An Ancient Foe

To health and happiness is Scrofula—as ugly as ever since time immemorial.

It causes bunches in the neck, disfigures the skin, inflames the mucous membrane, wastes the muscles, weakens the bones, reduces the power of resistance to disease and the capacity for recovery, and develops into consumption.

"Two of my children had scrofula sores which kept growing deeper and kept them from going to school for three months. Ointments and medicines did no good until I began giving them Hood's Sarsaparilla. This medicine caused the sores to heal, and the children have shown no signs of scrofula since." J. W. McGinn, Woodstock, Ont.

A SONG OF GOLD.

Sing a song of buttercups, and other yellow things;
Sing a song of butterflies, that sail on golden wings;
Sing a song of dandelions, smiling neath the skies;
Sing a song of daisies white, that open golden eyes;
Sing a song of katkins yellow, dangling from the trees;
Sing a song of marigolds that nod to greet the breeze;
Sing a song of yellow things, but while you praise each one,
Don't forget to sing a song about the sun.

—By Blanche Elizabeth Wade.

Catarrh is a Germ Disease. Science, armed with a microscope, has established it a fact, and this conclusion renders obsolete the practice of treating Asthma, Catarrh and Bronchitis by stomach drugging, sprays, snuffs, &c. Such treatments are an utter failure because they cannot penetrate the delicate air cells of the lungs, or permeate the air passages of the nose and bronchial tubes where the germs of Catarrh have their stronghold. Catarrhozone is the only certain remedy. It is inhaled by the mouth and after spreading through all the respiratory organs is exhaled through the nostrils. Catarrhozone kills the germs, heals the inflamed tissues, clears the head and throat in two minutes, and cures in a few hours. Nothing is so effective, pleasant and simple as Catarrhozone. Two months' treatment $1.00. Small size 25c. Druggists or N. C. Polson & Co., Kingston, Ont.

The Hot Weather Test

Makes people better acquainted with their resources of strength and endurance.

Many find that they are not so well off as they thought and they are easily enervated and depressed by the heat.

What they need is the tonic effect of Hood's Sarsaparilla which strengthens the blood, promotes refreshing sleep, overcomes that tired feeling, creates appetite.

Cramps Are Like Burglars

they come unexpected, and when they are least welcome. Be armed with a one minute cure for cramps, and keep Polson's Nerviline handy: it acts instantaneously. Nerviline's anodyne power is unique, for its composition expresses the highest medical progress of the age. Polson's Nerviline is a true comfort in the family for in all endangerments of the stomach and bowels it is an absolute specific. Nerviline has five times greater medical value than any other remedy and is sold in large 25 cent bottles. Try it.

It's surprising how quickly children respond to Scott's Emulsion. It contains just the element of nourishment their little bodies need. They thrive on it.

Even a few drops in the baby's bottle have a noticeable effect for good. Nothing better than Scott's Emulsion for growing children.

UNDER THE GUILLOTINE.

There is a story of a ghastly quarter of an hour once passed by a young Parisian who had wandered into the "Chamber of Horrors" at a wax works show in London. Finding himself alone, he was seized with an inspiration. What a glorious thing to put his neck under the guillotine where had rested the neck of Marie Antoinette! He lay down, touched a spring and closed the collar. But how was he to release himself? If he touched the wrong spring the fatal axe might descend. Unable to speak a word of English, he yelled lustily for help in French, and before long a crowd of visitors led by an attendant came on the scene. The guide was a bit of a linguist and saw an opportunity with himself as master of the situation. He at once began a practical lecture on the guillotine, interrupting his remarks with little asides in French to the indignant victim, asking him to scream louder or writhe more agonizingly. "How well he acts!" exclaimed the gratified onlookers. Finally, the Parisian was released, and, answering the applause with maledictions, fled, leaving his hat behind.

An Ideal Woman's Medicine.

