What Cash You Need When Travelling

—and more particularly, when large sums are required—is best carried in the form of a Letter of Credit, issued by The Merchants Bank.

This old established form of international banking, is preferred by many experienced travellers because of its absolute security.

Letters of Credit are cashed only by banks or banking corporations, and after the identity of the holders is established to the satisfaction of the bank officials. This insures safety, and guards against loss and theft.
