Colds

"I had a terrible cold and could hardly breathe. I then tried Ayer's Cherry Pectoral and it gave me immediate relief."
W. C. Layton, Sidell, Ill.

How will your cough be tonight? Worse, probably. For it's first a cold, then a cough, then bronchitis or pneumonia, and at last consumption. Coughs always tend downward. Stop this downward tendency by taking Ayer's Cherry Pectoral.

Three sizes: 25c. enough for an ordinary cold; 50c., just right for bronchitis, hoarseness, hard colds, etc.; $1, most economical for chronic cases and to keep on hand.

LOOKING BACK.

As down the busy street I walk,
Intent on strenuous ways,
I seem to hear the robin's song
I heard in other days.
I seem to see the orchard white,
With blossoms bending low,
And smell the lilac at the gate
I loved so long ago.

I see again the old rail fence,
The meadow, green and fair,
And hear the bobolink outpour
His bubbling carol there.
I see the upland fields, all white
With daisies starred like snow
And watch the swallow circle round
The old barn down below.

I hear the cowbell tinkle clear,
And see the lambs at play;
While all the air is fragrant sweet
With breath of new mown hay.
I wander to the trysting place—
Bless me! how time does flow!
The girl is now a grandma, twice,
I loved so long ago.

Dying by Slow Degrees.

Although not always aware of it yet thousands die by slow degrees of catarrh. It first attacks the nose and throat, then the lungs, and finally spreads all through the system. Catarrhozone is the only remedy that will immediately prevent the spread of this awful disease. Every breath from the inhaler kills thousands of germs, clears the throat and nose, aids expectoration and relieves the pain across the eyes. Catarrhozone eradicates every vestage of catarrh, from the system, and is highly recommended also for bronchitis, asthma, deafness and lung trouble. Price $1.00; trial size 25 cents an outfit. Sold by A. T. Brown.

Laugh and the world laughs with you—unless you laugh at your own jokes.

The Evils of Constipation.

This dangerous condition causes sick headache, abdominal pains, piles, and in most severe cases insanity and apoplexy. The most agreeable and satisfactory remedy is Ferrozone, which makes the bowels so well ordered that natural and unassisted action is established. It is mild and certain in action and never causes distress or inconvenience, and may be taken as long as required. Pains in the stomach and intestines, piles, biliousness and headache disappear at once when Ferrozone is used. Recommended and sold by druggists. Sold by A. T. Brown.

Timber is being exported from Bosnia to South Africa, to be used in rebuilding farms destroyed during the war.

At This Time of Year.

The word catarrh literally means to flow down, and it has been observed that nasal catarrh has a downward course internally, and if neglected affects the lungs and brings on consumption. At this time of year, this form of catarrh is greatly aggravated. The discovery of the constitutional nature of this disease led to the administration of a constitutional remedy for it, and the best of which we have any knowledge is Hood Sarsaparilla—it radically and permanently cures.

Paris and Copenhagen will be placed in telephonic communication with each other next month.

CONSUMPTION

Right food—right medicine—right time—these three things are of the utmost importance to the consumptive. Right food and right medicine—these are contained in Scott's Emulsion of pure cod-liver oil. Right time is at first sign of disease. Right time is now.

Scott's Emulsion always helps, often cures. Ordinary food helps feed. Fresh air helps cure. Scott's Emulsion does both. Begin early.

We'll send you a little to try, if you like.

LIKE SOME OLDER PEOPLE.

"Children are always ready enough to emulate their parents' zeal, but seldom so willing to copy their discretion. A certain Episcopal bishop has a four-year-old daughter who, says the Chicago Chronicle, has inherited much of her father's force of character, and is frankly a staunch and aggressive churchwoman.

"The other day the family entertained some friends from Denver. In the visiting family there was a little girl of the same age as the bishop's child. Her parents were Presbyterians. It was proposed that the two little girls share the same bed, and, bedtime coming, they knelt down to say their prayers together.

When the little Episcopalian was saying, "Forgive us our trespasses," she heard her companion pray, "forgive us our debts," and she said, sharply:

"It's trespasses!"

"No, it ain't," said the Denver Calvinist. "It's debts."

"Trespasses!"

"Debts!"

"Trespasses!"

"Debts!"

