COW NEEDED TAIL LIGHT

Mr. M. A. McCallum, Progressive M.P.P. for South Bruce, has settled for the cow he killed near Black Horse, Kinloss Twp., on the evening of November 18, while hurrying in his car to attend a public meeting he was holding in Walkerton that night in connection with his election campaign. The bovine was so completely knocked out by the impact from the Progressive's big McLaughlan that the owner had its dead carcass removed on a stone boat shortly after the crash. As it appears that the animal, along with several cattle, was being driven home at the time, and the motorist didn't see it in time to avoid a collision, the owner of the beast put in a claim for $90 in the hands of Mr. David Robertson, K.C., for the collection and the local member settled the matter the other day by coming across with the necessary currency. The bowling over of the cow was the first big hit Mr. McCallum made in his late campaign.—Ex.

A fatal accident occurred Thursday of last week at the home of Mr. John Burnett, South Line, Artemesia, while Arthur and Archie Burnett were engaged in cutting logs in the bush, which resulted in injuries to the former that caused his death.