So says Mrs. Josie Irwin, of 325 So. College St., Nashville, Tenn., of Lydia E. Pinkham's Vegetable Compound.

Never in the history of medicine has the demand for one particular remedy for female diseases equalled that attained by Lydia E. Pinkham's Vegetable Compound, and never during the lifetime of this wonderful medicine has the demand for it been so great as it is to-day.

From the Atlantic to the Pacific, and throughout the length and breadth of this great continent come the glad tidings of woman's sufferings relieved by it, and thousands upon thousands of letters are pouring in from grateful women saying that it will and positively does cure the worst forms of female complaints.

Mrs. Pinkham invites all women who are puzzled about their health to write her at Lynn, Mass., for advice. Such correspondence is seen by women only, and no charge is made.

Bickle's Anti-Consumptive Syrup stands at the head of the list for all diseases of the throat and lungs. It acts like magic in breaking up a cold. A cough is soon subdued, tightness of the chest is relieved, even the worst case of consumption is relieved, while in recent cases it may be said never to fail. It is a medicine prepared from the active principles or virtues of several medicinal herbs, and can be depended upon for all pulmonary complaints.

It Needs No Testimonial.—It is a guarantee in itself. If testimonials were required they could be furnished in thousands from all sorts and conditions of men in widely different places. Many medicines are put forth every year which have but ephemeral existence and then are heard of no more. Dr. Thomas' Eclectric Oil has grown in reputation every day since it first made its appearance.

Don't Look So Tired.

It's enough to make one tired just look at you. Don't look so tired. You must suffer terribly. You know that Ayer's Sarsaparilla cures blood-poverty, nervous depression, and general debility? And it has been doing this for 60 years.

The authors of the greatest achievements in life always come without heralding.

They Drove Pimples Away.—A face covered with pimples is unsightly. It tells of internal irregularities which should long since have been corrected. The liver and the kidneys are not performing their functions in the healthy way they should, and those pimples are to let you know that the blood protests. Parmelee's Vegetable Pills will drive them all away, and will leave the skin clear and clean. Try them, and there will be another witness to their excellence.

To the Weary Dyspeptic, We Ask This Question:

Why don't you remove that weight at the pit of the Stomach?

Why don't you regulate that variable appetite, and condition the digestive organs so that it will not be necessary to starve the stomach to avoid distress after eating?

The first step is to regulate the bowels. For this purpose

Look to the essence of a thing, whether it be a point of doctrine, of practice, or of interpretation.—Marcus Aurelius.

Agitation in the world of homœopathic medicine has been its very soul of progress as in politics and religion—the difficulties of opinion and of men have been present to the disagreements of which the standard of these bodies have been elevated. So with some of our famous preparations—forestands the world famous remedy to general debility and languor, "Quinine Wine"—and, which, when obtained in its genuine strength is a miraculous creation of appetite, vitality and stimulant to the natural fertility of the system. Quinine Wine and its improvement have been from the first discovery of the great Virtues of Quinine as a medicinal agent been one of the most thoroughly discussed remedies ever offered to the public. It is one of the great tonics and natural life-giving stimulants which the medical profession have been compelled to recognize and prescribe. Messrs. Northrup & Lyman, of Toronto, have given the preparation of their pure Quinine Wine the great care due to its importance, and the standard excellence of the article which they offer to the public commands the market purged of all defects which skilful observation and scientific opinion had pointed out in the past.

His Last Hope Realized.

(From the Sentinel, Sidney, Ohio.)

In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race the fine day in April. During his travelling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad that he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by A. T. Brown.

For Inflammation of the Eyes.—Among the many good qualities which Parmelee's Vegetable Pills possess, besides regulating the digestive organs, is their efficacy in reducing inflammation of the eyes. It has called forth many letters of recommendation from those who were afflicted with this complaint and found a cure in the pills. They effect the nerve centres and the blood in a surprisingly active way, and the result is almost immediately seen.
