The debate was so well delivered and each side put up such a good argument that it was hard for the judges to make their decision, however it was decided that the victory should go to the affirmative side. Musical Recital

On Saturday afternoon last the following introductory pupils of Miss Matthews, gave a recital at her home, when a pleasant musical hour was thoroughly enjoyed:—Helen Blackburn, Jean Ruddell, Irene Bennett, Marion Treanor, Betty Speight, Jane Denison, Francis Reeth, Mary Arnold, Helen McGowan, Edward Arnold, Lilie Francis. At the conclusion of the program a delicious tea was served.

The movement of clover and grass seeds is reported slow and generally at lower prices than last Fall. With the exception of timothy and sweet clover the production in Canada and the United States is reported larger than last year. This fact coupled with a good crop in Europe, has resulted in a slow export demand and lower prices to Canadian growers. In Ontario it is estimated that about 50 per cent of the alsike crop is not yet sold, 65 to 75 per cent of the red clover and 25 per cent of the sweet clover.

Nothing

A Scottish farmer being elected to the school board, visited the village school and tested the intelligence of the class by the question: "Now, boys, can any of you tell me what naething is?"

After a moment's silence a small boy in the back seat rose.

"It's what ye gie'd me the ither day for holding yer horse."
