Financing Productive Enterprise

A BANK is a medium for gathering together the idle funds of the Nation and employing them to meet the requiremens of productive enterprise. A Bank's service to the commuity is measured by the efficiency fold task. For more than Fifty Years the Standard Bank of Canada has been building an enviable reputation for sound management and for with which it performs this two-service to its depositors; and during that time it has taken care of every legitimate demand made upon its resources by productive industry.

People are unwise to run cars without chains when the snow is on the ground, and there have been many near accidents on account of the practice. On Tuesday Mr. Morwood of Markdale, when coming in from Feversham, skidded his car over a steep embankment and did some damage, including smashing his battery. Fortunately no bodily injury was done to the driver.

If the old saying that a snow owl means a hard winter is correct, this one coming is sure to be one of the hardest in years. Several of these birds have been seen in this vicinity during the past few weeks, and were left unmolested. If spring were only here!

Conservatives and U.F.O. Running in South Grey

Hon. Dr. David Jamieson, Conservative member of the Ferguson cabinet, and F. R. Oliver, U.F.O. and Prohibition candidate, were chosen to contest the riding of South Grey in the election to be held on Dec. 1, at the nomination meeting in Markdale on Saturday afternoon. Both candidates gave lengthy speeches, Hon. Dr. Jamieson dealing with the work of the Agricultural Enquiry Committee and the record of the Ferguson government during the past three years, but referring very little to the O. T. A. question. Mr. Oliver's address was practically confined to the speeches of Mr. Ferguson, and he condemned the attitude taken by the Premier on the O.T.A.

On Monday evening Mr. Oliver held his political meeting at Flesherton in the high school, which was well filled. W. A. Amos, President of the United Farmers of Ontario, spoke on behalf of the candidate.

Tuesday evening Dr. Jamieson spoke in the high school on the good points of the government control policy of the government, also to a full house. He was ably assisted by Mrs. Urquhart of Port Credit.

Presented Dining Chairs

About twenty-five residents of Holford motored down Monday evening to the home of Mr. and Mrs. Thos. Bentham and presented them with a half dozen dining room chairs as a token of esteem in which their one-time fellow citizen, Mrs. Bentham, was held. The chairs exactly catched the dining room table which had been presented to the newly married couple by the Flesherton friends several weeks ago. The address was read by Mrs. Gillen and three young men made the presentation. The evening was spent in games and music and was much enjoyed by all. Needless to say Mr. and Mrs. Bentham were completely taken by surprise.

Sneak Thieves at Work in the Village

On two different occasions last week sneak thieves entered the home of Mr. Ed. Best in town and stole various articles. Tuesday evening they broke into the hen house while Mr. Best and family were attending the L.O.L. fowl supper and took away three cockerels and two dozen cabbages. Having secured a good haul that time they returned again Thursday night, broke into the house, entered the cellar and stole two dozen jars of fruit besides some other articles. Mr. and Mrs. Best and son were sleeping upstairs but were unconscious that any thieving was taking place on the premises. Mr. Best is an invalid and it is to be regretted that anybody here would stoop so low as to take advantage of a person's physical inability to deal with them, even if they were caught. But there seems to be at least one skunk in humau form among us.

Shall we sound the retreat?

THE scarred, old battleground of Ontario is about to witness the supreme temperance conflict of its history. Is booze coming back agin?

Afer twenty years of struggle, twenty years of victories hammered out with blood and tears — are we now to sacrifice the ground we have gained.

In the long, bitter struggle against the liquor traffic, every trench has been held and consolidated. Now the great bulwark of the Ontario Temperance Act is assailed by all those who would make Ontario "wet" again.

Shall we then sound the retreat? Shall we yield up the ground won in the countless, heart-breaking struggles of men, women and children in bygone days. NEVER.

Let every many and woman, every voter, stand firm in the onslaught and hold up the hands of the Prohibition candidates.
