KEEP SMILING

Make up your mind to keep smiling,
And meet with a cheerful face
The troubles that fall to one and all,
Whatever may be their place.
Courageously stick to your duty,
Keep a stout heart, come what may;
With a smile in your eye make care roll by,
And gladden the passing day.

Make up your mind and stick to it!
Don't like a weathercock be,
Chopping and changing, and plans deranging;
Keep to your course steadfastly!
Though the wind may blow strongly against you,
Don't "about turn" and retreat;
You'll weather the storm and good work perform
If troubles you cheerfully meet.

So make up your mind you will carry
Whate'er you start right through;
At the first rebuff don't cry "Enough!"
But tackle the thing anew.
Stick to your job and keep smiling;
Never get down in the dumps;
Play a manly game, keep free from shame,
And you'll finally turn up trumps.

Costiveness and Its Cure.—When the excretory organs refuse to perform their functions properly the intestines become clogged. This is known as costiveness and if neglected gives rise to dangerous complications. Parmelee's Vegetable Pills will effect a speedy cure. At the first intimation of this ailment the sufferer should procure a packet of the pills and put himself under a course of treatment. The good effects of the pills will be almost immediately evident.

I PROMISED MY MOTHER

"I promised my mother," said a young man in explanation of his holding aloof from certain things his companions enjoyed. He did not seem to think that the keeping of his word was something to apologize or blush for. He offered no other explanation than the four words, "I promised my mother;" that was all.

There are some who will listen to that explanation with a sneer. That settles their standing. One who sees no binding force to a promise to one's mother, is not worthy of consideration. Those whose good opinion is worth having respect one no less for keeping one's word to one's mother.—Richard Miller.

Let the Homes of Canada Reflect the Nation's Prosperity

CANADIANS have every reason to feel optimistic and courageous today, to live happily and to enjoy the refinements and comforts of a progressive and prosperous nation.

As a Toronto "Globe" editorial so truly stated:—

"In the topsy-turvey world of to-day, few nations have a better outlook than Canada, the well-being of which is based firmly upon the fertility of her boundless fields."

Improvement of Homes

One of the most impressive evidences of the progressive and prosperous condition of the Canadian nation is the great interest that is developing in the beautifying and improving of our homes. More care and more thought are being given to the furnishings. Greater consideration is shown for beauty and harmony. An atmosphere of cheerfulness, brightness and attractiveness is carried throughout the home.

The Influence of Furniture

It is really surprising how readily an ordinary, uninteresting house can be transformed into a real home, in which it is a pleasure to live, by the magic of beautiful, yet not necessarily expensive, furniture.

Nothing that you can buy will give you and your family so many years of happiness, comfort and solid satisfaction as beautiful furniture.

Beautiful furniture brings an atmosphere of cheerfulness and brightness into every room. It delights the eye. It gives comfort and rest to the body. It brings contentment to the mind and has a refining influence on character. It gladdens the heart. It is the pride of the owner.

The Designs of To-Day

During the last decade there has been a wonderful improvement in the appearance of furniture.

Modern furniture designers have received their inspirations from the "Period Designs" of the old masters, but have not copied their work, because some of the old masterpieces were either too frail or too cumbersome for utility.

While the average family might not care to furnish their homes with the original work of the old masters, the modern adaptations of them, as produced by Canadian furniture craftsmen, ideally meet the present-day demands for furniture that combines beauty with comfort and utility.

Moderately Priced Suites

This beautiful, modern, well-made Canadian furniture is obtainable in moderately priced sets and individual pieces, as well as in the more elaborate and expensive suites.

The individual earnings of Canadians are greater than those of almost any other race. The new era commencing with the close of the war is proving to be the most progressive and prosperous in the history of the Dominion, and Canadians can well afford to brighten up their homes with better furniture.