Out flew a chubby Episcopalian fist and struck a Presbyterian eye. There was a mix-up immediately.

"Now it's trespasses, ain't it?"

"No," said the other, stoutly. "It's 'debts.'" But peace was restored, and the two consented to go on with the prayer.

When they came to the end the little Presbyterian said "Amen," giving the flat "a" of the dissenters, while the little Episcopalian intoned "Ah-men," with the broad sound to the first vowel.

"Amen," repeated the Presbyterian, with conviction.

"Ah-men," said the Episcopalian, with conviction.

They were only saved from another encounter by being handled into bed. When the door was closed upon them each was still maintaining her her own idea of pronunciation.

A Lady Says:

"PAINE'S CELERY COMPOUND Has Been Worth Hundreds of Dollars To Me."

A HAPPY AND COMPLETE CURE AFTER EIGHTEEN YEARS OF AWFUL AGONY.

All weary and disheartened sick people and those who have lost faith in the remedies they have used in the past, because none of them have given indications of cheering results, should now be filled with a strong determination to make use of the one medicine that cures disease—the new agent of new life that saves hopeless and despairing sufferers after all other agencies and means fail.

The thousands of victims of tormenting neuralgia after reading the testimony of Mrs. G. H. Parker, of Winona, Ont., must see, that to avoid a continuance of suffering and the possibility of sudden death, it is absolutely necessary to use Paine's Celery Compound, the only medicine that successfully banishes neuralgia and kindred nerve diseases. Mrs. Parker says:

"I have been a great sufferer from neuralgia for nearly eighteen years, and my sufferings at times were so bad that words fail to describe them. After having tried a host of remedies, I was persuaded to use Paine's Celery Compound. I am happy to say that I am now a different woman and completely cured. I can recommend Paine's Celery Compound; it has been worth hundreds of dollars to me."

Every man would rather line up in front of a dry goods store than go inside with his wife.

Colic and Kidney Difficulty.—Mr. J. W. Wilder, J. P., Lafargeville, N. Y., writes: "I am subject to severe attacks of colic and kidney difficulty, and find Parmelee's Pills afford me great relief, while all other remedies have failed. They are the best medicine I have ever used." In fact so great is the power of this medicine to cleanse and purify, that diseases of almost every name and nature are driven from the body.

Why doesn't some genius come to the front with fireproof material for pockets in which money couldn't burn a hole?

An All-Round Remedy.

Mrs. Hammond, Binscarth, Man., writes: "I have used Hagyard's Yellow Oil for sore throat, cuts, scalds and frostbites for a long time and consider it the best all-round household remedy made." Price 25c. all dealers.

"He says that he is a self-made man."

"Couldn't get any one else to assume the responsibility, I suppose."

Inward and Outward.

The inward effects of humors are worse than the outward. They weaken all the organs, inflame the mucous membrane, cause catarrhal troubles, and endanger the whole system.

Hood's Sarsaparilla eradicates all humors and cures all their effects.

It's the great alterative and tonic medicine whose merit has been everywhere established.

Accept no substitute.

Bread has been cheaper in Yorkshire and Lincolnshire, England, since the tax was imposed on imported cereals.

Is Your Back Lame.

Does it hurt to stoop or bend down? Have you a heavy dull pain at the base of the spine? If so, the best remedy is Nerviline; it will invigorate the tired, sore muscles, make them supple and strong. Nerviline will drive out the pain and make you well in no time. Nothing so good as Nerviline for lumbago, stiff neck, rheumatism, neuralgia and sciatica. Buy a 25c. bottle of Polson's Nerviline. Sold by A. T. Brown.

BACKACHE.

Backache is a forerunner and one of the most common symptoms of kidney trouble and womb displacement.

READ MISS BOLLMAN'S EXPERIENCE.

"Some time ago I was in a very weak condition, my work made me nervous and my back ached frightfully all the time, and I had terrible headaches.

"My mother got a bottle of Lydia E. Pinkham's Vegetable Compound for me, and it seemed to strengthen my back and help me at once, and I did not get so tired as before. I continued to take it, and it brought health and strength to me, and I want to thank you for the good it has done me."—Miss Kate Bollman, 152nd St. & Wales Ave., New York City.—$5000 forfeit if original of above letter proving genuineness cannot be produced.

