Sale Draws Big Crowd

Although the thermometer registered pretty close to the zero mark on Tuesday, there was a crowd of 200 buyers at the sale of shorthorns held by the Peel Shorthorn Breeders' Association. These men represented almost every district in Peel County, and many of them had come from York and Halton. James R. Fallis acted as sales manager, and the auctioneers were Ben. Petch of Georgetown, and Robert Amos, of Moffat. Bidding was steady all afternoon, and the 14 males offered brought an average price of $100, the highest price being $300 given by E. Parkinson and sons, Elmbank. The highest priced female of the 28 offered went to W. K. Westlake, of Bolton, for $175. Professor George E. Day and L. E. O'Neill were both present and gave short addresses prior to the commencement of the sale.

A Shabby House or a Shabby Mind

Haven't you been in houses where lovely flowers stood all about, and everything was spick-and-span, but the library table was strewn with papers and magazines of the trashiest description? Is it a good thing to have the furniture of the house the best that money can buy, and to furnish the mind with silly and disreputable things in the way of reading? Better by far have a shabby house than a shabby mind. The shabby furniture can be turned or sold, but what can be done for the shabby mind? Use the Youth's Companion to furnish your mind, and wherever you are—in plain but immaculate rooms or amid splendors and palaces—you will be at home. Try the Companion for a year and see. All the weekly issues of 1923 will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Subscribe now and receive: The Youth's Companion—52 fascinating issues; and if requested The Companion Home Calendar for 1923 for only $3.50. Or include McCall's Magazine, the monthly authority on fashions. Both publications, only $3.00. The Youth's Companion, Commonwealth Ave. & St. Paul St., Boston, Mass.

No Advice Required

One result of the recent conference between the United States and Canadian postal authorities is dispensing of the advice on money orders between the two countries. This will be a great convenience to those receiving these money orders, as it frequently happens that the recipient has to wait many days after receiving the order before he can have it cashed, on account of the delay in the advice reaching the postmaster. Other changes were also made whereby there will be an increase in revenue for the Canadian post office department.
