Colds

"I had a terrible cold and could hardly breathe. I then tried Ayer's Cherry Pectoral and it gave me immediate relief."
A. C. Layton, Sidell, Ill.

How will your cough be tonight? Worse, probably. For it's first a cold, then a cough, then bronchitis, or pneumonia, and at last consumption. Coughs always tend downward. Stop this downward tendency by taking Ayer's Cherry Pectoral.

Three sizes: Big enough for an ordinary cold; the best relief for bronchitis, hoarseness, hard cold, severe cough, never recommended for chronic cases and to be kept on hand.

The Young Folks.

A PING PONG PLAINT.

She was a ping pong maiden,
And played on a ping pong court;
She hopped, and danced and bounced about
In a way she had not ought.

She loved a ping pong player,
Who had some charming strokes,
For she was an ardent ping pongest,
And scorned all other folks.

The strangest part of this love affair,
A sight you'll seldom see—
He struck her every time they met,
Which made her jump with glee.

They never moved or spoke a word
When the players had left the hall,
For he was a ping pong racquet
And she was a ping pong ball.

A Warning.

To feel tired after exertion is one thing; to feel tired before is another. Don't say the latter is laziness—it isn't; but it's a sign that the system lacks vitality, is running down, and needs the tonic effect of Hood's Sarsaparilla.

It's a warning, too—and sufferers should begin taking Hood's at once. Buy a bottle to-day.

Some women who shine in society forget to exhibit their polish at home.

Ringing in the Ears.

This is an unfailing sign of Catarrh, and if not checked will ultimately result in deafness. The simplest remedy is Catarrhozone, which if inhaled a few times daily, prevents the catarrhal condition from spreading. Catarrhozone quickly stops the ringing in the ears, head noises, gives permanent relief to catarrhal deafness. For catarrh in any part of the system, bronchitis, asthma, lung or throat troubles, Catarrhozone is a specific, and is guaranteed to permanently cure or your money back. Large size, $1.00; trial size 25c. Druggists or Polson & Co., Kingston, Ont. Sold by A. T. Brown.

When a man gets too lazy to give advice there is no earthly hope for him.

The Demon, Dyspepsia.—In olden time it was a popular belief that demons moved invisibly through the ambient air, seeking to enter into men and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those, who, by carelessness or unwise living, invite him. And once he enters a man it is difficult to dislodge him. He that finds himself so possessed should know that a valiant friend to do battle for him with the unseen foe is Parmelee's Vegetable Pills, which are ever ready for the trial.

Some folks are never satisfied unless they can go you one better.

Only fools sacrifice the certainties of to-day for the uncertainties of to-morrow.

Toothache Cured in One Minute.

Saturate some batting with Polson's Nerveline and place in the cavity in the tooth. Rub the painful part of the face with Nerveline, bind in a hot flannel, and the toothache will disappear immediately. Nerveline is a splendid household remedy for cramps, indigestion, summer complaint, rheumatism, neuralgia and toothache. Powerful, penetrating, safe and pleasant for internal and external use. Price 25c. Try Nerveline. Sold by A. T. Brown.

After a man gets off one witty remark he is expected to give a continuous performance.

Doctor the Horses.

Mrs. Thos. Thompson, Roland, Man., writes: "My husband would not be without Hagyard's Yellow Oil in the house, as he uses it a good deal for doctoring up the horses and considers it splendid." Price 25c.

A woman's idea of a shopping expedition is to visit every store in town without buying anything.

Astronomy catches the multitude.

MIRROR, SCALES, ETC.

There was a man. And his mirror said "sallow skin." And the scales said "losing weight." And his friends did wag their heads as he passed by. But being a prudent man he forthwith swallowed daily certain pleasant doses of Scott's Emulsion.

Then his mirror said "ruddy face." And the scales sunk beneath his weight. And his friends looked upon him with amaze.

(NOTE.—This is no fable—but is true history).

We'll send you a little to try, if you like.

THE RISING TIDE.

