W. A. F. Campbell appeared for the defendant and Mr. T. J. Blain of Brampton. The verdict was for the defendant, both Judge and Jury concluding that the said defendant was justified in shooting the dog.

Common Prudence.

A teacher in a down-town school has for her pupils the children of Russian parents. The other day she was explaining a sum in subtraction which the little ones found difficult to understand. "Now," said she to exemplify the proposition, "suppose I had ten dollars and went into a store to spend it. Say I bought a hat for five dollars. Then I spent two dollars for gloves, and a dollar and fifty cents for some other things. How much did I have left?"

For a moment there was a dead silence. Then a boy's hand went up.

"Well, Isaac, how much did I have left?"

"Vy didn't you count your change?" said Isaac in a disgusted tone.—Woman's Home Companion.

Why Stay Rheumatic.

Nothing Short of Folly When Cure is Guaranteed with Ferrozone

Rheumatism can't be cured so long as your system reeks with uric acid. You must first build up, and get strength to fight off the disease. Ferrozone cures because it builds up because it renews the blood and dissolves the uric acid and the poisons that cause rheumatism.

It is proved right here that Ferrozone does cure.

Col. H. Hale, of Edwards, St. Lawrence Co., one of the fine old heroes of the Civil War, was completely restored by Ferrozone. Read his statement.

"I couldn't get around without a cane, and that only with difficulty.

"Rheumatism took complete control of my limbs.

"The suffering was more intense since the hardships on the battlefield.

"When the doctor had done his best I got Ferrozone.

"Then came a quick change.

"Ferrozone gave me comfort at once, eased the pain and took the stiffness out of my muscles.

"I am well today. Ferrozone cured me completely. I can jump and run like I did forty years ago."

Be sensible about your case. If your present medicine is useless give it up.

Don't experiment again. Ferrozone is known on all sides to be a cure that does cure. Why not get it today. The sooner you begin Ferrozone the quicker you'll get well. Price 50c per box or six for $2.50, at all dealers.

Synopsis of Canadian North-West

HOMESTEAD REGULATIONS.

ANY even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over eighteen years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Land Agency or Sub-Agency for the district in which the land is situate. Entry by proxy may, however, be made by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1 At least six months' residence upon and cultivation of the land in each year for three years.

2 A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eight (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

3 If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his one residence duties by living with the father or mother.

4 The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

5 A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patents.
