**OUR ANSWER to your budget problem**

● Have you ever had to do without things you needed because you couldn't afford them . . . ever admitted you wanted more life insurance but just couldn't spare cash for a big premium?

If so, here is an answer to your problem: A Special Budget policy which requires only *one month's* premium now.

For example, on a $5,000 Double Protection policy, at age 30, the premium is only $6.15. Then, to provide for the following months' premiums give at the same time, eleven cheques for a similar small amount, all dated ahead. You'll get a receipt by mail each month without even having to remember that your premium is due.

This is the safe, modern, easy way to get the life insurance you've always wanted. Without obligation send for folder explaining how you can get protection for your family or income for yourself, for as little as $5 monthly.