We are winning. We shall win. The news that comes to us from every quarter of the globe is full of encouragement.

The restrictive legislation passed by the Imperial Parliament is doing good. Progress is being made in South Africa. The liquor traffic is shrinking under the pressure of public opinion in New Zealand. Australian colonies are making great progress.

South of the line that separates us from the United States the advance is rapid. Nearly every day sees the extinction of the legalized liquor traffic in some county or town. Our news columns are evidence of this.

In Canada it is the same, with this difference, that lately the rapid development of public sentiment has not been accompanied by corresponding legislative expression. Every part of the Dominion is ripe for an advance.

The pressure of the people on Parliament and Legislature is growing continually stronger, and is certain to produce in the near future results that will probably be the greater because of the extent to which the forces have been restrained. We have good reason to "Thank God and take courage."

The Sunshine of True Health and Life After Sickness and Suffering.

PAINE'S CELERY COMPOUND

Rescues a Sufferer Who Was in a Perilous Condition.

The liver, the largest and one of the most important organs of the body, is, to thousands of young and old, a source of suffering. It has been truly said that a diseased liver means physical and mental tortures and dangers. The common symptoms of liver complaint are loss of appetite, nausea, vomiting, furred tongue, constipation, impure blood, headache, depression of spirits and a host of other evils.

Are you a victim of liver complaint? Do you experience any of the symptoms noted above? If so, do not fail to make immediate use of Paine's Celery Compound, the only medicine that directly strikes the root of the trouble, and that infuses new life into every inactive organ. Mrs. Rachel Mellae, Guelph, Ont., cured by Paine's Celery Compound, writes thus:

"For nine years I had been troubled with liver complaint, and often had very bad spells from it. I called in a doctor, who relieved me, but I remained weak, and could neither eat nor sleep, and suffered so much with my head that I procured a bottle of Paine's Celery Compound, and before I had the contents used, I could eat and sleep well, and the pain in my head was gone. I took a second bottle and have never been troubled with liver complaint since. Your compound has built me up and completely cured me."

Some men achieve justice and some have it thrust upon them.

It Will Prolong Life.—De Soto, the Spaniard, lost his life in the wilds of Florida, whither he went for the purpose of discovering the legendary "Fountain of perpetual youth" said to exist in that then unknown country. While Dr. Thomas' Eclectric Oil will not perpetuate youth, it will remove the bodily pains that make the young old before their time and harass the aged into untimely graves.

Probably the most unsatisfactory thing on earth is compulsory love.

All kinds of coughs and colds, bronchitis, whooping cough, pains in the chest, wheezing, hoarseness, sore throat and asthma, yield to the lung-healing properties of Dr. Wood's Norway Pine Syrup. Price 25c.

He who gives himself airs of importance exhibits the credentials of impotence.

A Magic Pill.—Dyspepsia is a foe with which men are constantly grappling but cannot exterminate. Subdued, and to all appearances vanquished in one, it makes its appearance in another direction. In many the digestive apparatus is so delicate as the mechanism of a watch or scientific instrument in which even a breath of air will make a variation. With such persons disorders of the stomach ensue from the most trivial causes, and cause much suffering. To these Parmelee's Vegetable Pills are recommended as mild and sure.

If a good face is a letter of recommendation, a good heart is a letter of credit.

Sick With Worms.

Mrs. J. D. Mayo, South Stukely, P. Q., wrote the following: "One of my children took sick with worms and after trying everything without getting relief we procured Dr. Low's Worm Syrup which acted promptly and effectually."

Do what good thou canst unknown, and be not vain of what ought rather to be felt than seen.

Nervous and Sleepless.

There is just one cure and that is plenty of food for the blood and nerves, which is best supplied in Ferrozone, than which no blood builder, nerve tonic or strength producer is better. Ferrozone promotes healthy digestion, which results in improved nutrition. The blood grows rich and red, furnishes stability to the entire system, and the store of nerve force and energy increases daily. A rebuilding of the constitution, new spirits, health and strength, all come from the use of Ferrozone. This marvelous renovator is sold by druggists for 50c. a box, or six boxes for $2.50. By mail from Polson & Co., Kingston, Ont. Sold by A. T. Brown.

