Grey County Council

Grey County Council met last week in Owen Sound and transacted a large amount of business under the guidance of Warden Holm of Ayton. The business at this session was largely routine. During the sessions delegations were heard from the Children's Shelter and Owen Sound hospital board. The former asked for a different method of financing the institution. The days of begging are past, and as it is our duty to care for the little waifs of our county, and give them a chance in life, it was decided that an annual grant of $1000 should be made for this purpose. Last year the grant was $500.

Grants of $500 were made to the three hospitals in the county—Durham, Hanover and Owen Sound—but Owen Sound hospital board pressed for a special grant. They wish to add an addition to the hospital to cost in the neighborhood of $55,000 or $60,000, and they wished the county to supplement the annual grant of $500 by a good large donation towards the erection of the new addition. Warden Holm in his address had asked the Council to keep within the estimates, as the county finances were at a low ebb, and the request of the hospital board, it was felt, could not be complied with this year.

A representative of the Department of Forests and Mines waited on the Council and spoke on the value of reforestation, explaining the attitude of the Department in this matter. The Council, however, refused to go into the scheme this year.

An Agricultural Committee was appointed to work in conjunction with the agricultural representative, and a special grant of $400 was made for the purpose of putting on a Grey County exhibit at the Winter Fair, etc. Mr. Buchanan, Reeve of Collingwood Township, is Chairman of this new committee.

The standing committees for the year are:
