Jack is Twenty-One To-day

JACK is twenty-one to-day. But he has more than a man's years to his credit. He has one thousand dollars in the bank.

It has grown with a practical mother's love, from the initial deposit of one dollar on the first Birthday twenty years ago.

Youth and age alike bear witness to the value of steadily building a Savings Bank Account. Your child as a depositor, will attain a higher standing in the community, family, or, most important, in his own estimation. Open a saving account for the child.

Silver Cup to the Best Degree Team in L.O.L. County Lodges

First Competition to be Held in Flesherton on Friday, November 5th

2 TEAMS ENTERED

County Master Alfred Down of Flesherton informs us that the cup for the best degree team in the Orange lodges in East Grey is now on display at Mr. W. A. Armstrong & Son's jewellery store, and is called the Dr. Sproule trophy.

It was decided at the last semi-annual meeting of the East Grey County L. O. L. that a cup would be presented to the lodge having the best degree team in this county, in order to stimulate the degree work and make it more impressive. The first competition will take place on Friday evening of next week, Nov, 5th, in Clayton's Hall, when it is expected that there will be a large turnout of brethren from this county. The County includes all lodges in Artemesia, Osprey and Proton townships, the total number of lodges being nineteen. To date only two lodges have signified their intention of joining in the competition, these being Orange Valley and Flesherton, but it is expected that one or two more will likely join in the contest.

Judge—"What is the verdict of the jury?" Foreman of the jury—"We find the culprit not guilty, sir, but we recommend that he be warned not to do it again."

Burke attended the funeral of another brother, Mr. Nelson Burke, who died at Buffalo, where he had been in the butcher business for some years.

Presented Medals to Eugenia Hydro Staff

Successful Resuscitation of D. Ellis Brings Reward to Operating Staff

A rather unique ceremony took place at the Eugenia power house on Wednesday afternoon of last week. It was an official mark of appreciation by the Hydro and the Canadian Electrical Association for the heroic and successful resuscitation by the operating staff, of Dougald Ellis on the 21st of May last. The man, as it will be remembered, came in contact with a wire carrying 22,000 volts which passed through his body. The result of such is almost always sure and certain electrocution. The operating staff at Eugenia plant were trained and skilled in the latest methods of resuscitation and acted very promptly and effectively. Medical aid was rushed to the plant and as a result Mr. Ellis is now a patient in the General Hospital, Toronto, on a fair way to recovery.

Mr. MacLachlan, head of the Employees Relation department of Hydro was present and read a letter from Mr. Ellis thanking the staff for their heroic and skillful rescue of him, at the time of the accident on May 21st. He also expressed his gratitude to the doctors and nurses who attended him.

Mr. MacLachlan also had the pleasant duty to perform of presenting the medal of the Canadian Electrical Association to the members of the staff and congratulated Mr. Palmer and the other members of the staff upon receiving such a medal.

Mr. T. D. Berry, chief of the staff, thanked the Canadian Electrical Association for their medal and congratulated the members of his staff on having acquitted themselves worthy of such a mark of distinction.

Rev. A. S. Mitchell, rector of Christ Church, expressed his pleasure at being present. Dr. Ego, who was then called upon, praised the staff for their fine work in resuscitating Mr. Ellis. Dr. Ego was especially taken with methods for restoring respiration by the newest Schafer method. This brought into action the diaphram muscle and deeper part of the lungs, which was an improvement on the old Sylvester method, which brought into action only the upper part of the lungs. Dr. Ego congratulated the Hydro on the intsructions given the operators on first aid work, and on their treatment in general of electrical shock and burns.

At the conclusion of the presentation an excellent lunch was served by the ladies of the Hydro staff.

P. Munshaw, Eugenia, Caught Largest Trout in Old Ontario

Three of First Four Winners Were Caught in the Grey County Waters

DAILY STAR CONTEST

Mr. Peter Munshaw, proprietor of the Munshaw House at Eugenia, has the enviable distinction of being the winner of the Toronto Daily Star speckled trout prize bait rod, for the largest speckled trout caught with bait in old Ontario. His trout measured twenty inches long, five and one half inches deep, and weighed three pounds twelve ounces and was taken on a split bamboo rod with worm in the Beaver river, just north of Kimberley. This beauty was measured with a steel tape by F. R. Rutherford, C. E., of St. Catherines, and weighed by Dr. W. A. McLean of St. Catharines, and was caught on August 13th last.

There was only one entry in the division for speckled trout caught by a fly, and this was awarded to Mr. Hugh McKendry of Singhampton, caught at Singhampton and which weighed two pounds thirteen ounces.

The Daily Star fishing competition during the past couple of years has shown to the people of Ontario that the largest fish to be caught in old Ontario are to be found in Grey County, in the waters of all the rivers. Last year's winner was Postmaster Plewes of Markdale and this year's first prize comes to the same part of the county. It is a noteworthy fact that three of the first four largest fish in the competition were caught in the streams of Grey county. The third prize was awarded to Mr. R. W. Galbraith of Chatsworth, who caught his in the Sydenham River, and fourth to J. N. Hawkesworth of Toronto for one caught in the Saugeen river. Both of these latter fish weighed three pounds ten ounces.

With the network of rivers that adorns Grey County, with fine gravel beds and pure, clear fresh water, it is no wonder that here is the home of old Ontario's largest speckled trout. These large fish have always been caught in Grey County, and it is only through the Star's fishing contest for speckled trout that the fact has been broadcasted throughout the country. Tourists coming here have been loud in their praises of the beauties of nature that can be enjoyed in Grey County, along with the pleasure that is derived from landing the biggest of the finny tribe known as salmo fontanalis, which reaches the maximum in weight in this banner county of Ontario.