Devote each day to the object then in time, and every evening will find something done.

One who makes his word good is seldom in want of a bondsman.

We have no hesitation in saying that Dr. J. D. Kellogg's Dysentery Cordial is without doubt the best medicine ever introduced for dysentery, diarrhoea, cholera and all summer complaints, sea sickness, etc. It promptly gives relief and never fails to effect a positive cure. Mothers should never be without a bottle when their children are teething.

Farmer compelled to stop clearing up his farm.

A man's reputation depends on the public estimate, but his character must always depend on himself.

Agitation in the world of homoopathic medicine has been its very soul of progress as in politics and religion—the difficulties of opinion and of men have been present to the disagreements of which the standard of these bodies have been elevated. So with some of our famous preparations—foreshadowed the world famous remedy to general debility and languor, "Quinine Wine"—and, which, when obtained in its genuine strength is a miraculous creation of appetite, vitality and stimulant to the natural fertility of the system. Quinine Wine and its improvement have been from the first discovery of the great virtues of Quinine as a medicinal agent been one of the most thoroughly discussed remedies ever offered to the public. It is one of the great tonics and natural life-giving stimulants which the medical profession have been compelled to recognize and prescribe. Messrs. Northrup & Lyman, of Toronto, have given the preparation of their pure Quinine Wine the great care due to its importance, and the standard excellence of the article which they offer to the public comes into the market purged of all defects which skilful observation and scientific opinion has pointed out in the past.

CUTTING HIMSELF OFF.

The Rev Edward Cannon, a chaplain to King George IV., was a doggedly independent man. On one occasion he refused to compliment his royal master on his singing, and for a time fell into disfavor. His manner was high handed, and not always too courteous, but his actions were always on the side of right and justice. The biography of his friend Braham, the author of the "Ingoldsby Legends," containing among other anecdotes of Cannon, the story of how he disinherited himself.

A silly old lady summoned him to her house and pretended to be declining in health. She told him she had made her will, by which the whole of a considerable fortune was to be left to him.

"I don't believe it," said Cannon after a pause, in which he eyed her doubtfully. The lady assured him that the document was lying in a desk in the room.

"I won't believe it," persisted Cannon, "unless I see it."

Smiling at his incredulity, she placed the will in his hands. Cannon read it.

"Well," he said deliberately, "if I had not seen it in your hands I could not have believed you were such an unnatural brute."

Thrusting the paper between the bars of the grate, he said in a severe low voice: "Have you no one more nearly connected with you than I—no one to whom your money should go, who has a right to be provided for first and best? Pack! You don't know how to make a will. I'll send for a lawyer, and he shall make your will. You shall leave me a legacy. There's no harm in that, but I'm not going to take it all to please you. Good day ma'am."

PAINFUL PERIODS

are overcome by Lydia E. Pinkham's Vegetable Compound.

Miss Menard cured after doctors failed to help her.

"Lydia E. Pinkham's Vegetable Compound cured me after doctors had failed, and I want other girls to know about it. During menstruation I suffered most intense pain low in the abdomen and in my limbs. At other times I had a heavy, depressed feeling which made my work seem twice as hard, and I grew pale and thin. The medicine the doctor gave me did not do me one bit of good, and I was thoroughly discouraged. The doctor wanted me to stop work, but, of course, I could not do that. I finally began to take Lydia E. Pinkham's Vegetable Compound and felt better after taking the first bottle, and after taking six bottles I was entirely cured, and am now in perfect health, and I am so grateful for it."—MISS GEORGIE MENARD, 537 E. 152nd St., New York City.—

The officials of the Company stated before the Council that they must get higher rates or go out of business. The proposed increase is for residence $16 to $18 and business $18 to $30 per annum. These rates are interesting to Canadian Telephone users who have been getting service at less rates than the above without the expense and nuisance of competition.
