HERE IS TOUGH ONE.

A report comes from Pittsburg, Pa., to the effect that chickens who have been feeding on asbestos lay eggs that cannot be cooked. Like asbestos, the eggs are not at all affected by fire, and it is said to be impossible to boil or fry them. It is suggested by Shoe and Leather Facts that these eggs might be hatched in some way and thus produce a lot of fire-proof feathers.—Shoe Journal.

THE BEAR AND THE BANKER.

M. Joaquin Miller argues convincingly in his recent book, "True Bear Stories," that his heroes and heroines are never cruel, and one of his stories may be quoted as showing the homely, careless kindness—tempered with justifiable resentment—of a grizzly.

While the steward of a big ocean steamer was with bears, a New York banker chartered a small steamer in San Francisco Bay and with a party of friends, as well as a great-grandson of Daniel Boone for a guide, sailed up the coast to the redwood wilderness of Humboldt. Here he camped on the bank of a small stream in a madrona thicket and began to hunt for his bear.

He found his bear, an old female with young cubs. As Boone was naturally in advance when the beast was stumbled on, he had to fly the fighting, and this gave the banker a chance to scramble up a small madrona tree.

Of course he dropped his gun. Bears always drop their guns, by some singularly sad combination of accidents, when they start up a tree with two cubs of big teeth in the rear, and it would have been hardly fair to expect this young bear-hunter to prove an exception.

Poor Boone was severely handled by the savage old grizzly in defence of her young. There was a crashing of brush and a crushing of bones, and then all was still.

Suddenly the bear seemed to remember that there was a second party who had been in earnest search for a bear, and looking back down the trail and up in the boughs of a small tree, she saw a pair of boots.

Leaving poor Boone senseless on the ground, she went for those boots. She stood up under the tree and began to claw for the capitalist—who said afterward that as she stood there she seemed to him to be about fifty feet high.

Then she laid hold of the tree, but with all her strength she could neither bend nor break it. But she kept thrusting up her long nose and longer claws, laying hold of the man's boots, which she pulled off, one after the other, with her teeth. Then with her claws she took hold of one garment after another till he had hardly a shred left, and his legs were streaming with blood.

Fearing that he should faint from loss of blood, he took a shoe off, and then he began to scream with all his might to his friends.

When the bear got weary of clawing up at the dangling legs, she went back and began to turn Boone over to see if he showed any sign of life. Then she went back and clawed a while at the screaming man in the madrona-tree. It was great fun for the bear!

To cut a thrilling story short, the party in camp on the other side of the creek finally came within hail, when the old bear gathered up her babies and made her escape up a gulch.

Boone was so badly bitten and crushed that his life was long despaired of, but he finally got well. The bear showed no disposition to eat him while turning him over with her foot and thrusting her nose into his face to see if he still breathed, from which we may conclude that she considered death a sufficient punishment for his interference with her loved little ones.

Troubles Of A Minister.

To benefit others Rev. J. T. W. Vernon of Hartwell, Ga., writes: "For a long time I had a running sore on my leg. I tried many remedies without benefit, until I used a bottle of Electric Bitters and a box of Bucklen's Arnica Salve, which cured me sound and well." Sores, Eruptions, Boils, Eczema, Tetter, Salt Rheum show impure blood. Thousands have found in Electric Bitters a grand blood purifier that absolutely cures those troubles. Satisfaction is guaranteed or money refunded by all druggists. Large bottles only 50c.

DOCTORS BAFFLED.

A CASE OF SCIATICA WHICH REFUSED TO YIELD TO THEIR TREATMENT.

The Patient Spent Nearly Three Months in Hospital Without Getting Relief—Dr. Williams' Pink Pills Restored Him to Health and Strength.

For upwards of a quarter of a century Mr. Thos. McLean has been a resident of the town of Thorold. He is foreman in the lumber yards of McCleary & McLean, and known not only to the citizens of the town, but by most of the inhabitants of the adjoining regions as well. Many of Mr. McLean's friends know that he was afflicted with a severe type of sciatica and know also that he has been released from the pangs of that excruciating trouble. Believing that his story would be of public interest, a reporter called upon him, and asked him to what agency he attributed his fortunate release from pain. Mr. McLean's speculating reply was: "Dr. Williams' Pink Pills, and I never hesitate to say so either." Mr. McLean continuing: "I was afflicted with sciatica for a number of years, the most severe attack occurred several years ago when I was confined to my bed for several months. I suffered horribly with the trouble, and the only relief I could get was from morphine, either in tablets or hypodermically injected. I could not put my left foot on the ground without enduring intense agony. I was treated by physicians, and at the hospital in St. Catharines, to which institution I had to be taken on a stretcher. I was in the hospital nearly three months, but without being cured. Then I returned home very much discouraged. I next tried electricity, but it had no perceptible effect. I also tried a number of advertised medicines, but with no better results. Finally I was urged to try Dr. Williams' Pink Pills, and as I was to try anything that seemed to offer hope of a cure, I got several boxes. I had been using the pills nearly a month before I found much relief, but from that on my recovery was rapid, and in the course of a few months I was as well as ever had been. I am now a strong, healthy man, and although I have since endured much exposure, I have had no return of the trouble, and feel that my cure is permanent. Dr. Williams' Pink Pills certainly proved a [illegible] in my case, and I shall praise them when opportunity offers."

Rheumatism, sciatica, neuralgia, partial paralysis, locomotor ataxia, nervous headache, nervous prostration, and diseases depending upon humors in the blood such as scrofula, chronic erysipelas, etc., all disappear before a fair treatment with Dr. Williams' Pink Pills. They give a healthy glow to pale and sallow complexions. Sold by all dealers and post paid at 50c. a box or 6 boxes for $2.50 by addressing the Dr. Williams Medicine Co., Brockville, Ont. Do not be persuaded to take some substitute.

Tailors' Bad Backs.
The cramped up position in which a tailor works comes hard on his kidneys and hard on his back. Very few escape backache, pain in the side and urinary troubles of one kind and another.
Oftentimes the first warnings of kidney disease are neglected—think it will be all right in a day or two—but sick kidneys won't get well without help.
DOAN'S KIDNEY PILLS
Are the best friend of kidney needing assistance. Read the proof from a tailor who had tried them.
Mr. John Robertson, merchant tailor, Durham, Ont., gives his experience as follows:
"I had been ailing with my kidneys for more than a year. I commenced taking Doan's Kidney Pills, which I got at McFarlane's drug store, and am sincerely glad that I did so. The wrong action of my kidneys made me sick all over and cause me much inconvenience and pain. That is now a thing of the past, because Doan's Kidney Pills cured me. I have had no trouble or inconvenience with my kidneys or back since I took these remarkable pills, and you may be sure that I gladly recommend them to other sufferers."

LAXA-LIVER PILLS

White Watery Pimples.
Five years ago my body broke out in white watery pimples, which grew so bad that the suffering was almost unbearable.
I took doctors' medicine and various remedies for two years but they were of little benefit, whenever I got warmed up or sweat the pimples would come out again.
A neighbor advised Burdock Blood Bitters, and I am glad I followed his advice, for four bottles completely cured me.
That was three years ago and there has never been a spot or pimple on me since.
