you building?

Shall you be building this year? If so, profit by the experience of those who save money when building. Even on a small job you'll probably be surprised to find how using Long Distance enables you to get lowest prices.

"We bought all the material for a $75,000 building by Long Distance—it is the cheapest way"—writes a contractor in a medium-sized town.

"We use Long Distance to get prices on materials before making estimates or contracts"—writes another.

The leaders in every branch of industry know. They've proved it, as you can.
