All Stuffed Up

That's the condition of many sufferers from catarrh, especially in the morning. Great difficulty is experienced in clearing the head and throat.

No wonder catarrh causes headache, impairs the taste, smell and hearing, pollutes the breath, deranges the stomach and affects the appetite.

To cure catarrh, treatment must be constitutional—alterative and tonic.

"I was ill for four months with catarrh in the head and throat. Had a bad cough and raised blood. I had become discouraged when my husband bought a bottle of Hood's Sarsaparilla and persuaded me to try it. I advise all to take it. It has cured and built me up." MRS. HUGH HUTSON, West Liscomb, N. S.

Hood's Sarsaparilla

Cures catarrh—it soothes and strengthens the mucous membrane and builds up the whole system.

IN THE GLAD HEREAFTER.

Instead of the raging tempest,
A hush of happy calm;
Instead of the voice of mourning
Sound of the angels' psalm.

Instead of a day that wanneth,
Dawn of undying light:
Instead of perplexing questions,
God's revelations bright.

Instead of a stony footpath,
The Great King's smooth highway:
Instead of a weary spirit,
A soul at rest for aye.

Instead of upheaving oceans,
The placid crystal sea;
Instead of earth's jar and tumult,
Heaven's sweet serenity.

Instead of these fleeting blossoms,
Flowers that immortal bloom;
And instead of this dark death-shadow
The glory beyond the tomb!

—Amy Parkinson.

Deaf as a Door Nail.

Not an uncommon expression, but quite true of many people whose hearing can be perfectly restored by inhaling Catarrhozone. It quickly relieves and cures all kinds of Catarrh, Catarrhal Deafness, and diseases of the respiratory organs. Don't give up hope till you have tested Catarrhozone. It has restored lost hearing to thousands, and can do the same for you. Catarrhozone is a vegetable antiseptic, pleasant and convenient to use, absolutely certain to quickly benefit and ultimately cure. Two months' treatment $1.00. Small size 25c. at druggists or N. C. Polson & Co., Kingston, Ont.

The celebrated Galen said that employment was nature's physician. It is indeed so important to happiness that indolence is justly considered the parent of misery.—Cotton.

Sleeplessness.

You can't sleep on the calmest and stillest nights, if your stomach is weak, circulation poor and digestion bad.

Hood's Sarsaparilla strengthens the stomach, improves the circulation, perfects digestion, and brings about that condition in which sleep is regular and refreshing.

It does not do this in a day, but it does it—has done it in thousands of cases.

No man is wise who is unable to realize the uncertainty of a sure thing.

Holloway's Corn Cure destroys all kinds of corns and warts, root and branch. Who then would endure them with such a cheap and effectual remedy within reach?

Every man is a volume, if you know how to read him.—Channing.

Out of the Shadow.

The discouragement, the despair of ill-health, out into the noon-tide glory of health, vigor and strength. Are you seeking this way? Are you wishing to replace weakness by strength, despondency by hope and expectation, pale cheeks and listeless eyes by the roses' bloom and sparkling eyes. If you but use Ferrozone, you will make rich, red blood, your nerves will grow strong. Old time vigor will return and with it endurance that will enable you to live an active, energetic and successful life. Remember the name, Ferrozone. Sold by all druggists.

There is always hope in a man who actually and earnestly works. In idleness alone is there perpetual despair.—Carlyle.

It Keeps the Muscles Pliant.—Men given to muscular sports and exercises and those who suffer muscular pains from bicycle riding will find Dr. Thomas' Eclectric Oil something worth trying. As a lubricant it will keep the muscles pliant and free from pains which often follow constant use of them without softening them or impairing their strength. For bruises, sprains and contusions it is without a peer.

If you have great talents, industry will improve them; if but moderate abilities, industry will supply their deficiencies.—Smiles.

FROM LAST TO FIRST

People used to take plain cod liver oil for coughs, colds, throat and lung troubles after other remedies had failed.

Scott's Emulsion is the modern idea of cod liver oil—the first instead of the last resort when such ailments appear.

The taste of the oil is not apparent and the oil itself is partly digested—makes it easy for the stomach. Scott's Emulsion is a quick, reliable help at all ages.

HE HAD NOT THOUGHT OF THAT.

Our ranking in the world depends on what we do, not on what we can do, and so a shabbily dressed young man discovered when he applied to the manager of a large department store for employment.

"What can you do?" asked the manager, abruptly.

"Most anything," answered the applicant.

"Can you dust?"

"Yes, indeed."

"Then why don't you begin on your hat?"

The young man had not thought of that.

"Can you clean leather goods?"

"O, yes."

"Then it's carelessness on your part that your shoes are not clean."

The young man had not thought of that, either.

"Well, can you scrub?"

"Yes, indeed," was the reply.

"Then I can give you something to do. Go out and try your strength on that collar you have on. But don't come back."—Selected.

Fibroid Tumors Cured

Note the result of Mrs. Pinkham's advice and medicine.

"Some time ago I wrote to you describing my symptoms and asked your advice. You replied, and I followed all your directions carefully, and today I am a well woman.

"The use of Lydia E. Pinkham's Vegetable Compound entirely expelled the tumor and strengthened my whole system. I can walk miles now.

