Don't Miss Hearing Him

Never before have the people of Georgetown had the opportunity of hearing Jack Miner give his famous talk on his work in taming the wild goose at his home near Kingsville, Ont., where he literally has thousands of wild geese come twice each year. Many of these geese he has tamed and Jack welcomes them back each time. Mr. Miner illustrates his lecture by lantern slide views and if possible motion pictures will be given. Immediately after the departure of the robbers, Mr. Clark notified the police.

Courtesy at the Telephone

By the terms of an order issued by the Bell Telephone Company to its young women operators, the words "Thank You" are to be substituted for a repitition of the number asked for by the subscriber. The effect of the order upon phone users is expected to be startling at first. The rule has been in force in Montreal for some time and is said to be satisfactory as well as saving considerable time in establishing the connection.

Salmon in the Credit

During last week fishing enthusiasts of Port Credit made some remarkable catches. Large quantities of sea salmon, some of them weighing from 16 to 25 pounds, have been speared and shot in the Credit River. Vast shoals were observed in a shallow part of the river. After a number of them had been caught, however, the rest soon disappeared, and not one now remains in the stream. Their presence in the river is explained by the fact that four years ago the Government placed a number of minnows in the river, which have returned to lay their eggs. A resident of Port Credit has taken specimens of the fish to the Ontario Government.

Mail Them Early

Remember that thousands of other people are mailing an unusual number of letters and parcels, too, at this season, and if they all pile up together the last few days, it is impossible to get everything handled and delivered on time, and somebody is bound to be disappointed. Mail early and see that your friends get your Christmas greeting before the day's festivities are over. And why not have some consideration for the post office staffs?

7 Per. Cent. Cumulative Preferred Shares

H. CORKE & CO., LIMITED

AUTHORIZED CAPITAL $100,000.00

These shares are issued in a denomination of $25.00 each and are, as stated, Cumulative Preference, which means that the ordinary shares of the company, which are privately held, receive nothing at any time until the 7% is paid on the Preference Shares, and all arrears of interest, if any.

They also have priority as to capital as there is no bond issue.

Security—

The Freehold land, buildings, machinery and equipment of H. Corke & Co., Ltd., which are all paid for and belong, absolutely, to the company. Herewith is the signed statement of one of the leading appraisal companies of Ontario.

WE, STERLING APPRAISAL COMPANY, hereby certify that, to the best of our knowledge and belief, the present value of the said Plant, comprising land, building, machinery and equipment, and after deducting all depreciation from building, machinery and equipment, is ninety-nine thousand, nine hundred and sixty-six dollars and sixty-two cents. ($99,966.62.)

Dated at Toronto, Ontario, Oct. 17, 1921.

STERLING APPRAISAL COMPANY,
A. N. ASELTINE,
SECRETARY TREASURER.

As will readily be observed, the company has a valuable property and the security is ample. But, while a sound policy has been followed in creating a valuable, modern and efficient plant, the directors find that the working capital is too small and therefore this opportunity is now given to the general public to enter this hitherto private company.

To Wool Growers, invitation is particularly given, and to investors of this class a contract will be made to manufacture their wool free for a period of years in sufficient amount to bring the returns on the shares to 10% per annum.

To The General Public—

Privilege of special discount on purchase will be given to shareholders, so that holders of even one share will not be barred from participating.

Management—

The President and Manager, Mr. H. Corke, is well known as a woollen mill manager and manufacturer of long and varied experience. As fellow director on the Board he has the able assistance and advice of Mr. E. Y. Barraclough of the Glen Woollen Mills, Glenwilliams, Ont.

Payment—

Terms may be arranged and any further information obtained on application to the undersigned.

HENRY CORKE,
PRESIDENT AND MANAGER.