Lydia E. Pinkham's Vegetable Compound cures because it is the greatest known remedy for kidney and womb troubles.

Every woman who is puzzled about her condition should write to Mrs. Pinkham at Lynn, Mass., and tell her all.

Clears Away Worms.

Mrs. Wm. Graham, Shepparton, Ont., writes: "I have given Dr. Low's Worm Syrup to my boy time and again and find it a good worm medicine. It is nice to take and never makes the child sick like powders." Price 25c.

Fifty thousand persons have visited Robert Burns' cottage at Ayr this year.

No family living in a bilious country should be without Parmelee's Vegetable Pills. A few doses taken now and then will keep the liver active, cleanse the stomach and bowels from all bilious matter and prevent ague. Mr. J. L. Price, Shoals, Martin Co., Ind., writes: "I have tried a box of Parmelee's Pills and find them the best medicine for fever and ague I have ever used."

Berlin's last horse drawn street car will be withdrawn from service on December 1.

I was run down to such an extent that I could scarcely move about the house. I was subject to severe headaches, backache and dizziness; my appetite was gone and I was unable to do my housework. MOTHER'S PRAYERS.

We need much better homes to-day. The homes for our children should be as our parents' homes were for us. If we go back to our homes to-day and study our children, we will find that they have not a fault or virtue that their parents have not got. O for a revival of the old custom of having a family altar in a home where the father acts as priest, and the mother as a saint; we could stir the whole country for Christ.

One of my dearest friends was profligate until he was a man grown. In a great Western city he had determined to take his life, threw himself down on his bed just to collect himself before the awful deed, and larryd a little book off from a shelf just above his bed, and it struck him in the face. With an oath he threw it from him, and then it dawned upon him that it was his mother's Bible given him to read. He walked across the room to pick it up just to show her some mark of respect, and read upon the flyleaf, written in her own hand: "Dear boy, you can never get away from your mother's prayers." Instead of being a self-murderer he became one of the world's greatest preachers. I wish that we might dig again the well that our fathers digged before us, and make homes like heaven.—J. W. Chapman.

Well if the worst of us freeze to death this winter, we may have a warm future before us.

Attention in the world of homeopath medicine has been its very source of progress, as in politics and religion—the difficulties of opinions and the individuality of men have been parent to the disagreement by which the standard of these bodies have been elevated. So with most of our preparations—foremost in illustration of which truth stands the world-famous remedy to general debility and languor Quinine Wine,—and when when, obtainable in its genuine strength, is a miraculous creator of appetite vitality and stimulant, to the general fortility of the system, Quinine Wine and its improvement, has, from the first discovery of the great virtues of Quinine as a medical agent, been one of the most thoroughly discussed remedies ever offered to the public It is one of the great tonics and natural life-giving stimulants which the medical profession have been compelled to recognize and prescribe. Messrs. Northrop & Lyman, of Toronto, have given to the preparation of their pure Quinine Wine the great care due to its importance and the standard excellence of the article which they offer to the public, comes into the market purged of all the defects which skilled observation and scientific opinions are pointed out in the less perfect preparation of the latter.

Caution.

This is not a gentle word—but when you think how liable you are not to purchase for 75c the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the night and mornings, there is nothing like German Syrup. Sold by Wm. Erskine.

USELESS THINGS.

A happy idea, to go through life with just the thing one can't do without. So happy that it may be worth while to look up life's travelling list and revise it.

We get lives sadly out of proportion by crowding them up with things. Clothes and dinners, and possessions, and little formalities excellent all of them if taken in reasonable quantities, but stifling and dulling to the mind if piled up about us and demanding too much of our attention.

It is worth while sometimes to question our possessions as to their usefulness, and ruthlessly turn them out as lumber.

This is not meant in an ascetic sense. Because surely none of our possessions are more truly useful than those which please the eye, cheer the spirits, and expand the mind by their beauty. A beautiful picture, or carving, or piece of China is quite as useful in its way as the saucepan in which the daily dish of potatoes is boiled.

But think of the clothes that are hoarded year by year, the magazines, books that are never read, pictures put away because we have too many of them. The question to put to them is not, "Are you useful?" but, "Who would find you more useful than I do?"

There is nothing better for children's coughs and colds than Dr. Wood's Norway Pine Syrup. It is very pleasant to take and always cures the little ones' coughs promptly.