"Lydia E. Pinkham's Vegetable Compound is worth five dollars a drop. I advise all women who are afflicted with tumors or female trouble of any kind to give it a faithful trial."—(Signed) MRS. E. F. HAYES, 233 Dudley St., (Roxbury) Boston, Mass.—$5000 forfeit if original of above letter proving genuineness cannot be produced.

Mountains of gold could not purchase such testimony—or take the place of the health and happiness which Lydia E. Pinkham's Vegetable Compound brought to Mrs. Hayes.

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women; all ovarian troubles; tumors; inflammations; ulceration, falling and displacement of the womb; backache; irregular, suppressed or painful menstruation. Surely the volume and character of the testimonial letters we are daily printing in the newspapers can leave no room for doubt in the minds of fair people.

We exaggerate misfortune and happiness alike. We are never either so wretched or so happy as we say we are.—Balzac.

The great demand for a pleasant, safe and reliable antidote for all affections of the throat and lungs is fully met with in Bickle's Anti-Consumptive Syrup. It is a purely Vegetable Compound, and acts promptly and magically in subduing all coughs, colds, bronchitis, inflammation of the lungs, etc. It is so palatable that a child will not refuse it, and is put at a price that will not exclude the poor from its benefits.

Good sense, kindness of heart, and a proper self-respect are the elements of the best manners.—Tryon Edwards.

Sure Cure for Sea Sickness, Nausea.

Maladies of this type yield instantly to Polson's Nerviline, and if you suffer periodically from these complaints, just keep Nerviline at hand. A few drops in sweetened water give instant relief, and in the course of half an hour the cure is complete. A large 25 cent bottle of Nerviline in the house will save doctor bills, and a vast amount of suffering every year.

Deliberate with caution, but act with decision and promptness.—Colton.

Sick Headache, Biliousness, Dyspepsia, Coated Tongue, Foul Breath, Heart Burn, Water Brash, or any Disease of the Stomach, Liver or Bowels.

Laxa-Liver Pills are purely vegetable; neither gripe, weaken nor sicken, are easy to take and prompt to act.

Many are discontented with the name of idler, who are nevertheless content to do worse than nothing.—Zimmermann.

Dr. J. D. Kellogg's Dysentery Cordial is a speedy cure for dysentery, diarrhoea, cholera, summer complaint, sea sickness and complaints incidental to children teething. It gives immediate relief to those suffering from the effects of indiscretion in eating unripe fruit, cucumbers, etc. It acts with wonderful rapidity, and never fails to conquer the disease. No one need fear cholera if they have a bottle of this medicine convenient.

TELEGRAPH NOT UPON CLASSICS

A well-known literary woman went over to Michigan last week to prepare her summer cottage for occupancy during the summer. Before going she made arrangements with her husband to have a lot of household goods packed and forwarded by steamer.

For some reason the shipment was delayed, and she wrote inquiring the cause of the delay.

"Please wire me when the goods have been shipped," she said in conclusion.

The husband went hard to work and personally saw the books, hangings, and other property packed for the trip. Then he went down to the dock and saw them safely on board the boat.

Coming back from the river he stopped at a telegraph office and sent the message as requested.

"Lares and Penates on board boat," he said; "Will arrive to-morrow morning."

And this was the way the telegram read when the boy brought it to the waiting woman in the little Michigan town: "Lard and peanuts on board boat. Will arrive to-morrow morning."—Chicago Tribune.

Politeness is a mixture of discretion, civility, complaisance, and circumspection spread over all we do and say.—St. Evremond.

Agitation in the world of homeopathic medicine has been its very soul of progress as in politics and religion—the difficulties of opinion and of men have been present to the disagreements of which the standard of these bodies have been elevated. So, with some of our famous preparations—forestands the world famous remedy to general debility and languor, "Quinine Wine"—and, which, when obtained in its genuine strength is a miraculous creation of appetite, vitality and stimulant to the natural fertility of the system. Quinine Wine and its improvement have been from the first discovery of the great virtues of Quinine as a medicinal agent been one of the most thoroughly discussed remedies ever offered to the public. It is one of the great tonics and natural life-giving stimulants which the medical profession have been compelled to recognize and prescribe. Messrs. Northrup & Lyman, of Toronto, have given the preparation of their pure Quinine Wine the great care due to its importance, and the standard excellence of the article which they offer to the public comes into the market purged of all defects which skilful observation and scientific opinion has pointed out in the past.

His Last Hope Realized.

(From the Sentinel, Gete, Mich.)

In the first opening of Oklahoma to settlers in 1893, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad that he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera, and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by A. T. Brown.

A Timely Word.

The weaker the system, the more enervating the heat and the greater the danger of prostration.

This is a truism—a proposition needing no argument.

A word in favor of the systemic effect of Hood's Sararparilla is timely—it is a fact that this peculiar medicine strengthens and tones all the organs and functions and builds up the whole system.

JUST FOR FUN.

A gentleman while out hunting one day had the good fortune to catch a hare, which he had come upon as it lay asleep. Thinking the animal might amuse some ladies of his acquaintance, he dispatched his Irish servant with it safely tied down inside a basket, and duly labeled. The curiosity of Pat, however, overcame his discretion on the way. He undid the string that held down the lid, when out popped pussy, and away she flew across the fields. "Be Jabers," exclaimed Pat, as he scratched his head, and looked after the retreating animal, "you may run, faith, but you don't know where to go, for you've forgot to take the address wid yo!"
